(International News Service)

WASHINGTON, July 13. The German embassy today asked for an official explanation of Recovery Administrator Johnson's attack on Chancellor Adolf Hitler's "purging" of the Nazi party through wholesale executions recently.

The demand came almost simultaneously with reports from the west quoting Johnson as saying he "would take nothing back."

Diplomatic Incident

Making an immediate diplomatic incident out of Johnson's remarks at Waterloo, Iowa, in which the NRA administrator likened Hitler's purging methods to the activities of "half drunk salvages" Dr. Rudolph Leitner, the German charge d'af-

DEATH OF WOMAN REVEALS FORTUNE HIDDEN IN HOME

EAU CLAIRE, Wis., July 13.—The home of Mrs. Alice Hayden, 79, who died last week, was under heavy guard as searchers began a thorough investigation of the house in expectation of finding hidden wealth.

Yesterday $62,638, mostly in $500 and $1000 bills, was found, $58,000 of it in an old laundry bag.

The day of Mrs. Hayden's death $81,000 cash and $74,000 in liberty bonds was found locked in the drawer of an old bureau.

Adolf Hitler Defying Fate In Speaking On Friday, The Thirteenth

(Copyright, 1934, By International News Service)

BERLIN, July 13.—Adolf Hitler defies fate today. Friday the thirteenth, as he speaks from that stage they still call "The Reichstag" to his party, his people and the world.

Friday the thirteenth is an unlucky day in the German popular mind as it is in the minds of many other peoples. Hitler is in the midst of the worst misfortune he has ever encountered since he came into power but Hitler has chosen today to throw the battalions of his oratory against his enemies at home, abroad and in the heavens.

Three Great Armies Oppose.

For against Hitler today are three great armies. At home the hostile forces are led by no man in name but leaders of this army are Nazi disunity, National disillusionment and National fear for the future. Unidentified and out of sight is that dangerous figure revenge.

Between Hitler and his hearers today there stand ghosts of dead men.

WILL ROGERS Says:

(Special To The News)

WASHINGTON, July 13.—Just had a fine long visit (and incidentally a good lunch) with the kindliest, friendliest and most able of our diplomats in a long time, Secretary of State Cordell Hull.

They are finally starting something that should have been started a year ago, and that's this house building and repairing.

The local bank, or local organization loans the money, up to $2,000. And these loans are made almost entirely on a man's name alone.

Well, just the idea of a man being trusted again is going to make the whole thing 100 per cent honest. It's the best of all the plans.

Washington was never prettier, not a senator or congressman here.

San Francisco Faces Serious Strike Trouble

Fresh Food Supplies Will Be Exhausted Shortly; Situation Is Acute

FOUR THOUSAND TEAMSTERS STRIKE

Look To Settlement Of The Strike By President Roosevelt's National Board

(International News Service)

SAN FRANCISCO, July 13.—Fresh food supplies in San Francisco and East Bay cities will be exhausted by nightfall as a result of the sympathy walkout of 4,000 teamsters who joined striking Pacific coast marine workers.

A general strike of 177 unions in the city, and similar general walkouts in Oakland, Alameda and other East Bay cities seemed inevitable by Monday unless President Roosevelt's National Longshoremen board settles the marine dispute.

Twenty-five hundred taxic ab drivers joined teamsters in the sympathy strike today. The chauffeurs union, including the taxicab drivers, held a mass meeting late last night and voted to strike by an almost unanimous ballot.

State Of Ohio Will Not Put Dillinger Mobsters To Death In Chair Tonight

PETITION FILED CLAIMING ERROR

(International News Service)

COLUMBUS, O., July 13.—Harry Pierpont, convicted Dillinger gangster, today appeared destined to beat the "Friday the 13th Jinx" which has shadowed him throughout his life.

Pierpont and another Dillinger mobsman, Charles Makley, were sentenced to be electrocuted tonight (on July 13) but they gained a stay of execution from the Ohio supreme court when they filed a petition in error as of rights. Under Ohio law, such an action automatically grants a reprieve.

Once head of the mob which Dillinger now leads, Pierpont was born on Friday, the thirteenth, has thirteen letters in his name, was arrested once on a Friday the thirteenth and sentenced to die on a similar date. However, he beat the last "jinx."

Pierpont, Makley and Russel Clark were convicted of murdering Sheriff Jess Sarber at Lima when they shot up the Allen county jail in freeing their pal, John Dillinger. Clark was given a life term for the crime.

Let Contract For Crossover On Railroads

Baltimore And Ohio Will Use P. And L. E. Tracks Between Here And Pittsburgh

EXPECT WORK WILL BE DONE IN MONTH

Will Shorten Running Time Of B. And O. To Pittsburgh Considerably

Contract has been let by the Baltimore and Ohio railroad Company for the construction of a crossover from their lines to those of the Pitsburgh and Lake Erie, at West Pittsburg, work on which will be started next week. When completed, the B. and O. will operate over the tracks of the P. and L. E. between New Castle and McKeesport, shortening their running time between these two points between 40 and 50 minutes.

Approval of this change was made some time ago by the Interstate Commerce Commission, and an agreement has now been effected between the two railroads relative to the change.

Employes of the Western Union Telegraph Company are now engaged in changing the poles along the tracks, and work on the construction of the cross-over, will start on Monday, local officials of the Baltimore and Ohio railroad company stated today.

Complete Job In Month

It is expected that the job will be completed in about a month, after which time, the B. and O., will operate all their main trains over the

Margaret Shaffer, aged 16 years, daughter of Mr. and Mrs. Ellis Shaffer, of Energy, is in the Jameson Memorial hospital suffering with a depressed fracture of the frontal bone of the skull, lacerations of the forehead and a broken collar bone, sustained in a peculiar accident last evening.

In company with a group of young people from the Energy community, she was returning from a ball game and was walking along the highway. A colored man by the name of Gray was towing a machine owned by Fred Wilkes, of 247 West Grant street, when the chain broke, causing Gray to lose control of the machine, which struck the little Shaffer girl.

After receiving treatment at Energy, she was brought to the Jameson Memorial hospital, where it was stated today, that her condition is fairly good and she is expected to recover.

Thousands In Crowd To View Hitler Arrival

Chancellor To Make Historic Address At Kroll Opera House

BLACK SHIRTS HANDLE CROWD

Nazi Brown Shirt Troopers Are Not In Evidence; All Germany To Listen

By TOM WILHELM
International News Service Staff Correspondent

BERLIN, July 13—Under sullen skies, threatening the first rainfall in a week, thousands gathered early near the Kroll Opera House this afternoon to witness the apprival of Chancellor Hitler for what may prove to be a historic address to the Reichstag.

The deputies are assembling in the old opera house because the Reichstag, badly damaged by fire that preceded the "purging" of the country of communists and Socialists, has not yet been completely repaired.

Black Shirts Handle Crowds.

In contrast to former scenes, the brown shirted Nazi storm troopers, ordered on vacation and deprived of their original leader, Capt. Ernst Roehm, who was executed after the June 30 raids, were conspicuously absent.

Hitler's black shirts handled the crowds, preventing them from moving too close to the opera house.

Only a few storm troopers, in civilian clothes, watched the proceedings.

Thousands are thronging large open centers where huge loudspeakers have been set up to broadcast the speech.

Movie houses will cut off their programs and broadcast the address when the chancellor begins speaking.

Receives Fractured Skull In Peculiar Accident Last Evening At Energy

CHAIN BREAKS AS AUTO TOWS ANOTHER

Margaret Shaffer, aged 16 years, daughter of Mr. and Mrs. Ellis Shaffer, of Energy, is in the Jameson Memorial hospital suffering with a depressed fracture of the frontal bone of the skull, lacerations of the forehead and a broken collar bone, sustained in a peculiar accident last evening.

In company with a group of young people from the Energy community, she was returning from a ball game and was walking along the highway. A colored man by the name of Gray was towing a machine owned by Fred Wilkes, of 247 West Grant street, when the chain broke, causing Gray to lose control of the machine, which struck the little Shaffer girl.

After receiving treatment at Energy, she was brought to the Jameson Memorial hospital, where it was stated today, that her condition is fairly good and she is expected to recover.

Chancellor To Make Historic Address At Kroll Opera House

BLACK SHIRTS HANDLE CROWD

Nazi Brown Shirt Troopers Are Not In Evidence; All Germany To Listen

BERLIN, July 13—Under sullen skies, threatening the first rainfall in a week, thousands gathered early near the Kroll Opera House this afternoon to witness the apprival of Chancellor Hitler for what may prove to be a historic address to the Reichstag.

The deputies are assembling in the old opera house because the Reichstag, badly damaged by fire that preceded the "purging" of the country of communists and Socialists, has not yet been completely repaired.

Black Shirts Handle Crowds.

In contrast to former scenes, the brown shirted Nazi storm troopers, ordered on vacation and deprived of their original leader, Capt. Ernst Roehm, who was executed after the June 30 raids, were conspicuously absent.

Hitler's black shirts handled the crowds, preventing them from moving too close to the opera house.

Only a few storm troopers, in civilian clothes, watched the proceedings.

Thousands are thronging large open centers where huge loudspeakers have been set up to broadcast the speech.

Movie houses will cut off their programs and broadcast the address when the chancellor begins speaking.

Adolf Hitler Defying Fate In Speaking On Friday, The Thirteenth

BERLIN, July 13.—Adolf Hitler defies fate today, Friday the thirteenth, as he speaks from that stage they still call "The Reichstag" to his party, his people and the world.

Friday the thirteenth is an unlucky day in the German popular mind as it is in the minds of many other peoples. Hitler is in the midst of the worst misfortune he has ever encountered since he came into power but Hitler has chosen today to throw the battalions of his oratory against his enemies at home, abroad and in the heavens.

Three Great Armies Oppose.

For against Hitler today are three great armies. At home the hostile forces are led by no man in name but leaders of this army are Nazi disunity, National disillusionment and National fear for the future. Unidentified and out of sight is that dangerous figure revenge.

Between Hitler and his hearers today there stand ghosts of dead men.

State Of Ohio Will Not Put Dillinger Mobsters To Death In Chair Tonight

PETITION FILED CLAIMING ERROR

(International News Service)

COLUMBUS, O., July 13.—Harry Pierpont, convicted Dillinger gangster, today appeared destined to beat the "Friday the 13th Jinx" which has shadowed him throughout his life.

Pierpont and another Dillinger mobsman, Charles Makley, were sentenced to be electrocuted tonight (on July 13) but they gained a stay of execution from the Ohio supreme court when they filed a petition in error as of rights. Under Ohio law, such an action automatically grants a reprieve.

Once head of the mob which Dillinger now leads, Pierpont was born on Friday, the thirteenth, has thirteen letters in his name, was arrested once on a Friday the thirteenth and sentenced to die on a similar date. However, he beat the last "jinx."

Pierpont, Makley and Russel Clark were convicted of murdering Sheriff Jess Sarber at Lima when they shot up the Allen county jail in freeing their pal, John Dillinger. Clark was given a life term for the crime.

Let Contract For Crossover On Railroads

Baltimore And Ohio Will Use P. And L. E. Tracks Between Here And Pittsburgh

EXPECT WORK WILL BE DONE IN MONTH

Will Shorten Running Time Of B. And O. To Pittsburgh Considerably

Contract has been let by the Baltimore and Ohio railroad Company for the construction of a crossover from their lines to those of the Pitsburgh and Lake Erie, at West Pittsburg, work on which will be started next week. When completed, the B. and O. will operate over the tracks of the P. and L. E. between New Castle and McKeesport, shortening their running time between these two points between 40 and 50 minutes.

Approval of this change was made some time ago by the Interstate Commerce Commission, and an agreement has now been effected between the two railroads relative to the change.

Employes of the Western Union Telegraph Company are now engaged in changing the poles along the tracks, and work on the construction of the cross-over, will start on Monday, local officials of the Baltimore and Ohio railroad company stated today.

(BULLETIN)
(International News Service)

ARIZONA STATE PENITENTIARY, FLORENCE, Ariz., July 13.—With a crucifix tightly clutched in his right hand and with a telegram from his mother in his left hand, George J. Shaughnessy, 19-year-old "blonde killer" of Albany, N. Y., was executed in the lethal gas chamber here at dawn today.

Shaughnessy, who spent his nineteenth birthday in condemned row of the prison here only a few weeks ago, forfeited his life for the brutal slaying of Lon Blankenship, Tucson automobile salesman, whom he shot to death one year ago tomorrow in Nogales, during a holdup.

Clad only in a pair of shorts, Shaughnessy was strapped into the death chair, which exactly seven days ago to the minute held the body of Manuel Hernandez, youngest brother of two Mexicans executed for a similar crime.

The fifteen pills of deadly cyanide contained in gauze were dropped six inches into the jar of sulphuric acid, almost at the lad's feet at 4:56 a. m.

Three minutes later, at 4:59 a. m., Shaughnessy was declared dead.

ADOLF HITLER IS REFYING FATE IN SPEAKING ON 13th

(Continued From Page One)

How many there are the German public has not yet been told. They are dead enemies of Hitler but there are dead friends, too, all traitors he declares, but all are men who left friends behind them.

The field marshal of the second army against Hitler is general world opinion. Under this field marshal march Germany's lost credit, lost markets, lost friends.

But more important than either of these two armies is the third. Its commander-in-chief is nature, its regiments are drought, crop failure, food and goods shortage, while off in the distance can be distinguished shadows of those menacing shock troops, famine and national bankruptcy.

Hitler may be able to conciliate his party, reassure his people, propitiate world opinion, but against the third army of an illwilled nature Hitler can do nothing but wait, hope and pray to that Teuton God Germany has adopted.

Until this week observers had been inclined to predict for the economic future of the Hitler regime nothing worse than a slow decline of the standard of living so gradual that people would hardly perceive it. Now drought has gone for another week. Every day of it kills thousands of tons of crop. Fields are drying under a savage sun and revision of crop estimates is necessary daily.

Drought Worst Foe.

Neutral authorities declare another ten days of drought will halve the winter crop of potatoes. The winter crop is the chief reliance of food in this country where the population normally consumes more potatoes per head than almost anywhere else in the world. Under ordinary circumstances this would denote nothing but a bit of misfortune. Before the Nazi regime Germany could have bought all the potatoes she wanted abroad. Today she has no money and no credit to buy either potatoes or any other necessities abroad. What in ordinary times would be a trivial matter can in the third Reich become a calamity.

This is the background against which Hitler speaks and this is the background against which the German people are reflecting today at the curious choice of Friday the thirteenth for so momentous an event.

The Germans point out that there already have been two Friday the thirteenths this year. April 13 was also Friday. Nothing especially unlucky happened that day. But, "there it is," they say. How Germans think of the number thirteen is illustrated by what happened with the King of Siam lunched last Monday in the great chemical plant of Schering Kahlbaum. This firm sells Siam most of that country's headache remedies. The King of Siam invited to lunch brought a large entourage and plates were laid for eighteen.

Several guests however failed to appear and as the meal began, the headwaiter noted that there were thirteen at the table. He whispered the bad news into the ear of the host, the company's head. Immediately the host jumped up, ran out into the hall and seized the first employee in sight and forced him, a modest young bookkeeper to sit down to lunch with the royal party.

Hitler does not care. He chose Friday the thirteenth. Today he is defying fate.

The state department feared the German embassy would either demand an explanation or make a protest against Johnson's remarks, which were deplored by department officials whose main duty is to maintain friendly relations between this country and other nations.

Johnson's Remarks

The remarks which aroused the German embassy were made by Johnson during the first speech of his western tour. Reviewing recent events incident to the German "blood-bath" said:

"I don't know how they affected you, but they made me sick—not figuratively, but physically and very actively sick.

"The idea that adults, responsible men, can be taken from their homes, stood up against the wall, backs to the rifles, and shot to death is beyond expression.

"I have seen something of that sort in Mexico during the Villa ravages and among semi-civilized people or savages half drunk on sotol or marajuna—but that such a thing could happen in some supposed culture passes comprehension."

Immediately after Leitner's departure, Secretary Hull called in undersecretary of State Phillips and other aides to discuss what statement should be made in connection with the German demands.

No Retraction—Johnson

OMAHA, Neb., July 13—Gen. Hugs S. Johnson NRA administrator, meant every word he said when he denounced Germany's "blood-purge" and he has no intention of "taking back" anything he said in yesterday's speech at Waterloo, Ia.

This was Johnson's answer, as he prepared today to depart for Portland, Ore., to reports that state department officials in Washington feared the administrator's remarks might cause diplomatic difficulties with Germany.

"I was speaking as an individual, not for the state department or for the administration," Johnson said. "I meant everything I said. I will not take anything back, and I do not expect to be called down by the state department.

Johnson is on a western tour which will combine "selling" of the NRA and a vacation for himself.

No Apology Made.

Washington, July 13.—The German embassy today made a formal protest to the American government against General Hugh S. Johnson's verbal attack on the methods used by Chancellor Adolf Hitler of Germany in "purging" the Nazi party.

This was disclosed by the state department following a call on Secretary of State Hull by Dr. Rudolph Leitner, the German charge d'affaires.

Secretary Hull, making immediate response to the German protest, called Dr. Leitner's attention to Johnson's statement that he was speaking as an individual and not for the state department or the administration.

Secretary Hull made no apology for the general's remarks but told Dr. Leitner it was to be regretted that the general's position in the government made it possible for his remarks to be misconstrued as official.

LOVE TO SUCCEED MRS. JOHNSON AS CHEST PRESIDENT

(Continued From Page One)

Johnson submitted her resignation, but the board action on it had been delayed.

Mrs. Johnson's service in the Community Chest presidency evoked the high praise and warm appreciation of the board. In several annual campaigns she has been at the helm as leader, and her personal interest in the activity of her fellow citizens in the cause of charity support won for her the admiration of the townspeople.

It is the belief that Mrs. Johnson will continue to serve as a member of the chest board.

Electing its capable first vice president to the vacancy, the board simultaneously elevated Marcus Feuchtwanger to Mr. Love's old post and elected E. B. Hawkins as second vice president. Attorney Frank A. Hover is the organization's secretary and Mrs. Winifred Cooney is its secretary.

While it has been expected that some action on the 1934 chest campaign would be taken, the meeting passed without any definite action whatever. It was decided to contact several campaign organizations for information.

The directors met in the Chamber of Commerce rooms in the Greer building.

A strikebreaker, shot in the abdomen, was reported in a critical condition. He is Jerry Duffy, 19.

National guardsmen reported that he was mysteriously shot while entering a speedboat bound for Crockett. The guardsmen reported that "ten or twelve shots" were fired.

Several trucks were overturned in San Francisco and drivers of commodity trucks, entering the city, were warned by pickets they would be beaten if other attempts were made to enter the city.

State highway police patrolled all highways leading into the city.

Fun Rampant At Camp Fred Rentz

"Cadets" Waste No Time In Enjoying Themselves; Grounds Kept Lively

The fun has broken out at Camp Fred L. Rentz of the New Castle Y. M. C. A. reports from the Scott township vacation spot indicated today. Sixty "cadet campers"—younger lads of the Y membership—are in camp there this week.

The season opened last Tuesday morning.

Hiking, swimming and games have thus far provided recreation for the happy group although on Wednesday night, ordinarily observed as "Visitor's Night" a mock trial was somewhat of a pleasant entertainment. Judge Ballyholder Whoopernickle alias Counselor Frank Baldwin, warmed the judicial bench. Farce is no name for the trial itself.

Tests for the first year campers have been posted and already several of the devotional requirements have been achieved. Morning chapel and tent Bible reading is a part of the camp's daily schedule.

New improvements including three new sleeping cabins an electric pump and a new swimming pool, are giving the campers the time of their lives this year.

The regular camping season opens on Tuesday, July 17.

many, who has resisted the eastern Locarno, that they endorse it.

Informs of Decision

At the same time the British ambassador at Berlin called at the German foreign office and informed the Reich of his government's decision. The immediate semi-official reaction in Berlin was that France seeks a Napoleonic hegemony over Europe.

Both steps are believed to have been carefully timed to forestall any protest by Hitler tonight against the French encirclement move, launched at Geneva and hastened by revelations of disunity in Germany when the June 30 "revolution" was launched.

Praises French Proposal

London, July 13. — Praising France's proposal for an eastern Locarno pact as a genuine move for European and world peace, Sir John Simon this afternoon announced Great Britain's approval in the House of Commons and at the same time read a letter from Premier Mussolini also supporting the French move.

The British and Italian governments thus acted significantly on the very day that Chancellor Hitler, who has resisted the eastern mutual assistance pact, is to make his momentous address to the Reichstag in which he is expected to protest against French efforts to encircle Germany.

Both the British foreign secretary and the Italian premier made it plain that they were entering into no new commitments on the European continent on behalf of their governments in lending moral aid to a proposal which Sir John said "is well deserving of the British government and people".

"We cannot in this country lend any countenance or encouragement or moral support to any arrangement between states of Europe which would be definitely of a selective character in the sense that they were building up one combination against another," said Sir John.

"A different situation arises in that what is really proposed is of genuine reciprocal character. If Russia is prepared to offer the same guarantee to Germany as Germany offers to France, if France is prepared to offer the same guarantee to Germany as she does to Russia, then it seems to be no objection can arise on the score that what is contemplated is not in the true sense a mutual assistance pact.

"This proposal for an eastern pact of mutual guarantee is based on the strictest principles of reciprocity and conceived with the genuine purpose of strengthening the peace of Europe and the world."

send the national guard to aid local police in keeping law and order as soon as the strike starts.

It was also indicated that union officials expect trouble when it was learned that a base hospital had been established at a strategic point to care for pickets injured in encounters with strike breakers.

In a petition presented to the Regional Labor board, the truckers asked the board to set up an arbitration committee. Arbitration must be completed, however, before the hour set for the walkout, the position stated.

The union is demanding that inside helpers as well as truck drivers and helpers, be included in wage negotiations. Employers have refused to recognize the right of the union to represent the inside workers and to date have shown no willingness to arbitrate the question.

Deaths of the Day

Mrs. William C. Martin

Mrs. Emma Louise Humphrey Martin aged 86, Washington township, widow of William C. Martin, a Civil War veteran, who precided her in death eight years ago, died at her home Thursday, July 12, following a long illness.

She was born at Mercer, the daughter of Henry and Sara Pearson Humphrey. She had been a member of the Rich Hill Presbyterian church for more than half a century. She was a woman of many beautiful traits of character and her patience and kindness in her failing old age testified to her sweet nature and love of God.

She was the mother of eight children, six of whom survive: W. O. Martin, John and Thomas Martin of Volant: Harry, James and Louella, wife of M. S. Jordan all of New Castle. A daughter, Mrs. Ada Wright died seven years ago. She is also survived by eighteen grandchildren and nine great grandchildren: a brother Harvey Humphrey, North Liberty and a sister Mrs. Viola Cox of Wilmington.

Funeral services will be held from the home Saturday at 2 p. m. and interment will be made in Fair Oaks cemetery at New Wilmington.

Mrs. John C. Royle.

Mrs. Margaret Anne Hilliard Royle, aged 67, wife of John C. Royle, Springfield township, Mercer county, died at her home Thursday, July 12, at 12:15 p. m., following a stroke, which she suffered four months ago.

She was born at Hilliard, Butler county, August 24, 1867, the daughter of Peter and Sarah Ann Hilliard and had lived in Mercer county since 1905. She was a member of the Hilliard Methodist church.

She is survived by her husband and following children: William Royle of Grove City; Mrs. Rhoda Wymer, Milburn; Harold Royle, Leesburg; Mrs. Nellie Simpson, Leesburg and a sister, Mrs. W. W. Christy of Grove City.

Funeral services will take place Sunday at the home at 2 p. m., with the Rev. W. A. Lloyd of the Leesburg Presbyterian church officiating.

Mr. Evans Funeral

Last rites for Samuel C. Evans, of 201 Mills Way, were conducted at 3:30 o'clock Thursday afternoon from the residence, with Rev. Rees T. Williams, pastor of the First Congregational church in charge.

Pallbearers were George Davis, Isaac Isaacs, Richard Evans, William Ford, David Evans and James Ford.

Interment was made in Oak Park cemetery.

Mr. Peterson Funeral

Funeral services were on Thursday afternoon held for the late S. D. Peterson, of Franklin, Pa., from the home of his daughter, Mrs. Thomas Anderson, Morris street. Rev. A. T. Williams of the Hoover Heights Tabernacle, was in charge, assisted by Dr. J. A. Galbraith pastor of the Epworth M. E. church.

A touching vocal solo was rendered during the service by Mrs. Alfred Anderson accompanied at the piano by Miss Louella Patterson.

Pallbearers were William Mansfield, Leon Anderson, Leroy Anderson, Robert Anderson, Edward Gustafson and Leon Peterson, Jr.

Interment was made in Graceland cemetery.

Mr. Ellis Funeral

Funeral services for the late James Elliott Ellis, of Hickory township were conducted at 2:30 o'clock on Thursday afternoon at the Neshannock United Presbyterian church with Rev. J. M. Guthrie, the pastor in charge. Mr. Ellis was very well known in Lawrence county and many of his friends were present to pay a last tribute to his memory.

Pallbearers were Milton McCracken, Ira Nelson, Robert Jordan, Jas. Jamison, Frank Ruby and A. E. McCreary.

Interment was made in the Neshannock U. P. cemetery.

Rev. Fr. Baczewski

Rev. Francis Baczewski, aged 60, pastor of the Madonna church, Oakland district, for the past 15 years, passed away in the New Castle hospital on Thursday at 11:50 a. m. Complications caused his death.

His death will come as a shock to his many friends. Rev. Baczewski had been ill for the past two years. Rev. Baczewski was ordained to priesthood on July 2, 1898, at St. Vincent Seminary, Latrobe, Pa. Prior to becoming pastor of the Madonna church Rev. Baczewski was pastor of the St. Michael's church on Moravia street.

His pleasing personality gained for him many friends. He leaves a sister, Pauline, and a brother in Europe. Funeral services will be announced later.

Erma Reed.

Miss Erma Reed, aged 24, Mt. Jackson road, died at her home at 7:45 this morning following an illness of three and one half years.

Miss Reed was the daughter of the late Robert D. and Alice L. Reed. She was a student of the Mahoningtown school and graduated from the Mt. Jackson High school in the class of 1927 and from the Jameson Memorial hospital in 1930 as a nurse. She was a member of the Mahoning Methodist church and was most popular among the younger set of the community. Her death will be mourned by a large circle of friends.

She was preceded in death in 1927 by her father, and is survived by her mother, Mrs. Alice L. Reed; two sisters: Mrs. J. H. Webb and Mrs. Floyd Webber, near Mt. Jackson and two brothers: Harold C. and R. Donald, at home; a niece, Beverly Joyce Webb and a nephew, Robert D. Weller.

The complete arrangements for the funeral have not yet been made.

Governor Langer Makes Bold Move

North Dakota Governor Would Call Special Session To Investigate Himself

(International News Service)

BISMARCK, N. D., July 13.—Political circles buzzed with excitement today over the bold political stroke of Gov. William Langer in calling a special session of the state legislature to investigate himself.

In his proclamation calling for the special session to assemble July 19, the governor declared the legislature has "sole power" to investigate charges brought against the governor, and to inquire into charges made "against me, to inquire into the character of evidence produced and manner in which said trial was conducted," and the "sole power to punish me by removal from office."

Gov. Langer was recently found guilty, with other state officials, of soliciting funds from state employes, including employes on federal payrolls, in federal court.

LET CONTRACT FOR CROSSOVER ON RAILROADS

P. and L. E. system between these two points.

Details of the plan have been worked upon for some time by the two railroads, it is said.

At the present time, the Baltimore is operating over its line via Callery Junction, and on arriving in Pittsburgh, their trains have to back into the city, losing considerable time. Under the change in plans, this will be eliminated, giving the B. and O. a direct course into Pittsburgh and thence on to McKeesport, where they will change over onto their own tracks into Connellsville and the east.

The running time of the fast passenger trains of the B. and O. between Chicago and Washington and New York, will thus be cut anywhere from 40 to 50 minutes it is expected, giving them one of the finest services in the country.

Biddle Not To Quit

Biddle has no intention of resigning at this time he said. Told of the rumors prevalent in the western end of the state that his resignation was pending he said: "the stories are not true, I have no intention of resigning at this time."

Questioned as to the report that politics would be a factor in the new setup coming in September he denied this vigorously and said politics would have nothing whatever to do with the selection of employes or the giving of relief.

Present from the Lawreice County Board were Dr. G. S. Bennett, chairman, Mrs. Nellie G. Matheny, Jabes K. Love, Dr. Paul Wilson, Lowell Monroe and Vauhn R. DeLong, the latter two of Ellwood City.

ARIZONA SLAYER DIES BY LETHAL GAS

Pays With Life For Killing Man

Nineteen-Year-Old Youth Is Executed At Arizona State Prison

THIRD TO DIE BY GAS ROUTE

(BULLETIN)
(International News Service)

ARIZONA STATE PENITENTIARY, FLORENCE, Ariz., July 13.—With a crucifix tightly clutched in his right hand and with a telegram from his mother in his left hand, George J. Shaughnessy, 19-year-old "blonde killer" of Albany, N. Y., was executed in the lethal gas chamber here at dawn today.

Shaughnessy, who spent his nineteenth birthday in condemned row of the prison here only a few weeks ago, forfeited his life for the brutal slaying of Lon Blankenship, Tucson automobile salesman, whom he shot to death one year ago tomorrow in Nogales, during a holdup.

Clad only in a pair of shorts, Shaughnessy was strapped into the death chair, which exactly seven days ago to the minute held the body of Manuel Hernandez, youngest brother of two Mexicans executed for a similar crime.

The fifteen pills of deadly cyanide contained in gauze were dropped six inches into the jar of sulphuric acid, almost at the lad's feet at 4:56 a. m.

Three minutes later, at 4:59 a. m., Shaughnessy was declared dead.

was kidnaped by a mysterious and presumably demented peddler, who was seen near the Connor home yesterday.

After hearing the reports of the searchers who worked throughout the night, Captain Phillip McQuillan of the local police sent a request to boy scout headquarters in White Plains for 300 scouts to carry on the hunt.

The boy disappeared from in front of his home late yesterday.

Robert is the fourth child in a family of five. His father, Charles O. Connor, is an engineer in the state department of insurance.

The peddler, it is said, has been seen frequently in Hartsdale of late and had been tolerated by the police because of his gentle ways.

He is known to have spoken frequently to children, characterizing himself as "count," and talking incoherently about his castles.

Just what a difference it makes when the gates in the Pymatuning dam are closed was shown last week while the industries of the Shenango valley were on a vacation. The gates were closed during this time and the water in the Shenango river dropped over half a foot. They were opened again late last week, releasing an additional 22,000,000 gallons of water per day, the river rising seven-tenths of a foot as a result.

ADOLF HITLER IS REFYING FATE IN SPEAKING ON 13th

(Continued From Page One)

How many there are the German public has not yet been told. They are dead enemies of Hitler but there are dead friends, too, all traitors he declares, but all are men who left friends behind them.

The field marshal of the second army against Hitler is general world opinion. Under this field marshal march Germany's lost credit, lost markets, lost friends.

But more important than either of these two armies is the third. Its commander-in-chief is nature, its regiments are drought, crop failure, food and goods shortage, while off in the distance can be distinguished shadows of those menacing shock troops, famine and national bankruptcy.

Hitler may be able to conciliate his party, reassure his people, propitiate world opinion, but against the third army of an illwilled nature Hitler can do nothing but wait, hope and pray to that Teuton God Germany has adopted.

Until this week observers had been inclined to predict for the economic future of the Hitler regime nothing worse than a slow decline of the standard of living so gradual that people would hardly perceive it. Now drought has gone for another week. Every day of it kills thousands of tons of crop. Fields are drying under a savage sun and revision of crop estimates is necessary daily.

Drought Worst Foe.

Neutral authorities declare another ten days of drought will halve the winter crop of potatoes. The winter crop is the chief reliance of food in this country where the population normally consumes more potatoes per head than almost anywhere else in the world. Under ordinary circumstances this would denote nothing but a bit of misfortune. Before the Nazi regime Germany could have bought all the potatoes she wanted abroad. Today she has no money and no credit to buy either potatoes or any other necessities abroad. What in ordinary times would be a trivial matter can in the third Reich become a calamity.

This is the background against which Hitler speaks and this is the background against which the German people are reflecting today at the curious choice of Friday the thirteenth for so momentous an event.

The Germans point out that there already have been two Friday the thirteenths this year. April 13 was also Friday. Nothing especially unlucky happened that day. But, "there it is," they say. How Germans think of the number thirteen is illustrated by what happened with the King of Siam lunched last Monday in the great chemical plant of Schering Kahlbaum. This firm sells Siam most of that country's headache remedies. The King of Siam invited to lunch brought a large entourage and plates were laid for eighteen.

Several guests however failed to appear and as the meal began, the headwaiter noted that there were thirteen at the table. He whispered the bad news into the ear of the host, the company's head. Immediately the host jumped up, ran out into the hall and seized the first employee in sight and forced him, a modest young bookkeeper to sit down to lunch with the royal party.

Hitler does not care. He chose Friday the thirteenth. Today he is defying fate.

Aside from admitting he had asked for an explanation, Leitner refused further comment on his conversation with Secretary Hull.

The German charge d'affaires visit was not unexpected. The state department feared the German embassy would either demand an explanation or make a protest against Johnson's remarks, which were deplored by department officials whose main duty is to maintain friendly relations between this country and other nations.

Johnson's Remarks

The remarks which aroused the German embassy were made by Johnson during the first speech of his western tour. Reviewing recent events incident to the German "blood-bath" said:

"I don't know how they affected you, but they made me sick—not figuratively, but physically and very actively sick.

"The idea that adults, responsible men, can be taken from their homes, stood up against the wall, backs to the rifles, and shot to death is beyond expression.

"I have seen something of that sort in Mexico during the Villa ravages and among semi-civilized people or savages half drunk on sotol or marajuna—but that such a thing could happen in some supposed culture passes comprehension."

Immediately after Leitner's departure, Secretary Hull called in undersecretary of State Phillips and other aides to discuss what statement should be made in connection with the German demands.

Washington, July 13.—The German embassy today made a formal protest to the American government against General Hugh S. Johnson's verbal attack on the methods used by Chancellor Adolf Hitler of Germany in "purging" the Nazi party.

This was disclosed by the state department following a call on Secretary of State Hull by Dr. Rudolph Leitner, the German charge d'affaires.

Secretary Hull, making immediate response to the German protest, called Dr. Leitner's attention to Johnson's statement that he was speaking as an individual and not for the state department or the administration.

Secretary Hull made no apology for the general's remarks but told Dr. Leitner it was to be regretted that the general's position in the government made it possible for his remarks to be misconstrued as official.

Informs of Decision

At the same time the British ambassador at Berlin called at the German foreign office and informed the Reich of his government's decision. The immediate semi-official reaction in Berlin was that France seeks a Napoleonic hegemony over Europe.

Both steps are believed to have been carefully timed to forestall any protest by Hitler tonight against the French encirclement move, launched at Geneva and hastened by revelations of disunity in Germany when the June 30 "revolution" was launched.

Praises French Proposal

London, July 13. — Praising France's proposal for an eastern Locarno pact as a genuine move for European and world peace, Sir John Simon this afternoon announced Great Britain's approval in the House of Commons and at the same time read a letter from Premier Mussolini also supporting the French move.

The British and Italian governments thus acted significantly on the very day that Chancellor Hitler, who has resisted the eastern mutual assistance pact, is to make his momentous address to the Reichstag in which he is expected to protest against French efforts to encircle Germany.

Both the British foreign secretary and the Italian premier made it plain that they were entering into no new commitments on the European continent on behalf of their governments in lending moral aid to a proposal which Sir John said "is well deserving of the British government and people".

"We cannot in this country lend any countenance or encouragement or moral support to any arrangement between states of Europe which would be definitely of a selective character in the sense that they were building up one combination against another," said Sir John.

"A different situation arises in that what is really proposed is of genuine reciprocal character. If Russia is prepared to offer the same guarantee to Germany as Germany offers to France, if France is prepared to offer the same guarantee to Germany as she does to Russia, then it seems to be no objection can arise on the score that what is contemplated is not in the true sense a mutual assistance pact.

"This proposal for an eastern pact of mutual guarantee is based on the strictest principles of reciprocity and conceived with the genuine purpose of strengthening the peace of Europe and the world."

send the national guard to aid local police in keeping law and order as soon as the strike starts.

It was also indicated that union officials expect trouble when it was learned that a base hospital had been established at a strategic point to care for pickets injured in encounters with strike breakers.

In a petition presented to the Regional Labor board, the truckers asked the board to set up an arbitration committee. Arbitration must be completed, however, before the hour set for the walkout, the position stated.

The union is demanding that inside helpers as well as truck drivers and helpers, be included in wage negotiations. Employers have refused to recognize the right of the union to represent the inside workers and to date have shown no willingness to arbitrate the question.

Deaths of the Day

Mrs. William C. Martin

Mrs. Emma Louise Humphrey Martin aged 86, Washington township, widow of William C. Martin, a Civil War veteran, who precided her in death eight years ago, died at her home Thursday, July 12, following a long illness.

She was born at Mercer, the daughter of Henry and Sara Pearson Humphrey. She had been a member of the Rich Hill Presbyterian church for more than half a century. She was a woman of many beautiful traits of character and her patience and kindness in her failing old age testified to her sweet nature and love of God.

She was the mother of eight children, six of whom survive: W. O. Martin, John and Thomas Martin of Volant: Harry, James and Louella, wife of M. S. Jordan all of New Castle. A daughter, Mrs. Ada Wright died seven years ago. She is also survived by eighteen grandchildren and nine great grandchildren: a brother Harvey Humphrey, North Liberty and a sister Mrs. Viola Cox of Wilmington.

Funeral services will be held from the home Saturday at 2 p. m. and interment will be made in Fair Oaks cemetery at New Wilmington.

Mrs. John C. Royle.

Mrs. Margaret Anne Hilliard Royle, aged 67, wife of John C. Royle, Springfield township, Mercer county, died at her home Thursday, July 12, at 12:15 p. m., following a stroke, which she suffered four months ago.

She was born at Hilliard, Butler county, August 24, 1867, the daughter of Peter and Sarah Ann Hilliard and had lived in Mercer county since 1905. She was a member of the Hilliard Methodist church.

She is survived by her husband and following children: William Royle of Grove City; Mrs. Rhoda Weimer, Milburn; Harold Royle, Leesburg; Mrs. Nellie Simpson, Leesburg and a sister, Mrs. W. W. Christy of Grove City.

Funeral services will take place Sunday at the home at 2 p. m., with the Rev. W. A. Lloyd of the Leesburg Presbyterian church officiating.

Mr. Evans Funeral

Last rites for Samuel C. Evans, of 201 Mills Way, were conducted at 3:30 o'clock Thursday afternoon from the residence, with Rev. Rees T. Williams, pastor of the First Congregational church in charge.

Palbearers were George Davis, Isaac Isaacs, Richard Evans, William Ford, David Evans and James Ford.

Interment was made in Oak Park cemetery.

Mr. Peterson Funeral

Funeral services were on Thursday afternoon held for the late S. D. Peterson, of Franklin, Pa., from the home of his daughter, Mrs. Thomas Anderson, Morris street. Rev. A. T. Williams of the Hoover Heights Tabernacle, was in charge, assisted by Dr. J. A. Galbraith pastor of the Epworth M. E. church.

A touching vocal solo was rendered during the service by Mrs. Alfred Anderson accompanied at the piano by Miss Louella Patterson.

Pallbearers were William Mansfield, Leon Anderson, Leroy Anderson, Robert Anderson, Edward Gustafson and Leon Peterson, Jr.

Interment was made in Graceland cemetery.

Mr. Ellis Funeral

Funeral services for the late James Elliott Ellis, of Hickory township were conducted at 2:30 o'clock on Thursday afternoon at the Neshannock United Presbyterian church with Rev. J. M. Guthrie, the pastor in charge. Mr. Ellis was very well known in Lawrence county and many of his friends were present to pay a last tribute to his memory.

Pallbearers were Milton McCracken, Ira Nelson, Robert Jordan, Jas. Jamison, Frank Ruby and A. E. McCreary.

Interment was made in the Neshannock U. P. cemetery.

Rev. Fr. Baczewski

Rev. Francis Baczewski, aged 60, pastor of the Madonna church, Oakland district, for the past 15 years, passed away in the New Castle hospital on Thursday at 11:50 a. m. Complications caused his death.

His death will come as a shock to his many friends. Rev. Baczewski had been ill for the past two years. Rev. Baczewski was ordained to priesthood on July 2, 1898, at St. Vincent Seminary, Latrobe, Pa. Prior to becoming pastor of the Madonna church Rev. Baczewski was pastor of the St. Michael's church on Moravia street.

His pleasing personality gained for him many friends. He leaves a sister, Pauline, and a brother in Europe. Funeral services will be announced later.

Erma Reed.

Miss Erma Reed, aged 24, Mt. Jackson road, died at her home at 7:45 this morning following an illness of three and one half years.

Miss Reed was the daughter of the late Robert D. and Alice L. Reed. She was a student of the Mahoningtown school and graduated from the Mt. Jackson High school in the class of 1927 and from the Jameson Memorial hospital in 1930 as a nurse. She was a member of the Mahoning Methodist church and was most popular among the younger set of the community. Her death will be mourned by a large circle of friends.

She was preceded in death in 1927 by her father, and is survived by her mother, Mrs. Alice L. Reed; two sisters: Mrs. J. H. Webb and Mrs. Floyd Webber, near Mt. Jackson and two brothers: Harold C. and R. Donald, at home; a niece, Beverly Joyce Webb and a nephew, Robert D. Weller.

The complete arrangements for the funeral have not yet been made.

Governor Langer Makes Bold Move

North Dakota Governor Would Call Special Session To Investigate Himself

(International News Service)

BISMARCK, N. D., July 13.—Political circles buzzed with excitement today over the bold political stroke of Gov. William Langer in calling a special session of the state legislature to investigate himself.

In his proclamation calling for the special session to assemble July 19, the governor declared the legislature has "sole power" to investigate charges brought against the governor, and to inquire into charges made "against me, to inquire into the character of evidence produced and manner in which said trial was conducted," and the "sole power to punish me by removal from office."

Gov. Langer was recently found guilty, with other state officials, of soliciting funds from state employes, including employes on federal payrolls, in federal court.

LET CONTRACT FOR CROSSOVER ON RAILROADS

P. and L. E. system between these two points.

Details of the plan have been worked upon for some time by the two railroads, it is said.

At the present time, the Baltimore is operating over its line via Callery Junction, and on arriving in Pittsburgh, their trains have to back into the city, losing considerable time. Under the change in plans, this will be eliminated, giving the B. and O. a direct course into Pittsburgh and thence on to McKeesport, where they will change over onto their own tracks into Connellsville and the east.

The running time of the fast passenger trains of the B. and O. between Chicago and Washington and New York, will thus be cut anywhere from 40 to 50 minutes it is expected, giving them one of the finest services in the country.

Biddle Not To Quit

Biddle has no intention of resigning at this time he said. Told of the rumors prevalent in the western end of the state that his resignation was pending he said: "the stories are not true, I have no intention of resigning at this time."

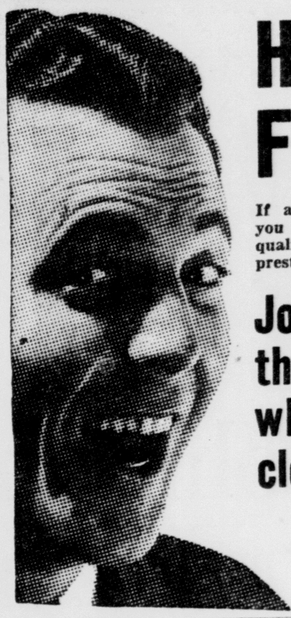

Questioned as to the report that politics would be a factor in the new setup coming in September he denied this vigorously and said politics would have nothing whatever to do with the selection of employes or the giving of relief.

Present from the Lawreice County Board were Dr. G. S. Bennett, chairman, Mrs. Nellie G. Matheny, Jabes K. Love, Dr. Paul Wilson, Lowell Monroe and Vauhn R. DeLong, the latter two of Ellwood City.

ARIZONA SLAYER DIES BY LETHAL GAS

Pays With Life For Killing Man

Nineteen-Year-Old Youth Is Executed At Arizona State Prison

THIRD TO DIE BY GAS ROUTE

(BULLETIN)
(International News Service)

ARIZONA STATE PENITENTIARY, FLORENCE, Ariz., July 13.—With a crucifix tightly clutched in his right hand and with a telegram from his mother in his left hand, George J. Shaughnessy, 19-year-old "blonde killer" of Albany, N. Y., was executed in the lethal gas chamber here at dawn today.

Shaughnessy, who spent his nineteenth birthday in condemned row of the prison here only a few weeks ago, forfeited his life for the brutal slaying of Lon Blankenship, Tucson automobile salesman, whom he shot to death one year ago tomorrow in Nogales, during a holdup.

Clad only in a pair of shorts, Shaughnessy was strapped into the death chair, which exactly seven days ago to the minute held the body of Manuel Hernandez, youngest brother of two Mexicans executed for a similar crime.

The fifteen pills of deadly cyanide contained in gauze were dropped six inches into the jar of sulphuric acid, almost at the lad's feet at 4:56 a. m.

Three minutes later, at 4:59 a. m., Shaughnessy was declared dead.

was kidnaped by a mysterious and presumably demented peddler, who was seen near the Connor home yesterday.

After hearing the reports of the searchers who worked throughout the night, Captain Phillip McQuillan of the local police sent a request to boy scout headquarters in White Plains for 300 scouts to carry on the hunt.

The boy disappeared from in front of his home late yesterday.

Robert is the fourth child in a family of five. His father, Charles O. Connor, is an engineer in the state department of insurance.

The peddler, it is said, has been seen frequently in Hartsdale of late and had been tolerated by the police because of his gentle ways.

He is known to have spoken frequently to children, characterizing himself as "count," and talking incoherently about his castles.

Flier Will Jump Without Cat

(International News Service)

WASHINGTON, July 13.—Private Ralph Watson, Kelly field, Tex., aviator, will have to make his 13th parachute jump today—Friday the 13th—without benefit of a black cat.

The cat, "Rattlebones", was ordered grounded by Maj. Gen. Benjamin D. Foulois, army air chief, shortly after information reached the war department that Watson planned to have the feline accompany him—sans parachute—on his leap, as added defiance to ol' superstition.

about—well, 25 years ago. Anyway, it seems that a drizzling rain fell all day but at the evening show it developed into a real cloudburst, the severity of which is remembered through the years. Mud was knee-deep on the circus grounds, everyone was soaked and half drowned. The circus hands had a tough time with the equipment and were unable to get the outfit ready for moving until 5 p. m. the next day.

Just what a difference it makes when the gates in the Pymatuning dam are closed was shown last week while the industries of the Shenango valley were on a vacation. The gates were closed during this time and the water in the Shenango river dropped over half a foot. They were opened again late last week, releasing an additional 22,000,000 gallons of water per day, the river rising seven-tenths of a foot as a result.

ADOLF HITLER IS DEFYING FATE IN SPEAKING ON 13th

(Continued From Page One)

How many there are the German public has not yet been told. They are dead enemies of Hitler but there are dead friends, too, all traitors he declares, but all are men who left friends behind them.

The field marshal of the second army against Hitler is general world opinion. Under this field marshal march Germany's lost credit, lost markets, lost friends.

But more important than either of these two armies is the third. Its commander-in-chief is nature, its regiments are drought, crop failure, food and goods shortage, while off in the distance can be distinguished shadows of those menacing shock troops, famine and national bankruptcy.

Hitler may be able to conciliate his party, reassure his people, propitiate world opinion, but against the third army of an illwilled nature Hitler can do nothing but wait, hope and pray to that Teuton God Germany has adopted.

Until this week observers had been inclined to predict for the economic future of the Hitler regime nothing worse than a slow decline of the standard of living so gradual that people would hardly perceive it. Now drought has gone for another week. Every day of it kills thousands of tons of crop. Fields are drying under a savage sun and revision of crop estimates is necessary daily.

Drought Worst Foe.

Neutral authorities declare another ten days of drought will halve the winter crop of potatoes. The winter crop is the chief reliance of food in this country where the population normally consumes more potatoes per head than almost anywhere else in the world. Under ordinary circumstances this would denote nothing but a bit of misfortune. Before the Nazi regime Germany could have bought all the potatoes she wanted abroad. Today she has no money and no credit to buy either potatoes or any other necessities abroad. What in ordinary times would be a trivial matter can in the third Reich become a calamity.

This is the background against which Hitler speaks and this is the background against which the German people are reflecting today at the curious choice of Friday the thirteenth for so momentous an event.

The Germans point out that there already have been two Friday the thirteenths this year. April 13 was also Friday. Nothing especially unlucky happened that day. But, "there it is," they say. How Germans think of the number thirteen is illustrated by what happened with the King of Siam lunched last Monday in the great chemical plant of Schering Kahlbaum. This firm sells Siam most of that country's headache remedies. The King of Siam invited to lunch brought a large entourage and plates were laid for eighteen.

Several guests however failed to appear and as the meal began, the headwaiter noted that there were thirteen at the table. He whispered the bad news into the ear of the host, the company's head. Immediately the host jumped up, ran out into the hall and seized the first employee in sight and forced him, a modest young bookkeeper to sit down to lunch with the royal party.

Hitler does not care. He chose Friday the thirteenth. Today he is defying fate.

JOHNSON'S SPEECH BRINGS REQUEST FOR EXPLANATION

(Continued From Page One)

faires, called on Secretary of State Hull and asked for an explanation.

Aside from admitting he had asked for an explanation, Leitner refused further comment on his conversation with Secretary Hull.

The German charge d'affaires visit was not unexpected. The state department feared the German embassy would either demand an explanation or make a protest against Johnson's remarks, which were deplored by department officials whose main duty is to maintain friendly relations between this country and other nations.

Johnson's Remarks

The remarks which aroused the German embassy were made by Johnson during the first speech of his western tour. Reviewing recent events incident to the German "blood-bath" said:

"I don't know how they affected you, but they made me sick—not figuratively, but physically and very actively sick.

"The idea that adults, responsible men, can be taken from their homes, stood up against the wall, backs to the rifles, and shot to death is beyond expression.

"I have seen something of that sort in Mexico during the Villa ravages and among semi-civilized people or savages half drunk on sotol or marajuna—but that such a thing could happen in some supposed culture passes comprehension."

Immediately after Leitner's departure, Secretary Hull called in undersecretary of State Phillips and other aides to discuss what statement should be made in connection with the German demands.

No Retraction—Johnson

OMAHA, Neb., July 13—Gen. Hugs S. Johnson NRA administrator, meant every word he said when he denounced Germany's "blood-purge" and he has no intention of "taking back" anything he said in yesterday's speech at Waterloo, Ia.

This was Johnson's answer, as he prepared today to depart for Portland, Ore., to reports that state department officials in Washington feared the administrator's remarks might cause diplomatic difficulties with Germany.

"I was speaking as an individual, not for the state department or for the administration," Johnson said. "I meant everything I said. I will not take anything back, and I do not expect to be called down by the state department.

Johnson is on a western tour which will combine "selling" of the NRA and a vacation for himself.

No Apology Made.

Washington, July 13.—The German embassy today made a formal protest to the American government against General Hugh S. Johnson's verbal attack on the methods used by Chancellor Adolf Hitler of Germany in "purging" the Nazi party.

This was disclosed by the state department following a call on Secretary of State Hull by Dr. Rudolph Leitner, the German charge d'affaires.

Secretary Hull, making immediate response to the German protest, called Dr. Leitner's attention to Johnson's statement that he was speaking as an individual and not for the state department or the administration.

Secretary Hull made no apology for the general's remarks but told Dr. Leitner it was to be regretted that the general's position in the government made it possible for his remarks to be misconstrued as official.

LOVE TO SUCCEED MRS. JOHNSON AS CHEST PRESIDENT

(Continued From Page One)

Johnson submitted her resignation, but the board action on it had been delayed.

Mrs. Johnson's service in the Community Chest presidency evoked the high praise and warm appreciation of the board. In several annual campaigns she has been at the helm as leader, and her personal interest in the activity of her fellow citizens in the cause of charity support won for her the admiration of the townspeople.

It is the belief that Mrs. Johnson will continue to serve as a member of the chest board.

Electing its capable first vice president to the vacancy, the board simultaneously elevated Marcus Feuchtwanger to Mr. Love's old post and elected E. B. Hawkins as second vice president. Attorney Frank A. Hover is the organization's secretary and Mrs. Winifred Cooney is its secretary.

While it has been expected that some action on the 1934 chest campaign would be taken, the meeting passed without any definite action whatever. It was decided to contact several campaign organizations for information.

The directors met in the Chamber of Commerce rooms in the Greer building.

Fun Rampant At Camp Fred Rentz

"Cadets" Waste No Time In Enjoying Themselves; Grounds Kept Lively

The fun has broken out at Camp Fred L. Rentz of the New Castle Y. M. C. A. reports from the Scott township vacation spot indicated today. Sixty "cadet campers"—younger lads of the Y membership—are in camp there this week.

The season opened last Tuesday morning.

Hiking, swimming and games have thus far provided recreation for the happy group although on Wednesday night, ordinarily observed as "Visitor's Night" a mock trial was somewhat of a pleasant entertainment. Judge Ballyholder Whoopernickle alias Counselor Frank Baldwin, warmed the judicial bench. Farce is no name for the trial itself.

Tests for the first year campers have been posted and already several of the devotional requirements have been achieved. Morning chapel and tent Bible reading is a part of the camp's daily schedule.

New improvements including three new sleeping cabins an electric pump and a new swimming pool, are giving the campers the time of their lives this year.

The regular camping season opens on Tuesday, July 17.

NATIONS MOVE TO FORESTALL ANY HITLER PROTEST

many, who has resisted the eastern Locarno, that they endorse it.

Informs of Decision

At the same time the British ambassador at Berlin called at the German foreign office and informed the Reich of his government's decision. The immediate semi-official reaction in Berlin was that France seeks a Napoleonic hegemony over Europe.

Both steps are believed to have been carefully timed to forestall any protest by Hitler tonight against the French encirclement move, launched at Geneva and hastened by revelations of disunity in Germany when the June 30 "revolution" was launched.

Praises French Proposal

London, July 13. — Praising France's proposal for an eastern Locarno pact as a genuine move for European and world peace, Sir John Simon this afternoon announced Great Britain's approval in the House of Commons and at the same time read a letter from Premier Mussolini also supporting the French move.

The British and Italian governments thus acted significantly on the very day that Chancellor Hitler, who has resisted the eastern mutual assistance pact, is to make his momentous address to the Reichstag in which he is expected to protest against French efforts to encircle Germany.

Both the British foreign secretary and the Italian premier made it plain that they were entering into no new commitments on the European continent on behalf of their governments in lending moral aid to a proposal which Sir John said "is well deserving of the British government and people".

"We cannot in this country lend any countenance or encouragement or moral support to any arrangement between states of Europe which would be definitely of a selective character in the sense that they were building up one combination against another," said Sir John.

"A different situation arises in that what is really proposed is of genuine reciprocal character. If Russia is prepared to offer the same guarantee to Germany as Germany offers to France, if France is prepared to offer the same guarantee to Germany as she does to Russia, then it seems to be no objection can arise on the score that what is contemplated is not in the true sense a mutual assistance pact.

"This proposal for an eastern pact of mutual guarantee is based on the strictest principles of reciprocity and conceived with the genuine purpose of strengthening the peace of Europe and the world."

Interment was made in Oak Park cemetery.

Mr. Peterson Funeral

Funeral services were on Thursday afternoon held for the late S. D. Peterson, of Franklin, Pa., from the home of his daughter, Mrs. Thomas Anderson, Morris street. Rev. A. T. Williams of the Hoover Heights Tabernacle, was in charge, assisted by Dr. J. A. Galbraith pastor of the Epworth M. E. church.

A touching vocal solo was rendered during the service by Mrs. Alfred Anderson accompanied at the piano by Miss Louella Patterson.

Pallbearers were William Mansfield, Leon Anderson, Leroy Anderson, Robert Anderson, Edward Gustafson and Leon Peterson, Jr.

Interment was made in Graceland cemetery.

Mr. Ellis Funeral

Funeral services for the late James Elliott Ellis, of Hickory township were conducted at 2:30 o'clock on Thursday afternoon at the Neshannock United Presbyterian church with Rev. J. M. Guthrie, the pastor in charge. Mr. Ellis was very well known in Lawrence county and many of his friends were present to pay a last tribute to his memory.

Pallbearers were Milton McCracken, Ira Nelson, Robert Jordan, Jas. Jamison, Frank Ruby and A. E. McCreary.

Interment was made in the Neshannock U. P. cemetery.

Rev. Fr. Baczewski

Rev. Francis Baczewski, aged 60, pastor of the Madonna church, Oakland district, for the past 15 years, passed away in the New Castle hospital on Thursday at 11:50 a. m. Complications caused his death.

His death will come as a shock to his many friends. Rev. Baczewski had been ill for the past two years. Rev. Baczewski was ordained to priesthood on July 2, 1898, at St. Vincent Seminary, Latrobe, Pa. Prior to becoming pastor of the Madonna church Rev. Baczewski was pastor of the St. Michael's church on Moravia street.

His pleasing personality gained for him many friends. He leaves a sister, Pauline, and a brother in Europe. Funeral services will be announced later.

Erma Reed.

Miss Erma Reed, aged 24, Mt. Jackson road, died at her home at 7:45 this morning following an illness of three and one half years.

Miss Reed was the daughter of the late Robert D. and Alice L. Reed. She was a student of the Mahoningtown school and graduated from the Mt. Jackson High school in the class of 1927 and from the Jameson Memorial hospital in 1930 as a nurse. She was a member of the Mahoning Methodist church and was most popular among the younger set of the community. Her death will be mourned by a large circle of friends.

She was preceded in death in 1927 by her father, and is survived by her mother, Mrs. Alice L. Reed; two sisters: Mrs. J. H. Webb and Mrs. Floyd Webber, near Mt. Jackson and two brothers: Harold C. and R. Donald, at home; a niece, Beverly Joyce Webb and a nephew, Robert D. Weller.

The complete arrangements for the funeral have not yet been made.

Governor Langer Makes Bold Move

North Dakota Governor Would Call Special Session To Investigate Himself

(International News Service)

BISMARCK, N. D., July 13.—Political circles buzzed with excitement today over the bold political stroke of Gov. William Langer in calling a special session of the state legislature to investigate himself.

In his proclamation calling for the special session to assemble July 19, the governor declared the legislature has "sole power" to investigate charges brought against the governor, and to inquire into charges made "against me, to inquire into the character of evidence produced and manner in which said trial was conducted," and the "sole power to punish me by removal from office."

Gov. Langer was recently found guilty, with other state officials, of soliciting funds from state employes, including employes on federal payrolls, in federal court.

LET CONTRACT FOR CROSSOVER ON RAILROADS

(Continued From Page One)

P. and L. E. system between these two points.

Details of the plan have been worked upon for some time by the two railroads, it is said.

At the present time, the Baltimore is operating over its line via Callery Junction, and on arriving in Pittsburgh, their trains have to back into the city, losing considerable time. Under the change in plans, this will be eliminated, giving the B. and O. a direct course into Pittsburgh and thence on to McKeesport, where they will change over onto their own tracks into Connellsville and the east.

The running time of the fast passenger trains of the B. and O. between Chicago and Washington and New York, will thus be cut anywhere from 40 to 50 minutes it is expected, giving them one of the finest services in the country.

BIDDLE EXPLAINS RELIEF PLANS

(Continued From Page One)

area plan for the RWD following the lines of the area plan of the Emergency Relief.

Biddle Not To Quit

Biddle has no intention of resigning at this time he said. Told of the rumors prevalent in the western end of the state that his resignation was pending he said: "the stories are not true, I have no intention of resigning at this time."

Questioned as to the report that politics would be a factor in the new setup coming in September he denied this vigorously and said politics would have nothing whatever to do with the selection of employes or the giving of relief.

Present from the Lawrence County Board were Dr. G. S. Bennett, chairman, Mrs. Nellie G. Matheny, Jabes K. Love, Dr. Paul Wilson, Lowell Monroe and Vaubn R. DeLong, the latter two of Ellwood City.

BREAKFAST PARTY IS DELIGHTFUL OCCASION

Mrs. J. B. Broadfoot and daughter Margaret Jean of Guelph, Canada, the former of whom is a sister of Mrs. Edwin F. Norris, were guests Thursday morning at a breakfast party for Circulating Book club members at the Norris home on Hazelcroft avenue.

One long table and several smaller one, attractively decorated with summer flowers, were arranged outdoors on the beautiful lawn. The hostess' daughter, Mrs. Henry E. Rappold, and two Girl Scouts, Ruth Connor and Edna Raney of troop 6, assisted in serving the very appetizing menu. Covers were placed for 24.

Later morning hours were given over to the usual book exchange and informal sociability.

Plans were made to meet the next time for a picnic lunch at the summer cottage of Mrs. B. F. Butler along the Slippery Rock.

"ELMS" LUNCHEON FOR CIRCLE MEMBERS

"The Elms," the lovely Harlansburg road home of Mrs. E. C. Withers, extended its gracious hospitality to the members of the Mothers' Circle of the First Methodist church Thursday.

At 1 o'clock, amid the trees and flowers, tables were arranged on the lawn and places laid for 30, while hardy phlox and shasta daisies nodded gracefully from the vases centering the tables.

Mrs. Charles Layton and her social committee served a most delicious luncheon menu. Special guests were Mrs. Ed Cummings and daughter Edwina of Grove City, Miss Jennie Anderson, Mrs. Verna McQuiston and Jane Toomer.

During the afternoon hours the women lounged about the garden enjoying informal conversation.

SMART FUNCTION FOR GUEST FROM VICKSBURG

Mrs. Joseph A. Green presided over a smart function in the nature of a dessert-bridge Thursday afternoon at her home on Boyles avenue.

The affair honored Miss Sue Kelly, of Vicksburg, Miss., who is the house guest of Mr. and Mrs. John E. Kenney of North Jefferson street, and interested sixteen girls in the younger society set.

Contract was the diversion, of course, and the prize was awarded to Miss Jean Donnelly while the honoree received a guest token.

Beautiful flowers from the garden enhanced decorations with pink and white predominating.

REV. WM. GAMBLE WEDS BUTLER GIRL

The First Presbyterian church of Butler, with its altar banked with blue delphinium and pink gladioli against the cool green of summer ferns, was a lovely setting Wednesday for the wedding of Miss Charlotte Logan, daughter of Mr. and Mrs. R. M. Logan, Butler, and the Rev. William Gamble, son of Dr. and Mrs. S. C. Gamble, Butler.

The ceremony was solemnized in the presence of a large number of guests at 12:30, just after noon, and Dr. Gamble, the bridegroom's father, officiated with Dr. S. Wilmer Beitler, pastor of the church, assisting.

The Gambles will be remembered by many New Castle persons as Dr. Gamble was pastor of the Second United Presbyterian church for a number of years.

The Rev. Gamble and his bride will reside at Little York, Ill., where he is pastor of the United Presbyterian church.

Birthday Party.

Little playmates of John Russell Flynn gathered at his home Wednesday afternoon to help him celebrate his tenth birthday. Covers for a dainty luncheon following a period of games were arranged for 12. The honored guest received many nice gifts.

McKnight, Mr and Mrs. King McCreary, Mr. and Mrs. Everett Kennedy, son Karl; Mrs. Belle Hodge, sons Wesley, Lester and Roy, Mr. and Mrs. Wilson Booher, daughter Marian, Miss Agnes Main, Mr. and Mrs. George Pontius and daughter Edna.

FAREWELL PARTY FOR MARIAN HUGHES

As a farewell courtesy to Marian Hughes, who will soon leave for Pittsburgh to make her home, the members of Mrs. Scott McCaslin's class of the First United Presbyterian Sunday school went to the Hughes cottage at Lakewood where they spent the evening swimming, boating and conversing later joining about a fire where they roasted wieners and marshmallows and expressed their regrets as losing Miss Hughes from their companionship.

A lovely gift of remembrance was presented Miss Hughes by her class mates. Miss Geraldine Turk of the Y. camp at East Brook was a special guest.

The girls arranging the event were Alice Ebeling, Marguerite Jenkins and Virginia Schefnocker.

JUNE WEBSTER WILL WED CLAUDE CRILL

Mrs. Lida C. Webster, 19 West Front street, announces the engagement of her daughter June to Claude Crill, son of Mrs. Grace Crill, 912 Adams street, the betrothal to terminate in an early August wedding.

The bride-elect is a graduate of the senior high school, class of June, '29, and has been employed in the law office of McCaslin and Bryan. Mr. Crill is a graduate of the senior high school in the class of January, '29, and is employed by the Provident Mutual Insurance company.

Picnic Affair.

At 1 o'clock Thursday members of Section G, Y. L. B. of the Third U. P. church enjoyed a delightful picnic dinner at the home of Mrs. Eva Baldwin on the Butler road.

Thirty-two were present, including three visitors, and the tables were beautifully adorned with summer blooms. Assisting Mrs. Baldwin in serving were Mrs. Rhoda Dumbaugh, Mrs. John Hemminger and Mrs. Carrie McClain.

The afternoon was devoted to needlework and games.

GARDEN CLUBS MEET AT NEW BEDFORD HALL

In the neighborhood of 100 women gardeners; members of the Lawrence County Garden club and affiliate organizations gathered in Town Hall at New Bedford Thursday for the quarterly county meeting, the Bedford club being hostesses.

About twenty from New Castle went up, those driving cars including Mrs. S. D. Pearson, Mrs. Allen W. Urmson, Mrs. Russell Allen, Mrs. W. C. Mechem, Mrs. Charles Burckart.

Following an appetizing luncheon at 1:30, a short business session was held at which representatives from the six different garden clubs responded to roll call. One new organization, the Mahoning Valley club comprising the Edenburg district, being added since the previous county meeting held earlier in the year in this city.

A talk on English Gardens by Mrs. John G. Cooper of Youngstown, was the feature of the afternoon. Having traveled extensively, Mrs. Cooper is well versed on her subject and she took her listeners with her by means of beautifully illustrated pictures through lovely gardens in six different countries abroad, as well as England. Her discourse was much appreciated, being highly enlightening as well as interesting.

After the program, there was an informal discussion of garden topics with everybody thoroughly enjoying the afternoon.

FAREWELL LUNCHEON DORIS SCHLUMBERGER

Under the arbor in the J. H. Wigton garden, Spruce street, amid the colorful flowers, a luncheon table was arranged at one o'clock today, with Miss Cleora Wigton as hostess to little playmates of Doris Schlumberger, who was honor guest.

A delicious luncheon menu was served Mabel Thompson, Ruth Bradford, Mary Ann Sands, Delores McCrendy, Lenora Ann Pyle, Cleora Wigton and Doris Schlumberger, and the afternoon was spent in games, after which the little playmates said farewell to Doris, who will leave early in the morning with her mother and brother for Pocono Lake, where they will spend the remainder of the summer.

1934 Club Meets.

Mr. and Mrs. Ralph McWilliams of Gibbstown, N. J., were special guests of the members of the 1934 club Thursday evening when the group was entertained in the home of Mr. and Mrs. Harry Flinner on Hillcrest avenue.

Business took up the early part of the evening when officers were elected, with Harvey Cooper being named president, Clyde Stevens vice president and Mrs. Clyde Stevens secretary-treasurer.

Four tables of bridge were in play during the evening with prizes being awarded C. C. Andrews, Arthur Keefer, Mrs. Clyde Stevens and Mrs. C. C. Andrews, while Ralph McWilliams won the guest prize.

The small tables were later utilized for the serving of a dainty lunch.

Mr. and Mrs. Arthur Keefer, Hillcrest avenue, invited the club members to be their guests for the next meeting.

Roundup Club.

Miss Josephine Dukes of Waldo street was a gracious host Wednesday evening to the Roundup club. Miss Ruth Brown and Mrs. Walter Lichtenstine won card trophies and Miss Sue Graham was a visitor.

Serving delicate refreshments, the hostess was assisted by her mother, Mrs. J. W. Dukes.

CATHEDRAL BREAKFAST IS DELIGHTFUL EVENT

Twenty five small tables, centered with nodding spring flowers greeted more than one hundred women Thursday morning, who assembled at the Cathedral as guests of the Martha Shrine 14, White Shrine of Jerusalem for breakfast bridge.

After a most appetizing breakfast menu had been served the small tables were used for bridge and the holder of high score at each table was awarded a prize. Many out of town guests shared in the pleasure of the morning.

Mrs. Robert Gowell and Mrs. Geo. Weddell were assisted by members of the Shrine in all arrangements for the event and Mrs. Clarence Armstrong was in charge of reservations.

W. L. C. CLUB PICNICS AT COTTAGE

Four large tables arranged on the lawn at the summer home of Mr. and Mrs. Cliff Roberts held places for 50, the members of the W. L. C. club and their families, Thursday evening, and a delicious dinner was served from the baskets brought by the women.

Games and contests kept merriment astir after the dinner, with the ladies' contests being won by Mrs. Mont Forney and Mrs. Jessie Boak; the men walking off with prizes were Jack Wilson and Jesse Boak and the children's prizes went to Allen Brady, Bobby Leslie, Wilford Allshouse and Louise Hay.

Special guests were John and Freda Gillespie and Allen Brady.

The committee on arrangements included Mrs. Dorothy Roberts, Mrs. Dorothy Clark, Mrs. Hilda Wilson, Mrs. Annabelle Gillespie, Mrs. Pansy Reiber and Mrs. Jessie McCann.

The August 9 outing will be a family affair at Cascade park, with Mrs. Walter Leslie, Mrs. John Gaston and Mrs. Clarence Gillespie in charge of arrangements.

Farewell Party

A farewell party was given at the home of Mrs. Paul Main at 15 Wesley avenue, Youngstown for their brother Joseph E. Pitts from Charlotte, N. C., who has been visiting in this section for sometime.

Among the guests were Mrs. Olive Pitts, Lewis Pitts, Grace Garland, Petersburg, O., Harry Stacy and children Grace, Edward and Lawrence from New Middletown, O., Mr. and Mrs. Lloyd McConnell and son Neumon, Ellsworth, O., Mr. and Mrs. I. Games, music and dancing were diversions of the evening and a delightful lunch was served by the hostess.

Honor Former Residents

Wednesday evening, Mrs. Hattie Nowling entertained several members of a group of people who used to chum together twenty years ago, under the name of Mentor club.

The affair honored Mrs. Lafayette Short, who with her husband were members of the club, but are now here on a visit from Dallas, Texas.

Cards and reminiscenses formed pastimes for a happy evening. Mrs. Anna Paden of the Youngstown road, at whose home the Shorts are visiting, won the card favor and Mrs. Short was given a gift from her friends.

Thursday morning, Mrs. Short departed for Pittsburgh to visit her daughter, formerly Miss Grace Short.

Colonial Club.

Mrs. William Marotti of Cunningham avenue proved a charming hostess Thursday evening when she recieved the members of the Colonial club.

The early part of the evening was spent in playing cards. Prizes were awarded to Miss Fannie Manto and Mrs. Albert Richards. Mrs. Pat Scarazzo won the club favor. Mrs. Anthony Spinelli was initiated into the organization. Late in the evening the hostess, assisted by her daughters, served an appetizing luncheon.

In two weeks Mrs. Anthony Sarbo of Huey street will entertain the club.

Honored On Departure.

Two visitors from Wales, departing for their homes across the sea were honor guests this week at a luncheon given by Mrs. L. F. Royston and her daughter Phoebe in the Roystone home on Clenmore boulevard.

The luncheon honored Mrs. Gildus Llewellyn and Mrs. Sidney Morgan of Swansea, Wales. They have been guests here for the past two months of Mrs. Lewis J. Lewis of Clenmore boulevard, and will sail July 20.

Guests at the luncheon were Mrs. E. E. Arnold, Mrs. H. J. Culliford and Mrs. Emrys Lewis.

Reunited Ladies' League

Mrs. Anna Nolte, Cumberland avenue, extended the hospitality of her home to the members of the Reunited Ladies' League Thursday evening for a session of sociability and bingo.

Mrs. Nolte, Mrs. Straight and Mrs. Anna Richards won the prizes that were given at play and the hostess' daughter, Mrs. William Haines, assisted her in serving a dainty lunch.

Mrs. John Sonntag, East Washington street, will be hostess to the members July 26.

Girls Have Breakfast.

A group of Highland King's Daughters of the Highland U. P. church went to Cascade park early Thursday morning and had a most delicious breakfast in the grove, under the supervision of Mrs. D. L. Ferguson, after which the missionary program of the month was carried out.

A period of swimming followed the meeting.

Club Reunion.

Later morning hours were given over to the usual book exchange and informal sociability.

Plans were made to meet the next time for a picnic lunch at the summer cottage of Mrs. B. F. Butler along the Slippery Rock.

"ELMS" LUNCHEON FOR CIRCLE MEMBERS

"The Elms," the lovely Harlansburg road home of Mrs. E. C. Withers, extended its gracious hospitality to the members of the Mothers' Circle of the First Methodist church Thursday.

At 1 o'clock, amid the trees and flowers, tables were arranged on the lawn and places laid for 30, while hardy phlox and shasta daisies nodded gracefully from the vases centering the tables.

Mrs. Charles Layton and her social committee served a most delicious luncheon menu. Special guests were Mrs. Ed Cummings and daughter Edwina of Grove City, Miss Jennie Anderson, Mrs. Verna McQuiston and Jane Toomer.

During the afternoon hours the women lounged about the garden enjoying informal conversation.

SMART FUNCTION FOR GUEST FROM VICKSBURG

Mrs. Joseph A. Green presided over a smart function in the nature of a dessert-bridge Thursday afternoon at her home on Boyles avenue.

The affair honored Miss Sue Kelly, of Vicksburg, Miss., who is the house guest of Mr. and Mrs. John E. Kenney of North Jefferson street, and interested sixteen girls in the younger society set.

Contract was the diversion, of course, and the prize was awarded to Miss Jean Donnelly while the honoree received a guest token.

Beautiful flowers from the garden enhanced decorations with pink and white predominating.

REV. WM. GAMBLE WEDS BUTLER GIRL

The First Presbyterian church of Butler, with its altar banked with blue delphinium and pink gladioli against the cool green of summer ferns, was a lovely setting Wednesday for the wedding of Miss Charlotte Logan, daughter of Mr. and Mrs. R. M. Logan, Butler, and the Rev. William Gamble, son of Dr. and Mrs. S. C. Gamble, Butler.

The ceremony was solemnized in the presence of a large number of guests at 12:30, just after noon, and Dr. Gamble, the bridegroom's father, officiated with Dr. S. Wilmer Beitler, pastor of the church, assisting.

The Gambles will be remembered by many New Castle persons as Dr. Gamble was pastor of the Second United Presbyterian church for a number of years.

The Rev. Gamble and his bride will reside at Little York, Ill., where he is pastor of the United Presbyterian church.

Birthday Party.

Little playmates of John Russell Flynn gathered at his home Wednesday afternoon to help him celebrate his tenth birthday. Covers for a dainty luncheon following a period of games were arranged for 12. The honored guest received many nice gifts.

GARDEN CLUBS MEET AT NEW BEDFORD HALL

In the neighborhood of 100 women gardeners, members of the Lawrence County Garden club and affiliate organizations gathered in Town Hall at New Bedford Thursday for the quarterly county meeting, the Bedford club being hostesses.

About twenty from New Castle went up, those driving cars including Mrs. S. D. Pearson, Mrs. Allen W. Urmson, Mrs. Russell Allen, Mrs. W. C. Mechem, Mrs. Charles Burckart.

Following an appetizing luncheon at 1:30, a short business session was held at which representatives from the six different garden clubs responded to roll call. One new organization, the Mahoning Valley club comprising the Edenburg district, being added since the previous county meeting held earlier in the year in this city.

A talk on English Gardens by Mrs. John G. Cooper of Youngstown, was the feature of the afternoon. Having traveled extensively, Mrs. Cooper is well versed on her subject and she took her listeners with her by means of beautifully illustrated pictures through lovely gardens in six different countries abroad, as well as England. Her discourse was much appreciated, being highly enligtening as well as interesting.

After the program, there was an informal discussion of garden topics with everybody thoroughly enjoying the afternoon.

FAREWELL LUNCHEON DORIS SCHLUMBERGER

Under the arbor in the J. H. Wigton garden, Spruce street, amid the colorful flowers, a luncheon table was arranged at one o'clock today, with Miss Cleora Wigton as hostess to little playmates of Doris Schlumberger, who was honor guest.

A delicious luncheon menu was served Mabel Thompson, Ruth Bradford, Mary Ann Sands, Delores McCready, Lenora Ann Pyle, Cleora Wigton and Doris Schlumberger, and the afternoon was spent in games, after which the little playmates said farewell to Doris, who will leave early in the morning with her mother and brother for Pocono Lake, where they will spend the remainder of the summer.

1934 Club Meets.

Mr. and Mrs. Ralph McWilliams of Gibbstown, N. J., were special guests of the members of the 1934 club Thursday evening when the group was entertained in the home of Mr. and Mrs. Harry Flinner on Hillcrest avenue.

Business took up the early part of the evening when officers were elected, with Harvey Cooper being named president, Clyde Stevens vice president and Mrs. Clyde Stevens secretary-treasurer.

Four tables of bridge were in play during the evening with prizes being awarded C. C. Andrews, Arthur Keefer, Mrs. Clyde Stevens and Mrs. C. C. Andrews, while Ralph McWilliams won the guest prize.

The small tables were later utilized for the serving of a dainty lunch.

Mr. and Mrs. Arthur Keefer, Hillcrest avenue, invited the club members to be their guests for the next meeting.

Roundup Club.

Miss Josephine Dukes of Waldo street was a gracious host Wednesday evening to the Roundup club. Miss Ruth Brown and Mrs. Walter Lichtenstine won card trophies and Miss Sue Graham was a visitor.

Serving delicate refreshments, the hostess was assisted by her mother, Mrs. J. W. Dukes.

CATHEDRAL BREAKFAST IS DELIGHTFUL EVENT

Twenty five small tables, centered with nodding spring flowers greeted more than one hundred women Thursday morning, who assembled at the Cathedral as guests of the Martha Shrine 14, White Shrine of Jerusalem for breakfast bridge.

After a most appetizing breakfast menu had been served the small tables were used for bridge and the holder of high score at each table was awarded a prize. Many out of town guests shared in the pleasure of the morning.

Mrs. Robert Gowell and Mrs. Geo. Weddell were assisted by members of the Shrine in all arrangements for the event and Mrs. Clarence Armstrong was in charge of reservations.

W. L. C. CLUB PICNICS AT COTTAGE

Four large tables arranged on the lawn at the summer home of Mr. and Mrs. Cliff Roberts held places for 50, the members of the W. L. C. club and their families, Thursday evening, and a delicious dinner was served from the baskets brought by the women.

Games and contests kept merriment astir after the dinner, with the ladies' contests being won by Mrs. Mont Forney and Mrs. Jessie Boak; the men walking off with prizes were Jack Wilson and Jesse Boak and the children's prizes went to Allen Brady, Bobby Leslie, Wilford Allshouse and Louise Hay.

Special guests were John and Freda Gilespie and Allen Brady.

The committee on arrangements included Mrs. Dorothy Roberts, Mrs. Dorothy Clark, Mrs. Hilda Wilson, Mrs. Annabelle Gillespie, Mrs. Pansy Reiber and Mrs. Jessie McCann.

Mr. and Mrs. Ralph McWilliams of Gibbstown, N. J., were special guests of the members of the 1934 club Thursday evening when the group was entertained in the home of Mr. and Mrs. Harry Flinner on Hillcrest avenue.

Business took up the early part of the evening when officers were elected, with Harvey Cooper being named president, Clyde Stevens vice president and Mrs. Clyde Stevens secretary-treasurer.

Four tables of bridge were in play during the evening with prizes being awarded C. C. Andrews, Arthur Keefer, Mrs. Clyde Stevens and Mrs. C. C. Andrews, while Ralph McWilliams won the guest prize.

The small tables were later utilized for the serving of a dainty lunch.

Mr. and Mrs. Arthur Keefer, Hillcrest avenue, invited the club members to be their guests for the next meeting.

Roundup Club.

Miss Josephine Dukes of Waldo street was a gracious host Wednesday evening to the Roundup club. Miss Ruth Brown and Mrs. Walter Lichtenstine won card trophies and Miss Sue Graham was a visitor.

Serving delicate refreshments, the hostess was assisted by her mother, Mrs. J. W. Dukes.

CATHEDRAL BREAKFAST IS DELIGHTFUL EVENT

Twenty five small tables, centered with nodding spring flowers greeted more than one hundred women Thursday morning, who assembled at the Cathedral as guests of the Martha Shrine 16, White Shrine of Jerusalem for breakfast bridge.

After a most appetizing breakfast menu had been served the small tables were used for bridge and the holder of high score at each table was awarded a prize. Many out of town guests shared in the pleasure of the morning.

Mrs. Robert Gowell and Mrs. Geo. Weddell were assisted by members of the Shrine in all arrangements for the event and Mrs. Clarence Armstrong was in charge of reservations.

W. L. C. CLUB PICNICS AT COTTAGE

Four large tables arranged on the lawn at the summer home of Mr. and Mrs. Cliff Roberts held places for 50, the members of the W. L. C. club and their families, Thursday evening, and a delicious dinner was served from the baskets brought by the women.

Games and contests kept merriment astir after the dinner, with the ladies' contests being won by Mrs. Mont Forney and Mrs. Jessie Boak; the men walking off with prizes were Jack Wilson and Jesse Boak and the children's prizes went to Allen Brady, Bobby Leslie, Wilford Allshouse and Louise Hay.

Special guests were John and Freda Gilespie and Allen Brady.

The committee on arrangements included Mrs. Dorothy Roberts, Mrs. Dorothy Clark, Mrs. Hilda Wilson, Mrs. Annabelle Gillespie, Mrs. Pansy Reiber and Mrs. Jessie McCann.

The August 9 outing will be a family affair at Cascade park, with Mrs. Walter Leslie, Mrs. John Gaston and Mrs. Clarence Gillespie in charge of arrangements.

Farewell Party

A farewell party was given at the home of Mrs. Paul Main at 15 Wesley avenue, Youngstown for their brother Joseph E. Pitts from Charlotte, N. C., who has been visiting in this section for sometime.

Among the guests were Mrs. Olive Pitts, Lewis Pitts, Grace Garland, Petersburg, O., Harry Stacy and children Grace, Edward and Lawrence from New Middletown, O., Mr. and Mrs. Lloyd McConnell and son Neumon, Ellsworth, O., Mr. and Mrs. I. S. Leeper, Mr and Mrs. George Kuhn, Mr. and Mrs. Merlin Felger and baby Richard, Mr. and Mrs. Frank Phillips, all of Edenburg.

Mr. and Mrs. Paul Main and children, Evelyn, Eugene, Donald and La Verre, Mr. and Mrs. Dale Pitts, and children Audrey Jean and Joyce Elaine, Mr. and Mrs. Cecil Grey, Mr. and Mrs. Lewis Mack, Mr. and Mrs. Cecil Grey all of Youngstown: Mrs. Lizzie Dickson, New Castle, Grace Garland, Mineral Ridge, Ohio.

Games, music and dancing were diversions of the evening and a delightful lunch was served by the hostess.

Honor Former Residents

Wednesday evening, Mrs. Hattie Nowling entertained several members of a group of people who used to chum together twenty years ago, under the name of Mentor club.

The affair honored Mrs. Lafayette Short, who with her husband were members of the club, but are now here on a visit from Dallas, Texas.

Cards and reminiscenses formed pastimes for a happy evening. Mrs. Anna Paden of the Youngstown road, at whose home the Shorts are visiting, won the card favor and Mrs. Short was given a gift from her friends.

Thursday morning, Mrs. Short departed for Pittsburgh to visit her daughter, formerly Miss Grace Short.

Colonial Club.

Mrs. William Marotti of Cunningham avenue proved a charming hostess Thursday evening when she recieved the members of the Colonial club.

The early part of the evening was spent in playing cards. Prizes were awarded to Miss Fannie Manto and Mrs. Albert Richards. Mrs. Pat Scarazzo won the club favor. Mrs. Anthony Spinelli was initiated into the organization. Late in the evening the hostess, assisted by her daughters, served an appetizing luncheon.

In two weeks Mrs. Anthony Sarbo of Huey street will entertain the club.

Honored On Departure.

Two visitors from Wales, departing for their homes across the sea were honor guests this week at a luncheon given by Mrs. L. F. Royston and her daughter Phoebe in the Roystone home on Clenmore boulevard.

The luncheon honored Mrs. Gildus Llewellyn and Mrs. Sidney Morgan of Swansea, Wales. They have been guests here for the past two months of Mrs. Lewis J. Lewis of Clenmore boulevard, and will sail July 20.

Guests at the luncheon were Mrs. E. E. Arnold, Mrs. H. J. Culliford and Mrs. Emrys Lewis.

Reunited Ladies' League

Mrs. Anna Nolte, Cumberland avenue, extended the hospitality of her home to the members of the Reunited Ladies' League Thursday evening for a session of sociability and bingo.

Mrs. Nolte, Mrs. Straight and Mrs. Anna Richards won the prizes that were given at play and the hostess' daughter, Mrs. William Haines, assisted her in serving a dainty lunch.

Mrs. John Sonntag, East Washington street, will be hostess to the members July 26.

Girls Have Breakfast.

A group of Highland King's Daughters of the Highland U. P. church went to Cascade park early Thursday morning and had a most delicious breakfast in the grove, under the supervision of Mrs. D. L. Ferguson, after which the missionary program of the month was carried out.

A period of swimming followed the meeting.

Club Reunion.

Weigletown club girls will hold the annual reunion at Willard grange hall July 21 in the evening at the usual hour.

HANDKERCHIEF SHOWER FOR DEPARTING MEMBER

Garden flowers in profusion decorated the tables in Cascade picnic grove Thursday evening when the members of the Mothers' class of the Primitive Methodist church had a picnic supper with Mrs. E. E. Hoyland, Mrs. Blanche Gibson and Mrs. C. Gettings acting as hostesses.

A feature of the evening was the shower of lovely handkerchiefs presented Mrs. T. H. Bowen, one of the members who will leave soon to make her home in Washington, D. C.

Amerita Club.

Miss Helen Mariana of Pittsburgh was a guest of the Amerita club which gathered Thursday evening in the Grant street home of Mrs. Mario Frabotto. Mrs. A. Nocera won high score at cards and Mrs. Rudolph Egizi the club trophy.

A delicious menu was served at a beautifully decorated table with Mrs. Nicholas Altobelli an aide to the hostess.

July 26, Mrs. Egizi will have the club at Cascade park.

Philathea Picnic.

Among the many outings at Cascade park Thursday, one of the most interesting and delightful was that of the Philathea society of the Central Presbyterian church, with Places arranged for 37. At 6:30 a most tempting dinner was served in the grove, with the tables adorned with the loveliest of summer flowers and loaded with the most delicious of viands.

The committee arranging the event was Mrs. Fred Donaldson, Mrs. J. L. Maxwell, Miss Blanche Bright and Mrs. S. P. Tindall.

Here From Canada.

Mrs. Edwin F. Norris and Mr. and Mrs. Henry E. Rappold of Hazelcroft avenue have for their guests this week Mrs. Norris' sister, Mrs. J. B. Broadfoot, and daughter Marjorie Jean of Guelph, Canada.

Supper At Park.

Misses Irene Price, Anna Mae Smith, Cecelia Hughes and Gwen Williams formed a committee in charge of a very enjoyable affair for Swastika members Thursday evening at Cascade park.

Supper was served in the grove at 6 o'clock to 11 guests with Mrs. Mary Auble a visitor. Later the girls returned to town for a theatre party.

A picnic the first Thursday in August will be the next event of interest.

Meet For Transportation

The members of the Open Door class of the Third United Presbyterian church who desire transportation to the picnic grounds at Rock Springs this evening will meet at the church at 6 o'clock.

Boozel Reunion.

Annual reunion of the Boozel family will be held at the home of Mr. and Mrs. S. B. McConnell the last Saturday in August.

POTENTIALITIES OF THE DEATH RAY

IT IS well that Dr. Nikola Tesla plans to place his so-called "death ray" at the disposal of the Geneva Disarmament Conference in the interests of peace. If his invention of a lethal shower of particles has anything like the destructive qualities he claims for it the nation possessing it in wartime would have an almost unbelievably murderous instrument. While the concept of the "death ray" is not new, the Tesla adaptation would appear to have practical advantages which others have lacked.

If Japan, according to Dr. Tesla's theory, controlled the ray, it could, by setting up power plants at intervals of 200 miles, definitely foil invading air fleets, Japan's greatest fear. If the ray were France's alone, there would be no use for that wall of steel and concrete along the French border. And if Germany owned the death-dealing ray—Hitler's achievement with more awkward weapons indicates what he might be able to accomplish with such giant electrical force.

If the Tesla invention really has the power to wipe out armies at 100 miles, and to destroy 10,000 airplanes at one time, it is an abomination from which humanity and civilization should be protected.

EXPLORERS NOW GOING UP

At least nine important expeditions into the stratosphere, that region of the air about which little is known, are planned this summer, and each of the flights promises to make history. American, Russian, German, French and other aviators will pierce the thin-aired regions ten to a dozen miles above the earth where science predicts airplanes of the future will fly 500 miles an hour.

Whenever anybody attempts something hitherto untried or something which has been explored only slightly, his bravery cannot be questioned. The first white men who entered the wilderness that now is New Castle were known to be brave. The men who went to the Arctic regions years ago and who continues their studies there regularly are known to have courage. Through courage, coupled with intelligent action, the world progresses.

Many people, upon reading of the proposed stratosphere flights will shake their heads and ask, "Why do they want to go up there and risk their lives. Why should we be concerned about something ten miles above our heads?" People probably spoke the same way about Columbus when he set sail in 1492; yet his efforts resulted in a great country, inherently great through its vast resources. Pioneers still live, we know, and they continue their explorations to benefit the less daring.

HUEY PERFORMING

The control of legislatures by cliques is not an unusual thing in the United States. But seldom if ever has the country witnessed such a spectacle as is to be seen now in Louisiana.

Brazenly has Senator Huey P. Long taken charge of the legislative situation there and is forcing through a program almost entirely of his own making. Among his measures are tax proposals calling for 2 to 6 per cent on incomes, two cents on each $100 of cotton exchange future sales and 2 per cent on the gross advertising revenue of newspapers.

It is not as much his proposals as his methods in putting them through that cause one to wonder. He invades the committee rooms and the legislative chambers, enforcing his will with an iron hand. The other day he broke up a committee meeting, took away the bill under consideration and, with a few friends, rewrote it to suit himself, returned it and had it adopted in its new form. One senator, about to leave the room at the beginning of a critical roll call, was led back to his seat by the "kingfish" and ordered to vote.

His mastery is as strong in the executive offices as in the legislative chambers, which is assurance that the bills he forces through the legislature will not be vetoed.

The secret of his influence remains a mystery. There is an anti-Long element in the legislature, but it is not of sufficient strength to stand as a serious obstacle in the way of Long.

To the self-respecting element of Louisiana citizens, the spectacle must bring a feeling of shame, as it does of disgust to the entire country.

THIS STATE'S $193,552,223 ARGUMENT

Pennsylvania's most powerful argument against Administrator Hopkins' threatened curtailment of federal relief appropriations after August, unless this state by some unexplained process of legerdemain finds money for unemployment needs, has been supplied, ready made, by the Collector of Internal Revenue in Washington.

It is contained in the tax revenue report for the fiscal year just ended. The report shows that Pennsylvania is carrying over seven per cent of the nation's tax load, that in the last year Pennsylvanians handed $193,552,223 to the federal tax collector. They made this enormous sum their contribution to the support of the government, and the government's ever-growing alphabetical appendages, including FERA. Pennsylvania's payment is exceeded by only three other states, New York, North Carolina and Illinois.

These figures demonstrate unanswerably the unfairness and the inconsistency of any move to withdraw federal aid from the needy families of this state. Pennsylvania shoulders a huge portion of the country's tax bill. Up to the time recently when its funds for this purpose were exhausted, because of an error in revenue estimates, it was paying its way in unemployment relief matching the government dollar for dollar. It has never—and the figures from Washington supply the proof—received anywhere near its proportionate share of national relief funds, ladled out with such excessive generosity to states whose tax payments are paltry and insignificant.

Governor Pinchot should make the state's federal tax payments his text in demanding from Washington continued relief allotments for the balance of this year.

LIFE ISN'T A PERFECT FIT

Jane was telling me about a friend of hers who isn't happy unless everything is "just right."

When she gives a party, she plans everything in advance for weeks, every detail, almost every minute of the affair.

And her parties are frequently successful. She sees to it that they are.... She lurks around in the background giving a touch there and a gentle tug here—inconspicuous but persistent and capable, the perfect producer. It's true she isn't IN the party, she is BEHIND it. She doesn't exactly mingle with the crowd, she is the director of the orchestra and that's how she gets her fun out of life—seeing that nothing goes wrong.

That's quite all right. If that's her idea of a good time, then let her enjoy life on those terms. It's a good enough way to live and no one would begrudge her an instant of her pleasure.

But—

If one little thing goes wrong at the party, then her evening is spoiled. If the soup is not quite hot enough, the dinner is ruined. If two of her guests let a casual argument heighten into sharp criticism, she suffers agonies. Little things that nobody notices strike deeply into her breast. Small mistakes break her heart and she does not recover for weeks, if ever.

She wants to be the perfect hostesss, but she never will be. The perfect hostess knows how to mix up people. She wants them to have a good time with themselves. She is a chef and not a producer. She is interested more in the main idea than in the trivial details that are supposed to make up perfection, but usually ruin it....She doesn't believe in that saying about genius being an infinite capacity for taking pains, because she KNOWS that genius is really just a grand explosion—not a shower of sparks.

So Jane's friend is always doomed to disappointment. Because nine times out of ten, something will go wrong. It's bound to happen. Life isn't a perfect fit and nothing can be done about it. Little things go wrong but the big things stay put. The party may be a big success even though the soup was spilled and the lights went out. The best life is the one with a litle slack in it, and Jane's friend's life has hardly any at all....That's what makes her unhappy.

The World AND THE *Mud Puddles*

ANCIENT USURERS

Both in ancient and medieval times the Mediterranean regions suffered the scourage of the money lender and the usurer.

In 309 B. C. five banking commissioners 'quinqueviri) were appointed in Rome to relieve those who owed money by obliging creditors to receive the goods of their debtors in payment.

Scaptius, who was lending money on behalf of Brutus to the city of Salamis, in Cyprus, beseiged the Senators because they could not pay the loan, augmented by interest at the rate of 48 per cent, and five of them died of hunger.

One city in Asia Minor was so indebted to Roman capitalists that it sold its statues, monuments, and even its sons and daughters to repay the loan.

DON'T WEAR OUT YOUR WELCOME

In planning your vacation don't arrange to be the guest of friends as a means of keeping down expense.

It is an unfair advantage to take of your friends.

It costs money to entertain you.

In entertaining you your friends may make expenditures they cannot afford.

Some members of the family have duties to perform which they cannot afford to neglect.

It is unfair to allow them to remain up late at night to entertain you.

As a guest, you can sleep as late as you desire each day.

But late hours, are too much for the person who works.

You know this from your own experience; why be so trying with friends?

You should insist on paying at least a part of the expense incurred for your entertainment.

Because you are a guest you should not expect all your expenses to be met by your host.

You shouldn't be such a "tightwad".

THOUGHT IN A GARDEN

A garden is a little spot
Where rain and sun and earth combine
To shape the frail forget-me-not
And model phlox and eglantine.

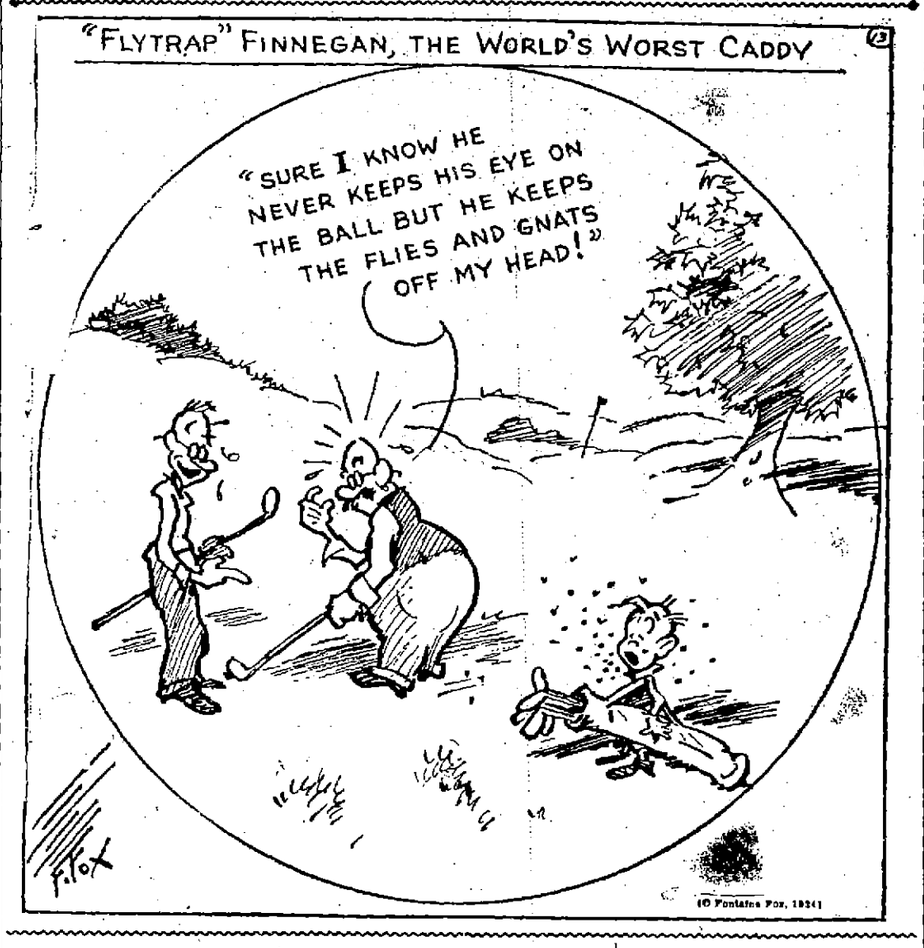

The fragile petals truly made
With dainty colorings appear
And every leaf and every blade
As perfect as a falling tear.

The products of a summer night
Of Nature's closely guarded looms
Are countless things of sheer delight
From candytuft to lily blooms.

I walk my little garden plot
And wonder just how long 'twould take
Man to invent forget-me-not
Or something like a daisy make.

WHITE FOR WEDDINGS

With better time returning many young people who have had to postpone their march to the altar are at last seeing a ray of hope and are doing just that. This of course brings to the bride-to-be the problem of what to wear. To some of us such a little item really doesn't matter any more. But for those who like to be in style and appear "proper," the smart thing to wear this season is white. As a matter of fact white it nearly always in good standing on such an important occasion. If white is worn by the bride, however, the costumes of the bridesmaids should be a great deal less formal than hers. They may or may not carry white or colored flowers, as the bride desires.

Stabilization Seems Far Off
Sword Of Federal Debt Halts Business
Municipal Credit Rapidly Improving

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, July 13.—This is what some hard-headed businessmen are saying:

Stabilization of currency seems far off—which is a blow to international bankers, on whom the world still depends to a great extent. It is a boon to the speculator, who visions fantastic (even if temporary) rises in prices.

Stabilization is not possible so long as the United States government spends large sums. If, in the spending of huge sums, business would rise correspondingly and absorb unemployed, there would be no danger. But business does not rise sufficiently. As government debts increase, business' own debts drop. And when business debts drop—that is, when business seeks no fresh capital, of which there are immense reservoirs—then business declines.

Now why does business drop? It drops because in the end all government expenditures must come out of the earnings, not only of business, but of every individual.

Some of those who seek social reforms assert that business is holding back to defeat those reforms.

Granted that industrial diehards will do all possible to retard social reforms, nevertheless that is not what restrains business.

Social reforms always have made better business, by broadening the base, by creating larger purchasing power, by raising the standards of living.

That which retards business is the sword of debt that hangs over everybody's head.

And when that debt becomes too heavy, or if commodity prices cannot be maintained, further and further inflation will be the order of the day.

The precarious financial condition of the dictator countries—Germany and Italy, to say nothing of Russia—weakens world credit, weakens the stability of currency and certainly weakens the opportunities to sell, which is fountain-head of any sort of stability.

MUNICIPAL CREDIT

In the meantime municipal credit is becoming better. Drastic economies had to be instituted by cities, for they no longer could borrow (for which their citizens ought to offer prayers of thanks).

There now is plenty of money ready to purchase the bonds of cities which have housecleaned.

Money can be borrowed at extremely low rates. Some cities which borrowed from the Public Works Administration at 4 per cent, now are trying to pay off the PWA loans with money obtained in the open market at much less.

* * *

ROOSEVELT COUNTRY

President Roosevelt is likely to receive an unprecedented welcome when he passes through the western and midwestern farm country en route home from Hawaii. His signing of the farm mortgage moratorium bill consolidated an already tremendous hold on farmers.

Investors in farm mortgages are not so enthusiastic. Farm mortgage banks (whose bonds, incidentally, are worth less now) had been assembling the obligations of distressed farmers and scaling down the debts.

The average reduction was 18.6 per cent, according to estimates in Kansas City.

The land banks took over the farms and worked off the debts until the time a new mortgage could be granted. Many of the farmers remained on the farms—but the matter of foreclosure did not sit well with them.

The Frazier-Lemcke measure signed by the president permits the farmer to take a five-year moratorium (if all the creditors will not agree to reductions) and still possess the land by paying a small amount of interest. Critics argue that the debtor will make no great effort to obtain the agreement of all creditors for a scaling down. He thus automatically obtains the desired moratorium.

Insurance companies are not so badly hit as other investors. Insurance companies have first mortgages, prior liens, and farm properties that produce have been better than city risks, where buildings soon depreciate and lose tenants.

NO ALLIANCES

The British, no less than the Americans, are fearful of entangling alliances which would mean military aid in continental Europe.

The electorate is fearful that a recent visit to England of General Maxime Weygand, head of the French army, and the return visit to France of Lord Hailsham, British war minister, might have foreboded some secret alliance.

Immediately those visits were followed by a visit to England of Louis Barthou, French foreign minister, who has been traveling around Europe, purportedly to forge a chain of alliances against Germany.

Fearful of any danger against peace or democracy, the British now are turning upon Sir Oswald Mosley's Black Shirts as something alien and insidious.

In the meantime the Tory government is having difficulty explaining its actions to a rising tide of opposition.

* * *

DEMOCRATS' ANSWER

Attack by Republicans on the building up of alleged bureaucracy through various new 'alphabet" relief and recovery organizations is to draw quick response from the Democrats.

The response will be something like this:

"How much bureaucracy is there in saving a man from starving or leading a business to recovery? How much danger to the constitution is that?

"What alphabetic relief organization would the farmers give up? the business men? the home owner? the large corporation? the worker? even the housewife? Try to take one of those organizations away from any individual or group. Then, indeed, you would imperil not only the constitution, but the peace and the stability of the land.

"Was the constitution ever in greater danger than during the last months of the Hoover administration, when nothing was done and when panic gripped the nation?"

Strange to say, the first powerful newspaper to make the response, in terms similar to those quoted above, formerly was listed as Republican—the New York Daily News.

* * *

England seems to be undergoing much the same experience as other countries. There, where there is no constitutions, the Conservatives cry; "If you adopt radical measures, you will deprive the people of their parliamentary rights."

To which answer is given by Viscount Snowden, who was chancellor of the exchequer in the last Laborite government and who broke with Ramsay MacDonald.

Viscount Snowden says:

"It is no use talking to the people about their political liberty in this country (England) if they are living in slums. My fear of revolution is based first on the failure of parliament to function properly and, secondly, on the fact that the class war and expropriation of the propertied classes is now being preached everywhere and is arousing the fears of everybody who has anything to lose.

"If revolutionary changes occur in this country I do not think they will take the form the revolution has assumed in Germany. Nevertheless, I fear there is not merely the possibility but the probability that we will have changes in England of a revolutionary character before long."

MORGAN SAILS AWAY

Evidently the outlook in the United States is much better. J. P. Morgan, after laying up his yacht and (according to rumor) deciding that this was no time to be operating a yacht, has decided otherwise. He has sailed to England in it. He will remain at one of his English estates until November.

FRIDAY THE 13TH OF JULY

Great Days, July 13, 1488—A daughter was born to "the Devil". in Knaresborough, Yorkshire, England.

Satan and Agatha Southiel were popularly supposed to have been the parents of Ursula Southiel, who married one Toby Shipton. As Mother Shipton she awed the Middle Ages with her astounding prophecies. She predicted that other worlds would be found, man would fly like a bird and talk across great distances, that he would walk on the bed of the oceans. She foresaw most of the great discoveries. So she was considered a witch, the devil's daughter.

Journalists who wrote about her in sensational pamphlets kept her famous through three centuries, until her prophecies began to come true. Then the world began to forget her.

An addict of hot baths, he was writing in his tub when Marie Anne Charlotte Corday (kor-da'), 25, a young girl from the provinces whose lover Barbaroux had been executed by Marat's order, overcame his guards with her maidenly innocence, gained entrance to his apartment and plunged a knife to his heart.

Condemned promptly to death, she sat gayly for the artist Hauer, walked calmly to the guillotine four days later.

Marat's body was buried in the Pantheon with highest honors, and cast out 15 months later to public applause.

POTENTIALITIES OF THE DEATH RAY

IT IS well that Dr. Nikola Tesla plans to place his so-called "death ray" at the disposal of the Geneva Disarmament Conference in the interests of peace. If his invention of a lethal shower of particles has anything like the destructive qualities he claims for it the nation possessing it in wartime would have an almost unbelievably murderous instrument. While the concept of the "death ray" is not new, the Tesla adaptation would appear to have practical advantages which others have lacked.

If Japan, according to Dr. Tesla's theory, controlled the ray, it could, by setting up power plants at intervals of 200 miles, definitely foil invading air fleets, Japan's greatest fear. If the ray were France's alone, there would be no use for that wall of steel and concrete along the French border. And if Germany owned the death-dealing ray—Hitler's achievement with more awkward weapons indicates what he might be able to accomplish with such giant electrical force.

If the Tesla invention really has the power to wipe out armies at 100 miles, and to destroy 10,000 airplanes at one time, it is an abomination from which humanity and civilization should be protected.

EXPLORERS NOW GOING UP

At least nine important expeditions into the stratosphere, that region of the air about which little is known, are planned this summer, and each of the flights promises to make history. American, Russian, German, French and other aviators will pierce the thin-aired regions ten to a dozen miles above the earth where science predicts airplanes of the future will fly 500 miles an hour.

Whenever anybody attempts something hitherto untried or something which has been explored only slightly, his bravery cannot be questioned. The first white men who entered the wilderness that now is New Castle were known to be brave. The men who went to the Arctic regions years ago and who continues their studies there regularly are known to have courage. Through courage, coupled with intelligent action, the world progresses.

Many people, upon reading of the proposed stratosphere flights will shake their heads and ask, "Why do they want to go up there and risk their lives. Why should we be concerned about something ten miles above our heads?" People probably spoke the same way about Columbus when he set sail in 1492; yet his efforts resulted in a great country, inherently great through its vast resources. Pioneers still live, we know, and they continue their explorations to benefit the less daring.

HUEY PERFORMING

The control of legislatures by cliques is not an unusual thing in the United States. But seldom if ever has the country witnessed such a spectacle as is to be seen now in Louisiana.

Brazenly has Senator Huey P. Long taken charge of the legislative situation there and is forcing through a program almost entirely of his own making. Among his measures are tax proposals calling for 2 to 6 per cent on incomes, two cents on each $100 of cotton exchange future sales and 2 per cent on the gross advertising revenue of newspapers.

It is not as much his proposals as his methods in putting them through that cause one to wonder. He invades the committee rooms and the legislative chambers, enforcing his will with an iron hand. The other day he broke up a committee meeting, took away the bill under consideration and, with a few friends, rewrote it to suit himself, returned it and had it adopted in its new form. One senator, about to leave the room at the beginning of a critical roll call, was led back to his seat by the "kingfish" and ordered to vote.

His mastery is as strong in the executive offices as in the legislative chambers, which is assurance that the bills he forces through the legislature will not be vetoed.

The secret of his influence remains a mystery. There is an anti-Long element in the legislature, but it is not of sufficient strength to stand as a serious obstacle in the way of Long.

To the self-respecting element of Louisiana citizens, the spectacle must bring a feeling of shame, as it does of disgust to the entire country.

THIS STATE'S $193,552,223 ARGUMENT

Pennsylvania's most powerful argument against Administrator Hopkins' threatened curtailment of federal relief appropriations after August, unless this state by some unexplained process of legerdemain finds money for unemployment needs, has been supplied, ready made, by the Collector of Internal Revenue in Washington.

It is contained in the tax revenue report for the fiscal year just ended. The report shows that Pennsylvania is carrying over seven per cent of the nation's tax load, that in the last year Pennsylvanians handed $193,552,223 to the federal tax collector. They made this enormous sum their contribution to the support of the government, and the government's ever-growing alphabetical appendages, including FERA. Pennsylvania's payment is exceeded by only three other states, New York, North Carolina and Illinois.

These figures demonstrate unanswerably the unfairness and the inconsistency of any move to withdraw federal aid from the needy families of this state. Pennsylvania shouders a huge portion of the country's tax bill. Up to the time recently when its funds for this purpose were exhausted, because of an error in revenue estimates, it was paying its way in unemployment relief matching the government dollar for dollar. It has never—and the figures from Washington supply the proof—received anywhere near its proportionate share of national relief funds, ladled out with such excessive generosity to states whose tax payments are paltry and insignificent.

Governor Pinchot should make the state's federal tax payments his text in demanding from Washington continued relief allotments for the balance of this year.

LIFE ISN'T A PERFECT FIT

Jane was telling me about a friend of hers who isn't happy unless everything is "just right."

When she gives a party, she plans everything in advance for weeks, every detail, almost every minute of the affair.

And her parties are frequently successful. She sees to it that they are....She lurks around in the background giving a touch there and a gentle tug here—inconspicuous but persistent and capable, the perfect producer. It's true she isn't IN the party, she is BEHIND it. She doesn't exactly mingle with the crowd, she is the director of the orchestra and that's how she gets her fun out of life—seeing that nothing goes wrong.

That's quite all right. If that's her idea of a good time, then let her enjoy life on those terms. It's a good enough way to live and no one would begrudge her an instant of her pleasure.

But—

If one little thing goes wrong at the party, then her evening is spoiled. If the soup is not quite hot enough, the dinner is ruined. If two of her guests let a casual argument heighten into sharp criticism, she suffers agonies. Little things that nobody notices strike deeply into her breast. Small mistakes break her heart and she does not recover for weeks, if ever.

She wants to be the perfect hostesss, but she never will be. The perfect hostess knows how to mix up people. She wants them to have a good time with themselves. She is a chef and not a producer. She is interested more in the main idea than in the trivial details that are supposed to make up perfection, but usually ruin it....She doesn't believe in that saying about genius being an infinite capacity for taking pains, because she KNOWS that genius is really just a grand explosion—not a shower of sparks.

So Jane's friend is always doomed to disappointment. Because nine times out of ten, something will go wrong. It's bound to happen. Life isn't a perfect fit and nothing can be done about it. Little things go wrong but the big things stay put. The party may be a big success even though the soup was spilled and the lights went out. The best life is the one with a litle slack in it, and Jane's friend's life has hardly any at all....That's what makes her unhappy.

ANCIENT USURERS

Both in ancient and medieval times the Mediterranean regions suffered the scourage of the money lender and the usurer.

In 309 B. C. five banking commissioners 'quinqueviri) were appointed in Rome to relieve those who owed money by obliging creditors to receive the goods of their debtors in payment.

Scaptius, who was lending money on behalf of Brutus to the city of Salamis, in Cyprus, beseiged the Senators because they could not pay the loan, augmented by interest at the rate of 48 per cent, and five of them died of hunger.

One city in Asia Minor was so indebted to Roman capitalists that it sold its statues, monuments, and even its sons and daughters to repay the loan.

DON'T WEAR OUT YOUR WELCOME

In planning your vacation don't arrange to be the guest of friends as a means of keeping down expense.

It is an unfair advantage to take of your friends.

It costs money to entertain you.

In entertaining you your friends may make expenditures they cannot afford.

Some members of the family have duties to perform which they cannot afford to neglect.

It is unfair to allow them to remain up late at night to entertain you.

As a guest, you can sleep as late as you desire each day.

But late hours, are too much for the person who works.

You know this from your own experience; why be so trying with friends?

You should insist on paying at least a part of the expense incurred for your entertainment.

Because you are a guest you should not expect all your expenses to be met by your host.

You shouldn't be such a "tightwad".

THOUGHT IN A GARDEN

A garden is a little spot
Where rain and sun and earth combine
To shape the frail forget-me-not
And model phlox and eglantine.

The fragile petals truly made
With dainty colorings appear
And every leaf and every blade
As perfect as a falling tear.

The products of a summer night
Of Nature's closely guarded looms
Are countless things of sheer delight
From candytuft to lily blooms.

I walk my little garden plot
And wonder just how long 'twould take
Man to invent forget-me-not
Or something like a daisy make.

Immediately those visits were followed by a visit to England of Louis Barthou, French foreign minister, who has been traveling around Europe, purportedly to forge a chain of alliances against Germany.

Fearful of any danger against peace or democracy, the British now are turning upon Sir Oswald Mosley's Black Shirts as something alien and insidious.

In the meantime the Tory government is having difficulty explaining its actions to a rising tide of opposition.

DEMOCRATS' ANSWER

Attack by Republicans on the building up of alleged bureaucracy through various new 'alphabet" relief and recovery organizations is to draw quick response from the Democrats.

The response will be something like this:

"How much bureaucracy is there in saving a man from starving or leading a business to recovery? How much danger to the constitution is that?

"What alphabetic relief organization would the farmers give up? the business men? the home owner? the large corporation? the worker? even the housewife? Try to take one of those organizations away from any individual or group. Then, indeed, you would imperil not only the constitution, but the peace and the stability of the land.

"Was the constitution ever in greater danger than during the last months of the Hoover administration, when nothing was done and when panic gripped the nation?"

Strange to say, the first powerful newspaper to make the response, in terms similar to those quoted above, formerly was listed as Republican—the New York Daily News.

* * *

England seems to be undergoing much the same experience as other countries. There, where there is no constitutions, the Conservatives cry: "If you adopt radical measures, you will deprive the people of their parliamentary rights."

To which answer is given by Viscount Snowden, who was chancellor of the exchequer in the last Laborite government and who broke with Ramsay MacDonald.

Viscount Snowden says:

"It is no use talking to the people about their political liberty in this country (England) if they are living in slums. My fear of revolution is based first on the failure of parliament to function properly and, secondly, on the fact that the class war and expropriation of the propertied classes is now being preached everywhere and is arousing the fears of everybody who has anything to lose.

"If revolutionary changes occur in this country I do not think they will take the form the revolution has assumed in Germany. Nevertheless, I fear there is not merely the possibility but the probability that we will have changes in England of a revolutionary character before long."

MORGAN SAILS AWAY

Evidently the outlook in the United States is much better. J. P. Morgan, after laying up his yacht and (according to rumor) deciding that this was no time to be operating a yacht, has decided otherwise. He has sailed to England in it. He will remain at one of his English estates until November.

FRIDAY THE 13TH OF JULY

Great Days, July 13, 1488—A daughter was born to "the Devil", in Knaresborough, Yorkshire, England.

Satan and Agatha Southiel were popularly supposed to have been the parents of Ursula Southiel, who married one Toby Shipton. As Mother Shipton she awed the Middle Ages with her astounding prophecies. She predicted that other worlds would be found, man would fly like a bird and talk across great distances, that he would walk on the bed of the oceans. She foresaw most of the great discoveries. So she was considered a witch, the devil's daughter.

Journalists who wrote about her in sensational pamphlets kept her famous through three centuries, until her prophecies began to come true. Then the world began to forget her.

Condemned promptly to death, she sat gayly for the artist Hauer, walked calmly to the guillotine four days later.

Marat's body was buried in the Pantheon with highest honors, and cast out 15 months later to public applause.

POTENTIALITIES OF THE DEATH RAY

IT IS well that Dr. Nikola Tesla plans to place his so-called "death ray" at the disposal of the Geneva Disarmament Conference in the interests of peace. If his invention of a lethal shower of particles has anything like the destructive qualities he claims for it the nation possessing it in wartime would have an almost unbelievably murderous instrument. While the concept of the "death ray" is not new, the Tesla adaptation would appear to have practical advantages which others have lacked.

If Japan, according to Dr. Tesla's theory, controlled the ray, it could, by setting up power plants at intervals of 200 miles, definitely foil invading air fleets, Japan's greatest fear. If the ray were France's alone, there would be no use for that wall of steel and concrete along the French border. And if Germany owned the death-dealing ray—Hitler's achievement with more awkward weapons indicates what he might be able to accomplish with such giant electrical force.

If the Tesla invention really has the power to wipe out armies at 100 miles, and to destroy 10,000 airplanes at one time, it is an abomination from which humanity and civilization should be protected.

EXPLORERS NOW GOING UP

At least nine important expeditions into the stratosphere, that region of the air about which little is known, are planned this summer, and each of the flights promises to make history. American, Russian, German, French and other aviators will pierce the thin-aired regions ten to a dozen miles above the earth where science predicts airplanes of the future will fly 500 miles an hour.

Whenever anybody attempts something hitherto untried or something which has been explored only slightly, his bravery cannot be questioned. The first white men who entered the wilderness that now is New Castle were known to be brave. The men who went to the Arctic regions years ago and who continues their studies there regularly are known to have courage. Through courage, coupled with intelligent action, the world progresses.

Many people, upon reading of the proposed stratosphere flights will shake their heads and ask, "Why do they want to go up there and risk their lives. Why should we be concerned about something ten miles above our heads?" People probably spoke the same way about Columbus when he set sail in 1492; yet his efforts resulted in a great country, inherently great through its vast resources. Pioneers still live, we know, and they continue their explorations to benefit the less daring.

HUEY PERFORMING

The control of legislatures by cliques is not an unusual thing in the United States. But seldom if ever has the country witnessed such a spectacle as is to be seen now in Louisiana.

Brazenly has Senator Huey P. Long taken charge of the legislative situation there and is forcing through a program almost entirely of his own making. Among his measures are tax proposals calling for 2 to 6 per cent on incomes, two cents on each $100 of cotton exchange future sales and 2 per cent on the gross advertising revenue of newspapers.

It is not as much his proposals as his methods in putting them through that cause one to wonder. He invades the committee rooms and the legislative chambers, enforcing his will with an iron hand. The other day he broke up a committee meeting, took away the bill under consideration and, with a few friends, rewrote it to suit himself, returned it and had it adopted in its new form. One senator, about to leave the room at the beginning of a critical roll call, was led back to his seat by the "kingfish" and ordered to vote.

His mastery is as strong in the executive offices as in the legislative chambers, which is assurance that the bills he forces through the legislature will not be vetoed.

The secret of his influence remains a mystery. There is an anti-Long element in the legislature, but it is not of sufficient strength to stand as a serious obstacle in the way of Long.

To the self-respecting element of Louisiana citizens, the spectacle must bring a feeling of shame, as it does of disgust to the entire country.

THIS STATE'S $193,552,223 ARGUMENT

Pennsylvania's most powerful argument against Administrator Hopkins' threatened curtailment of federal relief appropriations after August, unless this state by some unexplained process of legerdemain finds money for unemployment needs, has been supplied, ready made, by the Collector of Internal Revenue in Washington.

It is contained in the tax revenue report for the fiscal year just ended. The report shows that Pennsylvania is carrying over seven per cent of the nation's tax load, that in the last year Pennsylvanians handed $193,552,223 to the federal tax collector. They made this enormous sum their contribution to the support of the government, and the government's ever-growing alphabetical appendages, including FERA. Pennsylvania's payment is exceeded by only three other states, New York, North Carolina and Illinois.

These figures demonstrate unanswerably the unfairness and the inconsistency of any move to withdraw federal aid from the needy families of this state. Pennsylvania shouders a huge portion of the country's tax bill. Up to the time recently when its funds for this purpose were exhausted, because of an error in revenue estimates, it was paying its way in unemployment relief matching the government dollar for dollar. It has never—and the figures from Washington supply the proof—received anywhere near its proportionate share of national relief funds, ladled out with such excessive generosity to states whose tax payments are paltry and insignificent.

Governor Pinchot should make the state's federal tax payments his text in demanding from Washington continued relief allotments for the balance of this year.

LIFE ISN'T A PERFECT FIT

Jane was telling me about a friend of hers who isn't happy unless everything is "just right."

When she gives a party, she plans everything in advance for weeks, every detail, almost every minute of the affair.

And her parties are frequently successful. She sees to it that they are....She lurks around in the background giving a touch there and a gentle tug here—inconspicuous but persistent and capable, the perfect producer. It's true she isn't IN the party, she is BEHIND it. She doesn't exactly mingle with the crowd, she is the director of the orchestra and that's how she gets her fun out of life—seeing that nothing goes wrong.

That's quite all right. If that's her idea of a good time, then let her enjoy life on those terms. It's a good enough way to live and no one would begrudge her an instant of her pleasure.

But—

If one little thing goes wrong at the party, then her evening is spoiled. If the soup is not quite hot enough, the dinner is ruined. If two of her guests let a casual argument heighten into sharp criticism, she suffers agonies. Little things that nobody notices strike deeply into her breast. Small mistakes break her heart and she does not recover for weeks, if ever.

She wants to be the perfect hostesss, but she never will be. The perfect hostess knows how to mix up people. She wants them to have a good time with themselves. She is a chef and not a producer. She is interested more in the main idea than in the trivial details that are supposed to make up perfection, but usually ruin it....She doesn't believe in that saying about genius being an infinite capacity for taking pains, because she KNOWS that genius is really just a grand explosion—not a shower of sparks.

So Jane's friend is always doomed to disappointment. Because nine times out of ten, something will go wrong. It's bound to happen. Life isn't a perfect fit and nothing can be done about it. Little things go wrong but the big things stay put. The party may be a big success even though the soup was spilled and the lights went out. The best life is the one with a little slack in it, and Jane's friend's life has hardly any at all....That's what makes her unhappy.

ANCIENT USURERS

Both in ancient and medieval times the Mediterranean regions suffered the scourage of the money lender and the usurer.

In 369 B. C. five banking commissioners (quinqueviri) were appointed in Rome to relieve those who owed money by obliging creditors to receive the goods of their debtors in payment.

Scaptius, who was lending money on behalf of Brutus to the city of Salamis, in Cyprus, beseiged the Senators because they could not pay the loan, augmented by interest at the rate of 48 per cent, and five of them died of hunger.

One city in Asia Minor was so indebted to Roman capitalists that it sold its statues, monuments, and even its sons and daughters to repay the loan.

DON'T WEAR OUT YOUR WELCOME

In planning your vacation don't arrange to be the guest of friends as a means of keeping down expense.

It is an unfair advantage to take of your friends.

It costs money to entertain you.

In entertaining you your friends may make expenditures they cannot afford.

Some members of the family have duties to perform which they cannot afford to neglect.

It is unfair to allow them to remain up late at night to entertain you.

As a guest, you can sleep as late as you desire each day.

But late hours, are too much for the person who works.

You know this from your own experience; why be so trying with friends?

You should insist on paying at least a part of the expense incurred for your entertainment.

Because you are a guest you should not expect all your expenses to be met by your host.

You shouldn't be such a "tightwad".

THOUGHT IN A GARDEN

A garden is a little spot
Where rain and sun and earth combine
To shape the frail forget-me-not
And model phlox and eglantine.

The fragile petals truly made
With dainty colorings appear
And every leaf and every blade
As perfect as a falling tear.

The products of a summer night
Of Nature's closely guarded looms
Are countless things of sheer delight
From candytuft to lily blooms.

I walk my little garden plot
And wonder just how long 'twould take
Man to invent forget-me-not
Or something like a daisy make.

WHITE FOR WEDDINGS

With better time returning many young people who have had to postpone their march to the altar are at last seeing a ray of hope and are doing just that. This of course brings to the bride-to-be the problem of what to wear. To some of us such a little item really doesn't matter any more. But for those who like to be in style and appear "proper," the smart thing to wear this season is white. As a matter of fact white it nearly always in good standing on such an important occasion. Stabilization Seems Far Off
Sword Of Federal Debt Halts Business
Municipal Credit Rapidly Improving

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, July 13.—This is what some hard-headed businessmen are saying:

Stabilization of currency seems far off—which is a blow to international bankers, on whom the world still depends to a great extent. It is a boon to the speculator, who visions fantastic (even if temporary) rises in prices.

Stabilization is not possible so long as the United States government spends large sums. If, in the spending of huge sums, business would rise correspondingly and absorb unemployed, there would be no danger. But business does not rise sufficiently. As government debts increase, business' own debts drop. And when business debts drop—that is, when business seeks no fresh capital, of which there are immense reservoirs—then business declines.

Now why does business drop? It drops because in the end all government expenditures must come out of the earnings, not only of business, but of every individual.

Some of those who seek social reforms assert that business is holding back to defeat those reforms.

Granted that industrial dichards will do all possible to retard social reforms, nevertheless that is not what restrains business.

Social reforms always have made better business, by broadening the base, by creating larger purchasing power, by raising the standards of living.

That which retards business is the sword of debt that hangs over everybody's head.

And when that debt becomes too heavy, or if commodity prices cannot be maintained, further and further inflation will be the order of the day.

The precarious financial condition of the dictator countries—Germany and Italy, to say nothing of Russia—weakens world credit, weakens the stability of currency and certainly weakens the opportunities to sell, which is fountain-head of any sort of stability.

* * *

MUNICIPAL CREDIT

In the meantime municipal credit is becoming better. Drastic economies had to be instituted by cities, for they no longer could borrow (for which their citizens ought to offer prayers of thanks).

There now is plenty of money ready to purchase the bonds of cities which have housecleaned.

Money can be borrowed at extremely low rates. Some cities which borrowed from the Public Works Administration at 4 per cent, now are trying to pay off the PWA loans with money obtained in the open market at much less.

* * *

ROOSEVELT COUNTRY

President Roosevelt is likely to receive an unprecedented welcome when he passes through the western and midwestern farm country en route home from Hawaii. His signing of the farm mortgage moratorium bill consolidated an already tremendous hold on farmers.

Investors in farm mortgages are not so enthusiastic. Farm mortgage banks (whose bonds, incidentally, are worth less now) had been assembling the obligations of distressed farmers and scaling down the debts.

The average reduction was 18.6 per cent, according to estimates in Kansas City.

The land banks took over the farms and worked off the debts until the time a new mortgage could be granted. Many of the farmers remained on the farms—but the matter of foreclosure did not sit well with them.

The Frazier-Lemcke measure signed by the president permits the farmer to take a five-year moratorium (if all the creditors will not agree to reductions) and still possess the land by paying a small amount of interest. Critics argue that the debtor will make no great effort to obtain the agreement of all creditors for a scaling down. He thus automatically obtains the desired moratorium.

Insurance companies are not so badly hit as other investors. Insurance companies have first mortgages, prior liens, and farm properties that produce have been better than city risks, where buildings soon depreciate and lose tenants.

NO ALLIANCES

The British, no less than the Americans, are fearful of entangling alliances which would mean military aid in continental Europe.

The electorate is fearful that a recent visit to England of General Maxime Weygand, head of the French army, and the return visit to France of Lord Hailsham, British war minister, might have foreboded some secret alliance.

Immediately those visits were followed by a visit to England of Louis Barthou, French foreign minister, who has been traveling around Europe, purportedly to forge a chain of alliances against Germany.

Fearful of any danger against peace or democracy, the British now are turning upon Sir Oswald Mosley's Black Shirts as something alien and insidious.

In the meantime the Tory government is having difficulty explaining its actions to a rising tide of opposition.

DEMOCRATS' ANSWER

Attack by Republicans on the building up of alleged bureaucracy through various new 'alphabet" relief and recovery organizations is to draw quick response from the Democrats.

The response will be something like this:

"How much bureaucracy is there in saving a man from starving or leading a business to recovery? How much danger to the constitution is that?

"What alphabetic relief organization would the farmers give up? the business men? the home owner? the large corporation? the worker? even the housewife? Try to take one of those organizations away from any individual or group. Then, indeed you would imperil not only the constitution, but the peace and the stability of the land.

"Was the constitution ever in greater danger than during the last months of the Hoover administration, when nothing was done and when panic gripped the nation?"

Strange to say, the first powerful newspaper to make the response, in terms similar to those quoted above, formerly was listed as Republican—the New York Daily News.

* * *

England seems to be undergoing much the same experience as other countries. There, where there is no constitutions, the Conservatives cry: "If you adopt radical measures, you will deprive the people of their parliamentary rights."

To which answer is given by Viscount Snowden, who was chancellor of the exchequer in the last Laborite government and who broke with Ramsay MacDonald.

Viscount Snowden says:

"It is no use talking to the people about their political liberty in this country (England) if they are living in slums. My fear of revolution is based first on the failure of parliament to function properly and, secondly, on the fact that the class war and expropriation of the propertied classes is now being preached everywhere and is arousing the fears of everybody who has anything to lose.

"If revolutionary changes occur in this country I do not think they will take the form the revolution has assumed in Germany. Nevertheless, I fear there is not merely the possibility but the probability that we will have changes in England of a revolutionary character before long."

Dorcas Meets At Leesburg

Society Has All Day Meeting At Presbyterian Church

OTHER NEWS NOTES FROM COMMUNITY

(Special To The News)

LEESBURG, July 13.—The Dorcas Society held an all-day meeting at the church on Wednesday. The day was spent in a social way. At noon a tureen dinner was served by the hostess, Mrs. Paul Crawford, assisted by Mrs. Mont Crawford. After dinner a devotional and business meeting was conducted by the president, Mrs. Aaron Collins.

The next meeting will be held at the church on Wednesday, Aug. 8. Mrs. John Hayne hostess.

BADLY BURNED

The many friends of Mrs. Harry Yeager will be sorry to learn that she was painfully burned at her home recently when gas accumulated in an oven and exploded as she attempted to light it. She was burned about the head, face and hands, but her hands were burned the most. She is getting along as well as can be expected.

BIRTH OF DAUGHTER

Mr. and Mrs. Walter Rudolph of Grove City announce the arrival of a 5½-pound daughter. Mr. and Mrs. Rudolph are former Leesburg residents. Mrs. Rudolph will be remembered as Edna Yeager. Mother and daughter are getting along fine.

CHAMPION TANK CARRIER

Harry (Boots) Brush claims the championship of carrying the heaviest load from Volant to Leesburg. A bet was placed by a local man that an oxygen tank weighing 150 pounds could not be carried from Volant to Leesburg. Harry took this bet and started to carry the oxygen tank, which belonged to U. P. McCandless, from the bridge at Volant. He set the tank down 19 times in the three-mile stretch and arrived in Leesburg in seven hours and 54 minutes. Considerable excitement was caused and Harry was cheered as he arrived here.

CLASS PICNIC

The Young Women's class and their teacher, Mrs. Charlie Rudolph, enjoyed their annual picnic at Camp Perry on Tuesday afternoon. The afternoon was spent in swimming and enjoying a social time. A delicious picnic supper was served in the evening.

Sunburns and Burns

San Cura Ointment Relieves Pain and Quickly Begins to Heal

There is no better remedy for burns, cuts and bruises than antiseptic and healing San-Cura Ointment. Keep a jar on hand—it is an unsurpassed first aid to the injured and a splendid remedy for many distressing and painful ailments.

For example, it is guaranteed to relieve itching, bleeding and protruding piles, eczema, tetter, boils and pimples. If, after using one 60c jar you are not satisfied with the results, we will refund your money.

In the case of recent sores, a few poultices of San-Cura Ointment usually leave them in such a thoroughly antiseptic condition that they will soon heal. 35c and 60c At Leading Drug Stores.

A Last Farewell in Deathhouse

Manuel Hernandez (left) and his brother Fred, bid their sister Dolores goodbye a few minutes before they step into new lethal gas chamber of Arizona prison, at Florence, to die for a miner's murder. Their father, mother, sister and 14 brothers sat with them at a last supper before cyanide gas exacted the state's vengeance. (Central Press)

Abandon Projects In Brookfield Township In Mercer County

SHARON, Pa., July 13—As a result of the six weeks strike of men employed on relief work projects in Brookfield township, all such projects will be abandoned at once it was announced today by Acting Relief Director J. F. Christian of Trumbull county. William Swegger of Brookfield, district supervisor was instructed to collect all tools and materials.

Township officials are expected to protest the order as several important projects including street and school work, will be left unfinished.

NOEL COWARD IS OPERATED UPON

(International News Service)

LONDON, July 13.—Noel Coward, England's most versatile playwright and actor, was operated on Thursday for acute appendicitis.

Coward was taken ill Wednesday while playing in "Conversation Piece", his newest play now running at a London theatre. He was rushed to a hospital where an operation was decided upon.

Men used to die in parts of Arizona from thirst where water is now plentiful the entire year.

Bank Bandits Shot To Death

Pair Die In Battle With Oklahoma Posse; Bank President Also Slain

ONE OF BANDITS MYSTERY FIGURE

(International News Service)

MIAMI, Okla., July 13.—A bank president and two desperate bandits were dead here today as the result of a furious gun battle between a posse, fearlessly led by the bank official, and the pair of desperadoes.

One of the bandits was identified as "the old man of the mountain," 72-year-old John Goodman, a mysterious figure from the back country. His youthful companion has not been identified.

Also slain in the gun battle was Ealum Gregory, president of the bank of Ketchum.

The bandits robbed the bank of Ketchum of $300 yesterday, kidnapped the president's son, Luther, assistant cashier of the institution, as a shield, and released him unharmed at the edge of the town.

Although Scotsmen have a strong pride in their race and country, they neither hate nor fear any other nation, according to Colonel Reitz, who commanded a Scottish regiment during the World War.

If You Are Tired by 11:30

If you begin to get fagged by 11:30—blame your breakfast! Perhaps you didn't give your body enough nourishment, or you didn't give it the right kind.

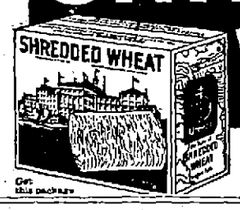

You're smart enough to give your automobile the right kind of gasoline and oil—why not give your body the right food?

At least one meal a day, especially in this hot weather, eat Shredded Wheat, milk, and fruit—and see how it steps up your efficiency—how much better you feel—how much less you mind the heat!

You won't get tired before meal time if your body is running on Shredded Wheat. It gives you the elements you need for energy, tissue building, resistance to disease, and it contains bran to keep you regular. No wonder it makes you feel fine!

Nature might have made a better food than wheat, but she didn't! Start Shredded Wheat today.

Bank Bandits Shot To Death

Pair Die In Battle With Oklahoma Posse; Bank President Also Slain

ONE OF BANDITS MYSTERY FIGURE

(International News Service)

MIAMI, Okla., July 13.—A bank president and two desperate bandits were dead here today as the result of a furious gun battle between a posse, fearlessly led by the bank official, and the pair of desperadoes.

One of the bandits was identified as "the old man of the mountain," 72-year-old John Goodman, a mysterious figure from the back country. His youthful companion has not been identified.

Also slain in the gun battle was Ealum Gregory, president of the bank of Ketchum.

The bandits robbed the bank of Ketchum of $300 yesterday, kidnapped the president's son, Luther, assistant cashier of the institution, as a shield, and released him unharmed at the edge of the town.

Although Scotsmen have a strong pride in their race and country, they neither hate nor fear any other nation, according to Colonel Reitz, who commanded a Scottish regiment during the World War.

If You Are Tired by 11:30

If you begin to get fagged by 11:30—blame your breakfast! Perhaps you didn't give your body enough nourishment, or you didn't give it the right kind.

You're smart enough to give your automobile the right kind of gasoline and oil—why not give your body the right food?

At least one meal a day, especially in this hot weather, eat Shredded Wheat, milk, and fruit—and see how it steps up your efficiency—how much better you feel—how much less you mind the heat!

You won't get tired before meal time if your body is running on Shredded Wheat. It gives you the elements you need for energy, tissue building, resistance to disease, and it contains bran to keep you regular. No wonder it makes you feel fine!

Nature might have made a better food than wheat, but she didn't! Start Shredded Wheat today.

Willa Caskey Hostess

Miss Willa Caskey entertained the girls of the New Galilee Card club in her home at Mt. Jackson Thursday evening with four tables of 500 in play during the evening.

When play concluded Miss Grace Harvey and Miss Virginia George were awarded the high score prizes and Miss Decima Davis, the consolation. Miss Caskey presented each of her special guests with a prize, they were Misses Dorothy Drushel, Ruth McCord, Mary Alice Towers, Eva McKim, Katherine Kale and Laura Leby.

Aides in serving refreshments were Jean Gilkey, Marie Gilkey and Mary Alice Towers.

Laura Leby will be hostess to the girls August 3.

Birthday Party.

Mr. and Mrs. Charles Toskin, of 1116 Cunningham avenue, entertained a house full of guests Thursday evening, at a party in honor of the birthday anniversary of Mrs. Toskin's sister, Miss Mary Piccari.

The large gathering passed away the hours dancing, playing games and singing. At an appropriate time the guests were ushered into the dining room which was attractively decorated in pink and white, where delicious refreshments were served. Mrs. Carl Tranquillo assisted in serving.

The honored guest was the recipient of many useful gifts.

H. G. L. Girls

Mrs. Lola Kerr, of Rose avenue, entertained the H. G. L. Girls last evening at her home.

Card playing and bingo were enjoyed on the porch and inside, with prizes going to Miss Edna Strobel and a special guest, Miss Peg DeLillio.

Later the guests were invited to small, prettily arranged tables, where a delicious lunch was served by the hostess, assisted by her sister, Miss Jessie Harper and her small daughter, Betty Mae Kerr.

In two weeks the Misses Edna and Elizabeth Richards, Maryland avenue, will entertain.

O. U. Society.

Husbands and families were guests of the members of the O. U. society of the Central Presbyterian church Thursday evening when a picnic supper was served in Cascade park with places arranged for 25 at 6:30.

Special guests were Helen Holliday, E. L. Marburger, Mrs. Sara Potter and Herman McConnell.

The committee included Mrs. Leonard Campbell, Ada Carpenter and Josephine Shuler.

August 9 the society will have an outing at the cottage of Mrs. Harold Shelatree near Edenburg.

Chop Suey Supper

A delicious shop suey supper on Thursday evening interested members of the Ritz club who met with Mrs. Albert Di Palmo, on Elm street. A business period, cards and bingo preceded supper with Mrs. Fred Farrone and Mrs. James Bongivengo winning favors.

The next meeting will be held on July 26, with Mrs. Fred Farrone of Center street.

Luncheon For Unit.

Places were arranged for 15 on Thursday at a beautifully appointed table in the home of Mrs. Ben Jones on Temple avenue when she and Mrs. John Miller acted as hostesses to the members of the Adams street unit of the Epworth Guild. Garden flowers were used elaborately to decorate the home and table and a most delicious menu was served.

First Of All—The first state to have a prohibition law still has one. When Georgia was founded in 1732, the trustees prohibited the sale of intoxicating liquors. (However, 20 years later Jamaica rum was legalized.)

You see, people got the habit of coveting fame before it included having family troubles smeared on the first page.

Pacific Coast General Strike Now Threatens

Waterfront Strike Settlement Believed As Only Thing To Avert Move

By RALPH B. JORDAN
International News Service Staff Correspondent

SAN FRANCISO, July 13—Organized labor today was unsheathing its sharpest and most terrifying weapon—the general strike—to be plunged into the economic and industrial heart of the golden Pacific coast.

From the populous San Francisco Bay region already suffering acutely the threat of a general strike—the walkout of all union labor—today had spread the length of the coast as an aftermath of the maritime strike which has all but paralyzed coast shipping for 65 days.

It was the opinion of observers here that only a settlement of the waterfront strike can avert the calling of a general strike around San Francisco Bay— involving among others the cities of San Francisco, Oakland, Berkeley, Alameda and Piedmont—and the probable spreading then of the disastrous tieup to the rest of the coast, Seattle, Portland, Tacoma, Los Angeles and San Diego.

On strike now on the coast are 20,000 marine workers added to these in the San Francisco Bay area are teamsters, wholesale butchers, cleaners and dyers and chauffeurs for a total of 8,000. And going on strike in this vicinity tonight or tomorrow are 5,000 laundry workers, laundry drivers, retail delivery drivers and more butchers.

And in the background, ready to join the great strike at the command of their leaders, are 110,000 more workers around here. And their leaders are meeting today with indications that they will order the general strike—unless the waterfront employers give in and settle the marine walkout.

Commissary Here Closes Tomorrow

Relief Families Will Get Orders In Mail; Distribution Stops Today

Today was the last "order day" at the Carnegie auditorium commissary for the dependents of the Lawrence County Emergency Relief board inasmuch as Saturday will see the food distributing center closed.

Food relief orders, under the new system to be inaugurated, will be mailed to the dependents in their homes.

The decision to abandon the commissary plan which has been in operation here for months, was taken when the board met late in June.

Only the Erie commissary, relief authorities said, remains in operation, although six months ago there were 40 operating. Just last week the York commissary closed.

Believing that under the "mail order" plan the relief families will be saved that "sameness of food provided" which was unavoidable under the commissary arrangement, the relief board took speedy steps recently to return to the former mail order system. At the June meeting July 14 was voted as the closing date.

Workmen will be at the Carnegie commissary for several weeks cleaning up the place, it was announced.

'Hobby School' Boys At Telephone Plant

Educational Tour Is Made This Morning; Classes Grow More Popular

One hundred boys of the Y. M. C. A.'s vacation "hobby school" enjoyed an educational tour through the South Mercer street plant of the Bell Telephone company this morning. The group was accompanied by their class instructors.

A speaker at an assembly of the youngsters this week was Dr. John Leonard of Lakeside hospital in Cleveland, a former boys' work secretary of the local Y. His subject was "Care of the Body."

The achievement school students meet each morning for class instruction and enjoy the recreational facilities of the Y.

It is expected that the school group will visit the plant of the Rieck-McJunkin company next week.

Lupe Velez In New Episode

Files Divorce Suit And Then Rushes Off To See Johnny Weissmuller

(Copyright, 1934, By International News Service)

HOLLYWOOD, Cal., July 13.—Maybe it doesn't mean a thing but just what Hollywood foretold has happened.

Lupe Velez filed suit for divorce Wednesday morning charging Johnny Weissmuller with tantrums in which he is said to have broken furniture and to have made nasty remarks.

Less than 12 hours later, the serenity of the exclusive bachelor's domain on the top floor of the Beverly Wilshire Hotel was shattered when a diminutive but determined young woman popped out of the elevator and made a bee-line for the apartment where Johnny Weissmuller had just been welcomed as a new member of the bachelor's club.

The feminine intruder was definitely identified as Lupe Velez.

She entered Johnny's apartment and presently the two of them emerged together. It was hours later when Johnny returned alone.

Is there to be a reconciliation? Nobody knows, but Hollywood remembers a similar procedure on the occasion of another separation of the scrappy lovers. Lupe got to wondering if Johnny was comfortably settled in his new apartment. She went up to see. Within a couple of days, the row was forgotten and Johnny once more was installed in the Valez household in Beverly Hills.

Hickman Trial Nears Defense

Circumstantial Evidence Enmeshes San Francisco Man In Trial

(International News Service)

SAN FRANCISCO, July 13.—The webb of circumstantial evidence in which the prosecution has enmeshed Millard Hickman, dapper 45-year-old shipping official on trial for the criminal attack and murder of pretty Louise Jeppesen, 23-year-old Ogden, Utah, girl, will be completed in superior court here today.

Prosecutor Peter Mullins indicated he probably would rest his case before noon.

Defense Attorney Harry McKenzie declared he was confident of an acquittal.

"The state's case of circumstantial evidence has failed to place Hickman near Golden Gate Park where the unfortunate girl was strangled to death," McKenzie said.

Preceding the murder, Hickman, Miss Jeppesen; Tommy Dee, wealthy engineer and yachtsman, and Blanche McKay, blonde "alibi girl" for Hickman, attended a gay night club party which culminated in Hickman's downtown apartment about 3 a. m. Sunday morning, May 13. The Jeppesen girl's body was discovered at 4:30 a. m. in a lonely tunnel of the park by a stableman.

Punxsutawney Man Is Given Freedom

Doctor Is Released On Bail On Charge Of Mail Defrauding

(International News Service)

PITTSBURGH, July 13.—Dr. Russell M. Perry, Punxsutawney Osteopath indicted in the state of Indiana for allegedly using the mails to defraud, today was at Liberty under $7,500 bond pending his appearance in federal court at Indianapolis on November 5.

Held in the Allegheny county jail for several days for removal to Indiana, Dr. Perry was given his freedom after he had filled the bond requirements fixed by Federal Judge R. M. Gibson Wednesday.

In addition to the mails charge, the Punxsutawney man is accused of aiding and abetting his father, Daniel S. Perry, in the alleged misapplication of funds of a bank at Greensburg, Ind., of which the older man was cashier.

Plenty Of Air In Legislative Rooms But It's All Hot

(International News Service)

HARRISBURG, July 13.—Another special session of the legislature this summer, if held, would find the senate and house of representatives chambers still without air conditioning systems despite the fact that the 1933 legislature appropriated funds for this purpose.

The two chambers become suffocatingly hot during the sultry days when the legislators pack the rooms with humanity and tobacco smoke.

In an effort to eliminate this discomfort, the 1933 special session passed an act appropriating $40,000 for installation of air conditions systems in both chambers. Bids were advertised for, but the lowest offer was $8,700 more than the total amount of the money set aside and all the bids were discarded.

Government Now Rents Cow Pasture

WHEELING, W. Va., July 13—Harrison county farmers have been asked to provide pasture for thousands of cattle from the drouth-stricken acres of the Middle west. John M. Pierpont, notified the Federal government will pay $1 a month for pasture for yearlings and $2 for older cattle.

BUILD FISH DAMS

HARRISBURG, July 13.—The construction of 778 fish dams by the CCC on State Forests and State Game Lands will require close to 95,000 man-days of labor on the part of the emergency conservation workers, according to Lewis E. Staley, Secretary of the Department of Forests and Waters.

ENROLLMENT GROWS

HARRISBURG, July 13—In thirty years high school enrollments in Pennsylvania increased 981 per cent. From 1900 to 1930 the population of the United States increased 61 per cent. and the population of Pennsylvania increased 53 per cent.

Air-Taxi Station

Ramps now under construction in New York City will enable seaplane commuters and taxiplane users to drop in almost at their office doors, instead of coming down miles out of town at landing fields. Architect's drawing of station being erected at foot of Wall St. is shown (Central Press).

Negotiate On Wage Scales

Seven Steel Operators And Amalgamated Officers Resume Parley

REPUBLIC ACTION CAUSES CRISIS

(International News Service)

PITTSBURGH, July 13.—Declining to reveal what agreements they have already reached in their annual wage scale negotiations, seven independent steel operators and officials of the Amalgamated Association of Iron, Steel and Tin Workers today resumed their sessions.

"We have made some headway," Michael F. Tighe, union president, said as the meeting went ahead, "but we cannot announce any decisions as yet. We are not far apart and it is likely that some amicable agreement will be the outcome."

Tighe and other union heads refused to comment on the reported arrest of five officers of the Clarksburg, W. Va., lodge of the amalgamated. Intimidation of witnesses was charged against the five who were accused of issuing a "blacklist" naming business men and others who had made affidavits in behalf of the Weirton Steel company in an injunction suit pending in federal court at Wilmington, Del.

Five Are Named

Those named in warrants were William C. Milstead, president of the Blue Eagle Lodge; W. A. Peet, vice president; Emil Walter, treasurer; Andrew Barron, financial secretary, and R. F. Guice, corresponding secretary.

Meanwhile, Tight revealed that the new National Steel Labor board has already stepped into the fray occasioned by the Republic Steel corporation's refusal to renew its contracts with amalgamated. Tight said:

"Republic Steel is the agressor in this controversy and has 'ocked our men out. We are not obliged to abide by the board's decision. Our course will be decided shortly but certainly not until we can see a little farther ahead."

Both the Republic Steel withdrawal and the arrest of Clarksburg union leaders have been placed before the new steel labor board, Louis Leonard, amalgamated secretary, said.

Tighe termed the Republic's reasons for withdrawing from the parleys as "all bunk" and said it was "just as excuse."

Tighe remained non-committal as to whether he would be candidate for re-election to the union presidency. He is expected to make an announcement today or tomorrow on the question.

Seek To Break Down Story Of Girl On Coast

June DeLong, Film Extra, Will Testify Today At Marsh-Allen Trial

(International News Service)

LOS ANGELES, July 13.—June Delong, beautiful, blonde screen actress today will raise one of the hands which on numerous occasions have doubled for the hands of prominent cinema stars and be sworn as a witness in the sensationally sordid morals trial of Gloria Marsh, extra girl of the movies and Dave Allen, head of the Central Casting Bureau.

Miss Delong, according to other state's witnesses was one of the participants in the asserted wild revel at her apartment here April 29, in which Miss Marsh and Allen are charged with taking part.

If convicted Miss Marsh and Allen face the possibility of maximum sentences of 15 years each in prison.

Mrs. Pearl Owings, who Wednesday testified to accidentally walking in on the asserted wild party, which she described in unprintable language, was under a severe cross-examination, as the defense sought to break down her story.

Was Not Framed

In every instance Mrs. Owings vigorously denied any "plotting or planning" to "get Dave Allen" and also that she went to the apartment of Miss Delong "by design rather than by circumstance."

She also denied that she, together with Pat Harman, a film actor, and Miss Delong had planned prior to April 26 to have Mrs. Owings walk into the Delong apartment and find Allen and the extra-girl in a compromising position.

Harman also was on the stand briefly, and told of driving Miss Owings, at whose home he roomed, to the Delong apartment on the night of the asserted discovery of the wild party.

State Christian Endeavor Union Ends Sessions

(International News Service)

HERSHEY, Pa., July 13.—The annual convention of the Pennsylvania Christian Endeavor Union came to a close here today with final business and religious meetings.

Winners of publicity contests were announced as follows:

Greatest number of inches in newspapers: First, Montgomery county; second, Lehigh county, and third, Lancaster county.

Greatest number of inches on newspaper social pages: First, Intermediate Christian Endeavor, St. Paul's Lutheran church, Allentown; second, Young Peoples Christian Endeavor, Third Presbyterian church, Uniontown, and third, Senior Christian Endeavor, Evangelical church, Brownstown, Lancaster county.

The Lehigh County Christian Endeavor Union won first place in the contests for the best general exhibit of publicity and posters and the Lancaster County Garden Spot Endeavor won first place for the most efficient papers.

Ailey Attends State Meeting

District Attorney At Gathering Of Officials From State At Williamsport

District Attorney Mont L. Ailey is in Williamsport, Pa., toway where he is attending the annual convention of Pennsylvania district attorneys. At the meeting this morning John C. Youngman, district attorney of Lycoming county said the organization was considering a proposal for legislation compelling criminal defendants to give notice to the district attorney in advance of the intention to prove an alibi. This law is now on the books of some states.

Edward B. Tompkins of Emporium, district attorney of Cameron county is president of the organization and Carl B. Shelley, assistant district attorney of Dauphin county is secretary-treasurer.

Must Wear All Of Clothes Or Be Put In Jail

(International News Service)

CHICAGO, July 13.—Mr. and Mrs. Samuel J. Wallace, Jr., were at liberty on probation today, but they will be quickly clapped into jail if they break their promise to keep their clothes on.

The couple, who became famous when they staged a nudist wedding at a Century of Progress concession were sentenced to a year in jail yesterday by Judge Francis Borrelli on charges of indecent exposure, but were granted probation when they agreed to abandon nudism.

Plenty Of Air In Legislative Rooms But It's All Hot

(International News Service)

HARRISBURG, July 13.—Another special session of the legislature this summer, if held, would find the senate and house of representatives chambers still without air conditioning systems despite the fact that the 1933 legislature appropriated funds for this purpose.

The two chambers become suffocatingly hot during the sultry days when the legislators pack the rooms with humanity and tobacco smoke.

In an effort to eliminate this discomfort, the 1933 special session passed an act appropriating $40,000 for installation of air conditions systems in both chambers. Bids were advertised for, but the lowest offer was $8,700 more than the total amount of the money set aside and all the bids were discarded.

Government Now Rents Cow Pasture

WHEELING, W. Va., July 13—Harrison county farmers have been asked to provide pasture for thousands of cattle from the drouth-stricken acres of the Middle west. John M. Pierpont, notified the Federal government will pay $1 a month for pasture for yearlings and $2 for older cattle.

BUILD FISH DAMS

HARRISBURG, July 13.—The construction of 778 fish dams by the CCC on State Forests and State Game Lands will require close to 95,000 man-days of labor on the part of the emergency conservation workers, according to Lewis E. Staley, Secretary of the Department of Forests and Waters.

ENROLLMENT GROWS

HARRISBURG, July 13—In thirty years high school enrollments in Pennsylvania increased 981 per cent. From 1900 to 1930 the population of the United States increased 61 per cent. and the population of Pennsylvania increased 53 per cent.

Air-Taxi Station

Ramps now under construction in New York City will enable seaplane commuters and taxiplane users to drop in almost at their office doors, instead of coming down miles out of town at landing fields. Architect's drawing of station being erected at foot of Wall St. is shown (Central Press).

Negotiate On Wage Scales

Seven Steel Operators And Amalgamated Officers Resume Parley

REPUBLIC ACTION CAUSES CRISIS

(International News Service)

PITTSBURGH, July 13.—Declining to reveal what agreements they have already reached in their annual wage scale negotiations, seven independent steel operators and officials of the Amalgamated Association of Iron, Steel and Tin Workers today resumed their sessions.

"We have made some headway," Michael F. Tighe, union president, said as the meeting went ahead, "but we cannot announce any decisions as yet. We are not far apart and it is likely that some amicable agreement will be the outcome."

Tighe and other union heads refused to comment on the reported arrest of five officers of the Clarksburg, W. Va., lodge of the amalgamated. Intimidation of witnesses was charged against the five who were accused of issuing a "blacklist" naming business men and others who had made affidavits in behalf of the Weirton Steel company in an injunction suit pending in federal court at Wilmington, Del.

Five Are Named

Those named in warrants were William C. Milstead, president of the Blue Eagle Lodge; W. A. Peet, vice president; Emil Walter, treasurer; Andrew Barron, financial secretary, and R. F. Guice, corresponding secretary.

June DeLong, Film Extra, Will Testify Today At Marsh-Allen Trial

(International News Service)

LOS ANGELES, July 13.—June Delong, beautiful, blonde screen actress today will raise one of the hands which on numerous occasions have doubled for the hands of prominent cinema stars and be sworn as a witness in the sensationally sordid morals trial of Gloria Marsh, extra girl of the movies and Dave Allen, head of the Central Casting Bureau.

Miss Delong, according to other state's witnesses was one of the participants in the asserted wild revel at her apartment here April 29, in which Miss Marsh and Allen are charged with taking part.

If convicted Miss Marsh and Allen face the possibility of maximum sentences of 15 years each in prison.

Mrs. Pearl Owings, who Wednesday testified to accidentally walking in on the asserted wild party, which she described in unprintable language, was under a severe cross-examination, as the defense sought to break down her story.

Was Not Framed

In every instance Mrs. Owings vigorously denied any "plotting or planning" to "get Dave Allen" and also that she went to the apartment of Miss Delong "by design rather than by circumstance."

She also denied that she, together with Pat Harman, a film actor, and Miss Delong had planned prior to April 26 to have Mrs. Owings walk into the Delong apartment and find Allen and the extra-girl in a compromising position.

Harman also was on the stand briefly, and told of driving Miss Owings, at whose home he roomed, to the Delong apartment on the night of the asserted discovery of the wild party.

State Christian Endeavor Union Ends Sessions

(International News Service)

HERSHEY, Pa., July 13.—The annual convention of the Pennsylvania Christian Endeavor Union came to a close here today with final business and religious meetings.

Winners of publicity contests were announced as follows:

Greatest number of inches in newspapers: First, Montgomery county; second, Lehigh county, and third, Lancaster county.

Greatest number of inches on newspaper social pages: First, Intermediate Christian Endeavor, St. Paul's Lutheran church, Allentown; second, Young Peoples Christian Endeavor, Third Presbyterian church, Uniontown, and third, Senior Christian Endeavor, Evangelical church, Brownstown, Lancaster county.

The Lehigh County Christian Endeavor Union won first place in the contests for the best general exhibit of publicity and posters and the Lancaster County Garden Spot Endeavor won first place for the most efficient papers.

Ailey Attends State Meeting

District Attorney At Gathering Of Officials From State At Williamsport

District Attorney Mont L. Ailey is in Williamsport, Pa., toway where he is attending the annual convention of Pennsylvania district attorneys. At the meeting this morning John C. Youngman, district attorney of Lycoming county said the organization was considering a proposal for legislation compelling criminal defendants to give notice to the district attorney in advance of the intention to prove an alibi. This law is now on the books of some states.

Edward B. Tompkins of Emporium, district attorney of Cameron county is president of the organization and Carl B. Shelley, assistant district attorney of Dauphin county is secretary-treasurer.

Must Wear All Of Clothes Or Be Put In Jail

(International News Service)

CHICAGO, July 13.—Mr. and Mrs. Samuel J. Wallace, Jr., were at liberty on probation today, but they will be quickly clapped into jail if they break their promise to keep their clothes on.

The couple, who became famous when they staged a nudist wedding at a Century of Progress concession were sentenced to a year in jail yesterday by Judge Francis Borrelli on charges of indecent exposure, but were granted probation when they agreed to abandon nudism.

Pacific Coast General Strike Now Threatens

Waterfront Strike Settlement Believed As Only Thing To Avert Move

By RALPH B. JORDAN
International News Service Staff Correspondent

SAN FRANCISO, July 13—Organized labor today was unsheathing its sharpest and most terrifying weapon—the general strike—to be plunged into the economic and industrial heart of the golden Pacific coast.

From the populous San Francisco Bay region already suffering acutely the threat of a general strike—the walkout of all union labor—today had spread the length of the coast as an aftermath of the maritime strike which has all but paralyzed coast shipping for 65 days.

It was the opinion of observers here that only a settlement of the waterfront strike can avert the calling of a general strike around San Francisco Bay— involving among others the cities of San Francisco, Oakland, Berkeley, Alameda and Piedmont—and the probable spreading then of the disastrous tieup to the rest of the coast, Seattle, Portland, Tacoma, Los Angeles and San Diego.

On strike now on the coast are 20,000 marine workers added to these in the San Francisco Bay area are teamsters, wholesale butchers, cleaners and dyers and chauffeurs for a total of 8,000. And going on strike in this vicinity tonight or tomorrow are 5,000 laundry workers. laundry drivers, retail delivery drivers and more butchers.

And in the background, ready to join the great strike at the command of their leaders, are 110,000 more workers around here. And their leaders are meeting today with indications that they will order the general strike—unless the waterfront employers give in and settle the marine walkout.

Commissary Here Closes Tomorrow

Relief Families Will Get Orders In Mail; Distribution Stops Today

Today was the last "order day" at the Carnegie auditorium commissary for the dependents of the Lawrence County Emergency Relief board inasmuch as Saturday will see the food distributing center closed.

Food relief orders, under the new system to be inaugurated, will be mailed to the dependents in their homes.

The decision to abandon the commissary plan which has been in operation here for months, was taken when the board met late in June.

Only the Erie commissary, relief authorities said, remains in operation, although six months ago there were 40 operating. Just last week the York commissary closed.

Believing that under the "mail order" plan the relief families will be saved that "sameness of food provided" which was unavoidable under the commissary arrangement, the relief board took speedy steps recently to return to the former mail order system. At the June meeting July 14 was voted as the closing date.

Workmen will be at the Carnegie commissary for several weeks cleaning up the place, it was announced.

'Hobby School' Boys At Telephone Plant

Educational Tour Is Made This Morning; Classes Grow More Popular

One hundred boys of the Y. M. C. A.'s vacation "hobby school" enjoyed an educational tour through the South Mercer street plant of the Bell Telephone company this morning. The group was accompanied by their class instructors.

A speaker at an assembly of the youngsters this week was Dr. John Leonard of Lakeside hospital in Cleveland. a former boys' work secretary of the local Y. His subject was "Care of the Body."

The achievement school students meet each morning for class instruction and enjoy the recreational facilities of the Y.

It is expected that the school group will visit the plant of the Rieck-McJunkin company next week.

WANT LIGHTS ON HIGHWAY

MERCER, July 13.—It is being advocated by the general public of this section of the Perry Highway that lights be placed at some of the more dangerous intersections of the Perry Highway. During the past month there have been several accidents resulting in deaths. Motorists fail to stop at signs where they would for lights.

Lupe Velez In New Episode

Files Divorce Suit And Then Rushes Off To See Johnny Weissmuller

(Copyright, 1934, By International News Service)

HOLLYWOOD, Cal., July 13.—Maybe it doesn't mean a thing but just what Hollywood foretold has happened.

Lupe Velez filed suit for divorce Wednesday morning charging Johnny Weissmuller with tantrums in which he is said to have broken furniture and to have made nasty remarks.

Less than 12 hours later, the serenity of the exclusive bachelor's domain on the top floor of the Beverly Wilshire Hotel was shattered when a diminutive but determined young woman popped out of the elevator and made a bee-line for the apartment where Johnny Weissmuller had just been welcomed as a new member of the bachelor's club.

The feminine intruder was definitely identified as Lupe Velez.

She entered Johnny's apartment and presently the two of them emerged together. It was hours later when Johnny returned alone.

Is there to be a reconciliation? Nobody knows, but Hollywood remembers a similar procedure on the occasion of another separation of the scrappy lovers. Lupe got to wondering if Johnny was comfortably settled in his new apartment. She went up to see. Within a couple of days, the row was forgotten and Johnny once more was installed in the Valez household in Beverly Hills.

Hickman Trial Nears Defense

Circumstantial Evidence Enmeshes San Francisco Man In Trial

(International News Service)

SAN FRANCISCO, July 13.—The webb of circumstantial evidence in which the prosecution has enmeshed Millard Hickman, dapper 45-year-old shipping official on trial for the criminal attack and murder of pretty Louise Jeppesen, 23-year-old Ogden, Utah, girl, will be completed in superior court here today.

Prosecutor Peter Mullins indicated he probably would rest his case before noon.

Defense Attorney Harry McKenzie declared he was confident of an acquittal.

"The state's case of circumstantial evidence has failed to place Hickman near Golden Gate Park where the unfortunate girl was strangled to death," McKenzie said.

Preceding the murder, Hickman, Miss Jeppesen; Tommy Dee, wealthy engineer and yachtsman, and Blanche McKay, blonde "alibi girl" for Hickman, attended a gay night club party which culminated in Hickman's downtown apartment about 3 a. m. Sunday morning, May 13. The Jeppesen girl's body was discovered at 4:30 a. m. in a lonely tunnel of the park by a stableman.

Punxsutawney Man Is Given Freedom

Doctor Is Released On Bail On Charge Of Mail Defrauding

(International News Service)

PITTSBURGH, July 13.—Dr. Russell M. Perry, Punxsutawney Osteopath indicted in the state of Indiana for allegedly using the mails to defraud, today was at Liberty under $7,500 bond pending his appearance in federal court at Indianapolis on November 5.

Held in the Allegheny county jail for several days for removal to Indiana, Dr. Perry was given his freedom after he had filled the bond requirements fixed by Federal Judge R. M. Gibson Wednesday.

In addition to the mails charge, the Punxsutawney man is accused of aiding and abetting his father, Daniel S. Perry, in the alleged misapplication of funds of a bank at Greensburg, Ind., of which the older man was cashier.

TROOP F MEN LEAVE TONIGHT FOR CAMP

Troop Embarks For Mt. Gretna For Maneuvers

Will Spend Two Weeks In Camp With Entire Division Taking Part

WILL ARRIVE EARLY SATURDAY

Troop F., 103rd Cavalry, 68 strong, will embark this evening for Mt. Gretna, where they will spend the next two weeks in strenuous activity as they play at war with the other units of the 28th Division.

For the first time in a number of years, the entire division will be assembled at camp. The climax will be reached on Tuesday, July 24 when the division will be reviewed by Governor Gifford Pinchot and ranking military officers.

The men will leave the West Side station of the Pennsylvania R. R. at 5:58 this evening and will arrive at their destination early Saturday morning.

Work Starts Tomorrow

As soon as they arrive at camp, they will get down to business, establishing camp, drawing extra mounts and getting their equipment in shape for two weeks of hard training. When they arrive, the men should be tanned and hardened by the rigors of the two weeks under wartime conditions.

The men will not have to work so hard getting loaded this year as the station is just across the street from the Armory, and there will be no parade through town as in former years.

Thursday and Friday July 19 and 20, the troop will engage in a two-day march to Indiantown Gap and return when they will participate in a tactical problem, along with the other cavalry units of the division.

The horses of the Troop were shipped out Wednesday evening, and will be waiting for the Troop to arrive on Saturday morning. Thirty additional mounts will be needed to equip the troop, however, and these will be drawn on arrival.

Personnal Of Troop

Those who are making the trip to camp this year are:

Capt. Harvey G. Bintrim, First Lieutenant, George F. Mitchell, Second Lieutenant, George F. Seyffert, First Sergeant, George R. Pollock; Sergeants, Donald E. Florida, Forest L. Florida, Homer A. Measel, Bertram C. Rick, Thos. J. St. John and Joseph F. Vonderau.

Corporals John H. Klumph, Wilbert R. Meyer, Edwin W. Palmer, Harvey K. Pollock, Harry St. John, and Benjamin Wolfbrandt.

Privates First Class—Harvey C. Black, Jack B. Bryan, Christian J. Conzett, Edward J. Dombroski, William J. Hemming, John E. Kiefer, Richard D. Klumph, Emil Levensky, Ernest Niemi, Harry W. School Picnic Plans Complete

Lincoln-Garfield Outing To Take Place At Lakewood Sunday

General Chairman Joseph Hartland who is handling the annual mid-summer picnic of the Lincoln-Garfield School Club on Sunday, July 15 reported today that everything was in readiness for the event at Lakewood. Committees have performed their work, acceptances have been received from out of town members, nothing seems to stand in the way of making the picnic the biggest success it has ever been.

Transportation will be provided for those members and friends who have no car. At 10 o'clock a bus will leave the end of the Croton street car line and transportation will be free. Should there be enough that a second trip is necessary the trip will be made.

Each year since its inception the mid-summer picnic of the Lincoln-Garfield Club has shown an increase. Two gatherings a year are held, one in mid-winter and one in mid-summer. An extensive program of sports has been arranged and the day promises to be one of enjoyment.

Limited Pension Is Available For World War Widows

President Roosevelt Signs Bill Making Limited Pensions Available

Limited pensions are now available to widows and orphans of World War veterans, it is stated by Secretary Orville Potter, of the Lawrence County Chapter, American Red Cross, and forms for this purpose are now in the hands of the chapter.

Pensions are only available to widows and orphans of World War veterans, who died while receiving or while entitled to receive, compensation, pension, or retirement pay for a thirty per cent or greater disability, directly incurred in or aggravated by World War service rendered prior to July 2, 1921. The cause of death is immaterial but must not be due to the veterans' misconduct.

Under the new law, these widows and children of World War veterans who served before November 12, 1918, or before April 2, 1920, if the service was rendered in Russia, are the only ones eligible. Parents are not eligible.

The rates are as follows: Widows, $22; widow and one child, $30; and $4 additional for each child. No widow, but one child, $15; two children, $22; three children, $30, with $3 additional for each child over this number.

Additional information and forms for filing applications for the above benefits are now available at the office of the Lawrence County Chapter, American Red Cross.

DEPRESSION WILL END SEPTEMBER 16, 1936

(International News Service)

PHILADELPHIA, July 13.—If the depression has you all "hot and bothered," cheer up—it will end on September 16, 1936, when the millenium arrives.

That is the belief of Dr. A. E. Strath-Gordon, surgeon, former soldier and scientist, recently expressed during a lecture here.

Dr. Strath-Gordon stated that the prediction is not original with him, but was known to the builders of the Great Pyramid of Egypt centuries ago.

Today

Let The Old Cat Die.
Penny For His Thoughts.
Dictatorship And Measles.
Russia Builds. We Talk.
By ARTHUR BRISBANE

GENERAL JOHNSON thinks the time has come to turn over the management of NRA to a commission and he hopes he can get out of the thing entirely.

That sounds a little like "letting the old cat die out."

General Johnson insists that NRA must "keep teeth" and he would not let big business dominate it. But it is hard to keep teeth in a commission.

TODAY PRESIDENT ROOSEVELT, in the big cruiser Houston, passed through the Panama Canal, built by his distant cousin, Theodore, the other Roosevelt President.

What did F. D. R. think as he saw the canal, its great locks and the deep cut? What plans did he form to make Theodore's canal look like "child's play?"

Did he make up his mind (let us hope that he did) to dig canals from the Great Lakes through the Mississippi Valley to the Gulf, and from the Great Lakes to the Atlantic Ocean **all on American soil?**

Whatever else he may do, Franklin D. Roosevelt, in one year of work, has done what the world would have called impossible. Today when the name "Roosevelt" is mentioned, everybody thinks of Franklin D. He has made "Theodore" a part of ancient history. What will the next "President Roosevelt" accomplish?

A DICTATORSHIP seems to run its course like measles or mumps. The energetic little Chancellor Dollfuss of Austria takes the regular "next step", assuming practically all the national power. He declares himself minister of foreign affairs, minister of defense, which includes control of the army, and minister of agriculture.

In Italy, Mussolini is the "poohbah" of official life. In Turkey, Russia, Germany, Kemal, Stalin and Hitler are everything.

DOLLFUSS has an idea for the discouragement of bomb explosions. Anybody found with explosives in his possession will be put to death, no explanations accepted, after a few days of grace for delivering the explosive to the government.

The idea isn't entirely new. We did the same thing with gold in this country, although the penalty is not death.

In England, after the Phenix Park murders, to have dynamite in your possession meant imprisonment at hard labor.

SOMEBODY in Russia seems to possess common sense as regards armaments. Moscow will listen, if invited, to talk about limiting warship building at the 1935 naval conference, but says she is not interested in having somebody else tell her what she may build.

Russia has various water frontiers, the Pacific Ocean, the Caspian and Black seas. She reaches the Atlantic through the Arctic Ocean, the Baltic and the Gulf of Finland, and is busy, just now, building ships that she thinks she needs and she doesn't tell anybody how many they are or what they are like.

She is also building airships and has more than ten trained pilots to our one.

STALIN OF RUSSIA has abolished the secret police method of justice, substituting regular legal procedure—a good sign.

The Russian dictator would be interested, probably not much alarmed, to know that Count Anastase Andrevitch Vonsiatskov - Vonsiatsky, married to a rich American girl, and called "V-V" for short, is organizing his "All Russian Fascisti" in Paris, preparing for war against Stalin. The latter would probably advise "V-V" to confine his fighting to Paris. It would take the fortunes of several American girls to overthrow the gentleman who put thru the five-year plan.

THE CRIMINAL knows how to discourage what he calls "crime" and the criminals that he dislikes.

A New York race track gambler who, according to police, operated under various names, and was heavily in debt, went out "to meet Bill." He was found dead on the sidewalk in front of a Brooklyn police station Thursday, the usual number of bullets in his body.

The police conclude that gangsters were among those whom the gambler had swindled. He will swindle no more. The police are looking for "Bill".

OUR GOVERNMENT announces the lowest wheat crop in 43 years, also the lowest oats, barley, rye and flax crops in 30 years, the same for corn, except for 1930.

Once such crop failure would have been called a calamity. Under the New Era, it is presumably a blessing. It certainly should increase the prices of grain, which will please the farmers that have any, and the speculators that are "long".

THE PLAN to put all industry under control of labor union officials meets resistance. The third biggest steel company in America, the Republic, after working with the American Federation of Labor for more than twenty years, refuses to renew contracts with the Amalgamated Association of Iron, Steel and Tin Workers, and will run an open shop.

The Republic says its action is based on "the danger that the management of the Amalgamated will pass into the hands of the radical element."

At Warren, O., plants of the Republic company, normally employing 5,000 men, are closed due to lack of orders. The company blames its idleness "on the labor situation".

MAHATMA GANDHI is learning that you cannot easily remain a prophet in your own country. Since he has taken up the cause of the unhappy "untouchables," lowest caste in the Indian population, those of higher caste look upon him as our "best minds" look on "Reds and Socialists."

The Mahatma's supporters inflicted serious injuries on a certain orthodox Hindu leader, Pundit Lal Nath, an enemy of Gandhi.

Insteading of giving three rousing cheers, and telling the Pundit, "I wish they had broken your neck," as a rugged westerner might do, Gandhi will fast for an entire week, "to expiate injuries inflicted on an enemy."

"If you try to understand the Asiatic mind, you will fail.

The British don't try to understand him; they boss him.

REPUBLICAN SENATORS object because the new chairman, Mr. Fletcher, of the Republican National Committee, attacks the New Deal. They are afraid the popularity of the New Deal may defeat the big Republicans that attack it.

Mr. Fletcher may truthfully tell these gentlemen that you can't defeat an administration by calling it perfect.

Perhaps the wise Republicans really don't expect to defeat the administration, and are merely "going through the motions."

HAS BIGGEST FAMILY WITH 120 OFFSPRINGS

(International News Service)

LONDON, July 13.—Head of the biggest family in England is the claim of Fred Henden of Wimbledon, who has 120 children, grandchildren and great-grandchildren.

Henden's family is so big that he doesn't know them all. There are a few that he has never seen.

Henden, who is 74, was one of 17 children, but his wife was an only child.

One of his daughters has had 15 children, while altogether he is grandfather to 90 children.

"There's nothing wrong with having a big family. The bigger the better," said Henden.

DOG OBTAINS AID FOR INJURED MASTER

TORRINGTON, Wyo., July 13.—Dick Mosier of Torrington, was painting a barn on the Ralph Koestner ranch when he fell from a scaffold, fracturing a hip and leg.

There was nobdy home but Koestner's police dog. Mosier scribbled a note describing his plight, placed it in the animal's mouth and said: "Find Tex Hamilton."

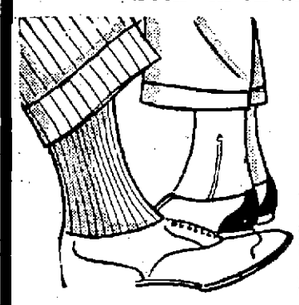

The dog ran to Hamilton, plowing a field a mile away and dropped the note.

TROOP F MEN LEAVE TONIGHT FOR CAMP

Troop Embarks For Mt. Gretna For Maneuvers

Will Spend Two Weeks In Camp With Entire Division Taking Part

WILL ARRIVE EARLY SATURDAY

Troop F., 103rd Cavalry, 68 strong, will embark this evening for Mt. Gretna, where they will spend the next two weeks in strenuous activity as they play at war with the other units of the 28th Division.

For the first time in a number of years, the entire division will be assembled at camp. The climax will be reached on Tuesday, July 24 when the division will be reviewed by Governor Gifford Pinchot and ranking military officers.

The men will leave the West Side station of the Pennsylvania R. R. at 5:58 this evening and will arrive at their destination early Saturday morning.

Work Starts Tomorrow

As soon as they arrive at camp, they will get down to business, establishing camp, drawing extra mounts and getting their equipment in shape for two weeks of hard training. When they arrive, the men should be tanned and hardened by the rigors of the two weeks under wartime conditions.

The men will not have to work so hard getting loaded this year as the station is just across the street from the Armory, and there will be no parade through town as in former years.

Thursday and Friday July 19 and 20, the troop will engage in a two-day march to Indiantown Gap and return when they will participate in a tactical problem, along with the other cavalry units of the division.

The horses of the Troop were shipped out Wednesday evening, and will be waiting for the Troop to arrive on Saturday morning. Thirty additional mounts will be needed to equip the troop, however, and these will be drawn on arrival.

Personnal Of Troop

Those who are making the trip to camp this year are:

Capt. Harvey G. Bintrim, First Lieutenant, George F. Mitchell, Second Lieutenant, George F. Seyffert, First Sergeant, George R. Pollock; Sergeants, Donald E. Florida, Forest L. Florida, Homer A. Measel, Bertram C. Rick, Thos. J. St. John and Joseph F. Vonderau.

Corporals John H. Klumph, Wilbert R. Meyer, Edwin W. Palmer, Harvey K. Pollock, Harry St. John, and Benjamin Wolfbrandt.

Privates First Class—Harvey C. Black, Jack B. Bryan, Christian J. Conzett, Edward J. Dombroski, William J. Hemming, John E. Kiefer, Richard D. Klumph, Emil Levensky, Ernest Niemi, Harry W. Parsons, William J. Powell, Henry W. Robinson, Marvin H. Spiker, George F. Ward, Richard A. Wells, Walter Wisnieski.

Privates—George W. Allen, Raymond F. Atkinson, Francis W. Avery, Theodore J. Blaseak, James O. Bracken, William D. Branchettl, Charles W. Brown, Robert H. Brown, William G. Brown, William K. Cochran, Tony O. Cooper, Harry W Davidson, David A. Dicks, Julius V. Dilley, Walter S. Evans, Donald M. Freeman, Chester Gorski, Walter E. Green, Clyde Davidson, Dale P. Cowan, Richard M. Tiniest Exile

School Picnic Plans Complete

Lincoln-Garfield Outing To Take Place At Lakewood Sunday

General Chairman Joseph Hartland who is handling the annual mid-summer picnic of the Lincoln-Garfield School Club on Sunday, July 15 reported today that everything was in readiness for the event at Lakewood. Committees have performed their work, acceptances have been received from out of town members, nothing seems to stand in the way of making the picnic the biggest success it has ever been.

Transportation will be provided for those members and friends who have no car. At 10 o'clock a bus will leave the end of the Croton street car line and transportation will be free. Should there be enough that a second trip is necessary the trip will be made.

Each year since its inception the mid-summer picnic of the Lincoln-Garfield Club has shown an increase. Two gatherings a year are held, one in mid-winter and one in mid-summer. An extensive program of sports has been arranged and the day promises to be one of enjoyment.

Limited Pension Is Available For World War Widows

President Roosevelt Signs Bill Making Limited Pensions Available

Limited pensions are now available to widows and orphans of World War veterans, it is stated by Secretary Orville Potter, of the Lawrence County Chapter, American Red Cross, and forms for this purpose are now in the hands of the chapter.

Pensions are only available to widows and orphans of World War veterans, who died while receiving or while entitled to receive, compensation, pension, or retirement pay for a thirty per cent or greater disability, directly incurred in or aggravated by World War service rendered prior to July 2, 1921. The cause of death is immaterial but must not be due to the veterans' misconduct.

Under the new law, these widows and children of World War veterans who served before November 12, 1918, or before April 2, 1920, if the service was rendered in Russia, are the only ones eligible. Parents are not eligible.

The rates are as follows: Widows, $22; widow and one child, $30; and $4 additional for each child. No widow, but one child, $15; two children, $22; three children, $30, with $3 additional for each child over this number.

Additional information and forms for filing applications for the above benefits are now available at the office of the Lawrence County Chapter, American Red Cross.

DEPRESSION WILL END SEPTEMBER 16, 1936

(International News Service)

PHILADELPHIA, July 13.—If the depression has you all "hot and bothered," cheer up—it will end on September 16, 1936, when the millenium arrives.

That is the belief of Dr. A. E. Strath-Gordon, surgeon, former soldier and scientist, recently expressed during a lecture here.

Dr. Strath-Gordon stated that the prediction is not original with him, but was known to the builders of the Great Pyramid of Egypt centuries ago.

Today

Let The Old Cat Die.
Penny For His Thoughts.
Dictatorship And Measles.
Russia Builds. We Talk.
By ARTHUR BRISBANE

GENERAL JOHNSON thinks the time has come to turn over the management of NRA to a commission and he hopes he can get out of the thing entirely.

That sounds a little like "letting the old cat die out."

General Johnson insists that NRA must "keep teeth" and he would not let big business dominate it. But it is hard to keep teeth in a commission.

TODAY PRESIDENT ROOSEVELT, in the big cruiser Houston, passed through the Panama Canal, built by his distant cousin, Theodore, the other Roosevelt President.

What did F. D. R. think as he saw the canal, its great locks and the deep cut? What plans did he form to make Theodore's canal look like "child's play?"

Did he make up his mind (let us hope that he did) to dig canals from the Great Lakes through the Mississippi Valley to the Gulf, and from the Great Lakes to the Atlantic Ocean **all on American soil?**

Whatever else he may do, Franklin D. Roosevelt, in one year of work, has done what the world would have called impossible. Today when the name "Roosevelt" is mentioned, everybody thinks of Franklin D. He has made "Theodore" a part of ancient history. What will the next "President Roosevelt" accomplish?

A DICTATORSHIP seems to run its course like measles or mumps. The energetic little Chancellor Dollfuss of Austria takes the regular "next step", assuming practically all the national power. He declares himself minister of foreign affairs, minister of defense, which includes control of the army, and minister of agriculture.

In Italy, Mussolini is the "poohbah" of official life. In Turkey, Russia, Germany, Kemal, Stalin and Hitler are everything.

DOLLFUSS has an idea for the discouragement of bomb explosions. Anybody found with explosives in his possession will be put to death, no explanations accepted, after a few days of grace for delivering the explosive to the government.

The idea isn't entirely new. We did the same thing with gold in this country, although the penalty is not death.

In England, after the Phenix Park murders, to have dynamite in your possession meant imprisonment at hard labor.

SOMEBODY in Russia seems to possess common sense as regards armaments. Moscow will listen, if invited, to talk about limiting warship building at the 1935 naval conference, but says she is not interested in having somebody else tell her what she may build.

Russia has various water frontiers, the Pacific Ocean, the Caspian and Black seas. She reaches the Atlantic through the Arctic Ocean, the Baltic and the Gulf of Finland, and is busy, just now, building ships that she thinks she needs and she doesn't tell anybody how many they are or what they are like.

She is also building airships and has more than ten trained pilots to our one.

STALIN OF RUSSIA has abolished the secret police method of justice, substituting regular legal procedure—a good sign.

The Russian dictator would be interested, probably not much alarmed, to know that Count Anastase Andrevitch Vonsiatskov-Vonsiatsky, married to a rich American girl, and called "V-V" for short, is organizing his "All Russian Fascisti" in Paris, preparing for war against Stalin. The latter would probably advise "V-V" to confine his fighting to Paris. It would take the fortunes of several American girls to overthrow the gentleman who put thru the five-year plan.

THE CRIMINAL knows how to discourage what he calls "crime" and the criminals that he dislikes.

A New York race track gambler who, according to police, operated under various names, and was heavily in debt, went out "to meet Bill." He was found dead on the sidewalk in front of a Brooklyn police station Thursday, the usual number of bullets in his body.

The police conclude that gangsters were among those whom the gambler had swindled. He will swindle no more. The police are looking for "Bill".

OUR GOVERNMENT announces the lowest wheat crop in 43 years, also the lowest oats, barley, rye and flax crops in 30 years, the same for corn, except for 1930.

Once such crop failure would have been called a calamity. Under the New Era, it is presumably a blessing. It certainly should increase the prices of grain, which will please the farmers that have any, and the speculators that are "long".

THE PLAN to put all industry under control of labor union officials meets resistance. The third biggest steel company in America, the Republic, after working with the American Federation of Labor for more than twenty years, refuses to renew contracts with the Amalgamated Association of Iron, Steel and Tin Workers, and will run an open shop.

The Republic says its action is based on "the danger that the management of the Amalgamated will pass into the hands of the radical element."

At Warren, O., plants of the Republic company, normally employing 5,000 men, are closed due to lack of orders. The company blames its idleness "on the labor situation".

MAHATMA GANDHI is learning that you cannot easily remain a prophet in your own country. Since he has taken up the cause of the unhappy "untouchables," lowest caste in the Indian population, those of higher caste look upon him as our "best minds" look on "Reds and Socialists."

The Mahatma's supporters inflicted serious injuries on a certain orthodox Hindu leader, Pundit Lal Nath, an enemy of Gandhi.

Insteading of giving three rousing cheers, and telling the Pundit, "I wish they had broken your neck," as a rugged westerner might do, Gandhi will fast for an entire week, "to expiate injuries inflicted on an enemy."

If you try to understand the Asiatic mind, you will fail.

The British don't try to understand him; they boss him.

REPUBLICAN SENATORS object because the new chairman, Mr. Fletcher, of the Republican National Committee, attacks the New Deal. They are afraid the popularity of the New Deal may defeat the big Republicans that attack it.

Mr. Fletcher may truthfully tell these gentlemen that you can't defeat an administration by calling it perfect.

Perhaps the wise Republicans really don't expect to defeat the administration, and are merely "going through the motions."

HAS BIGGEST FAMILY WITH 120 OFFSPRINGS

(International News Service)

LONDON, July 13.—Head of the biggest family in England is the claim of Fred Henden of Wimbledon, who has 120 children, grandchildren and great-grandchildren.

Henden's family is so big that he doesn't know them all. There are a few that he has never seen.

Henden, who is 74, was one of 17 children, but his wife was an only child.

One of his daughters has had 15 children, while altogether he is grandfather to 90 children.

"There's nothing wrong with having a big family. The bigger the better," said Henden.

DOG OBTAINS AID FOR INJURED MASTER

TORRINGTON, Wyo., July 13.—Dick Mosier of Torrington, was painting a barn on the Ralph Koestner ranch when he fell from a scaffold, fracturing a hip and leg.

There was nobdy home but Koestner's police dog. Mosier scribbled a note describing his plight, placed it in the animal's mouth and said: "Find Tex Hamilton."

The dog ran to Hamilton, plowing a field a mile away and dropped the note.

Plenty Of Air In Legislative Rooms But It's All Hot

(International News Service)

HARRISBURG, July 13.—Another special session of the legislature this summer, if held, would find the senate and house of representatives chambers still without air conditioning systems despite the fact that the 1933 legislature appropriated funds for this purpose.

The two chambers become suffocatingly hot during the sultry days when the legislators pack the rooms with humanity and tobacco smoke.

In an effort to eliminate this discomfort, the 1933 special session passed an act appropriating $40,000 for installation of air conditions systems in both chambers. Bids were advertised for, but the lowest offer was $8,700 more than the total amount of the money set aside and all the bids were discarded.

Government Now Rents Cow Pasture

WHEELING, W. Va., July 13—Harrison county farmers have been asked to provide pasture for thousands of cattle from the drouth-stricken acres of the Middle west. John M. Pierpont, notified the Federal government will pay $1 a month for pasture for yearlings and $2 for older cattle.

BUILD FISH DAMS

HARRISBURG, July 13.—The construction of 778 fish dams by the CCC on State Forests and State Game Lands will require close to 95,000 man-days of labor on the part of the emergency conservation workers, according to Lewis E. Staley, Secretary of the Department of Forests and Waters.

ENROLLMENT GROWS

HARRISBURG, July 13—In thirty years high school enrollments in Pennsylvania increased 981 per cent. From 1900 to 1930 the population of the United States increased 61 per cent. and the population of Pennsylvania increased 53 per cent.

Air-Taxi Station

Ramps now under construction in New York City will enable seaplane commuters and taxiplane users to drop in almost at their office doors, instead of coming down miles out of town at landing fields. Architect's drawing of station being erected at foot of Wall St. is shown *(Central Press.*

Negotiate On Wage Scales

Seven Steel Operators And Amalgamated Officers Resume Parley

REPUBLIC ACTION CAUSES CRISIS

(International News Service)

PITTSBURGH, July 13.—Declining to reveal what agreements they have already reached in their annual wage scale negotiations, seven independent steel operators and officials of the Amalgamated Association of Iron, Steel and Tin Workers today resumed their sessions.

"We have made some headway," Michael F. Tighe, union president, said as the meeting went ahead, "but we cannot announce any decisions as yet. We are not far apart and it is likely that some amicable agreement will be the outcome."

Tighe and other union heads refused to comment on the reported arrest of five officers of the Clarksburg, W. Va., lodge of the amalgamated. Intimidation of witnesses was charged against the five who were accused of issuing a "blacklist" naming business men and others who had made affidavits in behalf of the Weirton Steel company in an injunction suit pending in federal court at Wilmington, Del.

Five Are Named

Those named in warrants were William C. Milstead, president of the Blue Eagle Lodge; W. A. Peet, vice president; Emil Walter, treasurer; Andrew Barron, financial secretary, and R. F. Guice, corresponding secretary.

Meanwhile, Tight revealed that the new National Steel Labor board has already stepped into the fray occasioned by the Republic Steel corporation's refusal to renew its contracts with amalgamated. Tight said:

"Republic Steel is the agressor in this controversy and has 'ocked our men out. We are not obliged to abide by the board's decision. Our course will be decided shortly but certainly not until we can see a little farther ahead."

Both the Republic Steel withdrawal and the arrest of Clarksburg union leaders have been placed before the new steel labor board, Louis Leonard, amalgamated secretary, said.

Tighe termed the Republic's reasons for withdrawing from the parleys as "all bunk" and said it was "just as excuse."

Tighe remained non-committal as to whether he would be candidate for re-election to the union presidency. He is expected to make an announcement today or tomorrow on the question.

Seek To Break Down Story Of Girl On Coast

June DeLong, Film Extra, Will Testify Today At Marsh-Allen Trial

(International News Service)

LOS ANGELES, July 13.—June Delong, beautiful, blonde screen actress today will raise one of the hands which on numerous occasions have doubled for the hands of prominent cinema stars and be sworn as a witness in the sensationally sordid morals trial of Gloria Marsh, extra girl of the movies and Dave Allen, head of the Central Casting Bureau.

Miss Delong, according to other state's witnesses was one of the participants in the asserted wild revel at her apartment here April 29, in which Miss Marsh and Allen are charged with taking part.

If convicted Miss Marsh and Allen face the possibility of maximum sentences of 15 years each in prison.

Mrs. Pearl Owings, who Wednesday testified to accidentally walking in on the asserted wild party, which she described in unprintable language, was under a severe cross-examination, as the defense sought to break down her story.

Was Not Framed

In every instance Mrs. Owings vigorously denied any "plotting or planning" to "get Dave Allen" and also that she went to the apartment of Miss Delong "by design rather than by circumstance."

She also denied that she, together with Pat Harman, a film actor, and Miss Delong had planned prior to April 26 to have Mrs. Owings walk into the Delong apartment and find Allen and the extra-girl in a compromising position.

Harman also was on the stand briefly, and told of driving Miss Owings, at whose home he roomed, to the Delong apartment on the night of the asserted discovery of the wild party.

State Christian Endeavor Union Ends Sessions

(International News Service)

HERSHEY, Pa., July 13.—The annual convention of the Pennsylvania Christian Endeavor Union came to a close here today with final business and religious meetings.

Winners of publicity contests were announced as follows:

Greatest number of inches in newspapers: First, Montgomery county; second, Lehigh county, and third, Lancaster county.

Greatest number of inches on newspaper social pages: First, Intermediate Christian Endeavor, St. Paul's Lutheran church, Allentown; second, Young Peoples Christian Endeavor, Third Presbyterian church, Uniontown, and third, Senior Christian Endeavor, Evangelical church, Brownstown, Lancaster county.

The Lehigh County Christian Endeavor Union won first place in the contests for the best general exhibit of publicity and posters and the Lancaster County Garden Spot Endeavor won first place for the most efficient papers.

Ailey Attends State Meeting

District Attorney At Gathering Of Officials From State At Williamsport

District Attorney Mont L. Ailey is in Williamsport, Pa., toway where he is attending the annual convention of Pennsylvania district attorneys. At the meeting this morning John C. Youngman, district attorney of Lycoming county said the organization was considering a proposal for legislation compelling criminal defendants to give notice to the district attorney in advance of the intention to prove an alibi. This law is now on the books of some states.

Edward B. Tompkins of Emporium, district attorney of Cameron county is president of the organization and Carl B. Shelley, assistant district attorney of Dauphin county is secretary-treasurer.

Must Wear All Of Clothes Or Be Put In Jail

(International News Service)

CHICAGO, July 13.—Mr. and Mrs. Samuel J. Wallace, Jr., were at liberty on probation today, but they will be quickly clapped into jail if they break their promise to keep their clothes on.

The couple, who became famous when they staged a nudist wedding at a Century of Progress concession were sentenced to a year in jail yesterday by Judge Francis Borrelli on charges of indecent exposure, but were granted probation when they agreed to abandon nudism.

PREVENT INJURY IN POTATO CULTIVATION

Many growers do serious injury to their potatoes by cultivating too deep and too close. After the vines have made a foot or more of growth it is always wise when starting the cultivator to draw the loose soil away behind the shovel next to the row to see how many roots are being torn off. All root pruning is injurious. Fields worked too vigorously may wilt in hot weather and some of the discoloration at the stem end of the tubers may be due to the shock of deep, late working, combined with heat and drought.

Throwing some soil to the plants at the last two cultivations has decided advantages, such as smothering grass and weeds, preventing sunburned tubers and facilitating digging. The ridge so formed should be broad and low instead of the high narrow ridge sometimes made. The latter is almost sure to reduce yields through pruned roots and wasted moisture.

A good rig for the last cultivation is a five-shovel, one-horse cultivator with a wheel in front and a v-shaped sweep behind. The depth is thus accurately regulated and the sweep cuts off all weeds which escape the shovels and leaves the middles loose and level. The outside shovels may be of the broad, diagonal type, which throw dirt toward the row, but run very shallow next to it. Some careful growers add vine lifters of 1-4 or 3-8 inch rod iron bent so as to left the vines up and over the cultivator frame.

As soon as the vines cover the ground, there is little to be gained and considerable risk in further cultivation. As long as the surface is loose and there are no weeds which may be killed the cultivator may as well stay at the barn.

IS IT BENEFICIAL TO SUCKER SWEET CORN

There is a divided opinion among sweet corn growers in regard to the value of suckering.

Experiments conducted through a series of years shows that there is practically no difference between suckered and unsuckered rows.

Some varieties have a tendency to send forth more suckers than others in which case they should be given more space to develop properly.

It costs from three to six dollars to sucker an acre of sweet corn, and since suckers should be removed while small so as not to dislodge the main stalk, a second crop often develops which makes it doubly expensive.

During dry periods suckers are a hinderance and tend to reduce the yield, while during good growing conditions suckers increase the yield. Therefore, during a series of years there is very little if any difference. Most growers do not sucker sweet corn.

COTTONSEED MEAL IS SAFE DAIRY FEED

There has been considerable speculation in the minds of a great many dairymen as to whether cottonseed meal was a safe feed for dairy cattle.

The Oklahoma Experiment Station has recently completed a test on the feeding of cottonseed meal as the only grain concentrate together with prairie hay as the only roughage. Both were fed in dry lot so that no green feed was included.

Thirty-eight lactations have been completed by 20 Jersey cows fed the cottonseed meal and prairie hay. The average yield of 4 per cent fat corrected milk for 20 first lactation periods was 5,713 pounds in 318 days. During the second lactation period, 10 cows in 307 days produced 6,076 pounds of milk. On the average 10.6 pounds of cottonseed meal and 13 pounds of prairie hay were consumed daily per cow during the first lactation; 10 pounds of cottonseed meal, and 14.1 pounds of prairie hay daily during the second lactation; and 10.8 pounds of cottonseed meal and 14.6 pounds of prairie hay during the third lactation. One cow in the group consumed on the average around 15 pounds of cottonseed meal daily. Milk production proceeded in a normal manner. The results indicate that excessive amounts of cottonseed meal even when fed in restricted rations did not affect milk production. Also there were no signs of cottonseed meal poisoning, no breeding difficulties, and no udder troubles traceable to the ration.

From these results Pennsylvania dairymen may conclude that they will not get into trouble by using cottonseed meal in limited quantities as they have been doing. It is not recommended to use rations limited to cottonseed meal as was done in this test, nor is it recommended to feed cottonseed meal in large amounts but where used in limited amounts and in combination with other protein feeds a dairyman may feel assured that he will have no trouble even with high producing cows. In most communities cottonseed meal is usually one of the cheapest sources of protein and can be included in the milking ration with economy and safety.

FOOT COMFORT DEPENDS UPON SHOES THAT FIT

Are your feet comfortable these hot summer days? asks Miss Eleanor Drury, home economics extension representative.

No article of clothing is more important to one's comfort, but, as a rule, thought given to the selections of shoes and hose relates to their fashion points. The smartest shoe, may, if not properly fitted, give its wearer a worn, irritated expression and an awkward posture totally out of harmony with the effect she wishes to attain.

People with sensitive, tender feet should avoid patent leather and heavy calf skin shoes, unless they are made with perforations so much in vogue. Broad heels of moderate width are most comfortable for prolonged standing or walking, and for sight-seeing trips nothing else should be considered. Run-over heels must be kept in constant repair, both to insure comfort and to improve appearance, Miss Drury explains.

Most foot difficulties can be traced to ill-fitting shoes. When buying shoes have the feet measured; do not depend upon size numbers unless you always purchase the same kind of shoe and the same last. Both hose and shoes should be long enough for comfort in walking. Shoe trees placed in shoes when not in use will keep them in shape longer. Hose should be washed after each wearing.

Four Year Old Lad Has A Merry Time

(International News Service)

FRANKLIN, Pa., July 13.—A tattered lad of 4, whose name is on the police docket merely as "Jack", probably will remember his ten hours in police custody for the rest of his life—and with pleasure.

Clad only in a suit of worn overalls and with a pair of frayed tennis shoes on his feet, the tot was found wandering about the business district, apparently "lost".

Then followed a tour of the city for hours in the police car, purchase of new overalls and a suit, a haircut and bath, and a final police supper with all the trimmings.

But before night his sister called for him—and the day's fun ended.

Mahoning Grange

TO CLEAN UP GROUNDS

"Repair and Clean-up Day" for the Mahoning Valley grange comes on Wednesday afternoon, July 18, with an evening supper at the hall scheduled as the climax. The supper will be in the form of a picnic outing.

Plans for the day were made when the grange met this week with Master Harold Hoye presiding.

Each chairman is to select his own help. The following have been named to head committees: Executive committee chairman, Ralph Allison, repairing windows; Mrs. Bertha Martin, window cleaning; Fred Knoll, lawn mowing; L. O. Cover, flowers and shrubs arrangement; Mack Baird, painting of entrance; Mrs. Charles Robinson, blinds cleaned and repaired; Harry Whiting, coal house; William Aepelli, Trussels; Mrs. Belle Simon, cupboards and dishes.

The following program was enjoyed at the meeting this week with Miss Murl Simons in charge:

Song, "As We Go Forth to Labor"—grange.

Talk, "Industrial Use of Farm Products"—Mac B. Houk.

Piano duet—Mary Theresa and Catherine Byler.

Playlet—Alice and Frank Kelso.

Song, "Blest Be the Tie That Binds"—grange.

The future of agriculture was discussed by members.

Mrs. Belle Simon and Mrs. Julia Byler are on the grange sick list.

Several former German newspaper editors have founded German papers outside the borders. One, the Vorwarts, printed in Prague, the capital of Czechoslovakia, claims to have a large secret circulation in Germany.

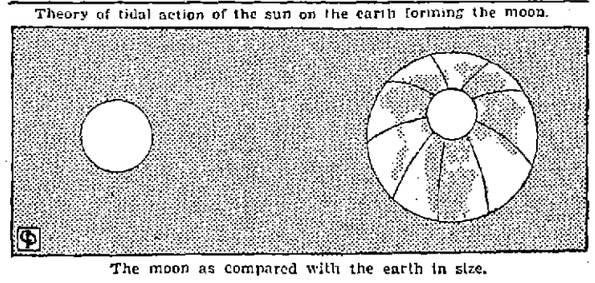

SCIENCE SIMPLIFIED

How The Moon Was Born

Tidal Theory Now Generally Accepted

Theory of tidal action of the sun on the earth forming the moon.

The moon as compared with the earth in size.

By RICHARD BAYLIS
Central Press Science Writer

Many theories have been advanced as to the probable origin of the moon, but of them all perhaps none is as tenable as that of the tidal theory, originally advanced by Sir James Jeans, noted British physicist and astronomer, which now is generally accepted.

In the early days of the earth when that body still was in a gaseous or semi-liquid state, the earth's orbit around the sun was probably a great deal more irregular than it is at present. Science has shown that the older a planet becomes the more nearly circular its orbit. So that soon after the earth was born, in a similar process which will be discussed later, it was probably describing an irregular eclipse about the parent body, at some point of which it passed very close to the sun.

Sun's Tidal Effect

Now just as the moon raises tides on our oceans, by reason of its "pull" on the waters of the earth, so the sun exerted tremendous tides on the little earth when that body passed near on its irregular orbit. So great were the tides on the surface matter of the earth that great masses of the still gaseous or liquid material were pulled out, which condensing, formed the satellite. The satellite, the moon, captured by the earth's gravitational force has accompanied us on our annual journey around the sun ever since.

While at first the moon rotated on its axis probably as repidly as did the earth, the tidal effect of the earth on the body of the moon has so slowed that rotation down that the moon always presents the same face to us. Conversely the tidal effect of the moon on the waters of the earth are acting as a brake on the earth's rotation, so that some day, in the dim and distant future, the rotation of the two bodies will be equilized.

BRITISH 1738 COIN FOUND IN GARDEN

(International News Service)

WRIGHTSVILLE, Pa., July 13—A British coin, dated 1738 and still in an excellent state of preservation was found by William Holtzinger while digging in his garden.

The coin bears the likeness of King George II of England on one side and on the other is molded a "court lady" with the inscription, "Britan Nia 1738."

Baby Twins Ride Pick-A-Back On Hiking Parents

(International News Service)

SAN FRANCISCO. — Not even seven months' old twins can prevent Mr. and Mrs. Calvin Stark of this city from indulging in their favorite week-end pastime of hiking.

Cloudbursts, lumbago, rain, closed trails, nothing can hamper the designs of an inveterate hiker and Mr. and Mrs. Stark are inveterates plus.

The twins "hitch-hike" while ma and pa trek the trails in the woodlands of the hinterland.

Nor do the twins have to wag their thumbs to gain a ride.

The Starks ingeniously devised a "pick-a-back" system of their own. They took a couple of detachable children's automobile seats, replaced the iron hooks with canvas straps and attach them to the back of either parent. In these comfortable palanquins, the twins ride over the country lanes and survey the terrain.

In all, what with food and milk bottles and the whatnots of infancy, the parents tote a 40-pound load on their backs. Paul and Pauline, because of their early fondness for "hitch-hiking" have already been initiated into the California Alpine club which presented them with tiny horns to attach to their spinal-rumble seats.

Policemen Not Good Cow-Punchers

(International News Service)

TARENTUM, Pa., July 13.—The police force of this community is on the lookout for a good course in applied cowpunching.

When an emergency came up on a recent Sunday morning, it found the local force entirely unprepared and unable to cope with a situation demanding their handling of a herd of cows.

The slow-moving animals, liberated by a jokester from their home pastures, came into town and remained there—in spite of the best efforts of the policemen.

To save the day, the owner of the cows finally put in an appearance and led his flock homeward. Much to the relief of the harrassed policemen.

Eight-Year-Old Made Policeman

(International News Service)

PITTSBURGH, July 13.—For Thomas Lee Cavett, Jr., a dream came true when he was made a "real" policeman—an active member of the Pittsburgh force—at the age of 8.

His father unemployed for the past two years and the family on relief, the young scion of the Cavett family decided to do something about the situation. Naval recruiting station attaches, to whom he went for advice, suggested that his "best bet" would be to become a policeman.

Tommy haunted the Pittsburgh North Side station until Inspector Walter V. Kaiser "swore him in." The lad was outfitted in uniform, cap, mace, and badge No. 711.

The vicinity of West Park, Tommy's "beat," is said to be singularly free from crime, although the young officer does admit that he spends some time showing off his uniform "to the girls."

"NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

CAN 4,000,000 Jam Makers BE WRONG?

4,000,000 women are making all their jams these days with Certo—the time-saving, money-saving aid for jam and jelly making—Why not try it now?

WHAT a thrill to have your cupboard groaning with delicious jams and jellies! Blackberry, peach, apricot, raspberry . . . all so easy to make with Certo!

Why not get your berries, fruits, sugar and Certo now? Then use the prize-winning recipes you get with every bottle of Certo to put up a good supply of the most wonderful jam and jelly you ever tasted!

Most of the State Fair Champions throughout the country use this marvelous aid to jam and jelly making to win their prizes!

They would tell you what Certo does! . . . How you can expect half again more glasses from the same amount of fruit . . . How you can finish your jam or jelly in one third the usual time . . . And how you get a marvelous *extra* flavor—the full flavor of the fresh, ripe fruit itself!

With Certo you boil jams or jellies only a few minutes. The fruit juice does not boil away—you never get that "boiled-down" taste that comes with long, tedious boiling. You save lots of time and trouble, too.

Certo—the pure fruit pectin—is sold by all grocers. It is a product of General Foods.

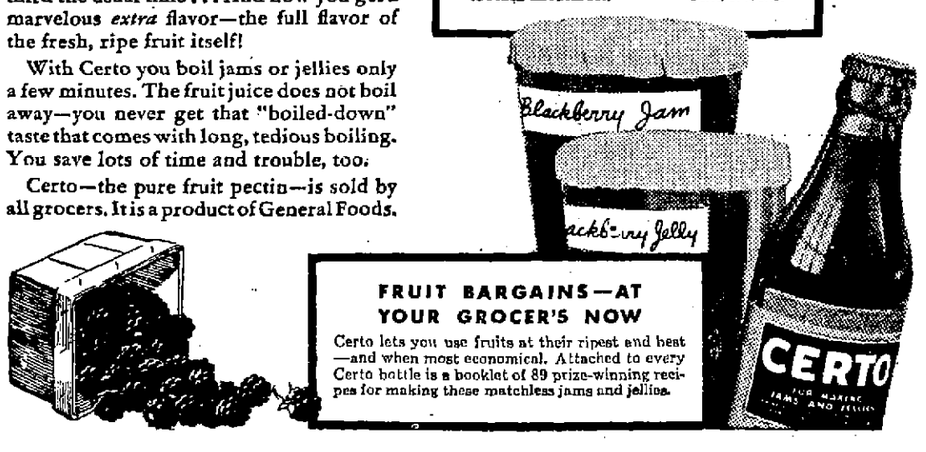

HOW TO MAKE THE BEST BLACKBERRY JAM

4 cups (2 lbs.) prepared fruit
7 cups (3 lbs.) sugar
½ bottle Certo

To prepare fruit, grind about 2 quarts fully ripe berries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a *full rolling boil* over hottest fire. Stir constantly before and while boiling. Boil hard 2 minutes. Remove from fire and stir in Certo. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses.

Note: This product may take a week or more to reach an ideal set. © 1934, G. F. Corp.

FRUIT BARGAINS—AT YOUR GROCER'S NOW

Certo lets you use fruits at their ripest and best—and when most economical. Attached to every Certo bottle is a booklet of 89 prize-winning recipes for making these matchless jams and jellies.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

Four Year Old Lad Has A Merry Time

(International News Service)

FRANKLIN, Pa., July 13.—A tattered lad of 4, whose name is on the police docket merely as "Jack", probably will remember his ten hours in police custody for the rest of his life—and with pleasure.

Clad only in a suit of worn overalls and with a pair of frayed tennis shoes on his feet, the tot was found wandering about the business district, apparently "lost".

Then followed a tour of the city for hours in the police car, purchase of new overalls and a suit, a haircut and bath, and a final police supper with all the trimmings.

But before night his sister called for him—and the day's fun ended.

Mahoning Grange

TO CLEAN UP GROUNDS

"Repair and Clean-up Day" for the Mahoning Valley grange comes on Wednesday afternoon, July 18, with an evening supper at the hall scheduled as the climax. The supper will be in the form of a picnic outing.

Plans for the day were made when the grange met this week with Master Harold Hoye presiding.

Each chairman is to select his own help. The following have been named to head committees: Executive committee chairman, Ralph Allison, repairing windows; Mrs. Bertha Martin, window cleaning; Fred Knoll, lawn mowing; L. O. Cover, flowers and shrubs arrangement; Mack Baird, painting of entrance; Mrs. Charles Robinson, blinds cleaned and repaired; Harry Whiting, coal house; William Aepelli, Trussels; Mrs. Belle Simon, cupboards and dishes.

The following program was enjoyed at the meeting this week with Miss Murl Simons in charge:

Song, "As We Go Forth to Labor"—grange.

Talk, "Industrial Use of Farm Products"—Mac B. Houk.

Piano duet—Mary Theresa and Catherine Byler.

Playlet—Alice and Frank Kelso.

Song, "Blest Be the Tie That Binds"—grange.

The future of agriculture was discussed by members.

Mrs. Belle Simon and Mrs. Julia Byler are on the grange sick list.

Several former German newspaper editors have founded German papers outside the borders. One, the Vorwarts, printed in Prague, the capital of Czechoslovakia, claims to have a large secret circulation in Germany.

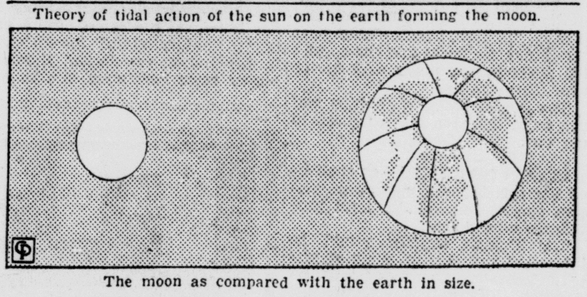

SCIENCE SIMPLIFIED

How The Moon Was Born

Tidal Theory Now Generally Accepted

Theory of tidal action of the sun on the earth forming the moon.

The moon as compared with the earth in size.

By RICHARD BAYLIS
Central Press Science Writer

Many theories have been advanced as to the probable origin of the moon, but of them all perhaps none is as tenable as that of the tidal theory, originally advanced by Sir James Jeans, noted British physicist and astronomer, which now is generally accepted.

In the early days of the earth when that body still was in a gaseous or semi-liquid state, the earth's orbit around the sun was probably a great deal more irregular than it is at present. Science has shown that the older a planet becomes the more nearly circular its orbit. So that soon after the earth was born, in a similar process which will be discussed later, it was probably describing an irregular eclipse about the parent body, at some point of which it passed very close to the sun.

Sun's Tidal Effect

Now just as the moon raises tides on our oceans, by reason of its "pull" on the waters of the earth, so the sun exerted tremendous tides on the little earth when that body passed near on its irregular orbit. So great were the tides on the surface matter of the earth that great masses of the still gaseous or liquid material were pulled out, which condensing, formed the satellite. The satellite, the moon, captured by the earth's gravitational force has accompanied us on our annual journey around the sun ever since.

While at first the moon rotated on its axis probably as repidly as did the earth, the tidal effect of the earth on the body of the moon has so slowed that rotation down that the moon always presents the same face to us. Conversely the tidal effect of the moon on the waters of the earth are acting as a brake on the earth's rotation, so that some day, in the dim and distant future, the rotation of the two bodies will be equilized.

BRITISH 1738 COIN FOUND IN GARDEN

(International News Service)

WRIGHTSVILLE, Pa., July 13—A British coin, dated 1738 and still in an excellent state of preservation was found by William Holtzinger while digging in his garden.

The coin bears the likeness of King George II of England on one side and on the other is molded a "court lady" with the inscription, "Britan Nia 1738."

Baby Twins Ride Pick-A-Back On Hiking Parents

(International News Service)

SAN FRANCISCO. — Not even seven months' old twins can prevent Mr. and Mrs. Calvin Stark of this city from indulging in their favorite week-end pastime of hiking.

Cloudbursts, lumbago, rain, closed trails, nothing can hamper the designs of an inveterate hiker and Mr. and Mrs. Stark are inveterates plus.

The twins "hitch-hike" while ma and pa trek the trails in the woodlands of the hinterland.

Nor do the twins have to wag their thumbs to gain a ride.

The Starks ingeniously devised a "pick-a-back" system of their own. They took a couple of detachable children's automobile seats, replaced the iron hooks with canvas straps and attach them to the back of either parent. In these comfortable palanquins, the twins ride over the country lanes and survey the terrain.

In all, what with food and milk bottles and the whatnots of infancy, the parents tote a 40-pound load on their backs. Paul and Pauline, because of their early fondness for "hitch-hiking" have already been initiated into the California Alpine club which presented them with tiny horns to attach to their spinal-rumble seats.

Policemen Not Good Cow-Punchers

(International News Service)

TARENTUM, Pa., July 13.—The police force of this community is on the lookout for a good course in applied cowpunching.

When an emergency came up on a recent Sunday morning, it found the local force entirely unprepared and unable to cope with a situation demanding their handling of a herd of cows.

The slow-moving animals, liberated by a jokester from their home pastures, came into town and remained there—in spite of the best efforts of the policemen.

To save the day, the owner of the cows finally put in an appearance and led his flock homeward. Much to the relief of the harrassed policemen.

Eight-Year-Old Made Policeman

(International News Service)

PITTSBURGH, July 13.—For Thomas Lee Cavett, Jr., a dream came true when he was made a "real" policeman—an active member of the Pittsburgh force—at the age of 8.

His father unemployed for the past two years and the family on relief, the young scion of the Cavett family decided to do something about the situation. Naval recruiting station attaches, to whom he went for advice, suggested that his "best bet" would be to beocme a policeman.

Tommy haunted the Pittsburgh North Side station until Inspector Walter V. Kaiser "swore him in." The lad was outfitted in uniform, cap, mace, and badge No. 711.

The vicinity of West Park, Tommy's "beat," is said to be singularly free from crime, although the young officer does admit that he spends some time showing off his uniform "to the girls."

Tugwell isn't the first. Many a man has been made great by opposition.

CAN 4,000,000 Jam Makers BE WRONG?

4,000,000 women are making all their jams these days with Certo—the time-saving, money-saving aid for jam and jelly making—Why not try it now?

WHAT a thrill to have your cupboard groaning with delicious jams and jellies! Blackberry, peach, apricot, raspberry . . . all so easy to make with Certo!

Why not get your berries, fruits, sugar and Certo now? Then use the prize-winning recipes you get with every bottle of Certo to put up a good supply of the most wonderful jam and jelly you ever tasted!

Most of the State Fair Champions throughout the country use this marvelous aid to jam and jelly making to win their prizes!

They would tell you what Certo does! . . . How you can expect half again more glasses from the same amount of fruit . . . How you can finish your jam or jelly in one third the usual time . . . And how you get a marvelous *extra* flavor—the full flavor of the fresh, ripe fruit itself!

With Certo you boil jams or jellies only a few minutes. The fruit juice does not boil away—you never get that "boiled-down" taste that comes with long, tedious boiling. You save lots of time and trouble, too.

Certo—the pure fruit pectin—is sold by all grocers. It is a product of General Foods.

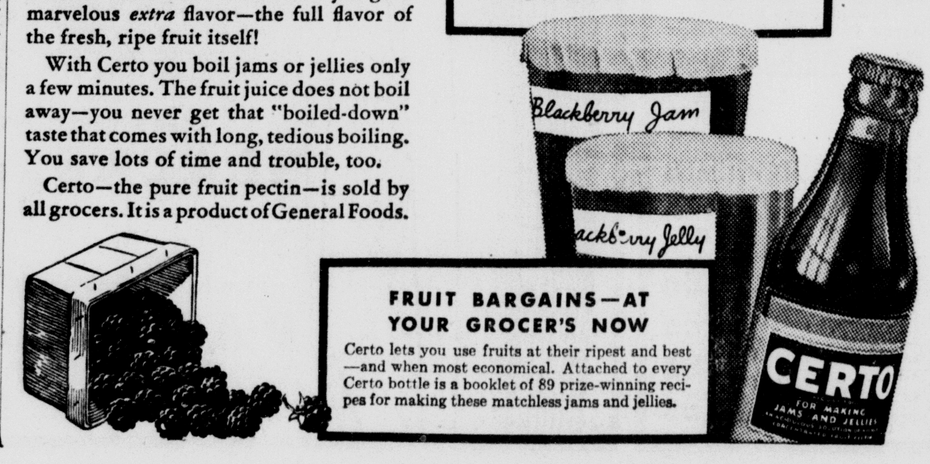

HOW TO MAKE THE BEST BLACKBERRY JAM

4 cups (2 lbs.) prepared fruit
7 cups (3 lbs.) sugar
½ bottle Certo

To prepare fruit, grind about 2 quarts fully ripe berries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a *full rolling boil* over hottest fire. Stir constantly before and while boiling. Boil hard 2 minutes. Remove from fire and stir in Certo. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses.

Note: This product may take a week or more to reach an ideal set. © 1934, G. F. Corp.

FRUIT BARGAINS—AT YOUR GROCER'S NOW

Certo lets you use fruits at their ripest and best—and when most economical. Attached to every Certo bottle is a booklet of 89 prize-winning recipes for making these matchless jams and jellies.

TROOP F MEN LEAVE TONIGHT FOR CAMP

Troop Embarks For Mt. Gretna For Maneuvers

Will Spend Two Weeks In Camp With Entire Division Taking Part

WILL ARRIVE EARLY SATURDAY

Troop F., 103rd Cavalry, 68 strong, will embark this evening for Mt. Gretna, where they will spend the next two weeks in strenuous activity as they play at war with the other units of the 28th Division.

For the first time in a number of years, the entire division will be assembled at camp. The climax will be reached on Tuesday, July 24 when the division will be reviewed by Governor Gifford Pinchot and ranking military officers.

The men will leave the West Side station of the Pennsylvania R. R. at 5:58 this evening and will arrive at their destination early Saturday morning.

Work Starts Tomorrow

As soon as they arrive at camp, they will get down to business, establishing camp, drawing extra mounts and getting their equipment in shape for two weeks of hard training. When they arrive, the men should be tanned and hardened by the rigors of the two weeks under wartime conditions.

The men will not have to work so hard getting loaded this year as the station is just across the street from the Armory, and there will be no parade through town as in former years.

Thursday and Friday July 19 and 20, the troop will engage in a two-day march to Indiantown Gap and return when they will participate in a tactical problem, along with the other cavalry units of the division.

The horses of the Troop were shipped out Wednesday evening, and will be waiting for the Troop to arrive on Saturday morning. Thirty additional mounts will be needed to equip the troop, however, and these will be drawn on arrival.

Personnal Of Troop

Those who are making the trip to camp this year are:

Capt. Harvey G. Bintrim, First Lieutenant, George F. Mitchell, Second Lieutenant, George F. Seyffert, First Sergeant, George R. Pollock; Sergeants, Donald E. Florida, Forest L. Florida, Homer A. Measel, Bertram C. Rick, Thos. J. St. John and Joseph F. Vonderau.

Corporals John H. Klumph, Wilbert R. Meyer, Edwin W. Palmer, Harvey K. Pollock, Harry St. John, and Benjamin Wolfbrandt.

Tiniest Exile

Youngest Reich exile to reach this country is 10-months old Sybil Mosse, shown with mother. The baby's father, E. Mosse, was exiled by the Nazi government last year and came to the United States to make a home for his family. (Central Press)

School Picnic Plans Complete

Lincoln-Garfield Outing To Take Place At Lakewood Sunday

General Chairman Joseph Hartland who is handling the annual mid-summer picnic of the Lincoln-Garfield School Club on Sunday, July 15 reported today that everything was in readiness for the event at Lakewood. Committees have performed their work, acceptances have been received from out of town members, nothing seems to stand in the way of making the picnic the biggest success it has ever been.

Transportation will be provided for those members and friends who have no car. At 10 o'clock a bus will leave the end of the Croton street car line and transportation will be free. Should there be enough that a second trip is necessary the trip will be made.

Each year since its inception the mid-summer picnic of the Lincoln-Garfield Club has shown an increase. Two gatherings a year are held, one in mid-winter and one in mid-summer. An extensive program of sports has been arranged and the day promises to be one of enjoyment.

Limited Pension Is Available For World War Widows

President Roosevelt Signs Bill Making Limited Pensions Available

Limited pensions are now available to widows and orphans of World War veterans, it is stated by Secretary Orville Potter, of the Lawrence County Chapter, American Red Cross, and forms for this purpose are now in the hands of the chapter.

Pensions are only available to widows and orphans of World War veterans, who died while receiving or while entitled to receive, compensation, pension, or retirement pay for a thirty per cent or greater disability, directly incurred in or aggravated by World War service rendered prior to July 2, 1921. The cause of death is immaterial but must not be due to the veterans' misconduct.

Under the new law, these widows and children of World War veterans who served before November 12, 1918, or before April 2, 1920, if the service was rendered in Russia, are the only ones eligible. Parents are not eligible.

The rates are as follows: Widows, $22; widow and one child, $30; and $4 additional for each child. No widow, but one child, $15; two children, $22; three children, $30, with $3 additional for each child over this number.

Additional information and forms for filing applications for the above benefits are now available at the office of the Lawrence County Chapter, American Red Cross.

DEPRESSION WILL END SEPTEMBER 16, 1936

(International News Service)

PHILADELPHIA, July 13.—If the depression has you all "hot and bothered," cheer up—it will end on September 16, 1936, when the millenium arrives.

That is the belief of Dr. A. E. Strath-Gordon, surgeon, former soldier and scientist, recently expressed during a lecture here.

Dr. Strath-Gordon stated that the prediction is not original with him, but was known to the builders of the Great Pyramid of Egypt centuries ago.

Today

Let The Old Cat Die.

Penny For His Thoughts.

Dictatorship And Measles.

Russia Builds. We Talk.

By ARTHUR BRISBANE

GENERAL JOHNSON thinks the time has come to turn over the management of NRA to a commission and he hopes he can get out of the thing entirely.

That sounds a little like "letting the old cat die out."

General Johnson insists that NRA must "keep teeth" and he would not let big business dominate it. But it is hard to keep teeth in a commission.

TODAY PRESIDENT ROOSEVELT, in the big cruiser Houston, passed through the Panama Canal, built by his distant cousin, Theodore, the other Roosevelt President.

What did F. D. R. think as he saw the canal, its great locks and the deep cut? What plans did he form to make Theodore's canal look like "child's play?"

Did he make up his mind (let us hope that he did) to dig canals from the Great Lakes through the Mississippi Valley to the Gulf, and from the Great Lakes to the Atlantic Ocean **all on American soil?**

Whatever else he may do, Franklin D. Roosevelt, in one year of work, has done what the world would have called impossible. Today when the name "Roosevelt" is mentioned, everybody thinks of Franklin D. He has made "Theodore" a part of ancient history. What will the next "President Roosevelt" accomplish?

A DICTATORSHIP seems to run its course like measles or mumps. The energetic little Chancellor Dollfuss of Austria takes the regular "next step", assuming practically all the national power. He declares himself minister of foreign affairs, minister of defense, which includes control of the army, and minister of agriculture.

In Italy, Mussolini is the "poohbah" of official life. In Turkey, Russia, Germany, Kemal, Stalin and Hitler are everything.

DOLLFUSS has an idea for the discouragement of bomb explosions. Anybody found with explosives in his possession will be put to death, no explanations accepted, after a few days of grace for delivering the explosive to the government.

The idea isn't entirely new. We did the same thing with gold in this country, although the penalty is not death.

In England, after the Phenix Park murders, to have dynamite in your possession meant imprisonment at hard labor.

SOMEBODY in Russia seems to possess common sense as regards armaments. Moscow will listen, if invited, to talk about limiting warship building at the 1935 naval conference, but says she is not interested in having somebody else tell her what she may build.

Russia has various water frontiers, the Pacific Ocean, the Caspian and Black seas. She reaches the Atlantic through the Arctic Ocean, the Baltic and the Gulf of Finland, and is busy, just now, building ships that she thinks she needs and she doesn't tell anybody how many they are or what they are like.

She is also building airships and has more than ten trained pilots to our one.

STALIN OF RUSSIA has abolished the secret police method of justice, substituting regular legal procedure—a good sign.

The Russian dictator would be interested, probably not much alarmed, to know that Count Anastase Andrevitch Vonsiatskov - Vonsiatsky, married to a rich American girl, and called "V-V" for short, is organizing his "All Russian Fascisti" in Paris, preparing for war against Stalin. The latter would probably advise "V-V" to confine his fighting to Paris. It would take the fortunes of several American girls to overthrow the gentleman who put thru the five-year plan.

THE CRIMINAL knows how to discourage what he calls "crime" and the criminals that he dislikes.

A New York race track gambler who, according to police, operated under various names, and was heavily in debt, went out "to meet Bill." He was found dead on the sidewalk in front of a Brooklyn police station Thursday, the usual number of bullets in his body.

The police conclude that gangsters were among those whom the gambler had swindled. He will swindle no more. The police are looking for "Bill".

OUR GOVERNMENT announces the lowest wheat crop in 43 years, also the lowest oats, barley, rye and flax crops in 30 years, the same for corn, except for 1930.

Once such crop failure would have been called a calamity. Under the New Era, it is presumably a blessing. It certainly should increase the prices of grain, which will please the farmers that have any, and the speculators that are "long".

THE PLAN to put all industry under control of labor union officials meets resistance. The third biggest steel company in America, the Republic, after working with the American Federation of Labor for more than twenty years, refuses to renew contracts with the Amalgamated Association of Iron, Steel and Tin Workers, and will run an open shop.

The Republic says its action is based on "the danger that the management of the Amalgamated will pass into the hands of the radical element."

At Warren, O., plants of the Republic company, normally employing 5,000 men, are closed due to lack of orders. The company blames its idleness "on the labor situation".

MAHATMA GANDHI is learning that you cannot easily remain a prophet in your own country. Since he has taken up the cause of the unhappy "untouchables," lowest caste in the Indian population, those of higher caste look upon him as our "best minds" look on "Reds and Socialists."

The Mahatma's supporters inflicted serious injuries on a certain orthodox Hindu leader, Pundit Lal Nath, an enemy of Gandhi.

Insteading of giving three rousing cheers, and telling the Pundit, "I wish they had broken your neck," as a rugged westerner might do, Gandhi will fast for an entire week, "to expiate injuries inflicted on an enemy."

If you try to understand the Asiatic mind, you will fail.

The British don't try to understand him; they boss him.

REPUBLICAN SENATORS object because the new chairman, Mr. Fletcher, of the Republican National Committee, attacks the New Deal. They are afraid the popularity of the New Deal may defeat the big Republicans that attack it.

Mr. Fletcher may truthfully tell these gentlemen that you can't defeat an administration by calling it perfect.

Perhaps the wise Republicans really don't expect to defeat the administration, and are merely "going through the motions."

HAS BIGGEST FAMILY WITH 120 OFFSPRINGS

(International News Service)

LONDON, July 13.—Head of the biggest family in England is the claim of Fred Henden of Wimbledon, who has 120 children, grandchildren and great-grandchildren.

Henden's family is so big that he doesn't know them all. There are a few that he has never seen.

Henden, who is 74, was one of 17 children, but his wife was an only child.

One of his daughters has had 15 children, while altogether he is grandfather to 90 children.

"There's nothing wrong with having a big family. The bigger the better," said Henden.

DOG OBTAINS AID FOR INJURED MASTER

TORRINGTON, Wyo., July 13.—Dick Mosier of Torrington, was painting a barn on the Ralph Koestner ranch when he fell from a scaffold, fracturing a hip and leg.

There was nobdy home but Koestner's police dog. Mosier scribbled a note describing his plight, placed it in the animal's mouth and said: "Find Tex Hamilton."

The dog ran to Hamilton, plowing a field a mile away and dropped the note.

Kirk, chairman of the pageant committee for Old Timers Day, stated that a number more representatives of pioneer New Castle and Lawrence County families have signified their intention of appearing in costumes of the earlier days in the great pageant and Grand March on Old Timers Day, Thursday, August 16.

This event is expected to be one of the finest that has ever been seen along this line, and will bring to light many beautiful old dresses and suits which were worn by the pioneer residents of the county, years ago.

If there are others who wish to enter the pageant and display dresses or suits worn by pioneer county residents, they are asked to communicate with Mrs. C. J. Kirk, chairman of the pageant committee, Phone 586.

The latest names which have been submitted to the committee, are:

Mr. and Mrs. Clarence Fisher, representing the Woodworth family; Mr. and Mrs. Fred L. Rentz, representing the Long family; Mr. and Mrs. Frank Butler, representing the Cooper family; Miss Rebecca Brown, the Dr. J. Audley Brown family; George Cooper, Capt. Cooper family; Mrs. Carmi Glover, Williams family; and Mrs. Olive Green Pyle, the Green family.

Beaver-Mahoning Canal Work Urged

YOUNGSTOWN, O., July 13—A direct appeal to Secretary Ickes, in charge of PWA for an allocation of funds to begin the construction of the Beaver-Mahoning waterway was made today by the Youngstown Chamber of Commerce.

The waterway has been recommended for immediate construction by the United States Army board of engineers and has the approval of the rivers and harbors committee of Congress.

HELD UNDER BAIL

MERCER, July 13.—Thomas R. Tarn of 407 Beverely Road, Mt. Lebanon, Pittsburgh, was arraigned before justice of the peace Thomas McClain, Jr., of Mercer and was held on a charge of involuntary manslaughter, and was released under $1,000 bail. He was the driver of the car that crashed in to a party of Franklin people on Monday causing the death of Orrin H. Graham, well known newspaper man and editor of the Franklin Herald. Orrin died in the Greenville hospital following the accident.

Tarn was not seriously injured and was arrested following his release from the hospital. The hearing held and bail set was just to insure the presence of Tarn at the inquest.

God Cares For Elijah

"Brass Tacks" On The Sunday School Lesson

The Golden Text

Matt. 6:32—"Your heavenly Father knoweth that ye have need of all these things."

By DR. ALVIN E. BELL

(The International Uniform Lesson on the above topic for July 15 is I Text being Matt. 6:32 "Your heavenly Father knoweth that ye have need of all these things.")

God never allows a crisis to arise in the affairs of men but he has a man prepared to meet that crisis and lead his people through it. Witness Moses, Isaiah, Paul, Luther, Washington, Lincoln.

Elijah was such a man of God raised up to meet the crisis created by the exceeding wickedness of King Ahab and his unspeakable Queen Jezebel. In judgement upon that wickedness Elijah courageously announced to Ahab: "As the Lord God of Israel liveth, before whom I stand there shall not be dew nor rain these years, but according to my word." Following this bold announcement God sent his prophet into retirement at the brook Cherith which means "Separation." This is suggestive of his purpose in this retreat which is to prepare Elijah for his ministry. It reminds us of Moses's forty years in the desert, of Jesus' forty years in the wilderness and of Paul's three years in Arabia. God takes time to prepare for service. Such spiritual retreats are the secret of spiritual advance. It pays to 'take time to be holy."

Bread From Heaven

During his stay at the brook Cherith Elijah was fed with "bread from heaven" brought to him morning and evening by the ravens. When ordered of God to leave Cherith and go to Zarephath and find lodging at the home of a poor widow, herself impoverished by the famine, God as marvelously cared for him again with "bread from heaven' for both himself and the widow's household. His promise to her was "Thus saith the Lord, the God of Israel, The barrel of meal shall not waste, neither shall the cruse of oil fail until the day that the Lord sendeth rain upon the earth." This promise God marvelously kept. "The barrel of meal wasted not, neither did the cruse of oil fail, according to the word of the Lord."

Bread For the Discouraged

God as marvelously cared for Elijah in his spectacular conflict with the eight hundred and fifty false prophets, sending fire from heaven in answer to Elijah's prayer upon Mt. Carmel. It was another display of Elijah's fiery zeal and courage and at the close of the conflict he led in purging the land of their corrupting influence.

When as a result of Jezebel's wrath at the destruction of her priests Elijah fled for his life and hid himself under the juniper tree he showed that after all God's greatest men are but human and subject to their own infirmities. But even here God is very patient and considerate. "For he knoweth our frame" he remembereth that we are dust." So he sent hi: angel to strengthen his despondent prophet. To do so he begins on the level of his physical needs and rises to his higher spiritual needs. Elijah is awakened to a meal prepared for him: "And he looked and behold, there was at his head a cake baken on the coals and a cruse of water. And he did eat and drink and laid him down again. And the angel o. the Lord came again the second time and touched him, and said, Arise and eat: because the journey is too great for thee. And he arose, and did eat and drink and went in the strength of that meat forty days and forty nights unto Horeb the mount of God."

FAMOUS LOG CABIN POSTOFFICE CLOSED

(International News Service)

NOTCH, Mo., July 13.—"Uncle Ike's" postoffice, a quaint log cabin made famous by Harold Bell Wright in his Shepard of the Hills stories, is closed and folk through this Ozarks hill country are getting their mail through the rural carrier.

The flame seared walls of the little cabin give mute evidence of the tragedy that caused its closing. It's builder, and for the past two years postmistress, Mrs. Lily Fullerton, was burned to death when an oil lamp overturned and ignited her clothing.

On Court House Hill

Gladys B. Scheidemantel of Ellwood City has been granted a commission as Notary public, the commission being recorded yesterday at the register and recorder's office.

Judges Hildebrand and Chambers will hold a session of court on next Monday on which date a number of rules issued have been made returnable. Pleas will also be taken from any prisoners in the county jail who do not desire to stand trial.

County Treasurer William O. Pitts collected $5,788.02 on Wednesday. The money was distributed as follows: County $4,262.99; state $550.77; poor $974.26. Only a little over two weeks now remain during which a five percent discount can be secured on county taxes. August 1, taxes are payable at face.

While rummaging around among some old papers belonging to the late Col. Oscar L. Jackson, yesterday, Attorney Charles R. Davis ran across a money order issued in 1911 which has never been cashed. It was for $2 and had been sent by a man in Los Angeles, Cal. Attorney Davis was associated with Col. Jackson in the law business when the latter's office was in a building where the Union Trust Company building now stands.

Sheriff Edward D. Pritchard received a letter yesterday from Arthur Nicholson of Reading, Pa., in which Mr. Nicholson asked for information as to apparatus used by Sheriff Pritchard in the extermination of bedbugs and cockroaches in the county jail.

Mr. Nicholson said he had read about the sheriff's operations in the New Castle News, but had mislaid the News containing the account and did not remember what apparatus was used. Sheriff Pritchard sent him the desired information. Incidentally it may be mentioned that Sheriff Pritchard has completely rid the county jail of vermin, much to the satisfaction of the prisoners.

Quite a number of New Castle and Lawrence County boys who have been located in other cities are joining the army and the navy according to Parole Officer Jack M. Dunlap. Before joining applicants must furnish references from their home town. The names are sent to the court here to check up on the applicants and Dunlap has been doing the checking. On one day he received the names of three applicants. There has been a noticeable increase in the number who wish to join the army or navy during the past three or four months.

The Fort Pitt Brewing Company has filed a suit at the prothonotary's office against Theodore Kirtsu, trading as the Standard Bottling Company in which it is sought to collect an alleged balance of $306.50. The statement of claim shows that beverages to the amount of $3,188.65 have been sold to the Standard Bottling Company, and that payments of $2,882.15 have been made, leaving a balance for which suit is brought.

Attorney Ed. Logan says a weary looking man came into his office the other day and wanted to take steps to get a divorce from his better half.

"Haven't your relations been pleasant?" asked Logan. And the sad looking man replied "Mine are but hers are not."

GOLDEN WEDDING ESTABLISHES RECORD

HATTINGER, Germany, July 13.—A record for something or other was established here when Herr and Frau Hansberg celebrated their golden wedding anniversary.

He is 78 years old and his wife 57.

Four of his brothers and one sister, whose combined ages are 441 years, were among the guests.

The farm on which the elderly couple lives has been in possession of the Hansbergs since 1496.

The chestnut tree under which the guests gathered for the ceremony is estimated to have been old when the farm came into possession of the first of the Hansbergs.

ESCAPE INJURY AS CAR FALLS 2,000 FEET

LIVINGSTON, Mont., July 13.—An automobile in which three boys were riding plunged 2,000 feet into Yellowstone canyon and the boys—unscratched—lived to tell the story here the next day.

The three were Roy Flagner, Lynn Christiansen and Charles Darling, all of Idaho Falls, Idaho. Flagner, who was driving, described how his foot slipped off the brake pedal to the accelerator, sending the car hurtling from the road.

As the car rolled fifteen feet, Flagner managed to open the door, extricate himself and grasp a ledge, to which he clung until rescued. The other boys jumped from the car just as it plunged over the canyon wall.

Sermons were a popular form of reading in the 18th century.

PREVENT INJURY IN POTATO CULTIVATION

Many growers do serious injury to their potatoes by cultivating too deep and too close. After the vines have made a foot or more of growth it is always wise when starting the cultivator to draw the loose soil away behind the shovel next to the row to see how many roots are being torn off. All root pruning is injurious. Fields worked too vigorously may wilt in hot weather and some of the discoloration at the stem end of the tubers may be due to the shock of deep, late working, combined with heat and drought.

Throwing some soil to the plants at the last two cultivations has decided advantages, such as smothering grass and weeds, preventing sunburned tubers and facilitating digging. The ridge so formed should be broad and low instead of the high narrow ridge sometimes made. The latter is almost sure to reduce yields through pruned roots and wasted moisture.

A good rig for the last cultivation is a five-shovel, one-horse cultivator with a wheel in front and a v-shaped sweep behind. The depth is thus accurately regulated and the sweep cuts off all weeds which escape the shovels and leaves the middles loose and level. The outside shovels may be of the broad, diagonal type, which throw dirt toward the row, but run very shallow next to it. Some careful growers add vine lifters of 1-4 or 3-8 inch tind iron bent so as to left the vines up and over the cultivator frame.

As soon as the vines cover the ground, there is little to be gained and considerable risk in further cultivation. As long as the surface is loose and there are no weeds which may be killed the cultivator may as well stay at the barn.

IS IT BENEFICIAL TO SUCKER SWEET CORN

There is a divided opinion among sweet corn growers in regard to the value of suckering.

Experiments conducted through a series of years shows that there is practically no difference between suckered and unsuckered rows.

Some varieties have a tendency to send forth more suckers than others in which case they should be given more space to develop properly.

It costs from three to six dollars to sucker an acre of sweet corn, and since suckers should be removed while small so as not to dislodge the main stalk, a second crop often develops which makes it doubly expensive.

During dry periods suckers are a hinderance and tend to reduce the yield, while during good growing conditions suckers increase the yield. Therefore, during a series of years there is very little if any difference. Most growers do not sucker sweet corn.

COTTONSEED MEAL IS SAFE DAIRY FEED

There has been considerable speculation in the minds of a great many dairymen as to whether cottonseed meal was a safe feed for dairy cattle.

The Oklahoma Experiment Station has recently completed a test on the feeding of cottonseed meal as the only grain concentrate together with prairie hay as the only roughage. Both were fed in dry lot so that no green feed was included.

Thirty-eight lactations have been completed by 20 Jersey cows fed the cottonseed meal and prairie hay. The average yield of 4 per cent fat corrected milk for 20 first lactation periods was 5,713 pounds in 318 days. During the second lactation period, 10 cows in 307 days produced 6,076 pounds of milk. On the average 10.6 pounds of cottonseed meal and 13 pounds of prairie hay were consumed daily per cow during the first lactation; 10 pounds of cottonseed meal, and 14.1 pounds of prairie hay daily during the second lactation; and 10.8 pounds of cottonseed meal and 14.6 pounds of prairie hay during the third lactation. One cow in the group consumed on the average around 15 pounds of cottonseed meal daily. Milk production proceeded in a normal manner. The results indicate that excessive amounts of cottonseed meal even when fed in restricted rations did not affect milk production. Also there were no signs of cottonseed meal poisoning, no breeding difficulties, and no udder troubles traceable to the ration.

From these results Pennsylvania dairymen may conclude that they will not get into trouble by using cottonseed meal in limited quantities as they have been doing. It is not recommended to use rations limited to cottonseed meal as was done in this test, nor is it recommended to feed cottonseed meal in large amounts but where used in limited amounts and in combination with other protein feeds a dairyman may feel assured that he will have no trouble even with high producing cows. In most communities cottonseed meal is usually one of the cheapest sources of protein and can be included in the milking ration with economy and safety.

FOOT COMFORT DEPENDS UPON SHOES THAT FIT

Are your feet comfortable these hot summer days? asks Miss Eleanor Drury, home economics extension representative.

No article of clothing is more important to one's comfort, but, as a rule, thought given to the selections of shoes and hose relates to their fashion points. The smartest shoe, may, if not properly fitted, give its wearer a worn, irritated expression and an awkward posture totally out of harmony with the effect she wishes to attain.

People with sensitive, tender feet should avoid patent leather and heavy calf skin shoes, unless they are made with perforations so much in vogue. Broad heels of moderate width are most comfortable for prolonged standing or walking, and for sight-seeinng trips nothing else should be considered. Run-over heels must be kept in constant repair, both to insure comfort and to improve appearance, Miss Drury explains.

Most foot difficulties can be traced to ill-fitting shoes. When buying shoes have the feet measured; do not depend upon size numbers unless you always purchase the same kind of shoe and the same last. Both hose and shoes should be long enough for comfort in walking. Shoe trees placed in shoes when not in use will keep them in shape longer. Hose should be washed after each wearing.

"NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

Four Year Old Lad Has A Merry Time

(International News Service)

FRANKLIN, Pa., July 13.—A tattered lad of 4, whose name is on the police docket merely as "Jack", probably will remember his ten hours in police custody for the rest of his life—and with pleasure.

Clad only in a suit of worn overalls and with a pair of frayed tennis shoes on his feet, the tot was found wandering about the business district, apparently "lost".

Then followed a tour of the city for hours in the police car, purchase of new overalls and a suit, a haircut and bath, and a final police supper with all the trimmings.

But before night his sister called for him—and the day's fun ended.

Mahoning Grange

TO CLEAN UP GROUNDS

"Repair and Clean-up Day" for the Mahoning Valley grange comes on Wednesday afternoon, July 18, with an evening supper at the hall scheduled as the climax. The supper will be in the form of a picnic outing.

Plans for the day were made when the grange met this week with Master Harold Hoye presiding.

Each chairman is to select his own help. The following have been named to head committees: Executive committee chairman, Ralph Allison, repairing windows; Mrs. Bertha Martin, window cleaning; Fred Knoll, lawn mowing; L. O. Cover, flowers and shrubs arrangement; Mack Baird, painting of entrance; Mrs. Charles Robinson, blinds cleaned and repaired; Harry Whiting, coal house; William Aepelli, Trussels; Mrs. Belle Simon, cupboards and dishes.

The following program was enjoyed at the meeting this week with Miss Murl Simons in charge:

Song, "As We Go Forth to Labor"—grange.

Talk, "Industrial Use of Farm Products"—Mac B. Houk.

Piano duet—Mary Theresa and Catherine Byler.

Playlet—Alice and Frank Kelso.

Song, "Blest Be the Tie That Binds"—grange.

The future of agriculture was discussed by members.

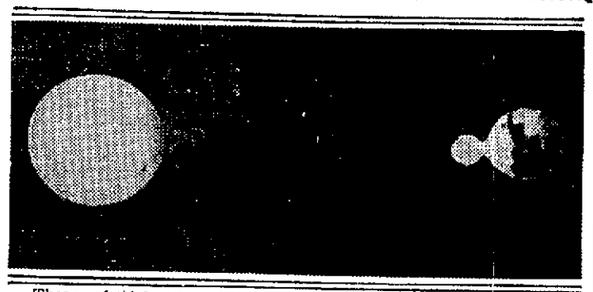

Mrs. Belle Simon and Mrs. Julia Byler are on the grange sick list.

Several former German newspaper editors have founded German papers outside the borders. One, the Vorwarts, printed in Prague, the capital of Czechoslovakia, claims to have a large secret circulation in Germany.

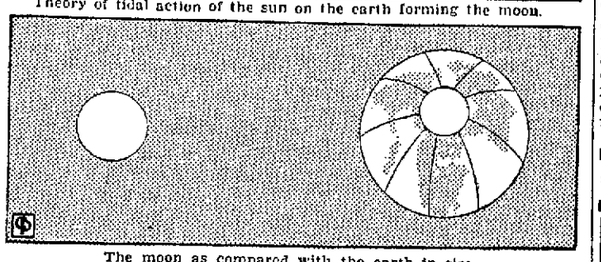

SCIENCE SIMPLIFIED

How The Moon Was Born

Tidal Theory Now Generally Accepted

Theory of tidal action of the sun on the earth forming the moon.

The moon as compared with the earth in size.

By RICHARD BAYLIS
Central Press Science Writer

Many theories have been advanced as to the probable origin of the moon, but of them all perhaps none is as tenable as that of the tidal theory, originally advanced by Sir James Jeans, noted British physicist and astronomer, which now is generally accepted.

In the early days of the earth when that body still was in a gaseous or semi-liquid state, the earth's orbit around the sun was probably a great deal more irregular than it is at present. Science has shown that the older a planet becomes the more nearly circular its orbit. So that soon after the earth was born, in a similar process which will be discussed later, it was probably describing an irregular eclipse about the parent body, at some point of which it passed very close to the sun.

Sun's Tidal Effect

Now just as the moon raises tides on our oceans, by reason of its "pull" on the waters of the earth, so the sun exerted tremendous tides on the little earth when that body passed near on its irregular orbit. So great were the tides on the surface matter of the earth that great masses of the still gaseous or liquid material were pulled out, which condensing, formed the satellite. The satellite, the moon, captured by the earth's gravitational force has accompanied us on our annual journey around the sun ever since.

While at first the moon rotated on its axis probably as rapidly as did the earth, the tidal effect of the earth on the body of the moon has so slowed that rotation down that the moon always presents the same face to us. Conversely the tidal effect of the moon on the waters of the earth are acting as a brake on the earth's rotation, so that some day, in the dim and distant future, the rotation of the two bodies will be equilized.

BRITISH 1738 COIN FOUND IN GARDEN

(International News Service)

WRIGHTSVILLE, Pa., July 13—A British coin, dated 1738 and still in an excellent state of preservation was found by William Holtzinger while digging in his garden.

The coin bears the likeness of King George II of England on one side and on the other is molded a "court lady" with the inscription, "Britan Nia 1738."

Baby Twins Ride Pick-A-Back On Hiking Parents

(International News Service)

SAN FRANCISCO. — Not even seven months' old twins can prevent Mr. and Mrs. Calvin Stark of this city from indulging in their favorite week-end pastime of hiking.

Cloudbursts, lumbago, rain, closed trails, nothing can hamper the designs of an inveterate hiker and Mr. and Mrs. Stark are inveterates plus.

The twins "hitch-hike" while ma and pa trek the trails in the woodlands of the hinterland.

Nor do the twins have to wag their thumbs to gain a ride.

The Starks ingeniously devised a "pick-a-back" system of their own. They took a couple of detachable children's automobile seats, replaced the iron hooks with canvas straps and attach them to the back of either parent. In these comfortable palanquins, the twins ride over the country lanes and survey the terrain.

In all, what with food and milk bottles and the whatnots of infancy, the parents tote a 40-pound load on their backs. Paul and Pauline, because of their early fondness for "hitch-hiking" have already been initiated into the California Alpine club which presented them with tiny horns to attach to their spinal-rumble seats.

Policemen Not Good Cow-Punchers

(International News Service)

TARENTUM, Pa., July 13.—The police force of this community is on the lookout for a good course in applied cowpunching.

When an emergency came up on a recent Sunday morning, it found the local force entirely unprepared and unable to cope with a situation demanding their handling of a herd of cows.

The slow-moving animals, liberated by a jokester from their home pastures, came into town and remained there—in spite of the best efforts of the policemen.

To save the day, the owner of the cows finally put in an appearance and led his flock homeward. Much to the relief of the harrassed policemen.

Eight-Year-Old Made Policeman

(International News Service)

PITTSBURGH, July 13.—For Thomas Lee Cavett, Jr., a dream came true when he was made a "real" policeman—an active member of the Pittsburgh force—at the age of 8.

His father unemployed for the past two years and the family on relief, the young scion of the Cavett family decided to do something about the situation. Naval recruiting station attaches, to whom he went for advice, suggested that his "best bet" would be to become a policeman.

Tommy haunted the Pittsburgh North Side station until Inspector Walter V. Kaiser "swore him in." The lad was outfitted in uniform, cap, mace, and badge No. 711.

The vicinity of West Park, Tommy's "beat," is said to be singularly free from crime, although the young officer does admit that he spends some time showing off his uniform "to the girls."

Tugwell isn't the first. Many a man has been made great by opposition.

CAN 4,000,000 Jam Makers BE WRONG?

4,000,000 women are making all their jams these days with Certo—the time-saving, money-saving aid for jam and jelly making—Why not try it now?

WHAT a thrill to have your cupboard groaning with delicious jams and jellies! Blackberry, peach, apricot, raspberry . . . all so easy to make with Certo!

Why not get your berries, fruits, sugar and Certo now? Then use the prize-winning recipes you get with every bottle of Certo to put up a good supply of the most wonderful jam and jelly you ever tasted!

Most of the State Fair Champions throughout the country use this marvelous aid to jam and jelly making to win their prizes!

They would tell you what Certo does! . . . How you can expect half again more glasses from the same amount of fruit . . . How you can finish your jam or jelly in one third the usual time . . . And how you get a marvelous *extra* flavor—the full flavor of the fresh, ripe fruit itself!

With Certo you boil jams or jellies only a few minutes. The fruit juice does not boil away—you never get that "boiled-down" taste that comes with long, tedious boiling. You save lots of time and trouble, too.

Certo—the pure fruit pectin—is sold by all grocers. It is a product of General Foods.

HOW TO MAKE THE BEST BLACKBERRY JAM

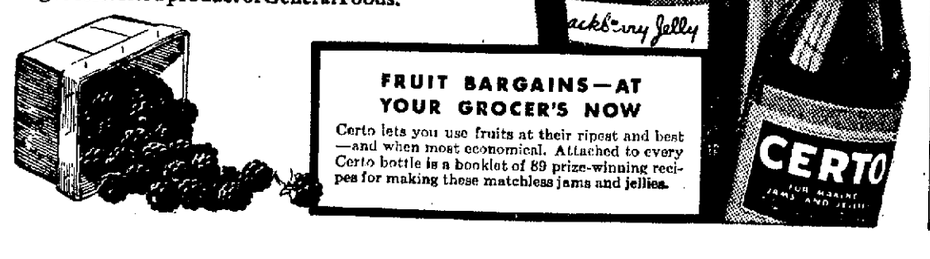

4 cups (2 lbs.) prepared fruit
7 cups (3 lbs.) sugar
½ bottle Certo

To prepare fruit, grind about 2 quarts fully ripe berries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a *full rolling boil* over hottest fire. Stir constantly before and while boiling. Boil hard 2 minutes. Remove from fire and stir in Certo. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses.

Note: This product may take a week or more to reach an ideal set.

JOHNSON'S ATTACK ON HITLER METHODS DISTURBS U. S. STATE DEPARTMENT

(International News Service)

WASHINGTON, July 13.—The state department today was all for putting a permanent muzzle on army and navy officers, retired or otherwise, whose personal feelings move them to comment on international affairs.

General Hugh S. Johnson's attack on the methods adopted by Chancellor Adolf Hitler of Germany to "purge" the Nazi party was the latest cause for perturbation at the department.

Coming at a moment when the state department was seeking by verbal persuasion to induce the German government to refrain from discrimination against American bondholders, Johnson's remarks at Waterloo, Iowa, likening Hitler's "purging" methods to the activities of Mexican bandits or half drunk savages, were deplored in no uncertain terms.

Officials feared it might create an incident similar to that which arose in 1931 when the state department was obliged to make a formal apology to the Italian government for disparaging remarks against Premier Mussolini made by Maj. Gen. Smedley Butler, stormy petrel of the Marine Corps.

General Butler was reprimanded by the navy department but no further action was taken against him.

Johnson is not on active service in the army but as a high ranking official of the government, the state department feels he should have consulted it before engaging in critical remarks about a foreign government, especially when the relations with Germany already are on a delicate plane.

Rail Problems Being Discussed

Behind Closed Doors, Railway Executives Discuss Important Problems

FOUR TOPICS BROUGHT UP

(International News Service)

ATLANTIC CITY, N. J., July 13.—In an executive session behind closed doors the association of railway executives met today to discuss the problems confronting the railroads as a result of that NRA, the new railroad pension law signed by President Roosevelt and the changes in the railway labor act.

R. H. Aighton, president of the association presided.

Four major topics slated for discussion were: A proposal to ask a 10 percent rate increase; possibility of government relief to railroads because of bus competition; probable effects of the pension law; and the effect on railroad finances of the compulsory arbitration feature of the new railroad labor board.

A petition asking permission of the Interstate Commerce commission for a 10 per cent increase in freight rates already has been drawn up and will be considered at today's session.

McGrew Resigns From Committee

Manager Of HOLC In Lawrence County Quits State Committee

Following the precedent set by leaders in the Democrat party who wish to divorce official party service from governmental service, Don F. McGrew, manager of the Home Owners Loan corporation has resigned as state committee man from Lawrence county for the Democratic party.

Mr. McGrew's action follows similar action by Nellie Tayloe Ross of Wyoming, director of the U. S. mint, Warren Van Dyke, collector of the Port of Philadelphia, State Chairman David Lawrence and others. Mr. McGrew was elected state committeeman before he was named as manager of the HOLC here.

"While the work of one would have no bearing on the other, I feel that it would be better for me to resign as state committeeman" said Mr. McGrew today.

His successor will be chosen by the county committee. William R. Hanna, county chairman said he had no official notice of McGrew's resignation as yet| "When I get it I will call a meeting of the county committee for the purpose of selecting his successor" said he.

City Solicitors To Meet At Harrisburg

Solicitors of third class cities will meet at Harrisburg, July 20, for the purpose of studying the proposed ownership of utilities and will also arrange recommendations for legislation in reference to public service companies, according to a letter received and read in council by Solicitor White today. The letter was from Attorney Walter Greenwood, Chester, chairman of the law committee of cities of the third class.

Secretary Of Pennsylvania Automotive Association Here Next Week

Claude Klugh, secretary of the Pennsylvania Automotive Association, with which the Lawrence County Automotive Dealers Association is affiliated, will be the principal speaker at a dinner meeting of the local association to be held Wednesday, July 18, in the Elks Club.

Dinner will be served at 6 o'clock, followed by the business session, when Mr. Klugh will speak. He will have an interesting message for the local dealers and an effort is being made to secure a large attendance for the meeting.

City To Pay For Amiesite Tests

Council today voted authority to City Engineer Hoskins to have tests of amiesite being laid here examined. He can have the tests made at his discretion. The city will pay for the tests.

The company from which the material has been bought said tests were being made by their attaches and also the state highway department and they felt they should not be asked to bear the cost of the examinations.

Hoskins suggested the city make the tests for "future protection" and upon motion of Safety Director Davies the city will have the tests made at the city's expense, which will cost $5.00, each test.

Surplus Gas To Be Bought

Eight Thousand Barrels To Be Purchased Under New Plan

(International News Service)

WASHINGTON, July 13.—Contracts for purchase of 8,000 barrels of surplus gasoline in east Texas, were approved today by Secretary of Interior Ickes as part of the general plan recently adopted with the cooperation of refiners, to balance crude oil and gasoline supplies with needs.

Under this plan major refiners will purchase at intervals, specified quantities of surplus gasoline which will be charged up to regular inventories but will act to remove this quantity from the surplus stocks piled up as a result largely of east Texas operators defiance of oil regulations.

With contracts recently announced, those approved today make a total of 20,200 barrels purchased to date. Other contracts are awaiting action. The average price paid was 3.5 cents a gallon. Companies making the purchases include:

Sinclair Refining Co., Tidewater Oil Co., Shell Petroleum Co., Gulf Refining Co., The Texas Company, Humble Oil Refining Co.,

Accident Results In Suit For Damage

Miller Seeks $201.86 Because Of Auto Accident At Moody And Highland

William Miller has filed a suit at the prothonotary's office against Mrs. Grace P. Johnson to recover $201.86 damages to an automobile which collided with a car driven by Hugh Davis, chauffeur for Mrs. Johnson, Miller says that he was coming south on Highland avenue. Davis is alleged to have been following a street car north, and to have turned left into Moody avenue, in the path of the Miller car. Miller says that when the turn was made he was almost to the intersection, and could not stop his car in time to avoid a collision. He alleges carelessness on the part of the chauffeur. Miller says it cost him $101.86 to repair his car and that its value was depreciated $100.

City Can Pay, Solicitor Says

Solicitor Robert White today informed city council that providing $97.62 worth of materials purchased from Kirk, Hutton company was bought by the CWA and used for city purposes the city could morally pay the bill when it was presented today.

The material was bought between November and January and was ordered it is said by the CWA.

CWA officials will be asked to state who purchased the materials, where it was used and if any was left, according to council after which the bill will again come before city council.

Hubby In Jail; Could She Marry Another One?

(International News Service)

WASHINGTON, July 13— The voice was that of a woman, a young woman, and it was soft, sincere and appealing.

It was obvious her question gave her great concern.

She asked the U. S. District Attorney's office "if it would be legal for her to take a second husband until her first husband gets back."

"Where is your husband?"

"He is serving a three year jail sentence," the woman replied.

She was told she would be guilty of bigamy if she made the "temporary" marriage.

JOHNSON'S ATTACK ON HITLER METHODS DISTURBS U. S. STATE DEPARTMENT

(International News Service)

WASHINGTON, July 13.—The state department today was all for putting a permanent muzzle on army and navy officers, retired or otherwise, whose personal feelings move them to comment on international affairs.

General Hugh S. Johnson's attack on the methods adopted by Chancellor Adolf Hitler of Germany to "purge" the Nazi party was the latest cause for perturbation at the department.

Coming at a moment when the state department was seeking by verbal persuasion to induce the German government to refrain from discrimination against American bondholders, Johnson's remarks at Waterloo, Iowa, likening Hitler's "purging" methods to the activities of Mexican bandits or half drunk savages, were deplored in no uncertain terms.

Officials feared it might create an incident similar to that which arose in 1931 when the state department was obliged to make a formal apology to the Italian government for disparaging remarks against Premier Mussolini made by Maj. Gen. Smedley Butler, stormy petrel of the Marine Corps.

General Butler was reprimanded by the navy department but no further action was taken against him.

Johnson is not on active service in the army but as a high ranking official of the government, the state department feels he should have consulted it before engaging in critical remarks about a foreign government, especially when the relations with Germany already are on a delicate plane.

Safety First!

(International News Service)

Safety notice for today:
Don't walk under ladders;
Allow no black cats to cross your path;
Be sure and keep all mirrors intact;
Check to see that you have your rabbit's foot and horseshoe nearby.
If you haven't already guessed the "why of this warning close one eye, stand on your right foot, and slowly swing your body around until the open eye views a calendar.
Look for the number "13" on the sheet marked "July."
If that doesn't explain, here it why;
Today is Friday, the thirteenth.

Rail Problems Being Discussed

Behind Closed Doors, Railway Executives Discuss Important Problems

FOUR TOPICS BROUGHT UP

(International News Service)

ATLANTIC CITY, N. J., July 13.—In an executive session behind closed doors the association of railway executives met today to discuss the problems confronting the railroads as a result of that NRA, the new railroad pension law signed by President Roosevelt and the changes in the railway labor act.

R. H. Aighton, president of the association presided.

Four major topics slated for discussion were: A proposal to ask a 10 percent rate increase; possibility of government relief to railroads because of bus competition; probable effects of the pension law; and the effect on railroad finances of the compulsory arbitration feature of the new railroad labor board.

A petition asking permission of the Interstate Commerce commission for a 10 per cent increase in freight rates already has been drawn up and will be considered at today's session.

McGrew Resigns From Committee

Manager Of HOLC In Lawrence County Quits State Committee

Following the precedent set by leaders in the Democrat party who wish to divorce official party service from governmental service, Don F. McGrew, manager of the Home Owners Loan corporation has resigned as state committee man from Lawrence county for the Democratic party.

Mr. McGrew's action follows similar action by Nellie Tayloe Ross of Wyoming, director of the U. S. mint, Warren Van Dyke, collector of the Port of Philadelphia, State Chairman David Lawrence and others. Mr. McGrew was elected state committeeman before he was named as manager of the HOLC here.

"While the work of one would have no bearing on the other, I feel that it would be better for me to resign as state committeeman" said Mr. McGrew today.

His successor will be chosen by the county committee. William R. Hanna, county chairman said he had no official notice of McGrew's resignation as yet| "When I get it I will call a meeting of the county committee for the purpose of selecting his successor" said he.

City Solicitors To Meet At Harrisburg

Solicitors of third class cities will meet at Harrisburg, July 20, for the purpose of studying the proposed ownership of utilities and will also arrange recommendations for legislation in reference to public service companies, according to a letter received and read in council by Solicitor White today. The letter was from Attorney Walter Greenwood, Chester, chairman of the law committee of cities of the third class.

Dinner will be served at 6 o'clock, followed by the business session, when Mr. Klugh will speak. He will have an interesting message for the local dealers and an effort is being made to secure a large attendance for the meeting.

City To Pay For Amiesite Tests

Council today voted authority to City Engineer Hoskins to have tests of amiesite being laid here examined. He can have the tests made at his discretion. The city will pay for the tests.

The company from which the material has been bought said tests were being made by their attaches and also the state highway department and they felt they should not be asked to bear the cost of the examinations.

Hoskins suggested the city make the tests for "future protection" and upon motion of Safety Director Davies the city will have the tests made at the city's expense, which will cost $5.00, each test.

Young Boy Runs Against Automobile

Surplus Gas To Be Bought

Eight Thousand Barrels To Be Purchased Under New Plan

(International News Service)

WASHINGTON, July 13.—Contracts for purchase of 8,000 barrels of surplus gasoline in east Texas, were approved today by Secretary of Interior Ickes as part of the general plan recently adopted with the cooperation of refiners, to balance crude oil and gasoline supplies with needs.

Under this plan major refiners will purchase at intervals, specified quantities of surplus gasoline which will be charged up to regular inventories but will act to remove this quantity from the surplus stocks piled up as a result largely of east Texas operators defiance of oil regulations.

With contracts recently announced, those approved today make a total of 20,200 barrels purchased to date. Other contracts are awaiting action. The average price paid was 3.5 cents a gallon. Companies making the purchases include:

Sinclair Refining Co., Tidewater Oil Co., Shell Petroleum Co., Gulf Refining Co., The Texas Company, Humble Oil Refining Co.

Accident Results In Suit For Damage

Miller Seeks $201.86 Because Of Auto Accident At Moody And Highland

William Miller has filed a suit at the prothonotary's office against Mrs. Grace P. Johnson to recover $201.86 damages to an automobile which collided with a car driven by Hugh Davis, chauffeur for Mrs. Johnson, Miller says that he was coming south on Highland avenue. Davis is alleged to have been following a street car north, and to have turned left into Moody avenue, in the path of the Miller car. Miller says that when the turn was made he was almost to the intersection, and could not stop his car in time to avoid a collision. He alleges carelessness on the part of the chauffeur. Miller says it cost him $101.86 to repair his car and that its value was depreciated $100.

City Can Pay, Solicitor Says

Solicitor Robert White today informed city council that providing $97.62 worth of materials purchased from Kirk, Hutton company was bought by the CWA and used for city purposes the city could morally pay the bill when it was presented today.

The material was bought between November and January and was ordered it is said by the CWA.

CWA officials will be asked to state who purchased the materials, where it was used and if any was left, according to council after which the bill will again come before city council.

Hubby In Jail; Could She Marry Another One?

(International News Service)

WASHINGTON, July 13— The voice was that of a woman, a young woman, and it was soft, sincere and appealing.

It was obvious her question gave her great concern.

She asked the U. S District Attorney's office "if it would be legal for her to take a second husband until her first husband gets back."

"Where is your husband?"

"He is serving a three year jail sentence," the woman replied.

She was told she would be guilty of bigamy if she made the "temporary" marriage.

HELD UNDER BAIL

MERCER, July 13.—Thomas R. Tarn of 407 Beverely Road, Mt. Lebanon, Pittsburgh, was arraigned before justice of the peace Thomas McClain, Jr., of Mercer and was held on a charge of involuntary manslaughter, and was released under $1,000 bail. He was the driver of the car that crashed in to a party of Franklin people on Monday causing the death of Orrin H. Graham, well known newspaper man and editor of the Franklin Herald. Orrin died in the Greenville hospital following the accident.

Tarn was not seriously injured and was arrested following his release from the hospital. The hearing held and bail set was just to insure the presence of Tarn at the inquest.

The word "electricity" is derived from "elecktron," the Greek word for amber.

God Cares For Elijah

"Brass Tacks" On The Sunday School Lesson

The Golden Text

Matt. 6:32—"Your heavenly Father knoweth that ye have need of all these things."

By DR. ALVIN E. BELL

(The International Uniform Lesson on the above topic for July 15 is I Text being Matt. 6:32 "Your heavenly Father knoweth that ye have need of all these things.")

God never allows a crisis to arise in the affairs of men but he has a man prepared to meet that crisis and lead his people through it. Witness Moses, Isaiah, Paul, Luther, Washington, Lincoln.

Elijah was such a man of God raised up to meet the crisis created by the exceeding wickedness of King Ahab and his unspeakable Queen Jezebel. In judgement upon that wickedness Elijah courageously announced to Ahab: "As the Lord God of Israel liveth, before whom I stand there shall not be dew nor rain these years, but according to my word." Following this bold announcement God sent his prophet into retirement at the brook Cherith which means "Separation." This is suggestive of his purpose in this retreat which is to prepare Elijah for his ministry. It reminds us of Moses's forty years in the desert, of Jesus' forty years in the wilderness and of Paul's three years in Arabia. God takes time to prepare for service. Such spiritual retreats are the secret of spiritual advance. It pays to 'take time to be holy.'

Bread From Heaven

During his stay at the brook Cherith Elijah was fed with "bread from heaven" brought to him morning and evening by the ravens. When ordered of God to leave Cherith and go to Zarephath and find lodging at the home of a poor widow, herself impoverished by the famine, God as marvelously cared for him again with ("bread from heaven' for both himself and the widow's household. His promise to her was "Thus saith the Lord, the God of Israel, The barrel of meal shall not waste, neither shall the cruse of oil fail until the day that the Lord sendeth rain upon the earth." This promise God marvelously kept. "The barrel of meal wasted not, neither did the cruse of oil fail, according to the word of the Lord."

Bread For the Discouraged

God as marvelously cared for Elijah in his spectacular conflict with the eight hundred and fifty false prophets, sending fire from heaven in answer to Elijah's prayer upon Mt. Carmel. It was another display of Elijah's fiery zeal and courage and at the close of the conflict he led in purging the land of their corrupting influence.

When as a result of Jezebel's wrath at the destruction of her priests Elijah fled for his life and hid himself under the juniper tree he showed that after all God's greatest men are but human and subject to their own infirmities. But even here God is very patient and considerate. "For he knoweth our frame" he remembereth that we are dust." So he sent his angel to strengthen his despondent prophet. To do so he begins on the level of his physical needs and rises to his higher spiritual needs. Elijah is awakened to a meal prepared for him: "And he looked and behold, there was at his head a cake baken on the coals and a cruse of water. And he did eat and drink and laid him down again. And the angel o. the Lord came again the second time and touched him, and said, Arise and eat: because the journey is too great for thee. And he arose, and did eat and drink and went in the strength of that meat forty days and forty nights unto Horeb the mount of God."

FAMOUS LOG CABIN POSTOFFICE CLOSED

(International News Service)

NOTCH, Mo., July 13.—"Uncle Ike's" postoffice, a quaint log cabin made famous by Harold Bell Wright in his Shepard of the Hills stories, is closed and folk through this Ozarks hill country are getting their mail through the rural carrier.

The flame seared walls of the little cabin give mute evidence of the tragedy that caused its closing. It's builder, and for the past two years postmistress, Mrs. Lily Fullerton, was burned to death when an oil lamp overturned and ignited her clothing.

On Court House Hill

Gladys B. Scheidemantel of Ellwood City has been granted a commission as Notary public, the commission being recorded yesterday at the register and recorder's office.

Judges Hildebrand and Chambers will hold a session of court on next Monday on which date a number of rules issued have been made returnable. Pleas will also be taken from any prisoners in the county jail who do not desire to stand trial.

County Treasurer William O. Pitts collected $5,738.02 on Wednesday. The money was distributed as follows: County $4,262.99; state $550.77; poor $974.26. Only a little over two weeks now remain during which a five percent discount can be secured on county taxes. August 1, taxes are payable at face.

While rummaging around among some old papers belonging to the late Col. Oscar L. Jackson, yesterday, Attorney Charles R. Davis ran across a money order issued in 1911 which has never been cashed. It was for $2 and had been sent by a man in Los Angeles, Cal. Attorney Davis was associated with Col. Jackson in the law business when the latter's office was in a building where the Union Trust Company building now stands.

Sheriff Edward D. Pritchard received a letter yesterday from Arthur Nicholson of Reading, Pa., in which Mr. Nicholson asked for information as to apparatus used by Sheriff Pritchard in the extermination of bedbugs and cockroaches in the county jail.

Mr. Nicholson said he had read about the sheriff's operations in the New Castle News, but had mislaid the News containing the account and did not remember what apparatus was used. Sheriff Pritchard sent him the desired information. Incidentally it may be mentioned that Sheriff Pritchard has completely rid the county jail of vermin, much to the satisfaction of the prisoners.

Quite a number of New Castle and Lawrence County boys who have been located in other cities are joining the army and the navy according to Parole Officer Jack M. Dunlap. Before joining applicants must furnish references from their home town. The names are sent to the court here to check up on the applicants and Dunlap has been doing the checking. On one day he received the names of three applicants. There has been a noticeable increase in the number who wish to join the army or navy during the past three or four months.

The Fort Pitt Brewing Company has filed a suit at the prothonotary's office against Theodore Kirtsu, trading as the Standard Bottling Company in which it is sought to collect an alleged balance of $306.50. The statement of claim shows that beverages to the amount of $3,188.65 have been sold to the Standard Bottling Company, and that payments of $2,882.15 have been made, leaving a balance for which suit is brought.

Attorney Ed. Logan says a weary looking man came into his office the other day and wanted to take steps to get a divorce from his better half.

"Haven't your relations been pleasant?" asked Logan. And the sad looking man replied "Mine are but hers are not."

GOLDEN WEDDING ESTABLISHES RECORD

HATTINGER, Germany, July 13.—A record for something or other was established here when Herr and Frau Hansberg celebrated their golden wedding anniversary.

He is 78 years old and his wife 57.

Four of his brothers and one sister, whose combined ages are 441 years, were among the guests.

The farm on which the elderly couple lives has been in possession of the Hansbergs since 1456.

The chestnut tree under which the guests gathered for the ceremony is estimated to have been old when the farm came into possession of the first of the Hansbergs.

ESCAPE INJURY AS CAR FALLS 2,000 FEET

LIVINGSTON, Mont., July 13.—An automobile in which three boys were riding plunged 2,000 feet into Yellowstone canyon and the boys—unscratched—lived to tell the story here the next day.

The three were Roy Flagner, Lynn Christiansen and Charles Darling, all of Idaho Falls, Idaho. Flagner, who was driving, described how his foot slipped off the brake pedal to the accelerator, sending the car hurtling from the road.

As the car rolled fifteen feet, Flagner managed to open the door, extricate himself and grasp a ledge, to which he clung until rescued. The other boys jumped from the car just as it plunged over the canyon wall.

Sermons were a popular form of reading in the 18th century.

No Marriage Ideas For Siamese Twins Here With Big Circus

Margaret and Mary Gibbs, the Siamese twins with the Ringling-Barnum and Bailey circus here today, are not going to get married. At least, not for some time, according to their mother, who travels with them. "Maybe it's all right for Siamese twins to get married," said Mrs. Gibbs, speaking of the Hilton twins, but I don't want my girls to get married."

Margaret and Mary are not so definite about the matter. "I guess it's all right," said Margaret, "if a girl wants to get married, even though she is a Siamese twin." Mary has the same idea, "if she wants to get married, why not?" asked Mary. But mother has different ideas.

Checo, the African Bush man, is very unhappy about the weather. Sitting up on his stand with the July sun beating down on the canvas scant inches above him he said: "It's worse than Africa. Over there we have trees and grasses. Here, just sun." And he mopped his abbreviated brow.

The big top was up early today. At 8 o'clock the immense tent which houses "the greatest show on earth" was already up and the razorbacks were installing the seats. By 11 o'clock they were stretched out under the seats taking a few winks of sleep.

The razorbacks had plenty of fun getting the stakes down today. The grounds are filled with granulated slag and some of it is solidified to iron hardness. As they gathered around the stakes, six in a crew and swung their mauls in unison the stake didn't go down nearly as fast as it usually does. And those stake drivers have rhythm. Otherwise somebody would get an arm broke.

Life isn't all beer and skittles for one of the elephants that does the shoving for the circus. The big brute shoved circus wagons around like you would pull Junior's scooter but apparently it knew just how far the wagon had to go each time.

It's a big show, the biggest to play here for many years. The grounds are not large enough to accommodate all the canvas and some of the tents are as far down as Division street. The dining tent is at the far end of the area.

Every Phase Of Propagandizing Will Be Probed

Congressional Committee Is Convinced That Link Exists Between Communists

(International News Service)

NEW YORK, July 13—Convinced that a link exists between Moscow and the communist party here the McCormack congressional committee was determined today to unmask every phase of alleged red propagandizing here.

Far from being content with having taken merely the testimony of Earl Browder, national secretary of the communist party in America, and James W. Ford, member of the central committee, who admitted having followed the lead of Moscow, the committee announced its intention of pursuing every bit of evidence obtainable concerning "Red" activities.

In the opinion of former Senator Thomas W. Hardwick of Georgia, counsel of the committee, the Soviet union has clearly violated its pact with the United States.

Hardwick cited the clause in the so-called Litvinoff agreement of November 18, 1933 in which Russia agreed to prevent any activities looking to the overthrow of this government. He held that the testimony of Browder and Ford definitely proved the Soviet was not abiding by its vow.

Browder and Ford had frankly admitted that resolutions adopted by the 13th plenum of the third internationale in Moscow last December were later adopted in substantially the same terms by the communists here.

Ohio Jury Brings In First Degree Verdict In Murder Case

JACKSON, O., July 13.—For a murder committed in a $23 robbery, Herbert Thacker, 21, was ordered by a jury here to pay with his life.

Convicted of the first degree murder of Stephen Huntley, 74, Thacker admitted he and Ray Freeman, 25, beat the man to death last June 4 when they attacked him in his barn and robbed him of $23.

Freeman will be tried next week on a first degree murder charge.

Thacker, in his testimony, accused another youth of plotting the robbery. The youth refused to accompany him and Freeman. Thacker said, and they went alone to the Huntley farm.

RATTLER IN GRASS ADDED TO WAR HAZARDS

(International News Service)

DENVER, July 13.—A snake in the grass added to the hazards of modern warfare during the encampment of the Colorado national guard at the Golden rifle range, 10 miles west of here. Eli Senna, 32, of Monte Vista was maneuvering on his hands and knees when a rattler struck him on the knee.

He was brought to the Fitzsimmons general hospital, an army institution near Denver, where physicians said his was the first snakebite case in five years. The victim was "pretty sick," according to the doctors, but recovered.

British Racer Gives Testimony

Kaye Don Tells About Accident From Witness Stand In Court Today

(International News Service)

DOUGLAS, Isle Of Man, July 13.—Kaye Don, noted automobile and speedboat racer, testified in his own defense today in his trial on charges of manslaughter, growing out of the death of Francis Taylor, his mechanic, in an automobile crash May 26.

Don, who was accused by the prosecutor yesterday of carelessness in rounding a curve at night at 60 miles an hour said that before the accident the car steered "heavily."

"It had a tendency to wander and I instructed the mechanics to repair it," he continued. "After the repairs were made I drove out for a test.

"Rounding the curve the steering gear failed to respond."

Don's car, he said, brushed a sedan driven by William Caine, who testified against Don. The auto racer estimated his speed at that time at 50 miles an hour and said that under ordinary circumstances he would have no difficulty taking a curve at 50 to 60 miles an hour."

Previously H. N. Charles, designer of Don's car, declared there was no defect in the steering gear before the accident.

State P. O. S. A. Camp In August

EASTON, Pa., July 13.—Additional plans for the convention of the Pennsylvania State Camp of the P. O. S. of A., to be held here on August 28, 29 and 30, were made at a meeting of the local committee of arrangements. Every camp in the county was represented and indications were given that the convention will be largely attended.

The official name selected for the convention is Public School Centennial. The delegates will make a journey to Bath, where the Wolf Academy was located, and will dedicate a marker to the memory of Governor George Wolf, the founder of Pennsylvania's free public school system.

One of the features of the convention will be the parade in which camps from all parts of the State will participate.

The opening night of the convention will be featured by a public meeting in celebration of the 100th anniversary of the founding of the free school system in Pennsylvania.

Steel Directors Answer Charges

(International News Service)

TRENTON, July 13.—Refuting charges they had paid $600,000 to obtain withdrawal of a previous suit asking an accounting of alleged illegal bonuses of approximately $26,000,000 to themselves, Charles M. Schwab, chairman of the board, and other directors of the Bethlehem Steel Corp., today answered a suit filed in chancery court here.

The suit, which asks for an accounting of such bonuses, was brought by the Standard Investment Co., of Paterson, holder of 150 shares of preferred and 100 shares of common stock in Bethlehem Steel.

Merrit Lane of Newark, representing the steel company, charged that the investment company had not exercised vigilance in its claim and was guilty of laches. He also charged the court of chancery had no jurisdiction over the suit.

While admitting bonuses were paid, Bethlehem directors contend no earnest effort to seek redress by appealing to other stockholders was made by the complainant company.

Legion Head Makes Speech

Edward A. Haynes Makes Address To Convention In Michigan

(International News Service)

MENOMINEE, Mich., July 13.—The substance of good government is good citizenship with a responsibility in upholding the constitution, Edward A. Haynes, national commander of the American Legion, said here this afternoon in a speech before the Upper Peninsula Convention of the Legion.

At the same time he assailed student movements in various colleges throughout the country which advocate non-assistance and non-participation in any future war in which the United States might become engaged, whether defensively or offensively.

He declared the Legion a "bulwark of protection to America against the Communist movement."

"We of the American Legion believe that it is time the American people take a decided stand against some of the strange tenets that are finding foothold and like a disease are spreading to destroy the principles of freedom and democracy upon which our nation was founded," he said.

"The movement is spreading into our schools and colleges, into our churches and social organizations, even into official government circles, as shown by recent startling events."

One of these events, Commander Haynes said, was an article appearing in a church paper, written by its secretary, which urged "Young Christian men to join the army in the event of war and destroy munitions, machinery, and disobey orders."

"Each and every citizen of United States who enjoys the opportunity and protection afford him by our American government and institutions, if he is honest, will be willing to share the responsibility of upholding and defending the flag that makes those thing spossible," Haynes declared.

Girl And Young Man Are Pursued By Angry Father

Real Melodrama Is Being Staged In New Jersey As Father Pursues Eloping Couple

(International News Service)

MALAGA, N. J., July 13.—A young Lochinvar and his 17-year old sweetheart, apparently bent on marriage, were being hotly pursued today by the youth's angry father and police of two states.

The romantic youth, Thomas E. C. Smith, Jr., 25, according to his father, not only took a girl, Ella Mick, Clayton, N. J., with him, but also "eloped" with $400 of his father's money and a German revolver.

The elder Smith filed a charge of larceny against his son, and told police he thought the couple had fled by bus to Philadelphia, in search of a pastor on some local "Gretna Green".

The son's departure, police said, was the result of a quarrel with his father over the right to s"tay out" late at night. The elder Smith is a retired ice dealer of Friels Mill, near here.

Relatives of the girl said she left home with no baggage except a small bundle of clothing.

Mt. Gretna Is Made Ready To House Soldiers

Advance Units Get Camp In Shape For First Week Of Encampment

(International News Service)

CAMP CHARLES H. MUIR, MT. GRETNA, Pa., July 13.—Swinging into action immediately upon their arrival and working with clock-like precision, more than 500 officers and enlisted men of the Pennsylvania National Guard, comprising the advance detail from every unit of the famous 28th Division, today practically completed the arduous task of preparing camp for the 12,000 citizens soldiers expected tomorrow for the annual encampment.

As the men worked under a blazing sun, this wooded summer resort with its high ranges and rolling country, became a veritable city of canvas.

Stripped to the waist and attired only in breeches and army shoes, the citizen soldiers "dug in" with determination, bits of old army songs rang out as the advance guardsmen labored with tent pegs and wagonloads of equipment.

Thousands of pounds of foodstuffs were received and stored away by the camp supply detachment.

The streets at the Indiantown Gap camp site were given a final rolling and the 37 new permanent barracks were made "spic and span" inside and out.

The camp this year was named the Charles H. Muir, in memory of the late Major General Muir, who commanded the 28th Division in the World War.

Engineer Averts Serious Accident

Engineer Brings Engine To Stop With Broken Driver Rod Near Camden, N. J.

(International News Service)

CAMDEN, N. J., July 13—Bringing the train slowly to a stop, the engineer of a Ocean City-Camden commuter's train today narrowly averted what might have been a disastrous derailment after a driver rod of the locomotive broke.

The broken rod dug into the roadbed, tearing off small pieces of ties and hurling stones backward through a window of one of the coaches. Some of the pasengers were showered with broken glass but none was seriously injured.

An emergency locomotive was dispatched to the scene and the train resumed the trip to Camden.

Youth's Last Dive Ends In Tragedy

(International News Service)

SAVANNAH, Ga., July 13.—Almost every moment Edward Fillicetti, 19, of New York, had free from his duties at the Fort Screven Civilian Conservation Corps camp, he spent in swimming in the waters of Tybee beach.

Then came the time when his enlistment was up. He'd miss the swimming. Eddie told his camp mates. So they all went for a last swim. Eddie dove off. His head struck the bottom and his neck was broken.

"Just a tough break," he grinned to the priest who came to him in the hospital.

It was a tough break. Paralyzed from the neck down, physicians said he could not live.

Falling Rocks Fatal To Miner

One Man Is Found Dead; Little Hope For Another Trapped By Tons Of Debris

ACCIDENT OCCURS NEAR POTTSVILLE

(International News Service)

POTTSVILLE, Pa., July 13. — A fall of coal and rock in the Brookside Colliery of the Philadelphia and Reading Coal and Iron Company today killed one miner and buried another beneath tons of Debris.

William Klinger, 45, of Hegins, was dead when found by rescue crews, who expressed little hope for the safety of John Barr, 48, of Pine Grove, buried beneath the rock and coal.

The fall occurred just as the men set off a dynamite charge to blast away a ledge of coal, according to mine officials.

HITCH-HIKERS USED TACKS TO GET RIDES

(International News Service)

CHEYENNE, Wyo., July 13.—An ingenious scheme for forcing motorists to stop their cars at a point where he wished to ask for a ride brought down on Edward A. Perkins, 21, of Milwaukee, a hitch-hikers, a lecture and a 30-day suspended sentence. Justice of the Peace J. C. Argesheimer ordered Perkins and his companion, Alvin J. Burke of Paw Paw, Ill., to leave the county.

Perkins was found to have scattered tacks on the highway, puncturing tires of passing automobiles.

DENVER, July 13.—A snake in the grass added to the hazards of modern warfare during the encampment of the Colorado national guard at the Golden rifle range, 10 miles west of here. Eli Senna, 32, of Monte Vista was maneuvering on his hands and knees when a rattler struck him on the knee.

He was brought to the Fitzsimmons general hospital, an army institution near Denver, where physicians said his was the first snakebite case in five years. The victim was "pretty sick," according to the doctors, but recovered.

British Racer Gives Testimony

Kaye Don Tells About Accident From Witness Stand In Court Today

(International News Service)

DOUGLAS, Isle Of Man, July 13.—Kaye Don, noted automobile and speedboat racer, testified in his own defense today in his trial on charges of manslaughter, growing out of the death of Francis Taylor, his mechanic, in an automobile crash May 26.

Don, who was accused by the prosecutor yesterday of carelessness in rounding a curve at night at 60 miles an hour said that before the accident the car steered "heavily."

"It had a tendency to wander and I instructed the mechanics to repair it," he continued. "After the repairs were made I drove out for a test.

"Rounding the curve the steering gear failed to respond."

Don's car, he said, brushed a sedan driven by William Caine, who testified against Don. The auto racer estimated his speed at that time at 50 miles an hour and said that under ordinary circumstances he would have no difficulty taking a curve at 50 to 60 miles an hour."

Previously H. N. Charles, designer of Don's car, declared there was no defect in the steering gear before the accident.

State P. O. S. A. Camp In August

EASTON, Pa., July 13.—Additional plans for the convention of the Pennsylvania State Camp of the P. O. S. of A., to be held here on August 28, 29 and 30, were made at a meeting of the local committee of arrangements. Every camp in the county was represented and indications were given that the convention will be largely attended.

The official name selected for the convention is Public School Centennial. The delegates will make a journey to Bath, where the Wolf Academy was located, and will dedicate a marker to the memory of Governor George Wolf, the founder of Pennsylvania's free public school system.

One of the features of the convention will be the parade in which camps from all parts of the State will participate.

The opening night of the convention will be featured by a public meeting in celebration of the 100th anniversary of the founding of the free school system in Pennsylvania.

Steel Directors Answer Charges

(International News Service)

TRENTON, July 13.—Refuting charges they had paid $600,000 to obtain withdrawal of a previous suit asking an accounting of alleged illegal bonuses of approximately $26,000,000 to themselves, Charles M. Schwab, chairman of the board, and other directors of the Bethlehem Steel Corp., today answered a suit filed in chancery court here.

The suit, which asks for an accounting of such bonuses, was brought by the Standard Investment Co., of Paterson, holder of 150 shares of preferred and 100 shares of common stock in Bethlehem Steel.

Merrit Lane of Newark, representing the steel company, charged that the investment company had not exercised vigilance in its claim and was guilty of laches. He also charged the court of chancery had no jurisdiction over the suit.

While admitting bonuses were paid, Bethlehem directors contend no earnest effort to seek redress by appealing to other stockholders was made by the complainant company.

Legion Head Makes Speech

Edward A. Haynes Makes Address To Convention In Michigan

(International News Service)

MENOMINEE, Mich., July 13.—The substance of good government is good citizenship with a responsibility in upholding the constitution, Edward A. Haynes, national commander of the American Legion, said here this afternoon in a speech before the Upper Peninsula Convention of the Legion.

At the same time he assailed student movements in various colleges throughout the country which advocate non-assistance and non-participation in any future war in which the United States might become engaged, whether defensively or offensively.

He declared the Legion a "bulwark of protection to America against the Communist movement."

"We of the American Legion believe that it is time the American people take a decided stand against some of the strange tenets that are finding foothold and like a disease are spreading to destroy the principles of freedom and democracy upon which our nation was founded," he said.

"The movement is spreading into our schools and colleges, into our churches and social organizations, even into official government circles, as shown by recent startling events."

One of these events, Commander Haynes said, was an article appearing in a church paper, written by its secretary, which urged "Young Christian men to join the army in the event of war and destroy munitions, machinery, and disobey orders."

"Each and every citizen of United States who enjoys the opportunity and protection afford him by our American government and institutions, if he is honest, will be willing to share the responsibility of upholding and defending the flag that makes those thing spossible," Haynes declared.

Girl And Young Man Are Pursued By Angry Father

Real Melodrama Is Being Staged In New Jersey As Father Pursues Eloping Couple

(International News Service)

MALAGA, N. J., July 13.—A young Lochinvar and his 17-year old sweetheart, apparently bent on marriage, were being hotly pursued today by the youth's angry father and police of two states.

The romantic youth, Thomas E. C. Smith, Jr., 25, according to his father, not only took a girl, Ella Mick, Clayton, N. J., with him, but also "eloped" with $400 of his father's money and a German revolver.

The elder Smith filed a charge of larceny against his son, and told police he thought the couple had fled by bus to Philadelphia, in search of a pastor on some local "Gretna Green".

The son's departure, police said, was the result of a quarrel with his father over the right to s"tay out" late at night. The elder Smith is a retired ice dealer of Friels Mill, near here.

Relatives of the girl said she left home with no baggage except a small bundle of clothing.

Mt. Gretna Is Made Ready To House Soldiers

Advance Units Get Camp In Shape For First Week Of Encampment

(International News Service)

CAMP CHARLES H. MUIR, MT. GRETNA, Pa., July 13.—Swinging into action immediately upon their arrival and working with clock-like precision, more than 500 officers and enlisted men of the Pennsylvania National Guard, comprising the advance detail from every unit of the famous 28th Division, today practically completed the arduous task of preparing camp for the 12,000 citizens soldiers expected tomorrow for the annual encampment.

As the men worked under a blazing sun, this wooded summer resort with its high ranges and rolling country, became a veritable city of canvas.

Stripped to the waist and attired only in breeches and army shoes, the citizen soldiers "dug in" with determination, bits of old army songs rang out as the advance guardsmen labored with tent pegs and wagon-loads of equipment.

Thousands of pounds of foodstuffs were received and stored away by the camp supply detachment.

The streets at the Indiantown Gap camp site were given a final rolling and the 37 new permanent barracks were made "spic and span" inside and out.

The camp this year was named the Charles H. Muir, in memory of the late Major General Muir, who commanded the 28th Division in the World War.

Engineer Averts Serious Accident

Engineer Brings Engine To Stop With Broken Driver Rod Near Camden, N. J.

(International News Service)

CAMDEN, N. J., July 13—Bringing the train slowly to a stop, the engineer of a Ocean City-Camden commuter's train today narrowly averted what might have been a disastrous derailment after a driver rod of the locomotive broke.

The broken rod dug into the roadbed, tearing off small pieces of ties and hurling stones backward through a window of one of the coaches. Some of the pasengers were showered with broken glass but none was seriously injured.

An emergency locomotive was dispatched to the scene and the train resumed the trip to Camden.

Youth's Last Dive Ends In Tragedy

(International News Service)

SAVANNAH, Ga., July 13.—Almost every moment Edward Fillicetti, 19, of New York, had free from his duties at the Fort Screven Civilian Conservation Corps camp, he spent in swimming in the waters of Tybee beach.

Then came the time when his enlistment was up. He'd miss the swimming. Eddie told his camp mates. So they all went for a last swim. Eddie dove off. His head struck the bottom and his neck was broken.

"Just a tough break," he grinned to the priest who came to him in the hospital.

It was a tough break. Paralyzed from the neck down, physicians said he could not live.

Falling Rocks Fatal To Miner

One Man Is Found Dead; Little Hope For Another Trapped By Tons Of Debris

ACCIDENT OCCURS NEAR POTTSVILLE

(International News Service)

POTTSVILLE, Pa., July 13. — A fall of coal and rock in the Brookside Colliery of the Philadelphia and Reading Coal and Iron Company today killed one miner and buried another beneath tons of Debris.

William Klinger, 45, of Hegins, was dead when found by rescue crews, who expressed little hope for the safety of John Barr, 48, of Pine Grove, buried beneath the rock and coal.

The fall occurred just as the men set off a dynamite charge to blast away a ledge of coal, according to mine officials.

HITCH-HIKERS USED TACKS TO GET RIDES

(International News Service)

CHEYENNE, Wyo., July 13.—An ingenious scheme for forcing motorists to stop their cars at a point where he wished to ask for a ride brought down on Edward A. Perkins, 21, of Milwaukee, a hitch-hikers, a lecture and a 30-day suspended sentence. Justice of the Peace J. C. Argesheimer ordered Perkins and his companion, Alvin J. Burke of Paw Paw, Ill., to leave the county.

Perkins was found to have scattered tacks on the highway, puncturing tires of passing automobiles.

Germany Given Formal Notice

Great Britain Announces Support Of French Plan Of "Eastern Locarno"

COMES JUST BEFORE HITLER'S ADDRESS

By PIERRE HUSS
International News Service Staff Correspondent

BERLIN, July 13.—The British government, only a few hours before Chancellor Hitler was to address the Reichstag with what is expected to be an emphatic protest against the encirclement of Germany, today served formal notice upon the Reich that England is supporting the French proposal for an "eastern Locarno".

Sir Eric Phipps, British ambassador, called at the foreign office and informed Baron Konstantin Von Neurath, foreign minister, that Anglo-French collaboration in developing regional mutual assistance pacts to preserve the peace on the European continent had been assured as the result of the recent visit to London of Louis Barthou, French foreign minister.

International News Service first carried the news, in dispatches from London and Paris, that such an agreement had been reached.

The British ambassador's visit, it is generally believed, was deliberately timed on the very day and a few hours in advance of Hitler's statement to the world, to forestall any declaration by his part that Britain's attitude was not known.

Hitler Speaks Late Today.

It may cause the chancellor to make last minute changes in the speech he is to deliver at about 8 o'clock tonight (3 p. m. EDT).

Sir Eric handed Baron Von Neurath the drafts of three pacts worked out at the British foreign office while Barthou was in London.

The first was the outline of a strictly Franco-Russian treaty, the result of many weeks of negotiations between Paris and Moscow which have been viewed with the greatest suspicion by the German foreign office.

The second was the "eastern Locarno" pact, which would bring Russia, Germany, Poland and other eastern powers into an agreement to guarantee one another's territories from invasion.

The third was the draft of a general pact for similar mutual assistance pacts covering all sectors of the European continent. The draft of a Mediterranean pact, which principally concerns France and Italy, was not presented but Von Neurath was informed of its existence.

It is the eastern Locarno pact, obligating Germany to accept her present frontiers and abandon her claims fo. expansion towards the east that has disturbed the German press. But there are some indications that a compromise may be worked out that might make it acceptable to the Reich though it is doubted here that Poland will approve any such arrangement.

Nevertheless there was some bitter comment in government circles.

"France is still trying to carry out Napoleonic plans for European hegemony while Germany is trying to establish European and world peace through individual agreements," was one comment.

PUT NEW TWIST TO FRIENDLY GREETING

(International News Service)

BOSTON—It's going to be a long time before Thomas Curry takes the next hand that is proffered to him for a shake, especially if the "glad-hander" is a stranger.

Curry was walking along Brighton avenue when a stranger walked up to him and said:

"Glad to see you, young fellow, how are you?"

And then the stranger took Curry's hand in his own. In a flash, the stranger threw Curry to the sidewalk with a jiu-jitsu hold and took $50 in checks and $10 in cash from him.

Phillips Making Visit Home After Ten Years In West

Californian Visiting Parents Here; Other News Of Interest To Welsh

(By WILLIAM A. JOHNS)
Brython

William J. Phillips, of California, has arrived safely here and is making his headquarters at the home of his parents, Mr. and Mrs. William Phillips, of East Reynolds street. This is his first visit in ten years to New Castle. He has married and is the proud father of a sweet little daughter. His wife and daughter did not make the journey with him owing to the hot weather. He will be here for a few weeks before returning home to resume his work with the Pacific railroad. He has served as a high officer in this company for twenty years.

Last night I met Deacon D. S. Williams, of Lincoln avenue, who was all smiles as usual, and he asked me the date of the singing festival at Cleveland, Ohio. I told him September 2 and he said he will be there if alive and well. Other Welsh people of New Castle will keep the date in mind because the festival is going to be the best in the history of the Welsh nation of the United States. The great director of music, Prof. Hopkins Evans, of Liverpool, England, will be the director of the day.

A sacred concert will be held at the Emmanuel Baptist church next Sunday evening, starting at 7:30 o'clock.

The Welsh of New Castle will miss Samuel Evans, of Mills Way, who passed away this week. He was one of the leading Welshmen of the city and a very good musician.

Germany has a vast network of canals and continues to add more.

Warn Motorists To Drive Slow

Excessive Speed On Highways Causes Majority Of Accidents, Committee Finds

(International News Service)

HARRISBURG, July 13.—Declaring excessive speed is the greatest single cause of all accidents, the governor's committee on street and highway safety today urged Pennsylvania motorists planning vacation trips to "tour sensibly."

Pointing out that enjoyment and relaxation are the principal elements of a vacation, the committee asserted little can be gained by maintaining a nerve-wracking pace.

"The first rule for an enjoyable vacation of motoring is to plan the trip according to the time at your command," the committee said. "Don't make the mistake of trying to cover a two-weeks tour in one. It can't be done safely."

Cupid Recovers From Depression

(International News Service)

WILLIAMSPORT, Pa., July 13.—Dan Cupid, the Williamsport Dan at least, has recovered almost completely from the depression.

June marriage licenses issued in Lycoming county totaled 111, just two short of 1929's record 113.

Increases in the number of licenses issued has been noted monthly for a year.

RAIL CUTOFF HELPS COLORADO STOCKMEN

(International News Service)

DENVER, July 13.—Opening of the 42-mile-long Dotsero cutoff in western Colorado will save stockmen of that section $200,000 annually on their shipments to Denver markets, according to L. M. Pexton, manager of the Denver Union stockyards. Freight charges will be reduced 5 to 7 cents per 100 pounds on livestock, in addition to a lessening of shrinkage due to the shorter distance the animals will be shipped.

The new line, to be formally opened June 16, will cut 172 miles from the rail distance from certain sections to Denver and will lessen the time in transit by 10 hours.

Germany Given Formal Notice

Great Britain Announces Support Of French Plan Of "Eastern Locarno"

COMES JUST BEFORE HITLER'S ADDRESS

By PIERRE HUSS
International News Service Staff Correspondent

BERLIN, July 13.—The British government, only a few hours before Chancellor Hitler was to address the Reichstag with what is expected to be an emphatic protest against the encirclement of Germany, today served formal notice upon the Reich that England is supporting the French proposal for an "eastern Locarno".

Sir Eric Phipps, British ambassador, called at the foreign office and informed Baron Konstantin Von Neurath, foreign minister, that Anglo-French collaboration in developing regional mutual assistance pacts to preserve the peace on the European continent had been assured as the result of the recent visit to London of Louis Barthou, French foreign minister.

International News Service first carried the news, in dispatches from London and Paris, that such an agreement had been reached.

The British ambassador's visit, it is generally believed, was deliberately timed on the very day and a few hours in advance of Hitler's statement to the world, to forestall any declaration by his part that Britain's attitude was not known.

Hitler Speaks Late Today.

It may cause the chancellor to make last minute changes in the speech he is to deliver at about 8 o'clock tonight (3 p. m. EDT).

Sir Eric handed Baron Von Neurath the drafts of three pacts worked out at the British foreign office while Barthou was in London.

The first was the outline of a strictly Franco-Russian treaty, the result of many weeks of negotiations between Paris and Moscow which have been viewed with the greatest suspicion by the German foreign office.

The second was the "eastern Locarno" pact, which would bring Russia, Germany, Poland and other eastern powers into an agreement to guarantee one another's territories from invasion.

The third was the draft of a general pact for similar mutual assistance pacts covering all sectors of the European continent. The draft of a Mediterranean pact, which principally concerns France and Italy, was not presented but Von Neurath was informed of its existence.

It is the eastern Locarno pact, obligating Germany to accept her present frontiers and abandon her claims for expansion towards the east that has disturbed the German press. But there are some indications that a compromise may be worked out that might make it acceptable to the Reich though it is doubted here that Poland will approve any such arrangement.

Nevertheless there was some bitter comment in government circles.

"France is still trying to carry out Napoleonic plans for European hegemony while Germany is trying to establish European and world peace through individual agreements," was one comment.

PUT NEW TWIST TO FRIENDLY GREETING

(International News Service)

BOSTON—It's going to be a long time before Thomas Curry takes the next hand that is proffered to him for a shake, especially if the "glad-hander" is a stranger.

Curry was walking along Brighton avenue when a stranger walked up to him and said:

"Glad to see you, young fellow, how are you?"

And then the stranger took Curry's hand in his own. In a flash, the stranger threw Curry to the sidewalk with a jiu-jitsu hold and took $50 in checks and $10 in cash from him.

Can You Guess Which?

Not twins but mother and daughter. Mrs. Katherine MacGregor-Frame and her daughter Miss Mariel arrive from Paris to visit their home in Philadelphia. If you are puzzled we'll now inform you that Mrs. MacGregor-Frame is at the left.

Phillips Making Visit Home After Ten Years In West

Californian Visiting Parents Here; Other News Of Interest To Welsh

(By WILLIAM A. JOHNS)
Brython

William J. Phillips, of California, has arrived safely here and is making his headquarters at the home of his parents, Mr. and Mrs. William Phillips, of East Reynolds street. This is his first visit in ten years to New Castle. He has married and is the proud father of a sweet little daughter. His wife and daughter did not make the journey with him owing to the hot weather. He will be here for a few weeks before returning home to resume his work with the Pacific railroad. He has served as a high officer in this company for twenty years.

Last night I met Deacon D. S. Williams, of Lincoln avenue, who was all smiles as usual, and he asked me the date of the singing festival at Cleveland, Ohio. I told him September 2 and he said he will be there if alive and well. Other Welsh people of New Castle will keep the date in mind because the festival is going to be the best in the history of the Welsh nation of the United States. The great director of music, Prof. Hopkins Evans, of Liverpool, England, will be the director of the day.

A sacred concert will be held at the Emmanuel Baptist church next Sunday evening, starting at 7:30 o'clock.

The Welsh of New Castle will miss Samuel Evans, of Mills Way, who passed away this week. He was one of the leading Welshmen of the city and a very good musician.

Germany has a vast network of canals and continues to add more.

Warn Motorists To Drive Slow

Excessive Speed On Highways Causes Majority Of Accidents, Committee Finds

(International News Service)

HARRISBURG, July 13.—Declaring excessive speed is the greatest single cause of all accidents, the governor's committee on street and highway safety today urged Pennsylvania motorists planning vacation trips to "tour sensibly."

Pointing out that enjoyment and relaxation are the principal elements of a vacation, the committee asserted little can be gained by maintaining a nerve-wracking pace.

"The first rule for an enjoyable vacation of motoring is to plan the trip according to the time at your command," the committee said. "Don't make the mistake of trying to cover a two-weeks tour in one. It can't be done safely."

Cupid Recovers From Depression

(International News Service)

WILLIAMSPORT, Pa., July 13.—Dan Cupid, the Williamsport Dan at least, has recovered almost completely from the depression.

June marriage licenses issued in Lycoming county totaled 111, just two short of 1929's record 113.

Increases in the number of licenses issued has been noted monthly for a year.

RAIL CUTOFF HELPS COLORADO STOCKMEN

(International News Service)

DENVER, July 13.—Opening of the 42-mile-long Dotsero cutoff in western Colorado will save stockmen of that section $200,000 annually on their shipments to Denver markets, according to L. M. Pexton, manager of the Denver Union stockyards. Freight charges will be reduced 5 to 7 cents per 100 pounds on livestock, in addition to a lessening of shrinkage due to the shorter distance the animals will be shipped.

The new line, to be formally opened June 16, will cut 172 miles from the rail distance from certain sections to Denver and will lessen the time in transit by 10 hours.

JOHNSON'S ATTACK ON HITLER METHODS DISTURBS U. S. STATE DEPARTMENT

(International News Service)

WASHINGTON, July 13.—The state department today was all for putting a permanent muzzle on army and navy officers, retired or otherwise, whose personal feelings move them to comment on international affairs.

General Hugh S. Johnson's attack on the methods adopted by Chancellor Adolf Hitler of Germany to "purge" the Nazi party was the latest cause for perturbation at the department.

Coming at a moment when the state department was seeking by verbal persuasion to induce the German government to refrain from discrimination against American bondholders, Johnson's remarks at Waterloo, Iowa, likening Hitler's "purging" methods to the activities of Mexican bandits or half drunk savages, were deplored in no uncertain terms.

Officials feared it might create an incident similar to that which arose in 1931 when the state department was obliged to make a formal apology to the Italian government for disparaging remarks against Premier Mussolini made by Maj. Gen. Smedley Butler, stormy petrel of the Marine Corps.

General Butler was reprimanded by the navy department but no further action was taken against him.

Johnson is not on active service in the army but as a high ranking official of the government, the state department feels he should have consulted it before engaging in critical remarks about a foreign government, especially when the relations with Germany already are on a delicate plane.

Safety First!

(International News Service)

Safety notice for today:

Don't walk under ladders;

Allow no black cats to cross your path;

Be sure and keep all mirrors intact;

Check to see that you have your rabbit's foot and horseshoe nearby.

If you haven't already guessed the "why of this warning close one eye, stand on your right foot, and slowly swing your body around until the open eye views a calendar.

Look for the number "13" on the sheet marked "July."

If that doesn't explain, here it why;

Today is Friday, the thirteenth.

Rail Problems Being Discussed

Behind Closed Doors, Railway Executives Discuss Important Problems

FOUR TOPICS BROUGHT UP

(International News Service)

ATLANTIC CITY, N. J., July 13.—In an executive session behind closed doors the association of railway executives met today to discuss the problems confronting the railroads as a result of that NRA, the new railroad pension law signed by President Roosevelt and the changes in the railway labor act.

R. H. Aighton, president of the association presided.

Four major topics slated for discussion were: A proposal to ask a 10 percent rate increase; possibility of government relief to railroads because of bus competition; probable effects of the pension law; and the effect on railroad finances of the compulsory arbitration feature of the new railroad labor board.

A petition asking permission of the Interstate Commerce commission for a 10 per cent increase in freight rates already has been drawn up and will be considered at today's session.

McGrew Resigns From Committee

Manager Of HOLC In Lawrence County Quits State Committee

Following the precedent set by leaders in the Democrat party who wish to divorce official party service from governmental service, Don F. McGrew, manager of the Home Owners Loan corporation has resigned as state committee man from Lawrence county for the Democratic party.

Mr. McGrew's action follows similar action by Nellie Tayloe Ross of Wyoming, director of the U. S. mint, Warren Van Dyke, collector of the Port of Philadelphia, State Chairman David Lawrence and others. Mr. McGrew was elected state committeeman before he was named as manager of the HOLC here.

"While the work of one would have no bearing on the other, I feel that it would be better for me to resign as state committeeman" said Mr. McGrew today.

His successor will be chosen by the county committee. William R. Hanna, county chairman, said he had no official notice of McGrew's resignation as yet. "When I get it I will call a meeting of the county committee for the purpose of selecting his successor" said he.

City Solicitors To Meet At Harrisburg

Solicitors of third class cities will meet at Harrisburg, July 20, for the purpose of studying the proposed ownership of utilities and will also arrange recommendations for legislation in reference to public service companies, according to a letter received and read in council by Solicitor White today. The letter was from Attorney Walter Greenwood, Chester, chairman of the law committee of cities of the third class.

Secretary Of Pennsylvania Automotive Association Here Next Week

Claude Klugh, secretary of the Pennsylvania Automotive Association, with which the Lawrence County Automotive Dealers Association is affiliated, will be the principal speaker at a dinner meeting of the local association to be held Wednesday, July 18, in the Elks Club.

Dinner will be served at 6 o'clock, followed by the business session, when Mr. Klugh will speak. He will have an interesting message for the local dealers and an effort is being made to secure a large attendance for the meeting.

City To Pay For Amiesite Tests

Council today voted authority to City Engineer Hoskins to have tests of amiesite being laid here examined. He can have the tests made at his discretion. The city will pay for the tests.

The company from which the material has been bought said tests were being made by their attaches and also the state highway department and they felt they should not be asked to bear the cost of the examinations.

Hoskins suggested the city make the tests for "future protection" and upon motion of Safety Director Davies the city will have the tests made at the city's expense, which will cost $5.00, each test.

Young Boy Runs Against Automobile

James Martin, youth, ran into the side of an automobile operated by Chester Cejelka, R. D. 1, Enon Valley, according to Cejelka's report to police. The accident occurred at Neshannock avenue and East street last night. The boy was found to be uninjured when taken to a physician.

Counterfeit Bill Passing Is Accusation

(International News Service)

SHARON, Pa., July 13.—George Vonstrohe, former local bank clerk, knows the feel of money.

Today, two more men owed their being held for attempting to pass counterfeit money to his keen-sensed hands.

Armand Vanetti, 21, and Ben Coughlin, 25, Youngstown, O., tendered him a $20 bill in payment for gasoline. Recognizing the bill as a counterfeit, Vonstrohe called police. The two men being held are to be arraigned before federal authorities Pittsburgh.

A year ago, Vonstrohe was instrumental in the arrest of two other bogus bill passers.

Liquor Store Sales Jump

(International News Service)

HARRISBURG, July 13.—Recovering from its slump, business at the state liquor stores last week increased more than $20,000 over the period ending June 30, the liquor control board announced today.

Sales totaled $583,257 as compared with $562,904 for the previous period, virtually the lowest since the system was inaugurated.

Citizens To Meet Councilmen Monday

Center Street Property Owners Willing To Build Sanitary Sewer

Center street residents and councilmen will meet Monday afternoon in council chambers, city hall for the purpose of providing for the construction of a sewer in that thoroughfare which is need of a sanitary sewer.

Property owners have offered to do the excavating and will lay the pipe if purchased by the city. The cost of the pipe can be charged to the properties, according to the city solicitor.

Upon suggestion of Mayor Mayne, a conference was arranged for Monday afternoon.

Jewish Woman Named To Office

The women of the National Council of Jewish Women of this city will be interested to know that Miss Shoshana Garber, a young Jewish attorney of Cleveland, has been appointed to the staff of the National council by Mrs. Arthur Brin of Minneapolis.

The appointment came to fill a vacancy when Miss Cecilia Razovsky, field counsellor, was released for part time service with the newly organized National Coordinating bureau for German refugees.

Miss Razovsky is well known here, having appeared but recently to speak to the Jewish women.

Surplus Gas To Be Bought

Eight Thousand Barrels To Be Purchased Under New Plan

(International News Service)

WASHINGTON, July 13.—Contracts for purchase of 8,000 barrels of surplus gasoline in east Texas, were approved today by Secretary of Interior Ickes as part of the general plan recently adopted with the cooperation of refiners, to balance crude oil and gasoline supplies with needs.

Under this plan major refiners will purchase at intervals, specified quantities of surplus gasoline which will be charged up to regular inventories but will act to remove this quantity from the surplus stocks piled up as a result largely of east Texas operators defiance of oil regulations.

With contracts recently announced, those approved today make a total of 20,200 barrels purchased to date. Other contracts are awaiting action. The average price paid was 3.5 cents a gallon. Companies making the purchases include: Sinclair Refining Co., Tidewater Oil Co., Shell Petroleum Co., Gulf Refining Co., The Texas Company, Humble Oil Refining Co.

Accident Results In Suit For Damage

Miller Seeks $201.86 Because Of Auto Accident At Moody And Highland

William Miller has filed a suit at the prothonotary's office against Mrs. Grace P. Johnson to recover $201.86 damages to an automobile which collided with a car driven by Hugh Davis, chauffeur for Mrs. Johnson, Miller says that he was coming south on Highland avenue. Davis is alleged to have been following a street car north, and to have turned left into Moody avenue, in the path of the Miller car. Miller says that when the turn was made he was almost to the intersection, and could not stop his car in time to avoid a collision. He alleges carelessness on the part of the chauffeur. Miller says it cost him $101.86 to repair his car and that its value was depreciated $100.

City Can Pay, Solicitor Says

Solicitor Robert White today informed city council that providing $97.62 worth of materials purchased from Kirk, Hutton company was bought by the CWA and used for city purposes the city could morally pay the bill when it was presented today.

The material was bought between November and January and was ordered it is said by the CWA.

CWA officials will be asked to state who purchased the materials, where it was used and if any was left, according to council after which the bill will again come before city council.

Hubby In Jail; Could She Marry Another One?

(International News Service)

WASHINGTON, July 13— The voice was that of a woman, a young woman, and it was soft, sincere and appealing.

It was obvious her question gave her great concern.

She asked the U. S. District Attorney's office "if it would be legal for her to take a second husband until her first husband gets back."

"Where is your husband?"

"He is serving a three year jail sentence," the woman replied.

She was told she would be guilty of bigamy if she made the "temporary" marriage.

Hitler Names Peoples' Court

Treason Trials To Be Started In Germany On Saturday

(International News Service)

BERLIN, July 13—Chancellor Hitler today announced the composition of the newly created special tribunal, the "people's court," which will begin trying persons accused of treason and other political crimes tomorrow.

It is significant that twenty-one laymen, including a number of army and navy officers, will be members of the court, as well as professional judges, in view of charges that too many foes of the Hitler government have been escaping conviction in the ordinary law courts because they took advantage of legal technicalities.

The president of the court is Dr. Fritz Rehm, former president of the highest court in Prussia.

Other members will be two colonels of the Reichswehr (regular army) two naval officers, one regular military judge and five flying commodores, including Capt. Christiansen of the great German flying boat, the DOX, which visited the United States after its trans-Atlantic flight.

Strangely enough eleven Nazi storm troop leaders are also appointed judges though it is understood that among the persons to be tried for treason, who may be sentenced to death if convicted, will be storm troop leaders accused of being implicated in the plot which ended in the execution of Capt. Ernst Roehm, and other storm troop chiefs.

CAN'T CRASH IN ON VALUABLE RELICS

(International News Service)

HARLEM, Mont.—Overeagerness on the part of Sam Harvey, a farmer, to cash in on one of the most important scientific discoveries in this section in recent years destroyed the value of his find, officials of the American Museum of Natural History told him. Harvey found the remains of a prehistoric dinosaur on his farm. Anxious lest they be stolen, he gathered them up and placed them in sacks.

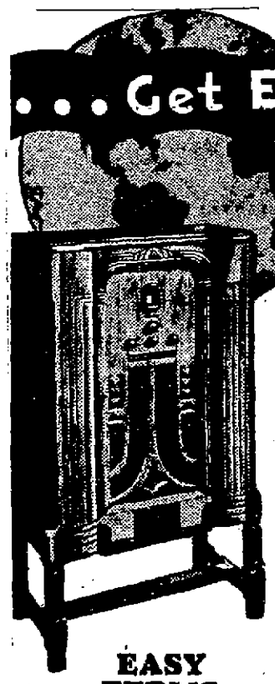

Darwin Harbricht, U. S. engineer and assistant to Barnum Brown, curator of the museum told Harvey that the bones picked out or their native element by inexperienced hands, were worthless.

SERIOUS FISH STORY

(International News Service)

CRANE, Mo.—When Jim Mitchell tells a story he doesn't expect to have his veracity challenged. But when four youngsters heckled him over his story of personally riding an enormous catfish in a river, he was so annoyed that he had the boys arrested for disturbing the peace. The judge listened to the "fish" story and released the boys.

NEW CASTLE PARKS

CUNNINGHAM PARK.

Cunningham Park, named after the family of the donors, is located in Shenango Township just south of the city line.

The property is shaped something like a boot, the toe of which abuts on Gaston Park at Frank avenue, the heel setting in Cascade Boulevard near Dead Man's cut, and the top abutting on Cascade Park at the woods.

To follow the simile, the front of the boot leg abuts on a street shown on the map as Wood Street, and the calf of the boot rests against a small strip of property, not owned by the city, which strip separates Cunningham Park and Cascade Boulevard between Dead Man's Cut on Cascade Boulevard and a point slightly nearer the dam than the old ball park. The property comprises approximately 145 acres.

This park is reached on foot from most any direction and, as the auxiliary improvements are completed, will also be accessible from most any direction by automobile. However, for the present, the park is only accessible by automobile via Staunton Avenue (Shenango Township), Cascade Boulevard, Huron Avenue, and the parking lot in Cascade.

The property is rolling having a general slope towards the Big Run.

Natural water courses, starting in the slope of Cascade Woods, gradually become more pronounced until they open out into deep ravines. The water courses provide excellent drainage and, while for the most part dry runs, are nevertheless at certain spots fed by springs of sufficient flow to make possible the construction of small dams.

Starting at what would be the center of the boot top is one of these water courses, it gradually widens taking on more of a wedge shape and getting deeper, the case of this wedge would rest on Cascade Boulevard. A small spring feeds this run and at a point where the main park road crosses the stream a beautiful tree lined pool has been formed. From this point on the ravine has been "Scenic Hollow", and quite naturally of course, for as the water trickles in ever increasing tempo from dam to dam, the trees on the wooded slopes raise their majestic heads in greater dignity.

Paths have been constructed down Scenic Hollow, which cross and recross the bubbling stream, and where opportunity has afforded, rustic benches have been constructed for those who wish to contemplate the tranquil scene..

At the foot of the hollow is being constructed a dam, which also forms part of a path leading from Cascade Boulevard up over the hill.

Roads have been laid out and generally reduced to grade, these follow the natural contour of the ground as nearly as possible, and where cuts and fills have been made, the sides have been gently sloped back to restore and preserve the natural appearance. The driveways will be twenty feet wide, with ample provisions for increasing this width, if necessary.

Literally, hundreds of trees have been planted, no tree or shrub that could be saved was destroyed. On the contrary the young trees were carefully lifted and transplanted under the direction of skilled persons, and then carefully nurtured and watered to carry them thru the exceedingly dry spell of late spring.

Gunton Park, out of its abundance, provided many of these young trees, not the least of which were the offspring of our giant elm previously described.

Still keeping in mind the boot, the calf of the boot to the ankle will be the athletic fields. Much of the grading has been done and much more needs to be done, but when completed, facility can be provided for games of every kind—tennis, baseball, mushball, football, running, jumping, and yes, even sled-riding.

At the foot of the athletic field are being constructed the comfort stations and shelters combined, which the architect is pleased to call a "Refectory". This consists of two small buildings, built of cut stone in rough ashlar design, old English roofs are joined together by a sharp pointed roof, supported by stone pillars to form an open shelter with the men's room on one end, the ladies' on the other.

At the other end of the field and on the hill from which point can be obtained a general view of the whole park, the foundation has been prepared for what some day will be a Field House. This building is intended to provide convenience and facility for both sexes so that while those who wish to do so, follow the more strenuous games, others may while away the time with bridge or other games. The building is intended also to provide facility for the caretaker, thereby affording complete protection the year around at nominal cost. The plans also provide for lockers and showers. The timbers for this building are already available, stone for the walls can be quarried, there remains but the trimming which, as the whole plan develops, will undoubtedly be available.

This is the Athlete's Park, for on its spacious field the adolescent youth and the adult might find recreation. Hiking and nature study may not be overlooked for the paths have much of beauty to commend them. But after all, a hundred and forty-five acres is some tramp on any day.

But the sedate business person, office worker, who takes his or her present recreation somewhat by proxy, has not been overlooked. For these automobile drives—here one may ramble leisurely for what seems miles around the spacious place, finding much to appreciate, much to enjoy.

The speed in and around all parks apparently is set at a maximum of 20 miles per hour, wisely so, the lives of children must be protected and after all, one does not use a park drive for a speed way.

There are few don't in a well managed park system, but there are a few. These seem to be:

Don't pass another car going in the same direction.

Don't park or stop on the traveled roadway.

Don't drive faster than 20 miles per hour.

Don't disturb the tranquility by loud horn-blowing.

Don't interfere with any other citizen's exercise of his rights.

And now, the dinner over and the dishes washed, why not go for a cool evening ride thru our park.

We approach the park via Arlington Avenue from East or South, turn either onto Wilson Avenue or Jackson Avenue. If the approach is by Wilson Avenue we pass Gaston Park on the right, turning left at the end of Wilson onto Frank Avenue. We proceed on Frank Avenue to the second street intersection where a small sign points to Cunningham Park. If the approach is via Jackson Avenue, we turn right at Frank Avenue and proceed one block where we turn left. This street is named Staunton Avenue and is in Shenango Township. (Do not confuse this with Stanton Avenue).

At the end of Staunton Avenue we see a circle formed by ashes. This will someday be a beautiful stone entrance and traffic circle.

At present, on our right, we observe a small sign reading "Road Closed". Believe it, for it means just that. It is one half of Wood Street and entrance to the park from Wood Street is not possible.

We enter the park and, having proceeded about three hundred feet we turn right; (soon arrows will point the way) we now proceed until we reach the first triangle. We observe on our right a deep ravine. This will ultimately be crossed by the road leading to Gaston Park; the earth fill will be a dam forming a lagoon for winter sports and overlooking the lagoon will ultimately be one of the "Refectories." It is possible to urn right and then left around the triangle.

However, we keep left, being careful to stay on the ash, and keeping "Scenic Hollow" on our right, we come to the construction buildings. We cross "Scenic Hollow" and turn left, proceeding toward Cascade Woods at the triangle, keeping left and at the second triangle keep left also. As we leave the second triangle heading down toward the Staunton Avenue entrance, we are careful to keep on the ash drive for the earth shoulders are soft and at the entrance circle we turn left, again crossing "Scenic Hollow" and this time turn right, where, as we round the rear corner, we observe "The Refectory" now almost complete. We proceed for the full length of the athletic field, coming to a full stop at the intersection. No right or left turn is permitted here. Traffic must stop, go around traffic circle to get onto the Boulevard, or continue straight across towards Woodland Drive. We cross and proceed, at the top of this hill we observe Lake View Drive, but do not enter, this being the outlet of a one way drive. We then proceed to the second triangle turning right into Woodland Drive, bearing left at the next triangle for we may not enter Black Oak Drive from this direction Passing thru the woods we turn right as if to drop into the parking lot and as we reach a point in with the entrance, we again turn right onto Black Oak Drive. This Drive is the old cat rocks path, which we have not seen for years, and, nestling down in the valley is the Old Park, the place of happy memories.

Continuing along Black Oak Drive we may either bear right to Woodland Drive or bear left on Lake View Drive. We bear left and, after rambling thru its winding trail, emerge again into Cunningham Park. We drop down the hill, keep right around the traffic circle, come to a full stop, change into second gear and proceed down to Cascade Boulevard. Since children are constantly on this Boulevard, we come to a full stop, thence turning right, proceed at a speed not greater than 20 miles per hour until we reach the end of the Boulevard at Hamilton Street. The distance travelled is five miles and the time consumed about thirty minutes.

And so the trip is over, we have seen the handiwork of our friends and neighbors, we have seen the ingenuity they displayed and we have a keener conception of the fortitude they displayed during the rigors of a severe winter.

Of course, we saw much to be done and we resolved to make these suggestions to the Park Commission, feeling sure these suggestions will be gracefully received for we too have caught a vision of our beautiful park system.

(Editor's Note)

The News has noticed that names have been given to the drives thru Cascade Woods and we take some pride in the fact that one of our staff suggested them. However, the traffic circles, triangles and drives in Cunningham Park should be named and we will be glad to publish any suggestions for the benefit of the Park Commission. The reason for the names suggested should be stated.

Don't Be Sucker If "Free Lot" Is Offered To You

State Department Says Promoters Are Not In Business For Their Health

(International News Service)

HARRISBURG, July 13.—Moving swiftly to prevent a revival of the free-lot "racket," the department of public instruction has completed plans to investigate promptly the sale of real estate with rosy-hued promises of future resale at huge profits.

Robert W. Semenow, chief of law enforcement, cautioned all potential buyers to be suspicious of persons or companies offering free lots and to carefully investigate their representations before parting with their money.

"We have completed plans," Semenow revealed, "to p romptly vigorously and strictly enforce the law upon those swindlers who under the guise of making real estate developments, defraud the unwary and innocent by offering free lots.

"It is well that people should understand that it is their responsibility to be suspicious of any person or persons, company or corporations offering free lots. It is equally their responsibility to refrain from engaging in any transaction with such persons, and to bring such schemes to the notice of this department.

"They should keep in mind that aside from any other consideration, men do not engage in land development projects for the purpose of making gifts of land to anyone. Their purpose is to get the other fellow's money and any scheme that will bring this about is looked upon by them as the scheme that should be employed."

Merely because an individual has been granted a license by the department, Semenow warned, does not mean that the state has approved the sub-division which he is marketing.

He voiced the belief that the real estate profession is definitely on the upturn because of the large number of applications made to the department for licenses.

Hitler Names Peoples' Court

Treason Trials To Be Started In Germany On Saturday

(International News Service)

BERLIN, July 13—Chancellor Hitler today announced the composition of the newly created special tribunal, the "people's court," which will begin trying persons accused of treason and other political crimes tomorrow.

It is significant that twenty-one laymen, including a number of army and navy officers, will be members of the court, as well as professional judges, in view of charges that too many foes of the Hitler government have been escaping conviction in the ordinary law courts because they took advantage of legal technicalities.

The president of the court is Dr. Fritz Rehm, former president of the highest court in Prussia.

Other members will be two colonels of the Reichswehr (regular army) two naval officers, one regular military judge and five flying commodores, including Capt. Christiansen of the great German flying boat, the DOX, which visited the United States after its trans-Atlantic flight.

Strangely enough eleven Nazi storm troop leaders are also appointed judges though it is understood that among the persons to be tried for treason, who may be sentenced to death if convicted, will be storm troop leaders accused of being implicated in the plot which ended in the execution of Capt. Ernst Roehm, and other storm troop chiefs.

Don't Be Sucker If "Free Lot" Is Offered To You

State Department Says Promoters Are Not In Business For Their Health

(International News Service)

HARRISBURG, July 13.—Moving swiftly to prevent a revival of the free-lot "racket," the department of public instruction has completed plans to investigate promptly the sale of real estate with rosy-hued promises of future resale at huge profits.

Robert W. Semenow, chief of law enforcement, cautioned all potential buyers to be suspicious of persons or companies offering free lots and to carefully investigate their representations before parting with their money.

"We have completed plans," Semenow revealed, "to p romptly vigorously and strictly enforce the law upon those swindlers who under the guise of making real estate developments, defraud the unwary and innocent by offering free lots.

"It is well that people should understand that it is their responsibility to be suspicious of any person or persons, company or corporations offering free lots. It is equally their responsibility to refrain from engaging in any transaction with such persons, and to bring such schemes to the notice of this department.

"They should keep in mind that aside from any other consideration, men do not engage in land development projects for the purpose of making gifts of land to anyone. Their purpose is to get the other fellow's money and any scheme that will bring this about is looked upon by them as the scheme that should be employed."

Merely because an individual has been granted a license by the department, Semenow warned, does not mean that the state has approved the sub-division which he is marketing.

He voiced the belief that the real estate profession is definitely on the upturn because of the large number of applications made to the department for licenses.

No Marriage Ideas For Siamese Twins Here With Big Circus

Margaret and Mary Gibbs, the Siamese twins with the Ringling-Barnum and Bailey circus here today, are not going to get married. At least, not for some time, according to their mother, who travels with them. "Maybe it's all right for Siamese twins to get married," said Mrs. Gibbs, speaking of the Hilton twins, but I don't want my girls to get married."

Margaret and Mary are not so definite about the matter. "I guess it's all right," said Margaret, "if a girl wants to get married, even though she is a Siamese twin." Mary has the same idea, "if she wants to get married, why not?" asked Mary. But mother has different ideas.

Checo, the African Bush man, is very unhappy about the weather. Sitting up on his stand with the July sun beating down on the canvas scant inches above him he said: "It's worse than Africa. Over there we have trees and grasses. Here, just sun." And he mopped his abbreviated brow.

The big top was up early today. At 8 o'clock the immense tent which houses "the greatest show on earth" was already up and the razorbacks were installing the seats. By 11 o'clock they were stretched out under the seats taking a few winks of sleep.

The razorbacks had plenty of fun getting the stakes down today. The grounds are filled with granulated slag and some of it is solidified to iron hardness. As they gathered around the stakes, six in a crew and swung their mauls in unison the stake didn't go down nearly as fast as it usually does. And those stake drivers have rhythm. Otherwise somebody would get an arm broke.

Life isn't all beer and skittles for one of the elephants that does the shoving for the circus. The big brute shoved circus wagons around like you would pull Junior's scooter but apparently it knew just how far the wagon had to go each time.

It's a big show, the biggest to play here for many years. The grounds are not large enough to accommodate all the canvas and some of the tents are as far down as Division street. The dining tent is at the far end of the area.

Every Phase Of Propagandizing Will Be Probed

Congressional Committee Is Convinced That Link Exists Between Communists

(International News Service)

NEW YORK, July 13—Convinced that a link exists between Moscow and the communist party here the McCormack congressional committee was determined today to unmask every phase of alleged red propagandizing here.

Far from being content with having taken merely the testimony of Earl Browder, national secretary of the communist party in America, and James W. Ford, member of the central committee, who admitted having followed the lead of Moscow, the committee announced its intention of pursuing every bit of evidence obtainable concerning "Red" activities.

In the opinion of former Senator Thomas W. Hardwick of Georgia, counsel of the committee, the Soviet union has clearly violated its pact with the United States.

Hardwick cited the clause in the so-called Litvinoff agreement of November 18, 1933 in which Russia agreed to prevent any activities looking to the overthrow of this government. He held that the testimony of Browder and Ford definitely proved the Soviet was not abiding by its vow.

Browder and Ford had frankly admitted that resolutions adopted by the 13th plenum of the third internationale in Moscow last December were later adopted in substantially the same terms by the communists here.

Ohio Jury Brings In First Degree Verdict In Murder Case

JACKSON, O., July 13.—For a murder committed in a $23 robbery, Herbert Thacker, 21, was ordered by a jury here to pay with his life.

Convicted of the first degree murder of Stephen Huntley, 74, Thacker admitted he and Ray Freeman, 25, beat the man to death last June 4 when they attacked him in his barn and robbed him of $23.

Freeman will be tried next week on a first degree murder charge.

Thacker, in his testimony, accused another youth of plotting the robbery. The youth refused to accompany him and Freeman. Thacker said, and they went alone to the Huntley farm.

RATTLER IN GRASS ADDED TO WAR HAZARDS

(International News Service)

DENVER, July 13.—A snake in the grass added to the hazards of modern warfare during the encampment of the Colorado national guard at the Golden rifle range, 10 miles west of here. Eli Senna, 32, of Monte Vista was maneuvering on his hands and knees when a rattler struck him on the knee.

He was brought to the Fitzsimmons general hospital, an army institution near Denver, where physicians said his was the first snakebite case in five years. The victim was "pretty sick," according to the doctors, but recovered.

British Racer Gives Testimony

Kaye Don Tells About Accident From Witness Stand In Court Today

(International News Service)

DOUGLAS, Isle Of Man, July 13.—Kaye Don, noted automobile and speedboat racer, testified in his own defense today in his trial on charges of manslaughter, growing out of the death of Francis Taylor, his mechanic, in an automobile crash May 26.

Don, who was accused by the prosecutor yesterday of carelessness in rounding a curve at night at 60 miles an hour said that before the accident the car steered "heavily."

"It had a tendency to wander and I instructed the mechanics to repair it," he continued. "After the repairs were made I drove out for a test.

"Rounding the curve the steering gear failed to respond."

Don's car, he said, brushed a sedan driven by William Caine, who testified against Don. The auto racer estimated his speed at that time at 50 miles an hour and said that under ordinary circumstances he would have no difficulty taking a curve at 50 to 60 miles an hour."

Previously H. N. Charles, designer of Don's car, declared there was no defect in the steering gear before the accident.

State P. O. S. A. Camp In August

EASTON, Pa., July 13.—Additional plans for the convention of the Pennsylvania State Camp of the P. O. S. of A., to be held here on August 28, 29 and 30, were made at a meeting of the local committee of arrangements. Every camp in the county was represented and indications were given that the convention will be largely attended.

The official name selected for the convention is Public School Centennial. The delegates will make a journey to Bath, where the Wolf Academy was located, and will dedicate a marker to the memory of Governor George Wolf, the founder of Pennsylvania's free public school system.

One of the features of the convention will be the parade in which camps from all parts of the State will participate.

The opening night of the convention will be featured by a public meeting in celebration of the 100th anniversary of the founding of the free school system in Pennsylvania.

Steel Directors Answer Charges

(International News Service)

TRENTON, July 13.—Refuting charges they had paid $600,000 to obtain withdrawal of a previous suit asking an accounting of alleged illegal bonuses of approximately $26,000,000 to themselves, Charles M. Schwab, chairman of the board, and other directors of the Bethlehem Steel Corp., today answered a suit filed in chancery court here.

The suit, which asks for an accounting of such bonuses, was brought by the Standard Investment Co., of Paterson, holder of 150 shares of preferred and 100 shares of common stock in Bethlehem Steel.

Merrit Lane of Newark, representing the steel company, charged that the investment company had not exercised vigilance in its claim and was guilty of laches. He also charged the court of chancery had no jurisdiction over the suit.

While admitting bonuses were paid, Bethlehem directors contend no earnest effort to seek redress by appealing to other stockholders was made by the complainant company.

Legion Head Makes Speech

Edward A. Haynes Makes Address To Convention In Michigan

(International News Service)

MENOMINEE, Mich., July 13.—The substance of good government is good citizenship with a responsibility in upholding the constitution, Edward A. Haynes, national commander of the American Legion, said here this afternoon in a speech before the Upper Peninsula Convention of the Legion.

At the same time he assailed student movements in various colleges throughout the country which advocate non-assistance and non-participation in any future war in which the United States might become engaged, whether defensively or offensively.

He declared the Legion a "bulwark of protection to America against the Communist movement."

"We of the American Legion believe that it is time the American people take a decided stand against some of the strange tenets that are finding foothold and like a disease are spreading to destroy the principles of freedom and democracy upon which our nation was founded," he said.

"The movement is spreading into our schools and colleges, into our churches and social organizations, even into official government circles, as shown by recent startling events."

One of these events, Commander Haynes said, was an article appearing in a church paper, written by its secretary, which urged "Young Christian men to join the army in the event of war and destroy munitions, machinery, and disobey orders."

"Each and every citizen of United States who enjoys the opportunity and protection afford him by our American government and institutions, if he is honest, will be willing to share the responsibility of upholding and defending the flag that makes those thing spossible," Haynes declared.

Girl And Young Man Are Pursued By Angry Father

Real Melodrama Is Being Staged In New Jersey As Father Pursues Eloping Couple

(International News Service)

MALAGA, N. J., July 13.—A young Lochinvar and his 17-year old sweetheart, apparently bent on marriage, were being hotly pursued today by the youth's angry father and police of two states.

The romantic youth, Thomas E. C. Smith, Jr., 25, according to his father, not only took a girl, Ella Mick, Clayton, N. J., with him, but also "eloped" with $400 of his father's money and a German revolver.

The elder Smith filed a charge of larceny against his son, and told police he thought the couple had fled by bus to Philadelphia, in search of a pastor on some local "Gretna Green".

The son's departure, police said, was the result of a quarrel with his father over the right to s"tay out" late at night. The elder Smith is a retired ice dealer of Friels Mill, near here.

Relatives of the girl said she left home with no baggage except a small bundle of clothing.

Mt. Gretna Is Made Ready To House Soldiers

Advance Units Get Camp In Shape For First Week Of Encampment

(International News Service)

CAMP CHARLES H. MUIR, MT. GRETNA, Pa., July 13.—Swinging into action immediately upon their arrival and working with clock-like precision, more than 500 officers and enlisted men of the Pennsylvania National Guard, comprising the advance detail from every unit of the famous 28th Division, today practically completed the arduous task of preparing camp for the 12,000 citizens soldiers expected tomorrow for the annual encampment.

As the men worked under a blazing sun, this wooded summer resort with its high ranges and rolling country, became a veritable city of canvas.

Stripped to the waist and attired only in breeches and army shoes, the citizen soldiers "dug in" with determination, bits of old army songs rang out as the advance guardsmen labored with tent pegs and wagon-loads of equipment.

Thousands of pounds of foodstuffs were received and stored away by the camp supply detachment.

The streets at the Indiantown Gap camp site were given a final rolling and the 37 new permanent barracks were made "spic and span" inside and out.

The camp this year was named the Charles H. Muir, in memory of the late Major General Muir, who commanded the 28th Division in the World War.

Engineer Averts Serious Accident

Engineer Brings Engine To Stop With Broken Driver Rod Near Camden, N. J.

(International News Service)

CAMDEN, N. J., July 13—Bringing the train slowly to a stop, the engineer of a Ocean City-Camden commuter's train today narrowly averted what might have been a disastrous derailment after a driver rod of the locomotive broke.

The broken rod dug into the roadbed, tearing off small pieces of ties and hurling stones backward through a window of one of the coaches. Some of the pasengers were showered with broken glass but none was seriously injured.

An emergency locomotive was dispatched to the scene and the train resumed the trip to Camden.

Youth's Last Dive Ends In Tragedy

(International News Service)

SAVANNAH, Ga., July 13.—Almost every moment Edward Fillicetti, 19, of New York, had free from his duties at the Fort Screven Civilian Conservation Corps camp, he spent in swimming in the waters of Tybee beach.

Then came the time when his enlistment was up. He'd miss the swimming. Eddie told his camp mates. So they all went for a last swim. Eddie dove off. His head struck the bottom and his neck was broken.

"Just a tough break," he grinned to the priest who came to him in the hospital.

It was a tough break. Paralyzed from the neck down, physicians said he could not live.

Falling Rocks Fatal To Miner

One Man Is Found Dead; Little Hope For Another Trapped By Tons Of Debris

ACCIDENT OCCURS NEAR POTTSVILLE

(International News Service)

POTTSVILLE, Pa., July 13. — A fall of coal and rock in the Brookside Colliery of the Philadelphia and Reading Coal and Iron Company today killed one miner and buried another beneath tons of Debris.

William Klinger, 45, of Hegins, was dead when found by rescue crews, who expressed little hope for the safety of John Barr, 48, of Pine Grove, buried beneath the rock and coal.

The fall occurred just as the men set off a dynamite charge to blast away a ledge of coal, according to mine officials.

HITCH-HIKERS USED TACKS TO GET RIDES

(International News Service)

CHEYENNE, Wyo., July 13.—An ingenious scheme for forcing motorists to stop their cars at a point where he wished to ask for a ride brought down on Edward A. Perkins, 21, of Milwaukee, a hitch-hikers, a lecture and a 30-day suspended sentence. Justice of the Peace J. C. Argesheimer ordered Perkins and his companion, Alvin J. Burke of Paw Paw, Ill., to leave the county.

Perkins was found to have scattered tacks on the highway, puncturing tires of passing automobiles.

State Business Shows Increase In Twenty Years

Increase Of 150 Per Cent In Business In Little Over Decade

(International News Service)

HARRISBURG, July 13.—The commonwealth of Pennsylvania has increased its business 150 per cent in little over a decade from $100,-800,000 annually to $250,000,000 for the fiscal year which ended May 31, the treasury department reported today.

A total of 3,573,811 checks were issued during the 14 months since State Treasurer Charles A. Waters was inducted into office. This volume of business was more than one-half the total number of checks written during the entire administration of Edward Martin, Waters' predecessor, according to the department.

Judging from the present rate of business, the department estimated more than 12,000,000 checks will have been issued at the end of the administration, or double the volume during Martin's term.

Churches Endorse Drive On Movies

Philadelphia Federation Of Churches Endorse Drive For "Cleaner" Movies

(International News Service)

PHILADELPHIA, July 13.—The Philadelphia Federation of Churches today was on record as being "heartily in favor of the nation-wide drive against salacious motion pictures".

An open letter addressed to the citizens of Philadelphia lauded the action taken by the Roman Catholic church against "indecent" moving pictures and indorsed the "Legion of Decency".

The letter points out that a survey of the motion picture situation shows that 36 per cent of the 77,-000,000 Americans attending motion pictures each week, are under 21 and are accordingly in the "impressionable period of development".

Shirley Wants Huge Salary

Girl Screen Sensation Seeks 1,000 Per Cent Raise In Salary

(International News Service)

HOLLYWOOD, Cal., July 13.—Shirley Temple, 5-year-old screen sensation, is planning a single-handed strike unless the Fox Film Company accedes to her demand for a salary increase of more than 1000 per cent, it was revealed today.

The girl who leaped to fame overnight in her appearance in "Little Miss Marker" through her father, George F. Temple, Santa Monica banker, served notice that she wants $2,500 per week for her screen work. She is now receiving $150 weekly.

Studio officials said the girl is worth $1,000 per week and claim to have offered that sum.

Meanwhile Shirley played happily in the backyard of her home, unmindful of the salary war.

Pittsburgh Baby Severely Injured

(International News Service)

PITTSBURGH, July 13.—Falling 35 feet to a concrete walk, a two-year-old baby tumbled out of a window of his parents' apartment in Oakland today and was probably fatally injured.

Bernard Caninson, the infant, pressed his pudgy face and hands against the screen of the window to watch the people passing by on the street below. The screen gave way and the child dropped to the pavement.

Plan To Improve Defense In Air

Three Point Program Is Being Studied By House Investigators

PROGRAM WILL BE SENT TO CONGRESS

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, July 13.— A three-point program for improving the nation's air defense was studied today by house investigators of the war department with a view to submitting it to congress at its next session.

The program will be adapted to the nation's needs, after a survey of the air forces of all leading powers has been completed. This survey has been started by American military attaches in many foreign countries.

The tentative program includes:

1. Competitive bidding on the purchase of all army planes.
2. Increase in personnel and equipment for the army air corps.
3. A seperate promotion list for army aviators.

Rep. Kvale (F-L) of Minnesota, one of the house military affairs committee members, indicated these changes. He said "the air defense act is going to get a working over when congress meets in January."

The house committee incidentally is urging the retirement or removal of Maj. Gen. Benjamin D. Foulois as head of the army air corps. The house members hope to force his removal before congress reconvenes and indicated his retirement would be followed by a more liberal treatment of the army air corps by congress.

The proposal to impose competitive bidding on all purchases of army aircraft developed from the recent house inquiry. In the past, quantity purchases have been made under competitive bidding but experimental purchases were made by contract. Assistant Secretary of War Woodring halted this practice but the house members insist it be wiped out by law.

Army heads long have urged an increase in the number of planes. At present, the army has a top strength of 1,800 fighting airplanes.

Mine Contractor Is Shot To Death

(International News Service)

WILKES-BARRE, Pa., July 13.—George Hudok, a mine contractor, of Peckville, Lackawanna county, was shot and killed in a disturbance at Boston settlement today, according to information received by Chief County Detective Richard Powell.

Powell said he was notified Albert Albreici, accompanied by Frank Pinola, his attorney, will surrender at the courthouse as Hudok's assailant.

Cardinal Enters Fight On Movies

Cardinal Hayes, Archbishop Of New York Enters Fight For "Cleaner" Movies

(International News Service)

NEW YORK, July 12.—Patrick Cardinal Hayes, Catholic Archbishop of New York, today had entered the fight against unclean motion pictures today.

The cardinal sent to all priests under his jurisdiction a letter in which he thanked God that American protestants, Jews and Catholics had risen in united protest against "the evil character and shocking debasement of many motion pictures".

The cardinal's letter, which will be read at all Roman Catholic masses Sunday, warned of the evil effects which immoral films could have on a community's morale.

Yet out in the sticks you sometimes find people who are polite when they aren't trying to sell you anything.

National Guards Arrive In Camp

Advance Units Reach Camp At Mt. Gretna To Prepare For 12,000 Next Week

(International News Service)

MT. GRETNA, Pa., July 13.—The vanguard of Pennsylvania National Guardsmen today began converging on the state military reservation here for their greatest mobilization since the world war.

Advance units arrived today to prepare the camp for the 12,000 officers and enlisted men who were to arrive tomorrow.

The encampment this year will bring together the entire Twenty-eighth Division for the first time since world war days. From every point in the state the soldiers were arriving at Mt. Gretna, Indiantown Gap, Colebrook and Middletown.

The climax of the encampment will come on July 24 when the entire division was scheduled to march in review before Gov. Gifford Pinchot.

Will Allocate Relief Funds

State Board To Meet On July 23 At Mt. Gretna To Take Action

(International News Service)

HARRISBURG, July 13.—The state emergency board will meet at Mount Gretna July 23 to allocate to the counties the $10,000,000 granted the state for August relief needs by Harry L. Hopkins, federal emergency relief administrator, it was announced today.

Lieut. Gov. Edward C. Shannon, a member of the relief board, will be in command of the Pennsylmania National Guard holding its encampment then at Mount Gretna and Gov. Gifford Pinchot, chairman of the relief board, was scheduled to review the guard the following day.

Hopkins has warned the state the $10,000,000 grant will be the last from the federal government unless Pennsylvania contributes a "reasonable" share in the future.

Approval Given French Proposal

Britain And Italy Approve Plan For "Eastern Locarno"

(International News Service)

LONDON, July 13.—British and Italian approval of the French plan for an "Eastern Locarno" was announced in the house of commerce this afternoon by Sir John Simon, British foreign secretary.

Sir John, who clashed openly with Louis Barthou, French foreign minister, at Geneva on the armament question, extolled the French foreign minister, who has just concluded a visit of far-reaching importance to London, and the French government, which he said earnestly desires peace.

"The proposal for an eastern pact of mutual guarantee is based on the strictest principles of reciprocity and conceived with the genuine purpose of strengthening the peace of Europe and the world", said the foreign secretary.

"It creates a further basis of reciprocal guarantees and is well deserving the support of the British government and people".

Mining Dispute Causes Murder

Jessup Mine Contractor Is Shot And Killed In Quarrel

(International News Service)

WILKES-BARRE, Pa., July 13.—Culminating a protracted dispute over coal lands, Albert Alberige, 40, of the old Boston Mining Settlement, today shot and killed George Hudack, about 45, a mine contractor of Jessup, with two blasts from a shotgun, according to state police from the Wyoming barracks.

After the shooting, Alberige went to the office of Frank Pinola, an attorney, and arranged to surrender to the district attorney in Wilkes-Barre, state police said.

Hudack was struck in the chest. State police said they learned that Hudack, who operated a stripping operation near the old Boston settlement, had been involved in a long standing dispute with Alberige over coal lands known as the old Pickaway property. The quarrel was renewed this morning, according to state police, and was climaxed with the shooting.

Five state troopers from the Wyoming barracks were rushed to the scene to make an investigation.

Chief County Detective Richard Powell was informed of the slaying by Pinola and made arrangements to take Alberige into custody at the district attorney's office.

State Business Shows Increase In Twenty Years

Increase Of 150 Per Cent In Business In Little Over Decade

(International News Service)

HARRISBURG, July 13.—The commonwealth of Pennsylvania has increased its business 150 per cent in little over a decade from $100,800,000 annually to $250,000,000 for the fiscal year which ended May 31, the treasury department reported today.

A total of 3,573,811 checks were issued during the 14 months since State Treasurer Charles A. Waters was inducted into office. This volume of business was more than one-half the total number of checks written during the entire administration of Edward Martin, Waters' predecessor, according to the department.

Judging from the present rate of business, the department estimated more than 12,000,000 checks will have been isued at the end of the administration, or double the volume during Martin's term.

National Guards Arrive In Camp

Advance Units Reach Camp At Mt. Gretna To Prepare For 12,000 Next Week

(International News Service)

MT. GRETNA, Pa., July 13.—The vanguard of Pennsylvania National Guardsmen today began converging on the state military reservation here for their greatest mobilization since the world war.

Advance units arrived today to prepare the camp for the 12,000 officers and enlisted men who were to arrive tomorrow.

The encampment this year will bring together the entire Twenty-eighth Division for the first time since world war days. From every point in the state the soldiers were arriving at Mt. Gretna, Indiantown Gap, Colebrook and Middletown.

The climax of the encampment will come on July 24 when the entire division was scheduled to march in review before Gov. Gifford Pinchot.

Will Allocate Relief Funds

State Board To Meet On July 23 At Mt. Gretna To Take Action

(International News Service)

HARRISBURG, July 13.—The state emergency board will meet at Mount Gretna July 23 to allocate to the counties the $10,000,000 granted the state for August relief needs by Harry L. Hopkins, federal emergency relief administrator, it was announced today.

Lieut. Gov. Edward C. Shannon, a member of the relief board, will be in command of the Pennsylmania National Guard holding its encampment then at Mount Gretna and Gov. Gifford Pinchot, chairman of the relief board, was scheduled to review the guard the following day.

Hopkins has warned the state the $10,000,000 grant will be the last from the federal government unless Pennsylvania contributes a "reasonable" share in the future.

FERNS and PALMS
There is a dignity about a fern and palm decoration that cannot be simulated by anything else. Flowers brighten any gathering, but there are times when one needs a fern and palm decoration to lend background and dignity. Our collection of ferns and palms is an extensive one. We have the best that are available and the work of arranging them takes but a short time. For a formal party, a wedding, a funeral, or some particular church service, you need ferns and palms.

Germany Given Formal Notice

Great Britain Announces Support Of French Plan Of "Eastern Locarno"

COMES JUST BEFORE HITLER'S ADDRESS

By PIERRE HUSS
International News Service Staff Correspondent

BERLIN, July 13.—The British government, only a few hours before Chancellor Hitler was to address the Reichstag with what is expected to be an emphatic protest against the encirclement of Germany, today served formal notice upon the Reich that England is supporting the French proposal for an "eastern Locarno".

Sir Eric Phipps, British ambassador, called at the foreign office and informed Baron Konstantin Von Neurath, foreign minister, that Anglo-French collaboration in developing regional mutual assistance pacts to preserve the peace on the European continent had been assured as the result of the recent visit to London of Louis Barthou, French foreign minister.

International News Service first carried the news, in dispatches from London and Paris, that such an agreement had been reached.

The British ambassador's visit, it is generally believed, was deliberately timed on the very day and a few hours in advance of Hitler's statement to the world, to forestall any declaration by his part that Britain's attitude was not known.

Hitler Speaks Late Today.

It may cause the chancellor to make last minute changes in the speech he is to deliver at about 8 o'clock tonight (3 p. m. EDT).

Sir Eric handed Baron Von Neurath the drafts of three pacts worked out at the British foreign office while Barthou was in London.

The first was the outline of a strictly Franco-Russian treaty, the result of many weeks of negotiations between Paris and Moscow which have been viewed with the greatest suspicion by the German foreign office.

The second was the "eastern Locarno" pact, which would bring Russia, Germany, Poland and other eastern powers into an agreement to guarantee one another's territories from invasion.

The third was the draft of a general pact for similar mutual assistance pacts covering all sectors of the European continent. The draft of a Mediterranean pact, which principally concerns France and Italy, was not presented but Von Neurath was informed of its existence.

It is the eastern Locarno pact, obligating Germany to accept her present frontiers and abandon her claims for expansion towards the east that has disturbed the German press. But there are some indications that a compromise may be worked out that might make it acceptable to the Reich though it is doubted here that Poland will approve any such arrangement.

Nevertheless there was some bitter comment in government circles. "France is still trying to carry out Napoleonic plans for European hegemony while Germany is trying to establish European and world peace through individual agreements," was one comment.

PUT NEW TWIST TO FRIENDLY GREETING

(International News Service)

BOSTON—It's going to be a long time before Thomas Curry takes the next hand that is proffered to him for a shake, especially if the "glad-hander" is a stranger.

Curry was walking along Brighton avenue when a stranger walked up to him and said:

"Glad to see you, young fellow, how are you?"

And then the stranger took Curry's hand in his own. In a flash, the stranger threw Curry to the sidewalk with a jiu-jitsu hold and took $50 in checks and $10 in cash from him.

Can You Guess Which?

Not twins but mother and daughter. Mrs. Katherine MacGregor-Frame and her daughter Miss Mariel arrive from Paris to visit their home in Philadelphia. If you are puzzled we'll now inform you that Mrs. MacGregor-Frame is at the left.

Phillips Making Visit Home After Ten Years In West

Californian Visiting Parents Here; Other News Of Interest To Welsh

(By WILLIAM A. JOHNS)
Brython

William J. Phillips, of California, has arrived safely here and is making his headquarters at the home of his parents, Mr. and Mrs. William Phillips, of East Reynolds street. This is his first visit in ten years to New Castle. He has married and is the proud father of a sweet little daughter. His wife and daughter did not make the journey with him owing to the hot weather. He will be here for a few weeks before returning home to resume his work with the Pacific railroad. He has served as a high officer in this company for twenty years.

Last night I met Deacon D. S. Williams, of Lincoln avenue, who was all smiles as usual, and he asked me the date of the singing festival at Cleveland, Ohio. I told him September 2 and he said he will be there if alive and well. Other Welsh people of New Castle will keep the date in mind because the festival is going to be the best in the history of the Welsh nation of the United States. The great director of music, Prof. Hopkins Evans, of Liverpool, England, will be the director of the day.

A sacred concert will be held at the Emmanuel Baptist church next Sunday evening, starting at 7:30 o'clock.

The Welsh of New Castle will miss Samuel Evans, of Mills Way, who passed away this week. He was one of the leading Welshmen of the city and a very good musician.

Germany has a vast network of canals and continues to add more.

Warn Motorists To Drive Slow

Excessive Speed On Highways Causes Majority Of Accidents, Committee Finds

(International News Service)

HARRISBURG, July 13.—Declaring excessive speed is the greatest single cause of all accidents, the governor's committee on street and highway safety today urged Pennsylvania motorists planning vacation trips to "tour sensibly."

Pointing out that enjoyment and relaxation are the principal elements of a vacation, the committee asserted little can be gained by maintaining a nerve-wracking pace.

"The first rule for an enjoyable vacation of motoring is to plan the trip according to the time at your command," the committee said. "Don't make the mistake of trying to cover a two-weeks tour in one. It can't be done safely."

Cupid Recovers From Depression

(International News Service)

WILLIAMSPORT, Pa., July 13.—Dan Cupid, the Williamsport Dan at least, has recovered almost completely from the depression.

June marriage licenses issued in Lycoming county totaled 111, just two short of 1929's record 113.

Increases in the number of licenses issued has been noted monthly for a year.

RAIL CUTOFF HELPS COLORADO STOCKMEN

(International News Service)

DENVER, July 13.—Opening of the 42-mile-long Dotsero cutoff in western Colorado will save stockmen of that section $200,000 annually on their shipments to Denver markets, according to L. M. Pexton, manager of the Denver Union stockyards. Freight charges will be reduced 5 to 7 cents per 100 pounds on livestock, in addition to a lessening of shrinkage due to the shorter distance the animals will be shipped.

The new line, to be formally opened June 16, will cut 172 miles from the rail distance from certain sections to Denver and will lessen the time in transit by 10 hours.

Radio Amateurs Of City Organize

Thirty Out To Inaugurate "Western Pennsylvania Mike And Key Club"

A. A. CRUM NAMED FIRST PRESIDENT

An enthusiastic group of licensed and would-be licensed amateur radio station operators of the New Castle district, whose daily ethereal operations seldom come to the notice of the general public, organized itself into the "Western Pennsylvania Mike and Key Club" at an assembly in a Union towiship home last night.

Officers Are Chosen

Nearly 30 "dot-and-dashers" voiced their hearty approval of effecting an organization here and, later in the meeting, chose Arles A. Crum, Union township as their president.

Elected with Mr. Crum to the other offices were:

J. P. Fetter, vice president: Ray Robinson, secretary, Francis N. Jones, treasurer and Wayne Sines, Willis G. McMullen and C. A Brown directors.

Presiding over last night's preliminary meeting was Arthur Kohn, active young amateur radio enthusiast who was instrumental in convening the group and who helped several others draw up a temporary organization set-up. The action of last night definitely established the aims and objects of the operators and filled the administrative offices for at least a year.

Unknown to the general public and radio owners, licensed operators of amateur stations locally have increased rapidly since the day that Theodore Woodrow and Francis N. Jones, the city's first licensed operators, took to the air. All of the amateur stations bear call letters and in communication with the amateur radio men the country over.

Object To Expand

Officers of the organization expect to inaugurate drive to bring amateur operators—"hams" they're called in radio circles—from all over this western Pennsylvania locality into the club's membership. Elimination of reception interference for the other fellow and for radio owners generally will be their prime objective.

Plans for the new organization were outlined by Mr. Kohn who presided until a president was elected: Wayne Sines, Richard Shoup, J. P. Fetter, Francis Jones, Robert English, Russell Stocker and Ray Robinson. Others also spoke.

The group named Willis G. McMullen, chief of detectives of the New Castle police department: Paul G. Dingledy, assistant to the general manager of the Pennsylvania Power company: Kenneth A. Cotton of the Pennsylvania Power company and Bruce Ewing of The News as honorary members. McMullen was also chosen to service on the new board.

Within a short time Mr. McMullen told the amateurs the city police department will launch its scout radio car cruiser system and the radio problems involved will give the department more reason to be represented in the new club.

President Crum—he's known only as W8LQW over the ether—will call another meeting of the club at a place to be chosen later within the next two weeks.

Last night's organization meeting was held in the Crum home on English avenue.

New Locomotive Will Be Largest In Great Britain

(International News Service)

LONDON, July 13.—What is said to be the largest locomotive in England is approaching completion at the London and North Eastern railroad company's works at Doncaster and will shortly be ready for its trial run.

It is reported that no other engine in Great Britain has eight coupled driving wheels, each 6 feet eight inches in diameter, or an equal capacity for drawing heavy loads at high speed for long periods.

It is understood that the new locomotive will be employed on the London-Scotland route. The designer had to bear in mind the necessity for not imposing an undue strain upon rails and sleepers. Some ten years ago, when the London and North Eastern introduced its well-known Pacific type of engine, it was found that the great weight of the locomotive wrought havoc with the "chairs" and threw much extra work on the permanent way staff.

The new locomotive, it is pointed out, is the reply of this company to the challenge embodied in recent constructional work by the London Midland and Scottish and the Great Western railroads.

RINGLING'S AND BARNUM'S CIRCUS IS IN TOWN TODAY

Open up another barrel of adjectives and tear the dictionary into shreds. Put on your Sunday best and array the youngsters in their best bib and tucker and trek along, for we're going to the circus and from a ringside seat study the latest fads and frills in clowning and blow kisses to the lovely Reiffenach sisters, Rose and Mitzi, as they cavort about the middle sawdust ring beneath the "big top" upon the backs of their broad-beamed equines.

Yes, the circus—the amalgamated Ringling and Barnum and Bailey affair, known from Dan to Beersheba as the "big show" is again in New Castle after an absence of some years and holds the local spotlight to the exclusion of about everything else.

Spic and span as a June debutante, eager and anxious to demonstrate thats its slogan of the "greatest show on earth" is no misname, it has spread itself all over the real estate at the show grounds at South Mill street, where it is holding high carnival with a matinee performance which will be repeated in its entirety at 8 o'clock, after which it will "fold its tents like the Arabs, and as silently steal away" this time to Erie where it exhibits tomorrow.

While yet the morning was young four long circus trains came chugging into town, and quietly and with all the ease and lack of confusion one commonly associates with life on a man o'war disgorged its trainloads of marvels and wonders and proceeded to install itself at the show grounds where thirty tents, big and little, have been raised, and seen from a distance with flags and pennants flying at the tops of giant spars look just as attractive as when gray-haired grand dad was a small boy and toted water to Jumbo.

It's all here with what other cities have pronounced as far and away the best performances ever given under the Ringling-Barnum aegis. Present, too, is Samuel W. Gumpertz, now the motivating head of the combined shows, who personally directs the activities and performances of the famous circus.

With pageantry that never fails to captivate thrills expected, but always spectacular and appreciated to the full, together with perils hourly braved by some hundreds of arenic stars to make a holiday for the recreating public, this year's circus offers as never before attractions and features new to jaded amusement seekers.

It is here in all its glorious entirety: the iridescent processional pageant descriptive of the famous Delhi Durbar; the quaint giraffe-neck brown women of Burma; elephants that reach from here to there, a family of four giraffes exuding proud disdain; blonde and captivating Dorothy Herbert whose madcap riding would put Mazeppa to shame; Merkel, the "human fly", who walks upside down in otherwise untenanted atmosphere; Mlle Gillette whose sensational aerial act causes gooseflesh to break out all over the customers; Con Colleano, somersaulting marvel of the high wire; the Wallendas troupe in suicidal antics high in the top of the tent upon a slender steel promenade of wire; 150 clowns in a fiesta of foolery; five squads of pachyderms (elephants to you) wiser and niftier than ever, with a new bag of tricks; Ed. and Jennie Rooney, aerialists supreme; the Otari troupe of somersaulting, diving, plunging, leaping human meteors having a huge illuminated Maltese cross as their base of operations; the brothers Zacchini, two daring Italian lads, who are shot from the cannon's muzzle; the Loyal-Repnski troupe of riders from the French circus Medrano; Antoniette Concellos and Eileen Larey, exceedingly easy on the eyes, and indisputably the two greatest "leapers" in an aerial "casting" act of their sex in the world, and much else upon a program where not even the super-optical Col. Argus, himself, could hope to see all occurs at one time. The zoo offers much and would make Noah jealous were he alive to view it. It's the Ringling and Barnum and Bailey greatest show on earth, and that tells the whole story.

EMBLEM IN TREE

(International News Service)

YELLOWSTONE PARK, Wyo.—A masonic emblem carved into a lodge-pole pine near Yellowstone lake in 1887 was discovered by Earl Semingson, temporary ranger. The emblem is complete with square, compass and triangle and bears the initials "J.H." The tree in which it was carved is now more than 18 inches in diameter.

St. Vitus Club Holds Banquet

First Annual Banquet Given By Knights Of St. Vitus Is Huge Success

In the newly re-modeled Knights of St. Vitus hall, located in the yard of the St. Vitus church, approximately 75 persons enjoyed the first annual Knights of St. Vitus banquet Thursday evening, which was a huge success. The occasion also marked the formal opening of the new clubhouse.

Following a delicious spaghetti, meat balls, round steak, and salad dinner, Francis Augostine, chairman in charge of the fete, introduced Peter P. Capitola, the toastmaster of the evening. As usual Mr. Capitola proved a capable toastmaster. The large gathering listened to numerous brief but interesting addresses given by several priests from Pittsburgh, New Castle and several local citizens.

Those who were called upon and responded with a few words included: Daniel Hamlin, of Pittsburgh; Rev. Fr. Lucien, of Pittsburgh; Jake DeFonso, of the Knights of St. Vitus club; Attorney Joseph Leta, of this city; Thomas Flanagan, grand knight of the St. Mary's branch, K. of C., Rev. Fr. Albert Farina, assistant pastor of the St. Vitus church, Bernard Hanlon, state secretary of the Knights of Columbus; Rev. Victor Green, of St. Fidelis Seminary, Herman, Pa.; Rev. Fr. William Galvin, of the St. Mary's church; Rev. Fr. Leo Watterson, of the St. Mary's church; Rev. Fr. Sebastian Ippolito, of Mahoningtown; Joseph Farina, of Pittsburgh, and Vitus Conti, president of the Knights of St. Vitus.

During the serving of the luscious dinner, Sam Mangeri and Louis Mastrangelo rendered several pleasing selections. Those who helped to prepare the meal and serve it follow: Mrs. Concetta DeCarbo, Mrs. Maria Isabella, Mrs. Anna DeFonso, Mrs. Lena Cialella, Mrs. Clara Natale, Mrs. Christine Catalana, Catherine Augostine, Marie Augostine, Jennie Spinelli, Mary Porfilio, Rose Maciariello, Rose Corio, Mary Audia, and Edith DeCarbo.

Nature tends to great fortunes. The generation that gets wealth without earning it is too soft to keep it.

Old Land Mark Is Being Razed

Over Two Hundred Graves Of Early Settlers Are Nearly Blotted Out

(International News Service)

ERIE, Pa., July 13.—Winter's driving snows, summer's gentle rains, decades of neglect and forgetfulness have blotted out final resting spots of over 200 early settlers of Harbor Creek township, asleep "under the sod and the dew" back of Wesleyville's "little old brick meeting house," built in 1828 and razed this year.

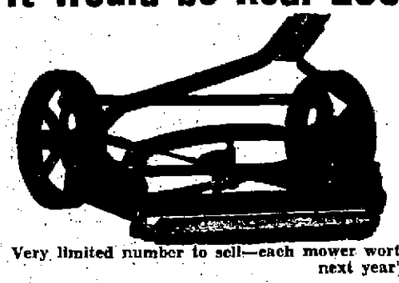

Saddened were the hearts of older residents of the village at the thought of the absence of even a single flower and the sight of crumbling grave markers, many of which already have toppled over, as workmen tore down the edifice.

To the wayfarer strolling among the weathered tombs, an inscription on two crumbling slabs told that here was the sepulchre of John Shadduck—donator of ground for the church and graveyard— who died in 1834 at 51, and his wife, Nancy, who died two years earlier at 38.

The structure was occupied by the Methodist Episcopal society of Wesleyville for nearly half a century. It was abandoned several years ago with construction of a new edifice on another lot.

Radio Amateurs Of City Organize

Thirty Out To Inaugurate "Western Pennsylvania Mike And Key Club"

A. A. CRUM NAMED FIRST PRESIDENT

An enthusiastic group of licensed and would-be licensed amateur radio station operators of the New Castle district, whose daily ethereal operations seldom come to the notice of the general public, organized itself into the "Western Pennsylvania Mike and Key Club" at an assembly in a Union towiship home last night.

Officers Are Chosen

Nearly 30 "dot-and-dashers" voiced their hearty approval of effecting an organization here and, later in the meeting, chose Arles A. Crum, Union township as their president.

Elected with Mr. Crum to the other offices were:

J. P. Fetter, vice president: Ray Robinson, secretary, Francis N. Jones, treasurer and Wayne Sines, Willis G. McMullen and C. A Brown directors.

Presiding over last night's preliminary meeting was Arthur Kohn, active young amateur radio enthusiast who was instrumental in convening the group and who helped several others draw up a temporary organization set-up. The action of last night definitely established the aims and objects of the operators and filled the administrative offices for at least a year.

Unknown to the general public and radio owners, licensed operators of amateur stations locally have increased rapidly since the day that Theodore Woodrow and Francis N. Jones, the city's first licensed operators, took to the air. All of the amateur stations bear call letters and in communication with the amateur radio men the country over.

Object To Expand

Officers of the organization expect to inaugurate drive to bring amateur operators—"hams" they're called in radio circles—from all over this western Pennsylvania locality into the club's membership. Elimination of reception interference for the other fellow and for radio owners generally will be their prime objective.

Plans for the new organization were outlined by Mr. Kohn who presided until a president was elected: Wayne Sines, Richard Shoup, J. P. Fetter, Francis Jones, Robert English, Russell Stocker and Ray Robinson. Others also spoke.

The group named Willis G. McMullen, chief of detectives of the New Castle police department: Paul G. Dingledy, assistant to the general manager of the Pennsylvania Power company: Kenneth A. Cotton of the Pennsylvania Power company and Bruce Ewing of The News as honorary members. McMullen was also chosen to service on the new board.

Within a short time Mr. McMullen told the amateurs the city police department will launch its scout radio car cruiser system and the radio problems involved will give the department more reason to be represented in the new club.

President Crum—he's known only as W8LQW over the ether—will call another meeting of the club at a place to be chosen later within the next two weeks.

Last night's organization meeting was held in the Crum home on English avenue.

New Locomotive Will Be Largest In Great Britain

(International News Service)

LONDON, July 13.—What is said to be the largest locomotive in England is approaching completion at the London and North Eastern railroad company's works at Doncaster and will shortly be ready for its trial run.

It is reported that no other engine in Great Britain has eight coupled driving wheels, each 6 feet eight inches in diameter, or an equal capacity for drawing heavy loads at high speed for long periods.

It is understood that the new locomotive will be employed on the London-Scotland route. The designer had to bear in mind the necessity for not imposing an undue strain upon rails and sleepers. Some ten years ago, when the London and North Eastern introduced its well-known Pacific type of engine, it was found that the great weight of the locomotive wrought havoc with the "chairs" and threw much extra work on the permanent way staff.

The new locomotive, it is pointed out, is the reply of this company to the challenge embodied in recent constructional work by the London Midland and Scottish and the Great Western railroads.

RINGLING'S AND BARNUM'S CIRCUS IS IN TOWN TODAY

Open up another barrel of adjectives and tear the dictionary into shreds. Put on your Sunday best and array the youngsters in their best bib and tucker and trek along, for we're going to the circus and from a ringside seat study the latest fads and frills in clowning and blow kisses to the lovely Reiffenach sisters, Rose and Mitzi, as they cavort about the middle sawdust ring beneath the "big top" upon the backs of their broad-beamed equines.

Yes, the circus—the amalgamated Ringling and Barnum and Bailey affair, known from Dan to Beersheba as the "big show" is again in New Castle after an absence of some years and holds the local spotlight to the exclusion of about everything else.

Spic and span as a June debutante, eager and anxious to demonstrate thats its slogan of the "greatest show on earth" is no misname, it has spread itself all over the real estate at the show grounds at South Mill street, where it is holding high carnival with a matinee performance which will be repeated in its entirety at 8 o'clock, after which it will "fold its tents like the Arabs, and as silently steal away" this time to Erie where it exhibits tomorrow.

While yet the morning was young four long circus trains came chugging into town, and quietly and with all the ease and lack of confusion one commonly associates with life on a man o'war disgorged its trainloads of marvels and wonders and proceeded to install itself at the show grounds where thirty tents, big and little, have been raised, and seen from a distance with flags and pennants flying at the tops of giant spars look just as attractive as when gray-haired grand dad was a small boy and toted water to Jumbo.

It's all here with what other cities have pronounced as far and away the best performances ever given under the Ringling-Barnum aegis. Present, too, is Samuel W. Gumpertz, now the motivating head of the combined shows, who personally directs the activities and performances of the famous circus.

With pageantry that never fails to captivate thrills expected, but always spectacular and appreciated to the full, together with perils hourly braved by some hundreds of arenic stars to make a holiday for the recreating public, this year's circus offers as never before attractions and features new to jaded amusement seekers.

It is here in all its glorious entirety: the iridescent processional pageant descriptive of the famous Delhi Durbar; the quaint giraffe-neck brown women of Burma; elephants that reach from here to there, a family of four giraffes exuding proud disdain; blonde and captivating Dorothy Herbert whose madcap riding would put Mazeppa to shame; Merkel, the "human fly", who walks upside down in otherwise untenanted atmosphere; Mlle Gillette whose sensational aerial act causes gooseflesh to break out all over the customers; Con Colleano, somersaulting marvel of the high wire; the Wallendas troupe in suicidal antics high in the top of the tent upon a slender steel promenade of wire; 150 clowns in a fiesta of foolery; five squads of pachyderms (elephants to you) wiser and niftier than ever, with a new bag of tricks; Ed. and Jennie Rooney, aerialists supreme; the Otari troupe of somersaulting, diving, plunging, leaping human meteors having a huge illuminated Maltese cross as their base of operations; the brothers Zacchini, two daring Italian lads, who are shot from the cannon's muzzle; the Loyal-Repnski troupe of riders from the French circus Medrano; Antoniette Concellos and Eileen Larey, exceedingly easy on the eyes, and indisputably the two greatest "leapers" in an aerial "casting" act of their sex in the world, and much else upon a program where not even the super-optical Col. Argus, himself, could hope to see all occurs at one time. The zoo offers much and would make Noah jealous were he alive to view it. It's the Ringling and Barnum and Bailey greatest show on earth, and that tells the whole story.

EMBLEM IN TREE

(International News Service)

YELLOWSTONE PARK, Wyo.—A masonic emblem carved into a lodge-pole pine near Yellowstone lake in 1887 was discovered by Earl Semingson, temporary ranger. The emblem is complete with square, compass and triangle and bears the initials "J.H." The tree in which it was carved is now more than 18 inches in diameter.

St. Vitus Club Holds Banquet

First Annual Banquet Given By Knights Of St. Vitus Is Huge Success

In the newly re-modeled Knights of St. Vitus hall, located in the yard of the St. Vitus church, approximately 75 persons enjoyed the first annual Knights of St. Vitus banquet Thursday evening, which was a huge success. The occasion also marked the formal opening of the new clubhouse.

Following a delicious spaghetti, meat balls, round steak, and salad dinner, Francis Augostine, chairman in charge of the fete, introduced Peter P. Capitola, the toastmaster of the evening. As usual Mr. Capitola proved a capable toastmaster. The large gathering listened to numerous brief but interesting addresses given by several priests from Pittsburgh, New Castle and several local citizens.

Those who were called upon and responded with a few words included: Daniel Hamlin, of Pittsburgh; Rev. Fr. Lucien, of Pittsburgh; Jake DeFonso, of the Knights of St. Vitus club; Attorney Joseph Leta, of this city; Thomas Flanagan, grand knight of the St. Mary's branch, K. of C., Rev. Fr. Albert Farina, assistant pastor of the St. Vitus church, Bernard Hanlon, state secretary of the Knights of Columbus; Rev. Victor Green, of St. Fidelis Seminary, Herman, Pa.; Rev. Fr. William Galvin, of the St. Mary's church; Rev. Fr. Leo Watterson, of the St. Mary's church; Rev. Fr. Sebastian Ippolito, of Mahoningtown; Joseph Farina, of Pittsburgh, and Vitus Conti, president of the Knights of St. Vitus.

During the serving of the luscious dinner, Sam Mangeri and Louis Mastrangelo rendered several pleasing selections. Those who helped to prepare the meal and serve it follow: Mrs. Concetta DeCarbo, Mrs. Maria Isabella, Mrs. Anna DeFonso, Mrs. Lena Cialella, Mrs. Clara Natale, Mrs. Christine Catalana, Catherine Augostine, Marie Augostine, Jennie Spinelli, Mary Porfilio, Rose Maciariello, Rose Corio, Mary Audia, and Edith DeCarbo.

Nature tends to great fortunes. The generation that gets wealth without earning it is too soft to keep it.

Hitler Names Peoples' Court

Treason Trials To Be Started In Germany On Saturday

(International News Service)

BERLIN, July 13—Chancellor Hitler today announced the composition of the newly created special tribunal, the "people's court," which will begin trying persons accused of treason and other political crimes tomorrow.

It is significant that twenty-one laymen, including a number of army and navy officers, will be members of the court, as well as professional judges, in view of charges that too many foes of the Hitler government have been escaping conviction in the ordinary law courts because they took advantage of legal technicalities.

The president of the court is Dr. Fritz Rehm, former president of the highest court in Prussia.

Other members will be two colonels of the Reichswehr (regular army) two naval officers, one regular military judge and five flying commodores, including Capt. Christiansen of the great German flying boat, the DOX, which visited the United States after its trans-Atlantic flight.

Strangely enough eleven Nazi storm troop leaders are also appointed judges though it is understood that among the persons to be tried for treason, who may be sentenced to death if convicted, will be storm troop leaders accused of being implicated in the plot which ended in the execution of Capt. Ernst Roehm, and other storm troop chiefs.

HARLEM, Mont.—Overeagerness on the part of Sam Harvey, a farmer, to cash in on one of the most important scientific discoveries in this section in recent years destroyed the value of his find, officials of the American Museum of Natural History told him. Harvey found the remains of a prehistoric dinosaur on his farm. Anxious lest they be stolen, he gathered them up and placed them in sacks.

Darwin Hanbricht, U. S. engineer and assistant to Barnum Brown, curator of the museum told Harvey that the bones picked out or their native element by inexperienced hands, were worthless.

NEW CASTLE PARKS

CUNNINGHAM PARK.

Cunningham Park, named after the family of the donors, is located in Shenango Township just south of the city line.

The property is shaped something like a boot, the toe of which abuts on Gaston Park at Frank avenue, the heel setting in Cascade Boulevard near Dead Man's cut, and the top abutting on Cascade Park at the woods.

To follow the simile, the front of the boot leg abuts on a street shown on the map as Wood Street, and the calf of the boot rests against a small strip of property, not owned by the city, which strip separates Cunningham Park and Cascade Boulevard between Dead Man's Cut on Cascade Boulevard and a point slightly nearer the dam than the old ball park. The property comprises approximately 145 acres.

This park is reached on foot from most any direction and, as the auxiliary improvements are completed, will also be accessible from most any direction by automobile. However, for the present, the park is only accessible by automobile via Staunton Avenue (Shenango Township), Cascade Boulevard, Huron Avenue, and the parking lot in Cascade.

The property is rolling having a general slope towards the Big Run.

Natural water courses, starting in the slope of Cascade Woods, gradually become more pronounced until they open out into deep ravines. The water courses provide excellent drainage and, while for the most part dry runs, are nevertheless at certain spots fed by springs of sufficient flow to make possible the construction of small dams.

Starting at what would be the center of the boot top is one of these water courses, it gradually widens taking on more of a wedge shape and getting deeper, the case of this wedge would rest on Cascade Boulevard. A small spring feeds this run and at a point where the main park road crosses the stream a beautiful tree lined pool has been formed. From this point on the ravine has been "Scenic Hollow", and quite naturally of course, for as the water trickles in ever increasing tempo from dam to dam, the trees on the wooded slopes raise their majestic heads in greater dignity.

Paths have been constructed down Scenic Hollow, which cross and recross the bubbling stream, and where opportunity has afforded, rustic benches have been constructed for those who wish to contemplate the tranquil scene..

At the foot of the hollow is being constructed a dam, which also forms part of a path leading from Cascade Boulevard up over the hill.

Roads have been laid out and generally reduced to grade, these follow the natural contour of the ground as nearly as possible, and where cuts and fills have been made, the sides have been gently sloped back to restore and preserve the natural appearance. The driveways will be twenty feet wide, with ample provisions for increasing this width, if necessary.

Literally, hundreds of trees have been planted, no tree or shrub that could be saved was destroyed. On the contrary the young trees were carefully lifted and transplanted under the direction of skilled persons, and then carefully nurtured and watered to carry them thru the exceedingly dry spell of late spring.

Gunton Park, out of its abundance, provided many of these young trees, not the least of which were the offspring of our giant elm previously described.

Still keeping in mind the boot, the calf of the boot to the ankle will be the athletic fields. Much of the grading has been done, and much more needs to be done, but when completed, facility can be provided for games of every kind—tennis, baseball, mushball, football, running, jumping, and yes, even sled-riding.

At the foot of the athletic field are being constructed the comfort stations and shelters combined, which the architect is pleased to call a "Refectory". This consists of two small buildings, built of cut stone in rough ashlar design, old English roofs are joined together by a sharp pointed roof, supported by stone pillars to form an open shelter with the men's room on one end, the ladies' on the other.

At the other end of the field and on the hill from which point can be obtained a general view of the whole park, the foundation has been prepared for what some day will be a Field House. This building is intended to provide convenience and facility for both sexes so that while those who wish to do so, follow the more strenuous games, others may while away the time with bridge or other games. The building is intended also to provide facility for the caretaker, thereby affording complete protection the year around at nominal cost. The plans also provide for lockers and showers. The timbers for this building are already available, stone for the walls can be quarried, there remains but the trimming which, as the whole plan develops, will undoubtedly be available.

This is the Athlete's Park, for on its spacious field the adolescent youth and the adult might find recreation. Hiking and nature study may not be overlooked for the paths have much of beauty to commend them. But after all, a hundred and forty-five acres is some tramp on any day.

But the sedate business person, office worker, who takes his or her present recreation somewhat by proxy, has not been overlooked. For these automobile drives—here one may ramble leisurely for what seems miles around the spacious place, finding much to appreciate, much to enjoy.

The speed in and around all parks apparently is set at a maximum of 20 miles per hour, wisely so, the lives of children must be protected and after all, one does not use a park drive for a speed way.

There are few don't in a well managed park system, but there are a few. These seem to be:

Don't pass another car going in the same direction.

Don't park or stop on the traveled roadway.

Don't drive faster than 20 miles per hour.

Don't disturb the tranquility by loud horn-blowing.

Don't interfere with any other citizen's exercise of his rights.

And now, the dinner over and the dishes washed, why not go for a cool evening ride thru our park.

We approach the park via Arlington Avenue from East or South, turn either onto Wilson Avenue or Jackson Avenue. If the approach is by Wilson Avenue we pass Gaston Park on the right, turning left at the end of Wilson onto Frank Avenue. We proceed on Frank Avenue to the second street intersection where a small sign points to Cunningham Park. If the approach is via Jackson Avenue, we turn right at Frank Avenue and proceed one block where we turn left. This street is named Staunton Avenue and is in Shenango Township. (Do not confuse this with Stanton Avenue).

At the end of Staunton Avenue we see a circle formed by ashes. This will someday be a beautiful stone entrance and traffic circle.

At present, on our right, we observe a small sign reading "Road Closed". Believe it, for it means just that. It is one half of Wood Street and entrance to the park from Wood Street is not possible.

We enter the park and, having proceeded about three hundred feet we turn right; (soon arrows will point the way) we now proceed until we reach the first triangle. We observe on our right a deep ravine. This will ultimately be crossed by the road leading to Gaston Park; the earth fill will be a dam forming a lagoon for winter sports and overlooking the lagoon will ultimately be one of the "Refectories." It is possible to urn right and then left around the triangle.

However, we keep left, being careful to stay on the ash, and keeping "Scenic Hollow" on our right, we come to the construction buildings. We cross "Scenic Hollow" and turn left, proceeding toward Cascade Woods at the triangle, keeping left and at the second triangle keep left also. As we leave the second triangle heading down toward the Staunton Avenue entrance, we are careful to keep on the ash drive for the earth shoulders are soft and at the entrance circle we turn left, again crossing "Scenic Hollow" and this time turn right, where, as we round the rear corner, we observe "The Refectory" now almost complete. We proceed for the full length of the athletic field, coming to a full stop at the intersection. No right or left turn is permitted here. Traffic must stop, go around traffic circle to get onto the Boulevard, or continue straight across towards Woodland Drive. We cross and proceed, at the top of this hill we observe Lake View Drive, but do not enter, this being the outlet of a one way drive. We then proceed to the second triangle turning right into Woodland Drive, bearing left at the next triangle for we may not enter Black Oak Drive from this direction Passing thru the woods we turn right as if to drop into the parking lot and as we reach a point in with the entrance, we again turn right onto Black Oak Drive. This Drive is the old cat rocks path, which we have not seen for years, and, nestling down in the valley is the Old Park, the place of happy memories.

Continuing along Black Oak Drive we may either bear right to Woodland Drive or bear left on Lake View Drive. We bear left and, after rambling thru its winding trail, emerge again into Cunningham Park. We drop down the hill, keep right around the traffic circle, come to a full stop, change into second gear and proceed down to Cascade Boulevard. Since children are constantly on this Boulevard, we come to a full stop, thence turning right, proceed at a speed not greater than 20 miles per hour until we reach the end of the Boulevard at Hamilton Street. The distance travelled is five miles and the time consumed about thirty minutes.

And so the trip is over, we have seen the handiwork of our friends and neighbors, we have seen the ingenuity they displayed and we have a keener conception of the fortitude they displayed during the rigors of a severe winter.

Of course, we saw much to be done and we resolved to make these suggestions to the Park Commission, feeling sure these suggestions will be gracefully received for we too have caught a vision of our beautiful park system.

(Editor's Note)

The News has noticed that names have been given to the drives thru Cascade Woods and we take some pride in the fact that one of our staff suggested them. However, the traffic circles, triangles and drives in Cunningham Park should be named and we will be glad to publish any suggestions for the benefit of the Park Commission. The reason for the names suggested should be stated.

Don't Be Sucker If "Free Lot" Is Offered To You

State Department Says Promoters Are Not In Business For Their Health

(International News Service)

HARRISBURG, July 13.—Moving swiftly to prevent a revival of the free-lot "racket," the department of public instruction has completed plans to investigate promptly the sale of real estate with rosy-hued promises of future resale at huge profits.

Robert W. Semenow, chief of law enforcement, cautioned all potential buyers to be suspicious of persons or companies offering free lots and to carefully investigate their representations before parting with their money.

"We have completed plans," Semenow revealed, "to p romptly vigorously and strictly enforce the law upon those swindlers who under the guise of making real estate developments, defraud the unwary and innocent by offering free lots.

"It is well that people should under stand that it is their responsibility to be suspicious of any person or persons, company or corporations offering free lots. It is equally their responsibility to refrain from engaging in any transaction with such persons, and to bring such schemes to the notice of this department.

"They should keep in mind that aside from any other consideration, men do not engage in land development projects for the purpose of making gifts of land to anyone. Their purpose is to get the other fellow's money and any scheme that will bring this about is looked upon by them as the scheme that should be employed."

Merely because an individual has been granted a license by the department, Semenow warned, does not mean that the state has approved the sub-division which he is marketing.

He voiced the belief that the real estate profession is definitely on the upturn because of the large number of applications made to the department for licenses.

Although most of the pet measures sought by women were pigeonholed by the seventy-third congress, which has just adjourned, the women's lobby at Washington is rejoicing over some worthwhile accomplishments. The equal rights and peace lobbyists are triumphant over the fact that congress put the final touches on the nationality equality of women citizens of the United States, and ratified the 1925 Geneva "trade-in-arms" publicity treaty. Mrs. W. T. Bannerman of the National Congress of Parents and Teachers obtained an extra-budget allotment for the school printing fund. Passage of the equal rights nationality bill crowned with success many years of effort of the National Woman's party under the leadership of Miss Alice Paul. Mrs. S. Blair Luckie of Chester, Pa., legislative chairman of the General Federation of Women's Clubs, worked actively for the measure. Miss Mabel Vernon, campaign director of the United States branch of the Women's International League for Peace and Freedom, was an active lobbyist.

State Business Shows Increase In Twenty Years

Increase Of 150 Per Cent In Business In Little Over Decade

(International News Service)

HARRISBURG, July 13.—The commonwealth of Pennsylvania has increased its business 150 per cent in little over a decade from $100,800,000 annually to $250,000,000 for the fiscal year which ended May 31, the treasury department reported today.

A total of 3,573,811 checks were issued during the 14 months since State Treasurer Charles A. Waters was inducted into office. This volume of business was more than one-half the total numbef of checks written during the entire administration of Edward Martin, Waters' predecessor, according to the department.

Judging from the present rate of business, the department estimated more than 12,000,000 checks will have been issued at the end of the administration, or double the volume during Martin's term.

Churches Endorse Drive On Movies

Philadelphia Federation Of Churches Endorse Drive For "Cleaner" Movies

(International News Service)

PHILADELPHIA, July 13.—The Philadelphia Federation of Churches today was on record as being "heartily in favor of the nation-wide drive against salacious motion pictures".

An open letter addressed to the citizens of Philadelphia lauded the action taken by the Roman Catholic church against "indecent" moving pictures and indorsed the "Legion of Decency".

The letter points out that a survey of the motion picture situation shows that 36 per cent of the 77,000,000 Americans attending motion pictures each week, are under 21 and are accordingly in the "impressionable period of development".

Shirley Wants Huge Salary

Girl Screen Sensation Seeks 1,000 Per Cent Raise In Salary

(International News Service)

HOLLYWOOD, Cal., July 13.—Shirley Temple, 5-year-old screen sensation, is planning a single-handed strike unless the Fox Film Company accedes to her demand for a salary increase of more than 1000 per cent, it was revealed today.

The girl who leaped to fame overnight in her appearance in "Little Miss Marker" through her father, George F. Temple, Santa Monica banker, served notice that she wants $2,500 per week for her screen work. She is now receiving $150 weekly.

Studio officials said the girl is worth $1,000 per week and claim to have offered that sum.

Meanwhile Shirley played happily in the backyard of her home, unmindful of the salary war.

Pittsburgh Baby Severely Injured

(International News Service)

PITTSBURGH, July 13.—Falling 35 feet to a concrete walk, a two-year-old baby tumbled out of a window of his parents' apartment in Oakland today and was probably fatally injured.

Bernard Caninson, the infant, pressed his pudgy face and hands against the screen of the window to watch the people passing by on the street below. The screen gave way and the child dropped to the pavement.

Plan To Improve Defense In Air

Three Point Program Is Being Studied By House Investigators

PROGRAM WILL BE SENT TO CONGRESS

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, July 13.— A three-point program for improving the nation's air defense was studied today by house investigators of the war department with a view to submitting it to congress at its next session.

The program will be adapted to the nation's needs, after a survey of the air forces of all leading powers has been completed. This survey has been started by American military attaches in many foreign countries.

The tentative program includes:

1. Competitive bidding on the purchase of all army planes.
2. Increase in personnel and equipment for the army air corps.
3. A seperate promotion list for army aviators.

Rep. Kvale (F-L) of Minnesota, one of the house military affairs committee members, indicated these changes. He said "the air defense act is going to get a working over when congress meets in January."

The house committee incidentally is urging the retirement or removal of Maj. Gen. Benjamin D. Foulois as head of the army air corps. The house members hope to force his removal before congress reconvenes and indicated his retirement would be followed by a more liberal treatment of the army air corps by congress.

The proposal to impose competitive bidding on all purchases of army aircraft developed from the recent house inquiry. In the past, quantity purchases have been made under competitive bidding but experimental purchases were made by contract. Assistant Secretary of War Woodring halted this practice but the house members insist it be wiped out by law.

Army heads long have urged an increase in the number of planes. At present, the army has a top strength of 1,800 fighting airplanes.

Mine Contractor Is Shot To Death

(International News Service)

WILKES-BARRE, Pa., July 13.—George Hudok, a mine contractor, of Peckville, Lackawanna county, was shot and killed in a disturbance at Boston settlement today, according to information received by Chief County Detective Richard Powell.

Powell said he was notified Albert Albrelci, accompanied by Frank Pinola, his attorney, will surrender at the courthouse as Hudok's assailant.

Cardinal Enters Fight On Movies

Cardinal Hayes, Archbishop Of New York Enters Fight For "Cleaner" Movies

(International News Service)

NEW YORK, July 12.—Patrick Cardinal Hayes, Catholic Archbishop of New York, today had entered the fight against unclean motion pictures today.

The cardinal sent to all priests under his jurisdiction a letter in which he thanked God that American protestants, Jews and Catholics had risen in united protest against "the evil character and shocking debasement of many motion pictures".

The cardinal's letter, which will be read at all Roman Catholic masses Sunday, warned of the evil effects which immoral films could have on a community's morale.

Yet out in the sticks you sometimes find people who are polite when they aren't trying to sell you anything.

National Guards Arrive In Camp

Advance Units Reach Camp At Mt. Gretna To Prepare For 12,000 Next Week

(International News Service)

MT. GRETNA, Pa., July 13.—The vanguard of Pennsylvania National Guardsmen today began converging on the state military reservation here for their greatest mobilization since the world war.

Advance units arrived today to prepare the camp for the 12,000 officers and enlisted men who were to arrive tomorrow.

The encampment this year will bring together the entire Twenty-eighth Division for the first time since world war days. From every point in the state the soldiers were arriving at Mt. Gretna, Indiantown Gap, Colebrook and Middletown.

The climax of the encampment will come on July 24 when the entire division was scheduled to march in review before Gov. Gifford Pinchot.

Will Allocate Relief Funds

State Board To Meet On July 23 At Mt. Gretna To Take Action

(International News Service)

HARRISBURG, July 13.—The state emergency board will meet at Mount Gretna July 23 to allocate to the counties the $10,000,000 granted the state for August relief needs by Harry L. Hopkins, federal emergency relief administrator, it was announced today.

Lieut. Gov. Edward C. Shannon, a member of the relief board, will be in command of the Pennsylmania National Guard holding its encampment then at Mount Gretna and Gov. Gifford Pinchot, chairman of the relief board, was scheduled to review the guard the following day.

Hopkins has warned the state the $10,000,000 grant will be the last from the federal government unless Pennsylvania contributes a "reasonable" share in the future.

Approval Given French Proposal

Britain And Italy Approve Plan For "Eastern Locarno"

(International News Service)

LONDON, July 13.—British and Italian approval of the French plan for an "Eastern Locarno" was announced in the house of commerce this afternoon by Sir John Simon, British foreign secretary.

Sir John, who clashed openly with Louis Barthou, French foreign minister, at Geneva on the armament question, extolled the French foreign minister, who has just concluded a visit of far-reaching importance to London, and the French government, which he said earnestly desires peace.

"The proposal for an eastern pact of mutual guarantee is based on the strictest principles of reciprocity and conceived with the genuine purpose of strengthening the peace of Europe and the world", said the foreign secretary.

"It creates a further basis of reciprocal guarantees and is well deserving the support of the British government and people".

Mining Dispute Causes Murder

Jessup Mine Contractor Is Shot And Killed In Quarrel

(International News Service)

WILKES-BARRE, Pa., July 13.—Culminating a protracted dispute over coal lands, Albert Alberige, 40, of the old Boston Mining Settlement, today shot and killed George Hudack, about 45, a mine contractor of Jessup, with two blasts from a shotgun, according to state police from the Wyoming barracks.

After the shooting, Alberige went to the office of Frank Pinola, an attorney, and arranged to surrender to the district attorney in Wilkes-Barre, state police said.

Hudack was struck in the chest.

State police said they learned that Hudack, who operated a stripping operation near the old Boston settlement, had been involved in a long standing dispute with Alberige over coal lands known as the old Pickaway property. The quarrel was renewed this morning, according to state police, and was climaxed with the shooting.

Five state troopers from the Wyoming barracks were rushed to the scene to make an investigation.

Chief County Detective Richard Powell was informed of the slaying by Pinola and made arrangements to take Alberige into custody at the district attorney's office.

FERNS and PALMS

There is a dignity about a fern and palm decoration that cannot be simulated by anything else. Flowers brighten any gathering, but there are times when one needs a fern and palm decoration to lend background and dignity. Our collection of ferns and palms is an extensive one. We have the best that are available and the work of arranging them takes but a short time. For a formal party, a wedding, a funeral, or some particular church service, you need ferns and palms.

The Governor Says

What Is Going On In Harrisburg— And Why

By GIFFORD PINCHOT
Governor of Pennsylvania

Pennsylvania has set out to drive every unsafe motor vehicle off its highways.

The teeth of the compulsory inspection law have been sharpened and bared. During the next three months indifferent motorists and careless mechanics are going to feel their effects.

There is no excuse for permitting mechanically unsafe cars to operate on our highways. An automobile, even when in perfect running condition, is potentially dangerous. Careless motorists are cracking up thousands of perfectly safe cars every month. We cannot allow the additional menace of defective cars to exist.

Common sense demands that a motorist should be aware of any mechinical weakness of his car. If he isn't, or if he ignores the warning given by smooth tires, slipping brakes, or flickering headlights, that is his responsibility. He is as much liable for resulting accidents as if he toyed with a shotgun without first learning whether it was loaded.

The inspection station mechanic who slaps an official sticker on a car, without making all the tests required by law, shares with the motorist the blame for accidents caused by mechanical defects. In some cases, the greater responsibility lies with the mechanic.

A motorist takes his car into an official inspection station because he has every reason in the world to assume that a complete check on the condition of the car will be made. If the examination is hasty or careless, the mechanic does more than violate the motor vehicle inspection law. He endangers the life of the man who hired him. He betrays the trust placed in him by the motorist, and he violates every principle of good business.

In the course of the campaign now under way, every owner who permits an unsafe motor vehicle to operate on the highway runs the risk of losing his license. The proprietor of every garage in which inspections are made in a haphazard, hit-or-miss manner, will lose his right to operate as an official station.

In a recent letter to the American Automobile Association, President Roosevelt asserted the nation "cannot longer afford to temporize" with the problem presented by the "staggering toll of deaths, injuries, and heavy property damage caused by highway accidents." He added that "those who use the highways must realize the responsibility they assume when they take the wheel."

Pennsylvania is going to do its share. Our State is by no means a backward state in the fight for highway safety. But our accident totals are far larger than we have any excuse to permit them to be. Nevertheless, in the generally deplorable national situation, our Commonwealth ranks favorably.

The National Safety Council surveys the highway accident records of all states. Though Pennsylvania is second in population, the Council's analysis shows our 1933 rate of 23.7 fatalities per 100,000 population ranks us twenty-third among our sister states. New York, New Jersey, Ohio, Illinois, Texas, California and Indiana all are among the 22 states which reported more highway fatalities per 100,000 population.

Although our Commonwealth is third in the volume of gasoline consumed, the Pennsylvania rate of 22.2 fatalities per 10,000,000 gallons of gasoline consumed puts us twenty-first among the states. In this ranking, intended to trace the relationship between the use of motor vehicles and highway fatalities, comparable states have not been able to approach Pennsylvania's record.

The important fact, however, is not that many other states have comparatively more fatalities. What I want to drive home to every motor vehicle owner and driver is that Pennsylvania has too many accidents, fatalities, and injuries on its highways. Our record of six deaths and 138 accidents a day is nothing to brag about. Just the opposite.

National Farm Outlook

Rework Berry Patches—Strawberry beds which produced their first crop this year can be reworked now to prepare them for a second crop next year. This may be necessary because of the poor stand of plants in newly set beds. Steps in the process are mowing and removing the tops, fertilizing, harrowing to pull out some of the plants and work the soil between the plants, and cultivating to narrow the rows.

Prevent Beetle Damage — Flea beetles, which are severely damaging potatoes, corn, cabbage and beans can be controlled by spraying with three pounds of calcium arsenate in 100 gallons of water or bordeaux mixture on large areas or dusting at the rate of one pound of calcium arsenate and 9 pounds of hydrated lime. These insects should be stopped now to prevent second brood injury within the next few weeks.

Stake Close Tomatoes—Where tomatoes are set two feet apart in rows three feet apart the plants should be pruned and staked. Either one or two leaders can be used. The stake should be driven about six inches from the plant and should extend about five feet above ground. Four or five tyings will be necessary.

Adjust Dairy Herds—Since dry weather has reduced the feed supply on many dairy farms, a solution of this problem may be found in adjusting the size of the herd to the feed supply. The least efficient animals should be discarded. A few good cows well fed will return far greater net returns than a larger number that are underfed.

Rain Helps Hay Crop—Recent rains in many parts of the state will help the second crop of red clover and alfalfa. Many farmers will add to their hay supply by harvesting soybeans, Sudan grass or millet.

GORED BY STEER

(International News Service)

DUESSELWARD, Germany—Suddenly enraged, the steer which Gerhard Langeveld was leading to pasture turned on the farmer and goared him. Langeveld screamed for help but his body was ran through by both of the steer's horns before farm help could distract the attention of the enraged animal from his victim. He died on the way to the hospital.

The art of setting down music upon paper was not mastered until the 10th century and it was not until the 13th century that musicians began to realize that more than one tune could be sung at the same time.

Radio Amateurs Of City Organize

Thirty Out To Inaugurate "Western Pennsylvania Mike And Key Club"

A. A. CRUM NAMED FIRST PRESIDENT

An enthusiastic group of licensed and would-be licensed amateur radio station operators of the New Castle district, whose daily ethereal operations seldom come to the notice of the general public, organized itself into the "Western Pennsylvania Mike and Key Club" at an assembly in a Union towiship home last night.

Officers Are Chosen

Nearly 30 "dot-and-dashers" voiced their hearty approval of effecting an organization here and, later in the meeting, chose Arles A. Crum, Union township as their president.

Elected with Mr. Crum to the other offices were:

J. P. Fetter, vice president: Ray Robinson, secretary, Francis N. Jones, treasurer and Wayne Sines, Willis G. McMullen and C. A Brown directors.

Presiding over last night's preliminary meeting was Arthur Kohn, active young amateur radio enthusiast who was instrumental in convening the group and who helped several others draw up a temporary organization set-up. The action of last night definitely established the aims and objects of the operators and filled the administrative offices for at least a year.

Unknown to the general public and radio owners, licensed operators of amateur stations locally have increased rapidly since the day that Theodore Woodrow and Francis N. Jones, the city's first licensed operators, took to the air. All of the amateur stations bear call letters and in communication with the amateur radio men the country over.

Object To Expand

Officers of the organization expect to inaugurate drive to bring amateur operators—"hams" they're called in radio circles—from all over this western Pennsylvania locality into the club's membership. Elimination of reception interference for the other fellow and for radio owners generally will be their prime objective.

Plans for the new organization were outlined by Mr. Kohn who presided until a president was elected: Wayne Sines, Richard Shoup, J. P. Fetter, Francis Jones, Robert English, Russell Stocker and Ray Robinson. Others also spoke.

The group named Willis G. McMullen, chief of detectives of the New Castle police department: Paul G. Dingledy, assistant to the general manager of the Pennsylvania Power company: Kenneth A. Cotton of the Pennsylvania Power company and Bruce Ewing of The News as honorary members. McMullen was also chosen to service on the new board.

Within a short time Mr. McMullen told the amateurs the city police department will launch its scout radio car cruiser system and the radio problems involved will give the department more reason to be represented in the new club.

President Crum—he's known only as W3LQW over the ether—will call another meeting of the club at a place to be chosen later within the next two weeks.

Last night's organization meeting was held in the Crum home on English avenue.

New Locomotive Will Be Largest In Great Britain

(International News Service)

LONDON, July 13.—What is said to be the largest locomotive in England is approaching completion at the London and North Eastern railroad company's works at Doncaster and will shortly be ready for its trial run.

It is reported that no other engine in Great Britain has eight coupled driving wheels, each 6 feet eight inches in diameter, or an equal capacity for drawing heavy loads at high speed for long periods.

It is understood that the new locomotive will be employed on the London-Scotland route. The designer had to bear in mind the necessity for not imposing an undue strain upon rails and sleepers. Some ten years ago, when the London and North Eastern introduced its well-known Pacific type of engine, it was found that the great weight of the locomotive wrought havoc with the "chairs" and threw much extra work on the permanent way staff.

The new locomotive, it is pointed out, is the reply of this company to the challenge embodied in recent constructional work by the London Midland and Scottish and the Great Western railroads.

RINGLING'S AND BARNUM'S CIRCUS IS IN TOWN TODAY

Open up another barrel of adjectives and tear the dictionary into shreds. Put on your Sunday best and array the youngsters in their best bib and tucker and trek along, for we're going to the circus and from a ringside seat study the latest fads and frills in clowning and blow kisses to the lovely Reiffenach sisters, Rose and Mitzi, as they cavort about the middle sawdust ring beneath the "big top" upon the backs of their broad-beamed equines.

Yes, the circus—the amalgamated Ringling and Barnum and Bailey affair, known from Dan to Beersheba as the "big show" is again in New Castle after an absence of some years and holds the local spotlight to the exclusion of about everything else.

Spic and span as a June debutante, eager and anxious to demonstrate thats its slogan of the "greatest show on earth" is no misname, it has spread itself all over the real estate at the show grounds at South Mill street, where it is holding high carnival with a matinee performance which will be repeated in its entirety at 8 o'clock, after which it will "fold its tents like the Arabs, and as silently steal away" this time to Erie where it exhibits tomorrow.

While yet the morning was young four long circus trains came chugging into town, and quietly and with all the ease and lack of confusion one commonly associates with life on a man o'war disgorged its trainloads of marvels and wonders and proceeded to install itself at the show grounds where thirty tents, big and little, have been raised, and seen from a distance with flags and pennants flying at the tops of giant spars look just as attractive as when gray-haired grand dad was a small boy and toted water to Jumbo.

It's all here with what other cities have pronounced as far and away the best performances ever given under the Ringling-Barnum aegis. Present, too, is Samuel W. Gumpertz, now the motivating head of the combined shows, who personally directs the activities and performances of the famous circus.

With pageantry that never fails to captivate thrills expected, but always spectacular and appreciated to the full, together with perils hourly braved by some hundreds of arenic stars to make a holiday for the recreating public, this year's circus offers as never before attractions and features new to jaded amusement seekers.

It is here in all its glorious entirety: the iridescent processional pageant descriptive of the famous Delhi Durbar; the quaint giraffe-neck brown women of Burma; elephants that reach from here to there, a family of four giraffes exuding proud disdain; blonde and captivating Dorothy Herbert whose madcap riding would put Mazeppa to shame; Merkel, the "human fly", who walks upside down in otherwise untenanted atmosphere; Mlle Gillette whose sensational aerial act causes gooseflesh to break out all over the customers; Con Colleano, somersaulting marvel of the high wire; the Wallendas troupe in suicidal antics high in the top of the tent upon a slender steel promenade of wire; 150 clowns in a fiesta of foolery; five squads of pachyderms (elephants to you) wiser and niftier than ever, with a new bag of tricks; Ed. and Jennie Rooney, aerialists supreme; the Otari troupe of somersaulting, diving, plunging, leaping human meteors having a huge illuminated Maltese cross as their base of operations; the brothers Zacchini, two daring Italian lads, who are shot from the cannon's muzzle; the Loyal-Repnski troupe of riders from the French circus Medrano; Antoniette Concellos and Eileen Larey, exceedingly easy on the eyes, and indisputably the two greatest "leapers" in an aerial "casting" act of their sex in the world, and much else upon a program where not even the super-optical Col. Argus, himself, could hope to see all occurs at one time. The zoo offers much and would make Noah jealous were he alive to view it. It's the Ringling and Barnum and Bailey greatest show on earth, and that tells the whole story.

EMBLEM IN TREE

(International News Service)

YELLOWSTONE PARK, Wyo.—A masonic emblem carved into a lodge-pole pine near Yellowstone lake in 1887 was discovered by Earl Semingson, temporary ranger. The emblem is complete with square, compass and triangle and bears the initials "J.H." The tree in which it was carved is now more than 18 inches in diameter.

St. Vitus Club Holds Banquet

First Annual Banquet Given By Knights Of St. Vitus Is Huge Success

In the newly re-modeled Knights of St. Vitus hall, located in the yard of the St. Vitus church, approximately 75 persons enjoyed the first annual Knights of St. Vitus banquet Thursday evening, which was a huge success. The occasion also marked the formal opening of the new clubhouse.

Following a delicious spaghetti, meat balls, round steak, and salad dinner, Francis Augostine, chairman in charge of the fete, introduced Peter P. Capitola, the toastmaster of the evening. As usual Mr. Capitola proved a capable toastmaster. The large gathering listened to numerous brief but interesting addresses given by several priests from Pittsburgh, New Castle and several local citizens.

Those who were called upon and responded with a few words included: Daniel Hamlin, of Pittsburgh; Rev. Fr. Lucien, of Pittsburgh; Jake DeFonso, of the Knights of St. Vitus club; Attorney Joseph Leta, of this city; Thomas Flanagan, grand knight of the St. Mary's branch, K. of C., Rev. Fr. Albert Farina, assistant pastor of the St. Vitus church, Bernard Hanlon, state secretary of the Knights of Columbus; Rev. Victor Green, of St. Fidelis Seminary, Herman, Pa.; Rev. Fr. William Galvin, of the St. Mary's church; Rev. Fr. Leo Watterson, of the St. Mary's church; Rev. Fr. Sebastian Ippolito, of Mahoningtown; Joseph Farina, of Pittsburgh, and Vitus Conti, president of the Knights of St. Vitus.

During the serving of the luscious dinner, Sam Mangeri and Louis Mastrangelo rendered several pleasing selections. Those who helped to prepare the meal and serve it follow: Mrs. Concetta DeCarbo, Mrs. Maria Isabella, Mrs. Anna DeFonso, Mrs. Lena Cialella, Mrs. Clara Natale, Mrs. Christine Catalana, Catherine Augostine, Marie Augostine, Jennie Spinelli, Mary Porfilio, Rose Maciariello, Rose Corio, Mary Audia, and Edith DeCarbo.

Nature tends to great fortunes. The generation that gets wealth without earning it is too soft to keep it.

Old Land Mark Is Being Razed

Over Two Hundred Graves Of Early Settlers Are Nearly Blotted Out

(International News Service)

ERIE, Pa., July 13.—Winter's driving snows, summer's gentle rains, decades of neglect and forgetfulness have blotted out final resting spots of over 200 early settlers of Harbor Creek township, asleep "under the sod and the dew" back of Wesleyville's "little old brick meeting house," built in 1828 and razed this year.

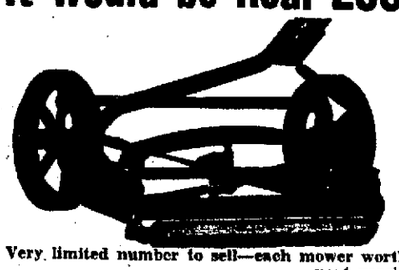

Saddened were the hearts of older residents of the village at the thought of the absence of even a single flower and the sight of crumbling grave markers, many of which already have toppled over, as workmen tore down the edifice.

To the wayfarer strolling among the weathered tombs, an inscription on two crumbling slabs told that here was the sepulchre of John Shadduck—donator of ground for the church and graveyard— who died in 1834 at 51, and his wife, Nancy, who died two years earlier at 38.

The structure was occupied by the Methodist Episcopal society of Wesleyville for nearly half a century. It was abandoned several years ago with construction of a new edifice on another lot.

Some little countries are safe without armament. They haven't anything the big countries want.

'Oil Field Day' At Dedication Of Drake Well

State And National Officials To Take Part In Titusville Jubilee

SITE OF FIRST WELL NOW PARK

By A. C. MacINTYRE
International News Service Staff Correspondent

TITUSVILLE, Pa., July 13.—A cabinet officer, two governors, leaders of the oil industry and the general public will surge into this city on Monday, August 27, for the formal dedication of Drake Well Memorial park, the site of the first oil well in the world, which Colonel Edwin L. Drake "brought in" in 1859.

The day will be the final one of a four-day celebration marking the "diamond jubilee of oil".

The principal addess will be delivered by Harold L. Ickes, secretary of the interior and oil administrator. Dedicatory exercises will be in charge of George White of Ohio, a native of this city. The park will be formally turned over to the state of Pennsylvania by Axtell J. Byles, president of the American Petroleum Institute, another former Titusville resident, and will be accepted for the state by Gov. Gifford Pinchot.

The observance will begin on Friday, August 24, which has been designated "Oil Region Day". The exhibition in connection with the jubilee will be formally opened and an historical pageant "The Story of Oil" will be staged at the fair grounds here. On Saturday "Jubilee Day," a large parade will be staged, probably the greatest in the history of the city, with this section and the oil industry well represented. In the evening a ball will be held.

Sunday will be "Old Home Day" with special services in all the churches of the city and several musical concerts, including one by the Zem Zem Shrine Chanters of Erie. On Monday the park will be formally dedicated.

All the other usual marks of a celebration of that type will be staged, ball games, fire works, dances and band concerts.

This city is hard at work preparing for the event. The committee has been planning for it for many months. The town is being dressed up for the event and many souvenirs of the big day are being prepared by various concerns and firms.

In addition to the notables coming for the event there will be an influx of oil men from all sections of the nation and from other nations as well. With them will come many former residents of the oil regions who went out to the west and the southwest from this section to follow the trail of oil.

The site of the well in Oil creek valley just south of the city and over the Venango county line was long neglected. For years no effort was made to improve it and only a faint wagon track led to the scene of the historic event.

In 1914 the Canadotha chapter of the Daughters of American Revolution of this city erected a large builder at the site. Efforts were made to improve it but without avail and it was not until several years ago when Oil creek at the flood left its bank and threatened to cut across the site, destroying it forever, that action was taken.

The creek bank was walled to hold the roving stream within its course. Roads were improved and then local residents and oil men interested the American Petroleum Institute in improving the site and preserving it for posterity. That body agreed to improve it provided the state would take it over as a state park. That action came by the general assembly and the work was started.

A museum, which will house relics of the Drake well and others of nearly oil country history, and caretakers' house were erected and the site landscaped. It will be formally turned over to the state on August 27 in what promises to be the greatest celebration in the history of the oil regions.

Ends Long Search For Lost Brother

After Thirty-Seven Years Philadelphia Man Finally Locates Kin

(International News Service)

PHILADELPHIA, July 11.—Thirty-seven years ago Mendel Raines and his brother, Maurice, parted. Maurice was leaving his home in a small Russian town to "seek his fortune."

Time brought changes, but no word from Maurice. His parents died and Mendel, in 1906, came to America. For the past 25 years, Mendel, an employe of the Philadelphia Rapid Transit Company, continued trying to locate Maurice, but without avail.

Mendel wrote to the mayors and police heads throughout this country and Canada, but the replies were always unfavorable. Then he solicited the aid of the Hebrew Immigration Aid Society, a international organization.

Last week, the society delivered to Mendel a letter from his brother. Maurice, now a resident of Newcastle, Australia, wrote that he has prospered, is married and the father of three children, one of whom a boy of 20, is intering a university this year.

'Oil Field Day' At Dedication Of Drake Well

State And National Officials To Take Part In Titusville Jubilee

SITE OF FIRST WELL NOW PARK

By A. C. MacINTYRE
International News Service Staff Correspondent

TITUSVILLE, Pa., July 13.—A cabinet officer, two governors, leaders of the oil industry and the general public will surge into this city on Monday, August 27, for the formal dedication of Drake Well Memorial park, the site of the first oil well in the world, which Colonel Edwin L. Drake "brought in" in 1859.

The day will be the final one of a four-day celebration marking the "diamond jubilee of oil".

The principal address will be delivered by Harold L. Ickes, secretary of the interior and oil administrator. Dedicatory exercises will be in charge of George White of Ohio, a native of this city. The park will be formally turned over to the state of Pennsylvania by Axtell J. Byles, president of the American Petroleum Institute, another former Titusville resident, and will be accepted for the state by Gov. Gifford Pinchot.

The observance will begin on Friday, August 24, which has been designated "Oil Region Day". The exhibition in connection with the jubilee will be formally opened and an historical pageant "The Story of Oil" will be staged at the fair grounds here. On Saturday "Jubilee Day," a large parade will be staged, probably the greatest in the history of the city, with this section and the oil industry well represented. In the evening a ball will be held.

Sunday will be "Old Home Day" with special services in all the churches of the city and several musical concerts, including one by the Zem Zem Shrine Chanters of Erie. On Monday the park will be formally dedicated.

All the other usual marks of a celebration of that type will be staged, ball games, fire works, dances and band concerts.

This city is hard at work preparing for the event. The committee has been planning for it for many months. The town is being dressed up for the event and many souvenirs of the big day are being prepared by various concerns and firms.

In addition to the notables coming for the event there will be an influx of oil men from all sections of the nation and from other nations as well. With them will come many former residents of the oil regions who went out to the west and the southwest from this section to follow the trail of oil.

The site of the well in Oil creek valley just south of the city and over the Venango county line was long neglected. For years no effort was made to improve it and only a faint wagon track led to the scene of the historic event.

In 1914 the Canadotha chapter of the Daughters of American Revolution of this city erected a large builder at the site. Efforts were made to improve it but without avail and it was not until several years ago when Oil creek at the flood left its bank and threatened to cut across the site, destroying it forever, that action was taken.

The creek bank was walled to hold the roving stream within its course. Roads were improved and then local residents and oil men interested the American Petroleum Institute in improving the site and preserving it for posterity. That body agreed to improve it provided the state would take it over as a state park. That action came by the general assembly and the work was started.

A museum, which will house relics of the Drake well and others of nearly oil country history, and caretakers' house were erected and the site landscaped. It will be formally turned over to the state on August 27 in what promises to be the greatest celebration in the history of the oil regions.

Ends Long Search For Lost Brother

After Thirty-Seven Years Philadelphia Man Finally Locates Kin

(International News Service)

PHILADELPHIA, July 11.—Thirty-seven years ago Mendel Raines and his brother, Maurice, parted. Maurice was leaving his home in a small Russian town to "seek his fortune."

Time brought changes, but no word from Maurice. His parents died and Mendel, in 1906, came to America. For the past 25 years, Mendel, an employe of the Philadelphia Rapid Transit Company, continued trying to locate Maurice, but without avail.

Mendel wrote to the mayors and police heads throughout this country and Canada, but the replies were always unfavorable. Then he solicited the aid of the Hebrew Immigration Aid Society, a international organization.

Last week, the society delivered to Mendel a letter from his brother. Maurice, now a resident of Newcastle, Australia, wrote that he has prospered, is married and the father of three children, one of whom a boy of 20, is intering a university this year.

WOMEN REJOICE OVER LEGISLATION

Top left, Mrs. S. Blair Luckie; below, Mabel Vernon; right, Miss Alice Paul; below, Mrs. William T. Bannerman.

Although most of the pet measures sought by women were pigeonholed by the seventy-third congress, which has just adjourned, the women's lobby at Washington is rejoicing over some worthwhile accomplishments. The equal rights and peace lobbyists are triumphant over the fact that congress put the final touches on the nationality equality of women citizens of the United States, and ratified the 1925 Geneva "trade-in-arms" publicity treaty. Mrs. W. T. Bannerman of the National Congress of Parents and Teachers obtained an extra-budget allotment for the school printing fund. Passage of the equal rights nationality bill crowned with success many years of effort of the National Woman's party under the leadership of Miss Alice Paul. Mrs. S. Blair Luckie of Chester, Pa., legislative chairman of the General Federation of Women's Clubs, worked actively for the measure. Miss Mabel Vernon, campaign director of the United States branch of the Women's International League for Peace and Freedom, was an active lobbyist.

GIRL TEACHES 'COMPANY' MANNERS

Joan E. Wing

It pays to be polite, and Joan E. Wing of Yonkers, N. Y., has found it so, for her job the last 10 years is teaching "company" manners to the employes of big business. First she took a job as operator in a large metropolitan hotel. "Here," she states, "I found ideal laboratory conditions. Every possible complaint caused by inefficiency came over the wires, and it gave me plenty of experience for the work I wanted to do." Later she sold the idea of teaching politeness to a large company official, and trained his staff in meeting the public pleasantly. Other companies heard of her work, and Miss Wing gradually has built up a clientele. "I make them get that 'Glad you called; delighted to be of service to you', quality in their voices," she says.

NEW RELIEF PLANS BEING MAPPED OUT

(International News Service)

WASHINGTON, July 13.—A revolutionary movement in which persons on relief rolls who are physically and mentally able, will be given a chance to regain their self-support and respect and at the same time provide the necessities of life for those of the needy who are physically and mentally sick, is being established here with President Roosevelt's approval.

The plan is being given a try-out on a large scale and if it proves successful and tends to diminish poverty, it will be adopted throughtout the nation. The cash outlay will be furnished by the federal emergency relief administration.

The program will—

1—Establish farm colonies in near-by Maryland and Virginia where thousands of the capital's unemployed will live and grow the farm produce needed for the city's entire relief purposes.

2—Establish non-profit making factories employing persons on the relief roster, to manufacture the clothing, bedding and other household necessities that are being distributed daily to poverty-stricken families.

3—Establish a city-wide chain of stores which will give the relief farmers and factory workers script for their wares and which will sell the commodities and wares back to the registered indigent in return for the script.

4—Restrict the relief roll to the crippled, those of the blind who can't help themselves and to the physical and mentally disabled who will be given script with which to secure their needs from the relief stores.

The program calls for the growth and manufacture of just enough food and articles required for the persons listed on the capital's relief roll. Today 80,000 destitute persons are on the roll.

Many Clubs To Lose Licenses

Score Of Chartered Clubs In Allegheny County Will Lose Licenses

(International News Service)

PITTSBURGH, July 13.—Preparations are being made by state officials against more than a score of chartered clubs in Allegheny county for the purpose of removing their licenses, charters and also forfeiture of their $2,000 bonds, it was learned here today.

Filing of the actions is being held up for a short time pending an opinion of Attorney General William Schnader on whether Sunday business in the clubs constitutes a violation and if so, just what violations are necessary before the bond can be forfeited.

Once a license has been revoked, individuals having the license are not entitled to apply for another license for five years.

Black League Offers Violence

Disclose Existence Of Organization Seeking To Spread Terror

ONION STRIKERS ARE APPROACHED

(International News Service)

KENTON, O., July 13.—Existence of a mysterious "Black league", whose members offered to spread a reign of terror by bombings through the strike-torn Scioto marshlands was disclosed today.

Leaders of the striking 400 union weeders in the marshes spurned the efforts of the league and in one instance a union leader drove a self-styled "Black leaguer" from his home with a revolver.

"We want nothing to do with the Black league," declared Okey O'Dell, the strike leader. The latter also disclosed that he had spurned the "outside assistance" offered by a communistic group known as the Ohio Unemployed league.

O'Dell revealed the activities of the mysterious stranger when he spoke to 200 strikers at his home. He warned the strikers to carry on the strike by peaceful picketing and to have nothing to do with the "Black leaguers".

W. C. Weis, another official of the onion growers union, said that representatives of the league had come to his home and offered to bomb the properties of the growers against whom the farmhands are striking. He and his wife both said they had to drive the men from their home by threatening them with a revolver.

Elijah O'Dell, a member of the executive committee of the strikers, disclosed also that members of the league had visited him. They offered to start a reign of terror with bombs, gasoline and other outlaw methods, he said, but he also drove them away.

Open Bids For Stoneboro Job

(International News Service)

HARRISBURG, July 13.—Twenty-two bids were opened today by the State Highway Department for road and bridge construction projects totaling 1.49 miles.

Unofficial low bidders included:

Frank Crane and Son, $38,885.82 for 1.15 miles reinforced concrete on rural route 43043 in Stoneboro, Mercer country.

Boys Run Away To Join Circus

Lure of the circus today resulted in the detention of two Youngstown boys, LeRoy Latham and Raymond Rozenblad.

One was arrested early this morning by police at Division and Mill streets and the other on the Rosena site where the Big Top is erected.

Parents of the boys will be notified today of the apprehension and the boys will be surrended to the parents when they arrive here.

NEW RELIEF PLANS BEING MAPPED OUT

(International News Service)

WASHINGTON, July 13.—A revolutionary movement in which persons on relief rolls who are physically and mentally able, will be given a chance to regain their self-support and respect and at the same time provide the necessities of life for those of the needy who are physically and mentally sick, is being established here with President Roosevelt's approval.

The plan is being given a try-out on a large scale and if it proves successful and tends to diminish poverty, it will be adopted througtout the nation. The cash outlay will be furnished by the federal emergency relief administration.

The program will—

1—Establish farm colonies in nearby Maryland and Virginia where thousands of the capital's unemployed will live and grow the farm produce needed for the city's entire relief purposes.

2—Establish non-profit making factories employing persons on the relief roster, to manufacture the clothing, bedding and other household necessities that are being distributed daily to poverty-stricken families.

3—Establish a city-wide chain of stores which will give the relief farmers and factory workers script for their wares and which will sell the commodities and wares back to the registered indigent in return for the script.

4—Restrict the relief roll to the crippled, those of the blind who can't help themselves and to the physical and mentally disabled who will be given script with which to secure their needs from the relief stores.

The program calls for the growth and manufacture of just enough food and articles required for the persons listed on the capital's relief roll. Today 80,000 destitute persons are on the roll.

Many Clubs To Lose Licenses

Score Of Chartered Clubs In Allegheny County Will Lose Licenses

(International News Service)

PITTSBURGH, July 13.—Preparations are being made by state officials against more than a score of chartered clubs in Allegheny county for the purpose of removing their licenses, charters and also forfeiture of their $2,000 bonds, it was learned here today.

Filing of the actions is being held up for a short time pending an opinion of Attorney General William Schnader on whether Sunday business in the clubs constitutes a violation and if so, just what violations are necessary before the bond can be forfeited.

Once a license has been revoked, individuals having the license are not entitled to apply for another license for five years.

Elm Street Y. W.

CAMP ENDS

This morning at 8:30 the "At Home Camp" for twelve girls at the Elm St. "Y" came to a close.

The special feature of Wednesday was a program for the mothers and friends. The program was built around the moon and stars, a the names of the two groups were "Moonglow" led by Edith Ward, Slogan "Glowing for Others" and "Golden Stars" led by Catherine Fitzhugh, Slogan "Always Shining." Thursday morning Rev. C. D. Henderson gave a wonderful talk on The Parable of Jesus. Thomas Farrow gave several readings.

In the afternoon a weiner and marshmallow roast was enjoyed. The evening was spent in singing and playing games. Friday morning after breakfast the girls cleaned the building, after which the assembled and Queenie Jones, who had acted as camp scribe read the minutes of the camp period. The singing of "Follow the Gleam" closed the first "At Home Camp for the Elm Street Girl Reserves.

BABY CLINIC

The Baby Clinic which has been conducted at the Elm Street "Y" will cease until the first Thursday in September. Mothers may take their babies to the New Castle Dry Goods Clinic on Thursday morning between 10:00 and 12:00 a. m.

ACTIVITIES CLOSES

The Activities of the Elm street branch will be closed for the rest of the summer. The building may be secured for use by any group by calling by Mrs. Mary Allmon.

Black League Offers Violence

Disclose Existence Of Organization Seeking To Spread Terror

ONION STRIKERS ARE APPROACHED

(International News Service)

KENTON, O., July 13.—Existence of a mysterious "Black league", whose members offered to spread a reign of terror by bombings through the strike-torn Scioto marshlands was disclosed today.

Leaders of the striking 400 union weeders in the marshes spurned the efforts of the league and in one instance a union leader drove a self-styled "Black leaguer" from his home with a revolver.

"We want nothing to do with the Black league," declared Okey O'Dell, the strike leader. The latter also disclosed that he had spurned the "outside assistance" offered by a communistic group known as the Ohio Unemployed league.

O'Dell revealed the activities of the mysterious stranger when he spoke to 200 strikers at his home. He warned the strikers to carry on the strike by peaceful picketing and to have nothing to do with the "Black leaguers".

W. C. Weis, another official of the onion growers union, said that representatives of the league had come to his home and offered to bomb the properties of the growers against whom the farmhands are striking. He and his wife both said they had to drive the men from their home by threatening them with a revolver.

Elijah O'Dell, a member of the executive committee of the strikers, disclosed also that members of the league had visited him. They offered to start a reign of terror with bombs, gasoline and other outlaw methods, he said, but he also drove them away.

W. C. T. U. and L. T. L.

PLAINGROVE UNION

The Plaingrove W. C. T. U. met with Mrs. Beulah Hohmann Wednesday for the annual children's meeting. At noon a tureen dinner was served by the social committee and in the afternoon Mrs. Vida McNulty, superintendent of the T. L. B. presented the program.

Mrs. Martha McCommon and Mrs. Adams offered the prayers, followed by an exercise, "Liquor" by six children; duet, "We Turn Down Our Glasses," Mary Elizabeth McCommon and Gay Rodgers; recitations, Evelyn Maxwell and Donald Shaw; song, Mary and Sam McBride; recitation, Avonell Hohmann; reading, "A Stranger," Dorothy Peters; recitation, "Stella Adams; exercise, five children; recitations, Annabel Hohmann and Ansel Seth and children's benediction, Sam McBride.

Miss Margaret Peebles presided over the business meeting and appointed committees: Bible, Mrs. Florence Shaw, Mrs. Ada Offutt and Mrs. Vida McNulty; program, Mrs. Avilla Adams, Mrs. Minnie Hetrick and Mrs. Achsa Brenneman; nominating, Mrs. Clara Seth, Mrs. Edith Gardner and Mrs. Pearl Minor.

Mrs. Ruth Adams was received as a new member and Mrs. Lewis Stevenson was a special guest.

The group included 21 women and 32 children.

The Governor Says

What Is Going On In Harrisburg— And Why

By GIFFORD PINCHOT
Governor of Pennsylvania

Pennsylvania has set out to drive every unsafe motor vehicle off its highways.

The teeth of the compulsory inspection law have been sharpened and bared. During the next three months indifferent motorists and careless mechanics are going to feel their effects.

There is no excuse for permitting mechanically unsafe cars to operate on our highways. An automobile, even when in perfect running condition, is potentially dangerous. Careless motorists are cracking up thousands of perfectly safe cars every month. We cannot allow the additional menace of defective cars to exist.

Common sense demands that a motorist should be aware of any mechanical weakness of his car. If he isn't, or if he ignores the warning given by smooth tires, slipping brakes, or flickering headlights, that is his responsibility. He is as much liable for resulting accidents as if he toyed with a shotgun without first learning whether it was loaded.

The inspection station mechanic who slaps an official sticker on a car, without making all the tests required by law, shares with the motorist the blame for accidents caused by mechanical defects. In some cases, the greater responsibility lies with the mechanic.

A motorist takes his car into an official inspection station because he has every reason in the world to assume that a complete check on the condition of the car will be made. If the examination is hasty or careless, the mechanic does more than violate the motor vehicle inspection law. He endangers the life of the man who hired him. He betrays the trust placed in him by the motorist, and he violates every principle of good business.

In the course of the campaign now under way, every owner who permits an unsafe motor vehicle to operate on the highway runs the risk of losing his license. The proprietor of every garage in which inspections are made in a haphazard, hit-or-miss manner, will lose his right to operate as an official station.

In a recent letter to the American Automobile Association, President Roosevelt asserted the nation "cannot longer afford to temporize" with the problem presented by the "staggering toll of deaths, injuries, and heavy property damage caused by highway accidents." He added that "those who use the highways must realize the responsibility they assume when they take the wheel."

Pennsylvania is going to do its share. Our State is by no means a backward state in the fight for highway safety. But our accident totals are far larger than we have any excuse to permit them to be. Nevertheless, in the generally deplorable national situation, our Commonwealth ranks favorably.

The National Safety Council surveys the highway accident records of all states. Though Pennsylvania is second in population, the Council's analysis shows our 1933 rate of 23.7 fatalities per 100,000 population ranks us twenty-third among our sister states. New York, New Jersey, Ohio, Illinois, Texas, California and Indiana all are among the 22 states which reported more highway fatalities per 100,000 population.

Although our Commonwealth is third in the volume of gasoline consumed, the Pennsylvania rate of 22.2 fatalities per 10,000,000 gallons of gasoline consumed puts us twenty-first among the states. In this ranking, intended to trace the relationship between the use of motor vehicles and highway fatalities, comparable states have not been able to approach Pennsylvania's record.

The important fact, however, is not that many other states have comparatively more fatalities. What I want to drive home to every motor vehicle owner and driver is that Pennsylvania has too many accidents, fatalities, and injuries on its highways. Our record of six deaths and 138 accidents a day is nothing to brag about. Just the opposite.

National Farm Outlook

Rework Berry Patches—Strawberry beds which produced their first crop this year can be reworked now to prepare them for a second crop next year. This may be necessary because of the poor stand of plants in newly set beds. Steps in the process are mowing and removing the tops, fertilizing, harrowing to pull out some of the plants and work the soil between the plants, and cultivating to narrow the rows.

Prevent Beetle Damage -- Flea beetles, which are severely damaging potatoes, corn, cabbage and beans can be controlled by spraying with three pounds of calcium arsenate in 100 gallons of water or bordeaux mixture on large areas or dusting at the rate of one pound of calcium arsenate and 9 pounds of hydrated lime. These insects should be stopped now to prevent second brood injury within the next few weeks.

Stake Close Tomatoes—Where tomatoes are set two feet apart in rows three feet apart the plants should be pruned and staked. Either one or two leaders can be used. The stake should be driven about six inches from the plant and should extend about five feet above ground. Four or five tyings will be necessary.

Adjust Dairy Herds—Since dry weather has reduced the feed supply on many dairy farms, a solution of this problem may be found in adjusting the size of the herd to the feed supply. The least efficient animals should be discarded. A few good cows well fed will return far greater net returns than a larger number that are underfed.

Rain Helps Hay Crop—Recent rains in many parts of the state will help the second crop of red clover and alfalfa. Many farmers will add to their hay supply by harvesting soybeans, Sudan grass or millet.

GORED BY STEER

(International News Service)

DUESSELWARD, Germany—Suddenly enraged, the steer which Gerhard Langeveld was leading to pasture turned on the farmer and goared him. Langeveld screamed for help but his body was ran through by both of the steer's horns before farm help could distract the attention of the enraged animal from his victim. He died on the way to the hospital.

The art of setting down music upon paper was not mastered until the 10th century and it was not until the 13th century that musicians began to realize that more than one tune could be sung at the same time.

To Experiment With Vaccine

Human Beings To Be Used In Experiment In Battle On Infantile Paralysis

TEST TO BE MADE IN PHILADELPHIA

By PAUL McCONOMY
International News Service Staff Correspondent

PHILADELPHIA, July 13. — A vaccine, heretofore used successfully in experiment with monkeys, will be injected for the first time into the arms of human beings next Monday in an effort to rid humanity of the scourge of infantile paralysis.

This disclosure was made here today by Dr. John A. Kolmar, well-known bacteriologist and chief of the medical staff of Temple University.

The serum, which was prepared by Dr. Kolmar, is the result of two years of research into the causes and treatment of acute anterior poliomyelitis, or infantile paralysis as the disease is more popularly termed.

"I have every reason to believe the vaccine will prove a success," Dr. Kolmar told International News Service.

"Of the hundreds of persons who have volunteered to act as subjects for the experiment I have selected a number of whose names I cannot divulge at this time."

The scientist expressed disapproval, however, of the proposal to inject the virus into human subjects as a means of discovering a cure.

"I am definitely opposed," he said, "to the injection of the virus-fluid containing poliomyelitis bacteria, into human beings, for I believe successful immunization can be proved without such a dangerous innoculation."

Dr. Kolmar made an exception of volunteers among doomed convicts, saying:

"It seems likely to me that some day criminals condemned to die will be permitted to benefit science by submitting to innoculations of the virus, but not, of course, without the consent of each condemned man."

In Dr. Kolmar's research laboratories at present are 21 monkeys. The Simians are used, the scientist explained, because they are the only lower animals susceptible to infantile paralysis, dogs, guinea pigs and other animals used in serum tests in research work into the disease are immune to poliomyelitis.

"In the experiments I have conducted with monkeys," the bacteriologist related, "the animals that were given injections of the poliomyelitis virus in the brain died within seven or nine days, except where the immunizing vaccine was injected previously.

"Symptoms of poliomyelitis in monkeys are similar to the manifestations of the disease in human beings. The stricken monkey becomes listless 24 hours after the virus takes effect. Within another day or so the animal falls to the bottom of the cage paralyzed."

Dr. Kolmar emphasized the fact that the name "infantile paralysis" is grossly incorrect inasmuch as it attacks adults as well as children, and does not always result in paralysis. The bacteria, causing the disease, the scientist said, has not been actually isolated.

MILK CAN SLEUTH IS GIVEN BIG JOB

(International News Service)

UNIONTOWN, Pa., July 13—Constable Walter Brown's reputation as Fayette County's No. 1 milk bottle retriever has won him a man-sized job that will require plenty of sleuthing.

The United Dairy Company, of West Virginia and Ohio has assigned him the job of recovering $4,000 worth of 10 gallon milk cans which have become lost, strayed or stolen in the Fayette county area.

SUPPOSED LION WAS HARMLESS

(International News Service)

ERIE, Pa., Bernard Durnikowski, had been reading the newspaper reports of progress in Erie County's "lion hunt."

So when he almost stumbled over a large, furry animal in a thicket where he was picking greens, he didn't wait to investigate.

Police and reporters closed in to surprise the sleeping king of beasts.

The "lion" turned out to be a dead Russian wolf hound.

Romancing?

Margaret LeHand, longtime personal secretary to Franklin D. Roosevelt, and William Bullitt, ambassador to Russia, are reported to be altar-bound. Maybe it's the report they're smiling about.

AROUND CITY HALL

Police chronology for 24 hours ending at 3:30 p. m. July 12: nine arrests on charges as follows: drunkenness and disorderly conduct 1, violation of parking 4 and suspicion 4.

Women when in their cups are no more agreeable than men, f'instance the woman who appeared before His Honor the Mayor yesterday. "You've been drinking for 30 days and your husband has suggested you be sentenced to 30 days," said the mayor. "He did that, did he?" she inquired. "Yes," replied the mayor. "He ought to be in the hospital for 30 days," she replied as she was escorted to a cell.

Employes of the city streets department are rounding off corners and fixing the Beaver street grades to conform to the grade made by the state highway department in West Washington street. Progress is being made on the resurfacing of Cedar street. The labor for that project will cost about $1,500. When that project is completed the resurfacers will start work on Sampson street.

Harry Hoskins yesterday went to the golf course and found in the barn a city plow which had been reported missing. Who put the plow there is not known and when it was put there also is a mystery.

Detroit, Cubs Closing In On League Leaders

Giants And Yanks See Leads In Leagues Whittled Away By Tigers And Cubs

PIRATES, GIANTS SPLIT IN TWO

By GENE LAWRENCE
International News Service Sports Writer

NEW YORK, July 13.—Whatever thoughts New York fans had concerning a nickel world's series this October were somewhat muddled today following changes in the standings which ousted the Yankees from the top of the American League and saw another cut seriously into the slim lead of the Giants in the National.

The supple arm of Schoolboy Rowe, Detroit pitcher, blasted the Yankees from the top and with the same sweeping motion moved the Tigers into the lead. Rowe, pitching the best game of his career, fanned 11 of the slugging Yanks to pull out a 4 to 2 victory and at the same time snap the four game winning streak of his rival, young Johnny Broaca.

The Giants saw their leadership whittled a full game when they split a doubleheader with the Pirates while the Chicago Cubs were defeating the Boston Braves, 7-4, the Giants now are but a half game ahead of the Cubs.

The airtight pitching of Larry French, who allowed the Giants but six hits, gave the Pirates a 3 to 1 decision in the first.

Hubbell Wins.

Carl Hubbell chalked up his 13th victory of the year, coasting home to an easy 11-1 victory in the nightcap after the Giants piled up a six run lead in the first. Carl lost a shutout when Freddy Lindstrom, a pinch hitter, clouted a homer in the sixth.

Hughie Critz hit a homer as the Giants piled up 16 hits off Birkofer, Meine and Chagnon.

Behind Lon Warneke's excellent pitching and Babe Herman's hitting the Chicago Cubs beat the Boston Braves, 7-4. Herman hit a homer in the seventh and also walloped a single.

The Brooklyn Dodgers broke even with the Cincinnati Reds in two slugging matches, winning the first 9-7 and losing the final 13 to 5.

Dean Sprains Ankle.

The St. Louis Cardinals probably lost the services of Paul Dean for a while when he sprained his ankle in the first game of a doubleheader with the Phillies. However, Mooney and Brother Jerome followed Paul on the mound and the Cards won the first 8-5. They dropped the final 8-3, despite homers by Medwick and Davis, losing to young Curt Davis.

A single by Ed Madjeski in the ninth inning scored Luke Appling with the winning run to give the Chicago White Sox a 3-2 win over the Philadelphia Athletics.

The Washington Senators game with the Indians at Cleveland was washed out by rain.

Two Games In American Loop

Two games will be played today in the American softball league. The Scarazzos-Hannon game has been called off.

Two County Tilts Saturday

Lawrence County Baseball League Teams Play Fast Ball

Polish Nationals vs. Wampum at Wampum.

Mahoning vs Bessemer at Bessemer.

Only two games are carded for Lawrence County league clubs Saturday according to President Alex Samuels. The Polish Nationals will take on Wampum and indications are they'll fatten their average but there'll be a rather tight clash between Mahoning and Bessemer, according to past performances.

Wednesday West Pittsburgh upset Wampum 11 to four mainly because of a blasting the Garlands gave Wampum in the eighth inning. Up to that frame the Wampumites had a chance to deadlock the score but not after the vicious batting attack which rushed six tallies across the home rubber.

Bessemer came through with a one-nothing victory over the Polish Nationals. It was as neat a ball game as one would see in the majors. Plevnic was in fine form, likewise W. Soho and a total of 13 hits were collected by the aggregations. Craycroft scored the winning run in the second.

While these two clashes were under way Hillsville were pointing the way to Mahoning and won six to two. Hillsville carried too many guns for C. Perritta and P. Russo while J. Pepe held Mahoning at bay when hits meant anything like a deadlock.

The Lawrence County loop teams are playing bangup ball and making new friends. So far this season there has not been one protest made and it looks as though the league will continue to have a great season. Big crowds are turning out and the teams are showing appreciation with classy games.

Castletons Will Play Sharon Here

Castleton softball team will play the famous Sharon Jacks softball team at the Gaston Park Field Sunday afternoon at 2:30 o'clock it was announced by Wayne Harper, business manager of the Castletons today. The hotel boys will shove Frank Babs their mound ace against the Sharonites. The Sharon Jacks are regarded the leading softball team in Mercer County.

Ellwood Millers Win 13-Inning Game Thursday

Defeat East Side Merchants 1 To 0, Radiators Top Cunninghams, St. Andrews Wins

Ellwood City Millers took a 1 to 0 13-inning softball victory from the East Side Merchants last night in the feature game of the evening at the Ellwood City field. Jack Llewellyn pitched a brilliant no-run no-hit game for the first 11 innings for the Merchants and it was not until the 11th that the Millers could get a man on base.

Hauserman did the hurling for the Millers and also pitched a brilliant game allowing six hits. The Millers only had three hits off of Llewellyn. Henderson and Melder featured at the bat, with Maki making some sensational plays in the field.

A crowd of about 1,000 fans saw the game. Drenbeck scored the winning run in the 13th on a fly ball to center fielder, after reaching third base on a hit and run play. Llewellyn fanned six men, and Hauserman whiffed three.

It was one of the finest softball games ever played in these parts. Both teams played nip and tuck all the way.

The score by innings:

Polish Nationals Defeat Hillsville

Majocha Holds Hillsville To Five Hits In League Game Thursday Night

Majocha was in rare form last night at the Hillsville field as the Polish Nationals took a 4 to 3 victory over the Hillsvillians in a Lawrence county league game. Majocha held the losers to five hits. He made six batters whiff the air. The Polish boys had eight hits off of J. Pepe and Argiro.

Heavy hitting was done by Skosic, A. Baker and Severa.

Emil Mancine, Willie Grommes, Bob Thompson, Walt Vogan, Tucker Nolan, Jimmy Pagley, Harry Toscano, Bill Twaddle, T. T. Clark, and Matt Honkonen.

Mrs. Freda Nolan and Mrs. Freda Rodgers will accompany the local team and will play a special match with two women players from the Youngstown Muny.

East Siders In Lead After City League Matches

Jump Into First Place Last Evening By Defeating Riecks At Muny Course

East Side Service jumped into the lead in the New Castle golf league last evening when they defeated the league leaders, Rieck-McJunkin, while the Unions were splitting their match with Blair Strip Steel.

Their lead is just a slim one, however, and with two more regularly scheduled matches and one the rain interfered with, they will have to fight hard to retain these honors.

Rieck-McJunkin and the Unions were tied for second place, with McCoys only a half-point behind and Blair Strip Steel and Reynolds, Summers & McCann pressing closely.

The league managers, at a meeting held following the close of last evening's games, decided that those matches which were completed in full last week, when it rained on game night, will count. The other matches will be played over, it was decided, on the first Thursday in August, following the close of the regular league schedule.

Last night's results showed the following:

East Side Service won from Rieck-McJunkin 4 to 2; McCoy's 6, Pennsylvania Power 0; Reynolds, Summers & McCann 6, New Castle News 0; Union Brewery 3, Blair Strip Steel 3; Hardware 4½, Pennsylvania R. R. 1½; Shenango Tin 3, Universal Sanitary Pottery 3.

McGovern and Grommes were tied for medalist honors, each shooting 37; Jimmy Pagley, M. K. Gilliland, Bob Thompson, Walt Vogan came along with 38's, while Ollie West and Matt Honkonen shot 39's, and Molesworth, Eddie Long and Mike Lombardo had 40's.

The standing, exclusive of last week's games, is as follows:

	W.	L.
East Side Service	31	17
Rieck-McJunkin	29	19
Union Brewery	29	19
McCoy's	28½	19½
Blair Strip Steel	27½	20½
Reynolds, S. & M.	27½	20½
Hardware Merchants	26½	21½

Saks Top Hannons In Softball Game

Saks Win American League Postponed Game At Centennial Field

Saks' softball team retained first place in the American softball league last night at the Centennial field by taking the measure of the Hannons team 4 to 3 in one of the best played games of the year at the Centennial field. Doyle featured at bat for the Saks with two triples. Bondi featured for the Hannons with a homer. The Saks had five hits off of Johnny Roman and the Hannons only touched Rubeis for four hits.

Tonight at 6 o'clock at Centennial Field the Saks will battle the Union Brewery team and all of the Saks players are asked to be present at 5:30 o'clock.

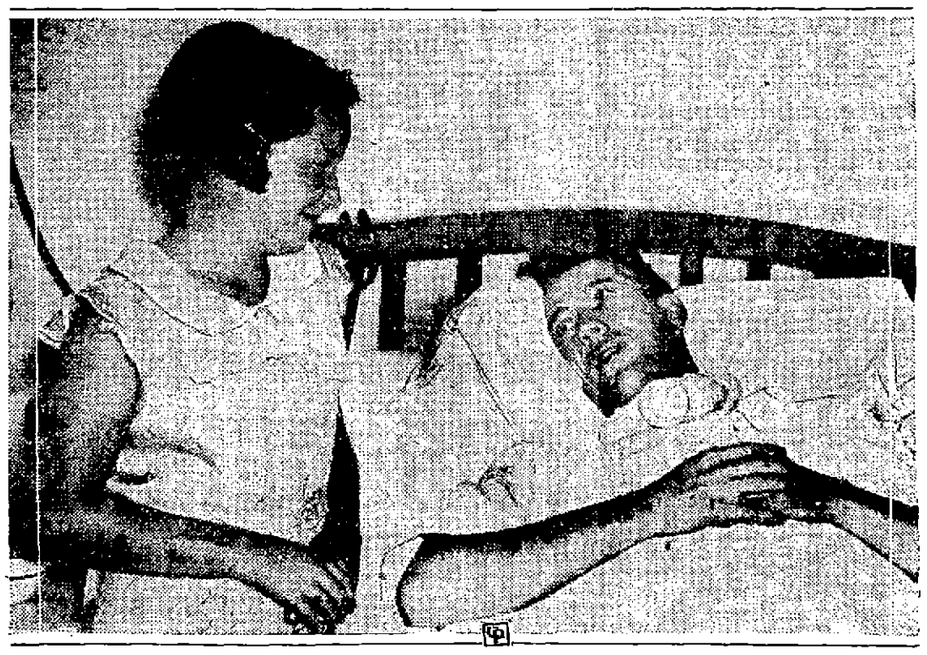

Score by innings:

	R.	H.	E.
Hannons .....000 001 200—3	4	2	
Saks .....003 001 00x—4	5	0	

Batteries: Saks, Rubeis and Aven. Hannons: Roman and Briggs. Umpires—Ross and Mastern.

Doris Grove — Lefty Grove

"Doris," says Lefty Grove, star southpaw of the Boston Red Sox, recuperating in a Boston hospital after a tonsil operation, to his daughter, Doris Grove, "you just tell everybody your papa will be in the ball games again pretty quick and he'll be winning, too, now that the medicos have eased him of those old tonsils which were making his arm lame!" All Boston hopes he's right!

SANDLOT JIBJABS

RENNERS WIN GAME

Renners softball team took the measure of the M. L. and H. team at the Lehigh Field by a score of 10 to 1, with R. Covell allowing the losers but six hits and he fanned five men. Nigro featured the game with a homer. For games with the Renners call 9120 and ask for Frank Viggiano, the business manager.

YOUNG YANKS WIN

The Young Yankee Midgets won the city midget title yesterday at Dave's Field by taking the measure of the 15 to 1 in the deciding game of the seven game series. C. Merando was the winning pitcher. Bullano and DeCarbo were the heavy hitters. The Young Yanks will be given a handsome prize for winning the title.

CROTON MERCHANTS WIN

Croton Merchants handed the Pump Stations a 8 to 7 game at the Smith Field. The game was one of the best of the year. R. Book held the Pumps to seven hits and the Crotonites had eight hits off of T. Straussbaugh. Lockley and C. Book held the hitting honors with home runs. Crisci, Shaffer, Campbell and Snow also hit the ball hard.

GAME IS DEADLOCKED

Highland A. C. and American Legion team played a tie game at 2-2 yesterday at the George Washington Junior High Field. The game was called at the end of the ninth on account of darkness. Shaffer allowed the Legion four hits and fanned 10 men. The Highlands had three hits off of Davis and he whiffed 11 batters. The game will be played over at a later date.

Boro A. C. Tops Nationals 7-4

Duncan Hurls Fine Game As Mates Drive Out League Victory At Lehigh Field

Boro A. C. last night at the Lehigh field defeated the National Pants team 7 to 4 in an American league game. Duncan held the losers to nine hits and kept them scattered. The Boro also had nine hits off of Brightshue and Schaffer.

Bigley, Brightshue and Shaw held the hitting honors of the game. The Boro came to life in the sixth and scored five runs.

It was announced by Manager John Leckwert of the Boro A. C. today that the Boro would use Lehigh field for their home field for the remainder of the season, owing to the lack of support from the Boro fans. The Boro boys have won 25 games and lost but five this year, but the fans are not attending the games. The Boro team expects to give the fans of the East Side some classy baseball.

All-Star Games May Be Continued

(International News Service)

NEW YORK, July 13.—While admitting the fate of the 1935 all star baseball game will not be definitely decided until the December joint meetings of the two major leagues in New York, John Heydler, president of the National League, flatly declared today his league is in favor of continuing the game as an annual fixture.

"The National League certainly is not in favor of cancelling the game", Heydler said. "We've been beaten twice and would like to have the contest resumed every year. Naturally, we National Leaguers are confident of evening the count."

Presbyterians Win First Half Of Church Loop

St. Marys-St. Josephs Finish One-Half Point Behind League Leaders

First Presbyterian church golfing team won the first-half title in the New Castle Church Golfing league last night at the Castle Hills Golf course by taking the measure of the First Christians 3½ to 2½ and thereby finishing the first round with 29 points against 28½ points for the St. Marys-St. Josephs team. The First Methodists landed in third place with 25½ points and the First Christians and Trinity are tied for fourth place with 22½ points apiece.

The medalist honors were divided between Robert M. Garland and James A. Smith with brilliant 38's. Dr. J. R. Cooper and George Johnson shot fine 39 scores. Other low scores turned in were: Dr. W. P. Detroit, Cubs Closing In On League Leaders

Giants And Yanks See Leads In Leagues Whittled Away By Tigers And Cubs

PIRATES, GIANTS SPLIT IN TWO

By GENE LAWRENCE
International News Service Sports Writer

NEW YORK, July 13.—Whatever thoughts New York fans had concerning a nickel world's series this October were somewhat muddled today following changes in the standings which ousted the Yankees from the top of the American League and saw another cut seriously into the slim lead of the Giants in the National.

The supple arm of Schoolboy Rowe, Detroit pitcher, blasted the Yankees from the top and with the same sweeping motion moved the Tigers into the lead. Rowe, pitching the best game of his career, fanned 11 of the slugging Yankees to pull out a 4 to 2 victory and at the same time snap the four game winning streak of his rival, young Johnny Broaca.

The Giants saw their leadership whittled a full game when they split a doubleheader with the Pirates while the Chicago Cubs were defeating the Boston Braves, 7-4, the Giants now are but a half game ahead of the Cubs.

The airtight pitching of Larry French, who allowed the Giants but six hits, gave the Pirates a 3 to 1 decision in the first.

Hubbell Wins.

Carl Hubbell chalked up his 13th victory of the year, coasting home to an easy 11-1 victory in the nightcap after the Giants piled up a six run lead in the first. Carl lost a shutout when Freddy Lindstrom, a pinch hitter, clouted a homer in the sixth.

Hughie Critz hit a homer as the Giants piled up 16 hits off Birkofer, Meine and Chagnon.

Behind Lon Warneke's excellent pitching and Babe Herman's hitting the Chicago Cubs beat the Boston Braves, 7-4. Herman hit a homer in the seventh and also walloped a single.

The Brooklyn Dodgers broke even with the Cincinnati Reds in two slugging matches, winning the first 9-7 and losing the final 13 to 5.

Dean Sprains Ankle.

The St. Louis Cardinals probably lost the services of Paul Dean for a while when he sprained his ankle in the first game of a doubleheader with the Phillies. However, Mooney and Brother Jerome followed Paul on the mound and the Cards won the first 8-5. They dropped the final 8-3, despite homers by Medwick and Davis, losing to young Curt Davis.

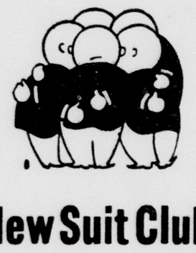

A single by Ed Madjeski in the ninth inning scored Luke Appling with the winning run to give the Chicago White Sox a 3-2 win over the Philadelphia Athletics.

The Washington Senators game with the Indians at Cleveland was washed out by rain.

Two Games In American Loop

Two County Tilts Saturday

Lawrence County Baseball League Teams Play Fast Ball

Polish Nationals vs. Wampum at Wampum.

Mahoning vs Bessemer at Bessemer.

Only two games are carded for Lawrence County league clubs Saturday according to President Alex Samuels. The Polish Nationals will take on Wampum and indications are they'll fatten their average but there'll be a rather tight clash between Mahoning and Bessemer, according to past performances.

Wednesday West Pittsburgh upset Wampum 11 to four mainly because of a blasting the Garlands gave Wampum in the eighth inning. Up to that frame the Wampumites had a chance to deadlock the score but not after the visious batting attack which rushed six tallies across the home rubber.

Bessemer came through with a one-nothing victory over the Polish Nationals. It was as neat a ball game as one would see in the majors. Plevnic was in fine form, likewise W. Soho and a total of 13 hits were collected by the aggregations. Craycroft scored the winning run in the second.

While these two clashes were under way Hillsville were pointing the way to Mahoning and won six to two. Hillsville carried too many guns for C. Perritta and P. Russo while J. Pepe held Mahoning at bay when hits meant anything like a deadlock.

The Lawrence County loop teams are playing bangup ball and making new friends. So far this season there has not been one protest made and it looks as though the league will continue to have a great season Big crowds are turning out and the teams are showing appreciation with classy games.

Castletons Will Play Sharon Here

Castleton softball team will play the famous Sharon Jacks softball team at the Gaston Park Field Sunday afternoon at 2:30 o'clock it was announced by Wayne Harper, business manager of the Castletons today. The hotel boys will shove Frank Babs their mound ace against the Sharonites. The Sharon Jacks are regarded the leading softball team in Mercer County.

Ellwood Millers Win 13-Inning Game Thursday

Defeat East Side Merchants 1 To 0, Radiators Top Cunninghams, St. Andrews Wins

Ellwood City Millers took a 1 to 0 13-inning softball victory from the East Side Merchants last night in the feature game of the evening at the Ellwood City field. Jack Llewellyn pitched a brilliant no-run no-hit game for the first 11 innings for the Merchants and it was not until the 11th that the Millers could get a man on base.

Hauserman did the hurling for the Millers and also pitched a brilliant game allowing six hits. The Millers only had three hits off of Llewellyn. Henderson and Melder featured at the bat, with Maki making some sensational plays in the field.

A crowd of about 1,000 fans saw the game. Drenbeck scored the winning run in the 13th on a fly ball to center fielder, after reaching third base on a hit and run play. Llewellyn fanned six men, and Hauserman whiffed three.

It was one of the finest softball games ever played in these parts. Both teams played nip and tuck all the way.

Emil Mancine, Willie Grommes, Bob Thompson, Walt Vogan, Tucker Nolan, Jimmy Pagley, Harry Toscano, Bill Twaddle, T. T. Clark, and Matt Honkonen.

Mrs. Freda Nolan and Mrs. Freda Rodgers will accompany the local team and will play a special match with two women players from the Youngstown Muny.

East Siders In Lead After City League Matches

Jump Into First Place Last Evening By Defeating Riecks At Muny Course

East Side Service jumped into the lead in the New Castle golf league last evening when they defeated the league leaders, Rieck-McJunkin, while the Unions were splitting their match with Blair Strip Steel.

Their lead is just a slim one, however, and with two more regularly scheduled matches and one the rain interfered with, they will have to fight hard to retain these honors.

Rieck-McJunkin and the Unions were tied for second place, with McCoys only a half-point behind and Blair Strip Steel and Reynolds, Summers & McCann pressing closely.

The league managers, at a meeting held following the close of last evening's games, decided that those matches which were completed in full last week, when it rained on game night, will count. The other matches will be played over, it was decided, on the first Thursday in August, following the close of the regular league schedule.

Last night's results showed the following:

East Side Service won from Rieck-McJunkin 4 to 2; McCoy's 6, Pennsylvania Power 0; Reynolds, Summers & McCann 6, New Castle News 0; Union Brewery 3, Blair Strip Steel 3; Hardware 4½, Pennsylvania R. R. 1½; Shenango Tin 3, Universal Sanitary Pottery 3.

McGovern and Grommes were tied for medalist honors, each shooting 37; Jimmy Pagley, M. K. Gilliland, Bob Thompson, Walt Vogan came along with 38's, while Ollie West and Matt Honkonen shot 39's, and Molesworth, Eddie Long and Mike Lombardo had 40's.

The standing, exclusive of last week's games, is as follows:

	W.	L.
East Side Service	31	17
Rieck-McJunkin	29	19
Union Brewery	29	19
McCoy's	28½	19½
Blair Strip Steel	27½	20½
Reynolds, S. & M.	27½	20½

Saks Top Hannons In Softball Game

Saks Win American League Postponed Game At Centennial Field

Saks softball team retained first place in the American softball league last night at the Centennial field by taking the measure of the Hannons team 4 to 3 in one of the best played games of the year at the Centennial field. Doyle featured at bat for the Saks with two triples. Bondi featured for the Hannons with a homer. The Saks had five hits off of Johnny Roman and the Hannons only touched Rubeis for four hits.

Tonight at 6 o'clock at Centennial Field the Saks will battle the Union Brewery team and all of the Saks players are asked to be present at 5:30 o'clock.

Score by innings:

	R.	H.	E.
Hannons .....000 001 200—3	4	2	
Saks .....003 001 00x—4	5	0	

Batteries: Saks, Rubeis and Aven. Hannons: Roman and Briggs. Umpires—Ross and Mastern.

SANDLOT JIBJABS

RENNERS WIN GAME

Renners softball team took the measure of the M. L. and H. team at the Lehigh Field by a score of 10 to 1, with R. Covelli allowing the losers but six hits and he fanned five men. Nigro featured the game with a homer. For games with the Renners call 9120 and ask for Frank Viggiano, the business manager.

YOUNG YANKS WIN

The Young Yankee Midgets won the city midget title yesterday at Dave's Field by taking the measure of the 15 to 1 in the deciding game of the seven game series. C Merando was the winning pitcher. Bullano and DeCarbo were the heavy hitters. The Young Yanks will be given a handsome prize for winning the title.

CROTON MERCHANTS WIN

Croton Merchants handed the Pump Stations a 8 to 7 game at the Smith Field. The game was one of the best of the year. R. Book held the Pumps to seven hits and the Crotonites had eight hits off of T. Straussbaugh. Lockley and C. Book held the hitting honors with home runs. Crisci, Shaffer, Campbell and Snow also hit the ball hard.

GAME IS DEADLOCKED

Highland A. C. and American Legion team played a tie game at 2-2 yesterday at the George Washington Junior High Field. The game was called at the end of the ninth on account of darkness. Shaffer allowed the Legion four hits and fanned 10 men. The Highlands had three hits off of Davis and he whiffed 11 batters. The game will be played over at a later date.

Boro A. C. Tops Nationals 7-4

Duncan Hurls Fine Game As Mates Drive Out League Victory At Lehigh Field

Boro A. C. last night at the Lehigh field defeated the National Pants team 7 to 4 in an American league game. Duncan held the losers to nine hits and kept them scattered. The Boro also had nine hits off of Brightshue and Schaffer.

Bigley, Brightshue and Shaw held the hitting honors of the game. The Boro came to life in the sixth and scored five runs.

It was announced by Manager John Leckwert of the Boro A. C. today that the Boro would use Lehigh field for their home field for the remainder of the season, owing to the lack of support from the Boro fans. The Boro boys have won 25 games and lost but five this year, but the fans are not attending the games. The Boro team expects to give the fans of the East Side some classy baseball.

All-Star Games May Be Continued

(International News Service)

NEW YORK, July 13.—While admitting the fate of the 1935 all star baseball game will not be definitely decided until the December joint meetings of the two major leagues in New York, John Heydler, president of the National League, flatly declared today his league is in favor of continuing the game as an annual fixture.

"The National League certainly is not in favor of cancelling the game", Heydler said. "We've been beaten twice and would like to have the contest resumed every year. Naturally, we National Leaguers are confident of evening the count."

Presbyterians Win First Half Of Church Loop

St. Marys-St. Josephs Finish One-Half Point Behind League Leaders

First Presbyterian church golfing team won the first-half title in the New Castle Church Golfing league last night at the Castle Hills Golf course by taking the measure of the First Christians 3½ to 2½ and thereby finishing the first round with 29 points against 28½ points for the St. Marys-St. Josephs team. The First Methodists landed in third place with 25½ points and the First Christians and Trinity are tied for fourth place with 22½ points apiece.

'Oil Field Day' At Dedication Of Drake Well

State And National Officials To Take Part In Titusville Jubilee

SITE OF FIRST WELL NOW PARK

By A. C. MacINTYRE
International News Service Staff Correspondent

TITUSVILLE, Pa., July 13.—A cabinet officer, two governors, leaders of the oil industry and the general public will surge into this city on Monday, August 27, for the formal dedication of Drake Well Memorial park, the site of the first oil well in the world, which Colonel Edwin L. Drake "brought in" in 1859.

The day will be the final one of a four-day celebration marking the "diamond jubilee of oil".

The principal addess will be delivered by Harold L. Ickes, secretary of the interior and oil administrator. Dedicatory exercises will be in charge of George White of Ohio, a native of this city. The park will be formally turned over to the state of Pennsylvania by Axtell J. Byles, president of the American Petroleum Institute, another former Titusville resident, and will be accepted for the state by Gov. Gifford Pinchot.

The observance will begin on Friday, August 24, which has been designated "Oil Region Day". The exhibition in connection with the jubilee will be formally opened and an historical pageant "The Story of Oil" will be staged at the fair grounds here. On Saturday "Jubilee Day," a large parade will be staged, probably the greatest in the history of the city, with this section and the oil industry well represented. In the evening a ball will be held.

Sunday will be "Old Home Day" with special services in all the churches of the city and several musical concerts, including one by the Zem Zem Shrine Chanters of Erie. On Monday the park will be formally dedicated.

All the other usual marks of a celebration of that type will be staged, ball games, fire works, dances and band concerts.

This city is hard at work preparing for the event. The committee has been planning for it for many months. The town is being dressed up for the event and many souvenirs of the big day are being prepared by various concerns and firms.

In addition to the notables coming for the event there will be an influx of oil men from all sections of the nation and from other nations as well. With them will come many former residents of the oil regions who went out to the west and the southwest from this section to follow the trail of oil.

The site of the well in Oil creek valley just south of the city and over the Venango county line was long neglected. For years no effort was made to improve it and only a faint wagon track led to the scene of the historic event.

In 1914 the Canadotha chapter of the Daughters of American Revolution of this city erected a large builder at the site. Efforts were made to improve it but without avail and it was not until several years ago when Oil creek at the flood left its bank and threatened to cut across the site, destroying it forever, that action was taken.

The creek bank was walled to hold the roving stream within its course. Roads were improved and then local residents and oil men interested the American Petroleum Institute in improving the site and preserving it for posterity. That body agreed to improve it provided the state would take it over as a state park. That action came by the general assembly and the work was started.

A museum, which will house relics of the Drake well and others of nearly oil country history, and caretakers' house were erected and the site landscaped. It will be formally turned over to the state on August 27 in what promises to be the greatest celebration in the history of the oil regions.

Ends Long Search For Lost Brother

After Thirty-Seven Years Philadelphia Man Finally Locates Kin

(International News Service)

PHILADELPHIA, July 11.—Thirty-seven years ago Mendel Raines and his brother, Maurice, parted. Maurice was leaving his home in a small Russian town to "seek his fortune."

Time brought changes, but no word from Maurice. His parents died and Mendel, in 1906, came to America. For the past 25 years, Mendel, an employe of the Philadelphia Rapid Transit Company, continued trying to locate Maurice, but without avail.

Mendel wrote to the mayors and police heads throughout this country and Canada, but the replies were always unfavorable. Then he solicited the aid of the Hebrew Immigration Aid Society, a international organization.

Last week, the society delivered to Mendel a letter from his brother, Maurice, now a resident of Newcastle, Australia, wrote that he has prospered, is married and the father of three children, one of whom a boy of 20, is intering a university this year.

Tuition Rates Are Cut Down

Township Pupils Can Enter Ellwood Schools At Lower Rates

BOARD HOPES TO GET BACK TUITION

ELLWOOD CITY, July 13.—What is adjudged as a "golden opportunity" was given the outlying townships by the Ellwood City school district, when the board of education held its regular meeting last night in its rooms.

Pending the acceptance of a new agreement the local school district will admit tuition pupils at almost less than half the rate formerly charged. This was the result of a recommendation made by Supt. of Schools Vaughn R. DeLong.

Due to the low cost which the local schools have operated on for the past year, tuition rates of $5.50 for pupils from 7 to 12 grades and $3.50 for the elementary grades per month was accepted by the board last night. That is for the upper grades the cost per pupil for one school year will be $49.67.

The agreement that the townships must accept before their pupils are admitted here for the 1934-35 term, is that the districts must give a six percent note dated August 15, 1934 for the entire amount of tuition due the local school district. The notes will be made payable on February 15 and will be renewable on condition that the district has paid its current tuition in full and has made a substantial payment on its note.

Supt. DeLong stated that the amount owed the local school district by the outlying townships has remained adamant for the past three years. Due to the appreciable cut being made in the tuition the townships should find this to be a real opportunity to decrease its debt to the Ellwood school district.

The board plans to adhere strictly to the above plan. Supt. DeLong stated that there is no sense in having the local school district borrow money to pay its teachers when the townships owe us $41,211.99. He also stated that Ellport, Koppel and Big Beaver township are expected to make payments to the local district soon.

Board To Borrow $25,000 To Pay School Teachers

Accept Offer Of Philadelphia Firm And Take Necessary Steps To Obtain Loan

OTHER BUSINESS IS TRANSACTED

ELLWOOD CITY, July 13.—When teachers in the Ellwood City school system receive their next pay checks, they will be paid in full to date.

This was made a reality last night when the board of education at its regular meeting, accepted the offe rofa fer of a Philadelphia concern and took the necessary steps to borrow $25,000 at 4 per cent interest for 90 days. With this sum the board intends to pay off its teachers in full. Their total salaries amount to over $26,000. Teachers only received half pay on the last pay day. The board passed a number of resolutions recommended by its attorney, W. J. Moffatt of New Castle, relatives to negotiating the loan.

A question was raised if this sum is paid out to teachers how would the board take care of its bills. Supt. Vaughn R. DeLong pointed out that there were other sources of revenue for this purpose. The above loan is to be paid off by taxes received.

Upon recommendation of the finance committee the board voted to grant the request of Architect Robert Eckles to advance him $1,000 on account. An agreement was made in which his bill to the board was reduced from $3692 to $2792, a reduction of $900. This was because the gymnasium was not built for which plans were made. When this is done in the future Mr. Eckles will be compensated for the plans.

Action was also taken to pay $300 on their coal contract.

Delay Accepting Bond

As a result of a recommendation from their attorney the board voted to delay the acceptance of personal bond of Tax Collector T. A. E. McConahy for one week. The attorney advised that the bond be revised to comply with the school code's form. The board also wished to investigate the signatures on the personal bond before taking action.

Mr. McConahy's attorney, Randall Luke, stated that there was a good possibility for obtaining a surety bond from a Detroit insurance company. The board passed the necessary resolutions to enable Mr. McConahy to acquire the bond. He was given a week's time, which his attorney felt was reasonable.

Upon recommendation of the building committee headed by Dr. H. E. Helling the board voted to instruct their architect, Byron McCandless, to adjust the fire alarm systems in all building to meet requirements. The estimated cost for this was 180. The board also decided to let the contract for installing a heating system in the North Side school to Mr. McCandless at a cost of $1995. There were two alternates which would be $68 and 82 additional.

It was decided to repair a number of sidewalks about the school at an estimated cost of $100. Contractor Albert Dahl will do this work.

Willing Workers Class Has Meeting

ELLWOOD CITY, July 13.—Willing Workers class of the First Christian church assembled last night at the home of Mrs. Earnest Sarver on Eighth street. Mrs. Elsie Rehrer was associate hostess on the occasion.

Arrangements were made to hold a pie social on July 28 at the church during the business meeting. An enjoyable social time with games and contests followed. As a result prizes went to Mrs. Grace Howell, Mrs. Anna Kelley, Mrs. Audrey Cheize and Mrs. Blanche McDanel.

The class will meet again on August 9 at the home of Mrs. Eva Gallaher on the Beaver Falls road.

Aged Watchman Is Being Hunted In Philadelphia, Pa.

(International News Service)

PHILADELPHIA, July 13.—Fears that he might have fallen victim to violence attending the oil workers' strike here were expressed today as police launched a widespread search for David R. Johnson, 50-year-old watchman at the Gulf Refining Company's plant.

The authorities were asked to start the hunt by the missing man's son, David R. Johnson, Jr., 22, who said he had learned his father left the plant at midnight in an automobile with another watchman.

"He may have been waylaid and beaten," the son said.

Johnson's wife and other children motored around the meadows skirting the Schuylkill river here in the vicinity of the plant this morning, but failed to find a trace of the vanished watchman.

That mighty home run wave,
Seven!—yes!—hundred!

Thus might Alfred Lord Tennyson have paraphrased himself if the great poet had lived long enough to thrill with modern America at the dazzling home run deeds of George Herman Ruth.

Seven hundred homers!

Spread over the 21 seasons of Babe Ruth's career we find the Bambino has averaged the incredible number of 35 homers a year—though until 1919, four full seasons after he became a regular, the Babe had hit but several circuit smashes.

Also, the Babe has missed enough games from injury, illness or suspension to total another season. And, in his first several seasons the Babe appeared on the field only every fourth game or so, as a pitcher.

Thus—though the record books list him in his 21st season he can be considered to have played the equivalent of only 18 full campaigns. This gives the Babe an actual average of 39 homers a year.

Some years ago, a sport scribe asked the Babe what ambitions he had and which had not yet been realized.

Quoth the Babe:

"I want to hit 700 homers before I pass out.

"I want to play in 20 seasons of major ball.

"I want to have a half-million dollars to ease the pains of old age.

"I want to have amassed a total of 2,000 bases on balls."

The seven-hundredth homer is here. The Babe is playing in his 21st, not 20th, season. He's believed to have quite a few kopecks more than 500,000 salted away for the rainy days.

Only the base on balls item has, so far, escaped him. At this writing Babe Ruth needed but a half-dozen or so walks to make it 2,000 ample proof to posterity that he was the most feared batter of all time.

These records are nice reading in the record books but the Babe has been responsible for other great things which do not appear in type.

The Bambino revolutionized the game, changed baseball by giving it the punch that thrills and so set the pace for other players. He reawakened a waning interest in the game and gave it its years of greatest prosperity. He, say many, saved the game by distracting the public's attention from the noisome Black Sox scandal which threatened to kill the sport.

Ruth also brought prosperity to his fellow players by raising the standard of pay. No player ever reached him in income but when the Bambino was getting such tremendous sums as $80,000 a year other teams naturally found it necessary to pay other stars correspondingly handsome retainers.

So—if anyone deserves the satisfaction of hitting more home runs than any other player ever did—or ever will—that man is the man who did it—Babe Ruth!

NEW YORK, July 13.—No less than nine important expeditions into the stratosphere, planned this summer, promise to make history in the thin-aired regions 10 to a dozen miles above the earth where science predicts airplanes of the future will fly 500 miles per hour.

In the front ranks are the two American army pilots, Captain Albert W. Stevens and Major William Kepner, who will ascend some time this month from a point in South Dakota to a proposed height of 15 miles. They will use the largest free ballon and gondola ever constructed. Their equipment for studying more than a score of scientific subjects is the most intricate and complete ever gathered together for such an expedition.

In Open Bag

Of secondary importance is the proposed flight of Col. Emilio Herrera, of Spain. Colonel Herrera will go aloft in an open bag, protecting his body with a suit of aluminum, designed like a deep sea diver's outfit. Oxygen tanks will supply sustenance after he reaches rarefied air.

A second American flight will send Dr. Jean Piccard, brother of the pioneer stratosphere balloonist, into the air above Detroit some time in the early fall. Mrs. Piccard will accompany her husband and be the first woman ever to fly in the stratosphere. The balloon and gondola used will be the same in which Commander T. G. Settle climbed to a world record height of more than 11 miles last year.

Soviet Russia is not only planning balloon ascensions in which humans figure, but has also designed a special radio-bearing balloon which, it is said, will rise without human guidance to a height of 25 miles and broadcast the reading of instruments to ground stations automatically.

Germany, France, Italy, Spain and Hungary have all dabbled in the planning of hops to the thin-aired regions and will make sundry flights this summer. Of prime importance is the stratoplane designed by a French engineer named Guerchais, which is expected to rise 10 miles above the earth and fly at a speed of more than 300 miles an hour. The ship is now completed and will be tested soon.

New York To Berlin

The Junkers company in Germany has also started work on stratosphere planes which, when completed, will be capable of tremendous speeds. One German transport company has already planned a six-hour schedule of stratosphere flying between New York and Berlin, using these planes.

Wiley Post, 'round-the-world flyer will conduct the only important assault on altitude records via plane. He plans to fly in the stratosphere with his remodeled Winnie Mae, and hopes to overcome the current height record of 47,352 feet, recently set by the Italian ace, Renato Donati. A robot pilot will guide Post's ship while he conducts research with a host of specially designed instruments.

A large crowd participated in the affair. The committee in charge of general arrangements was composed of Mrs. Robert Dambach, Mrs. Eddie Butler, Miss Ellen Newton, and Miss Janice Stroup.

Tuition Rates Are Cut Down

Township Pupils Can Enter Ellwood Schools At Lower Rates

BOARD HOPES TO GET BACK TUITION

ELLWOOD CITY, July 13.—What is adjudged as a "golden opportunity" was given the outlying townships by the Ellwood City school district, when the board of education held its regular meeting last night in its rooms.

Pending the acceptance of a new agreement the local school district will admit tuition pupils at almost less than half the rate formerly charged. This was the result of a recommendation made by Supt. of Schools Vaughn R. DeLong.

Due to the low cost which the local schools have operated on for the past year, tuition rates of $5.50 for pupils from 7 to 12 grades and $3.50 for the elementary grades per month was accepted by the board last night. That is for the upper grades the cost per pupil for one school year will be $49.67.

The agreement that the townships must accept before their pupils are admitted here for the 1934-35 term, is that the districts must give a six percent note dated August 15, 1934 for the entire amount of tuition due the local school district. The notes will be made payable on February 15 and will be renewable on condition that the district has paid its current tuition in full and has made a substantial payment on its note.

Supt. DeLong stated that the amount owed the local school district by the outlying townships has remained adamant for the past three years. Due to the appreciable cut being made in the tuition the townships should find this to be a real opportunity to decrease its debt to the Ellwood school district.

The board plans to adhere strictly to the above plan. Supt. DeLong stated that there is no sense in having the local school district borrow money to pay its teachers when the townships owe us $41,211.99. He also stated that Ellport, Koppel and Big Beaver township are expected to make payments to the local district soon.

Board To Borrow $25,000 To Pay School Teachers

Accept Offer Of Philadelphia Firm And Take Necessary Steps To Obtain Loan

OTHER BUSINESS IS TRANSACTED

ELLWOOD CITY, July 13.—When teachers in the Ellwood City school system receive their next pay checks, they will be paid in full to date.

This was made a reality last night when the board of education at its regular meeting, accepted the offe rofa
fer of a Philadelphia concern and took the necessary steps to borrow $25,000 at 4 per cent interest for 90 days. With this sum the board intends to pay off its teachers in full. Their total salaries amount to over $26,000. Teachers only received half pay on the last pay day. The board passed a number of resolutions recommended by its attorney, W. J. Moffatt of New Castle, relatives to negotiating the loan.

A question was raised if this sum is paid out to teachers how would the board take care of its bills. Supt. Vaughn R. DeLong pointed out that there were other sources of revenue for this purpose. The above loan is to be paid off by taxes received.

Upon recommendation of the finance committee the board voted to grant the request of Architect Robert Eckles to advance him $1,000 on account. An agreement was made in which his bill to the board was reduced from $3692 to $2792, a reduction of $900. This was because the gymnasium was not built for which plans were made. When this is done in the future Mr. Eckles will be compensated for the plans.

Action was also taken to pay $300 on their coal contract.

Delay Accepting Bond

As a result of a recommendation from their attorney the board voted to delay the acceptance of personal bond of Tax Collector T. A. E. McConahy for one week. The attorney advised that the bond be revised to comply with the school code's form. The board also wished to investigate the signatures on the personal bond before taking action.

Mr. McConahy's attorney, Randall Luke, stated that there was a good possibility for obtaining a surety bond from a Detroit insurance company. The board passed the necessary resolutions to enable Mr. McConahy to acquire the bond. He was given a week's time, which his attorney felt was reasonable.

Upon recommendation of the building committee headed by Dr. H. E. Helling the board voted to instruct their architect, Byron McCandless, to adjust the fire alarm systems in all building to meet requirements. The estimated cost for this was 180. The board also decided to let the contract for installing a heating system in the North Side school to Mr. McCandless at a cost of $1995. There were two alternates which would be $68 and 82 additional.

It was decided to repair a number of sidewalks about the school at an estimated cost of $100. Contractor Albert Dahl will do this work.

Willing Workers Class Has Meeting

ELLWOOD CITY, July 13.—Willing Workers class of the First Christian church assembled last night at the home of Mrs. Earnest Sarver on Eighth street. Mrs. Elsie Rehreer was associate hostess on the occasion.

Arrangements were made to hold a pie social on July 28 at the church during the business meeting. An enjoyable social time with games and contests followed. As a result prizes went to Mrs. Grace Howell, Mrs. Anna Kelley, Mrs. Audrey Cheize and Mrs. Blanche McDanel.

The class will meet again on August 9 at the home of Mrs. Eva Gallaher on the Beaver Falls road.

Aged Watchman Is Being Hunted In Philadelphia, Pa.

(International News Service)

PHILADELPHIA, July 13.—Fears that he might have fallen victim to violence attending the oil workers' strike here were expressed today as police launched a widespread search for David R. Johnson, 50-year-old watchman at the Gulf Refining Company's plant.

The authorities were asked to start the hunt by the missing man's son, David R. Johnson, Jr., 22, who said he had learned his father left the plant at midnight in an automobile with another watchman.

"He may have been waylaid and beaten," the son said.

Johnson's wife and other children motored around the meadows skirting the Schuylkill river here in the vicinity of the plant this morning, but failed to find a trace of the vanished watchman.

FRANK (Fleetwing) Dewberry took an aeroplane ride with Homer Gardner the other day. While Fleetwing was soaring several hundred feet above New Castle he silently agreed with himself that if he ever got down he would never go up again. However, Homer, who is a swell pilot, didn't try any funny business and when he came down he glided to earth just like a bird and Frank wasn't even jarred. Two of the $ Dews also went up and they want to take another journey to the clouds but Frank was fully satisfied with his one trip and wants no more. 1t—6

The Town Crier All New Castle Listens To . . . .

When your grandfather's grand-dad had merchandise to sell or rooms at his inn to let he told the town crier about it. The crier told the rest of the village and grand-dad paid him plenty to do it.

Daily News Ads took over the town crier's job long ago. They don't have to depend on lung-power to get results . . . wise buyers check the Want Ads without being told. Daily News Want Ads get those results at lowest cost too—as you've found out if you have used them. And, best of all, they get them FAST!

FRANK (Fleetwing) Dewberry took an aeroplane ride with Homer Gardner the other day. While Fleetwing was soaring several hundred feet above New Castle he silently agreed with himself that if he ever got down he would never go up again. However, Homer, who is a swell pilot, didn't try any funny business and when he came down he glided to earth just like a bird and Frank wasn't even jarred. Two of the Dews also went up and they want to take another journey to the clouds but Frank was fully satisfied with his one trip and wants no more. 1t—6

NEW RELIEF PLANS BEING MAPPED OUT

(International News Service)

WASHINGTON, July 13.—A revolutionary movement in which persons on relief rolls who are physically and mentally able, will be given a chance to regain their self-support and respect and at the same time provide the necessities of life for those of the needy who are physically and mentally sick, is being established here with President Roosevelt's approval.

The plan is being given a try-out for a large scale and if it proves successful and tends to diminish poverty, it will be adopted throughout the nation. The cash outlay will be furnished by the federal emergency relief administration.

The program will—

1—Establish farm colonies in nearby Maryland and Virginia where thousands of the capital's unemployed will live and grow the farm produce needed for the city's entire relief purposes.

2—Establish non-profit making factories employing persons on the relief roster, to manufacture the clothing, bedding and other household necessities that are being distributed daily to poverty-stricken families.

3—Establish a city-wide chain of stores which will give the relief farmers and factory workers script for their wares and which will sell the commodities and wares back to the registered indigent in return for the script.

4—Restrict the relief roll to the crippled, those of the blind who can't help themselves and to the physical and mentally disabled who will be given script with which to secure their needs from the relief stores.

The program calls for the growth and manufacture of just enough food and articles required for the persons listed on the capital's relief roll. Today 80,000 destitute persons are on the roll.

Many Clubs To Lose Licenses

Score Of Chartered Clubs In Allegheny County Will Lose Licenses

(International News Service)

PITTSBURGH, July 13.—Preparations are being made by state officials against more than a score of chartered clubs in Allegheny county for the purpose of removing their licenses, charters and also forfeiture of their $2,000 bonds, it was learned here today.

Filing of the actions is being held up for a short time pending an opinion of Attorney General William Schnader on whether Sunday business in the clubs constitutes a violation and if so, just what violations are necessary before the bond can be forfeited.

Once a license has been revoked, individuals having the license are not entitled to apply for another license for five years.

Times are better. Only yesterday Dad moaned about the hole he was in; now he is jubilant if he gets in the hole in three strokes.

Elm Street Y. W.

CAMP ENDS

This morning at 8:30 the "At Home Camp" for twelve girls at the Elm St. "Y" came to a close.

The special feature of Wednesday was a program for the mothers and friends. The program was built around the moon and stars, a the names of the two groups were "Moonglow" led by Edith Ward, Slogan "Glowing for Others" and "Golden Stars" led by Catherine Fitzhugh, Slogan "Always Shining." Thursday morning Rev. C. D. Henderson gave a wonderful talk on The Parable of Jesus. Thomas Farrow gave several readings.

In the afternoon a weiner and marshmallow roast was enjoyed. The evening was spent in singing and playing games. Friday morning after breakfast the girls cleaned the building, after which the assembled and Queenie Jones, who had acted as camp scribe read the minutes of the camp period. The singing of "Follow the Gleam" closed the first "At Home Camp for the Elm Street Girl Reserves.

BABY CLINIC

The Baby Clinic which has been conducted at the Elm Street "Y" will cease until the first Thursday in September. Mothers may take their babies to the New Castle Dry Goods Clinic on Thursday morning between 10:00 and 12:00 a. m.

ACTIVITIES CLOSES

The Activities of the Elm street branch will be closed for the rest of the summer. The building may be secured for use by any group by calling by Mrs. Mary Allmon.

Black League Offers Violence

Disclose Existence Of Organization Seeking To Spread Terror

ONION STRIKERS ARE APPROACHED

(International News Service)

KENTON, O., July 13.—Existence of a mysterious "Black league", whose members offered to spread a reign of terror by bombings through the strike-torn Scioto marshlands was disclosed today.

Leaders of the striking 400 union weeders in the marshes spurned the efforts of the league and in one instance a union leader drove a self-styled "Black leaguer" from his home with a revolver.

"We want nothing to do with the Black league," declared Okey O'Dell, the strike leader. The latter also disclosed that he had spurned the "outside assistance" offered by a communistic group known as the Ohio Unemployed league.

O'Dell revealed the activities of the mysterious stranger when he spoke to 200 strikers at his home. He warned the strikers to carry on the strike by pesceful picketing and to have nothing to do with the "Black leaguers".

W. C. Weis, another official of the onion growers union, said that representatives of the league had come to his home and offered to bomb the properties of the growers against whom the farmhands are striking. He and his wife both said they had to drive the men from their home by threatening them with a revolver.

Elijah O'Dell, a member of the executive committee of the strikers, disclosed also that members of the league had visited him. They offered to start a reign of terror with bombs, gasoline and other outlaw methods, he said, but he also drove them away.

Methodist—Pastor, Rev. Earl Jay Jennings. 10 a. m. Sunday school. Supt. Roy C. Bilger. 6:45 p. m. Epworth League. 7:45 Church service.

PULASKI NOTES.

The members of the Missionary society of the Presbyterian church were entertained in a very delightful manner at the home of Mrs. Robert Garrett when they met on Wednesday for an all day meeting. At noon a fine dinner was enjoyed, following which a business meeting was held and in the absence of the president, Mrs. Dora Cover, vice-president, Mrs. Robert Garrett was in charge. Miss Helen Rodgers gave a splendid reading on "The Women of Today in China." The day was spent in sewing. The next meeting will be held at the church and the time spent in quilting.

Mrs. Mary Reeves of Sharon is spending several days with her brother-in-law, Joseph Evans.

The members of the Esther J. Smith Bible class in the Methodist Sunday school will meet at the home of Mrs. William Kerr on Tuesday afternoon.

Misses Grace Mitcheltree and Juliana and Marjorie Merchant are spending the week the guest of Miss Betsey Ross of Bakerstown.

Fred Myers of Andover, Ohio, was an over night guest of his brother and wife Mr. and Mrs. J. F. Myers Wednesday night.

William Stoner, Mr. and Mrs. Lynn Stoner and C. W. Smith of Sharon and Mrs. J. B. Smith of New Castle, were callers on Mr. and Mrs. James Black Thursday.

Mr. and Mrs. F. M. Taylor of West Middlesex, were recent guests of their son and wife Mr. and Mrs. Francis Taylor.

Market Moves In Narrow Range With Prices Showing Very Little Change

UTILITIES ARE SOMEWHAT EASIER

(International News Service)

NEW YORK, July 13.—The stock market moved in a narrow range in the forenoon trading today with prices showing only neglible changes from yesterday.

Weakness in the railroad group was highly unsettling and detered traders from attempting any further recovery efforts. Atchison sold down more than a point and Southern Railway reached a new low for the movement. Curiously enough the selling in the rails coincided with the start of the movement to advance freight rates.

Utilities also were somewhat easier under the leadrship of Consolidated Gas and American Telephone reflecting the apprehension over the impending state investigation of utility companies.

The commodity markets displayed independent firmness today with wheat fractionally higher and cotton up about 50 cents a bale in light trading.

United States Steel was quiet as were the rest of the industrial shares. Motor stocks were generally steady under the leadership of General Motors and Chrysler.

DuPont was the outstanding strong spot in the chemical shares gaining nearly a point.

Sugars, oils, and specialties were quiet and somewhat easier.

When Amelia Earhart Made Solo Atlantic Flight, Proving to World Equality of Women in Aviation

Amelia landing at Londonderry.

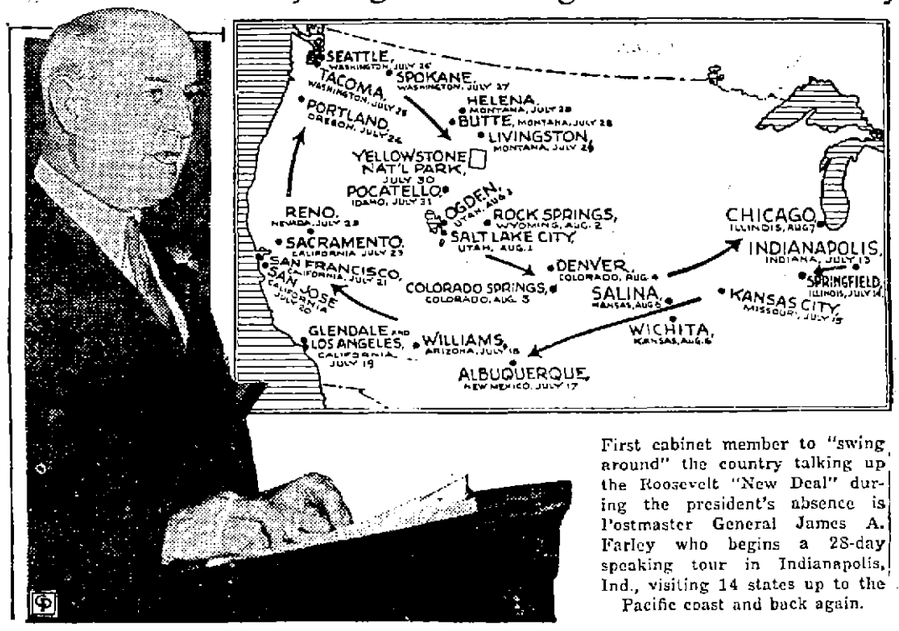

Crowds greeting aviatrix.

Amelia Earhart at time of flight.

SHOWING, more than anything else, that women have as much right in aviation as men, was the importance of the flight of Amelia Earhart from Harbor Grace, Newfoundland, to Ireland in 1932—the first transatlantic solo flight by a woman. Besides completing the initial west to east Atlantic flight of her sex, Amelia also was the second person to make the solo journey. The first was made by Colonel Charles A. Lindbergh on May 20-21, 1927, and Amelia's hectic journey took place on the anniversary dates just five years later. Landing in a pasture field at Culmore, five miles from Londonderry, Ireland, Miss Earhart negotiated the 2,026.5 miles in 13 hours and 30 minutes.

The four surviving children of Michael Maggio, Philadelphia importer, visit him at the Camden County Jail where he is held since surrender for slaying of second wife and his eldest son by his first marriage. Romance of victims is said to have caused double killing. *(Central Press)*

Key West Trying Comeback

Attempt will be made to transform Key West, Fla., southernmost city in the country, into a second Bermuda to save its population from economic chaos which forced city and county authorities to appeal to Gov. David Scholtz (above) to place it in hands of a federal receiver. Once the largest city in Florida, it now is half deserted and most of population is on relief rolls. Photos show situation of Key West at end of a chain of keys, and famous overseas railroad over which trains enter city. *(Central Press)*

Key West Trying Comeback

Attempt will be made to transform Key West, Fla., southernmost city in the country, into a second Bermuda to save its population from economic chaos which forced city and county authorities to appeal to Gov. David Scholtz (above) to place it in hands of a federal receiver. Once the largest city in Florida, it now is half deserted and most of population is on relief rolls. Photos show situation of Key West at end of a chain of keys, and famous overseas railroad over which trains enter city.

To Experiment With Vaccine

Human Beings To Be Used In Experiment In Battle On Infantile Paralysis

TEST TO BE MADE IN PHILADELPHIA

By PAUL McCONOMY
International News Service Staff Correspondent

PHILADELPHIA, July 13. — A vaccine, heretofore used successfully in experiment with monkeys, will be injected for the first time into the arms of human beings next Monday in an effort to rid humanity of the scourge of infantile paralysis.

This disclosure was made here today by Dr. John A. Kolmar, well-known bacteriologist and chief of the medical staff of Temple University.

The serum, which was prepared by Dr. Kolmar, is the result of two years of research into the causes and treatment of acute anterior poliomyelitis, or infantile paralysis as the disease is more popularly termed.

"I have every reason to believe the vaccine will prove a success," Dr. Kolmar told International News Service.

"Of the hundreds of persons who have volunteered to act as subjects for the experiment I have selected a number of whose names I cannot divulge at this time."

The scientist expressed disapproval, however, of the proposal to inject the virus into human subjects as a means of discovering a cure.

"I am definitely opposed," he said, "to the injection of the virus-fluid containing poliomyelitis bacteria, into human beings, for I believe successful immunization can be proved without such a dangerous innoculation."

Dr. Kolmar made an exception of volunteers among doomed convicts, saying:

"It seems likely to me that some day criminals condemned to die will be permitted to benefit science by submitting to innoculations of the virus, but not, of course, without the consent of each condemned man."

In Dr. Kolmar's research laboratories at present are 21 monkeys. The Simians are used, the scientist explained, because they are the only lower animals susceptible to infantile paralysis, dogs, guinea pigs and other animals used in serum tests in research work into the disease are immune to poliomyelitis.

"In the experiments I have conducted with monkeys," the bacteriologist related, "the animals that were given injections of the poliomyelitis virus in the brain died within seven or nine days, except where the immunizing vaccine was injected previously.

"Symptoms of poliomyelitis in monkeys are similar to the manifestations of the disease in human beings. The stricken monkey becomes listless 24 hours after the virus takes effect. Within another day or so the animal falls to the bottom of the cage paralyzed."

Dr. Kolmar emphasized the fact that the name "infantile paralysis" is grossly incorrect inasmuch as it attacks adults as well as children, and does not always result in paralysis. The bacteria, causing the disease, the scientist said, has not been actually isolated.

MILK CAN SLEUTH IS GIVEN BIG JOB

(International News Service)

UNIONTOWN, Pa., July 13—Constable Walter Brown's reputation as Fayette County's No. 1 milk bottle retriever has won him a man-sized job that will require plenty of sleuthing.

The United Dairy Company, of West Virginia and Ohio has assigned him the job of recovering $4,000 worth of 10 gallon milk cans which have become lost, strayed or stolen in the Fayette county area.

SUPPOSED LION WAS HARMLESS

(International News Service)

ERIE, Pa., Bernard Durnikowski, had been reading the nswpaper reports of progress in Erie County's "lion hunt."

So when he almost stumbled over a large, furry animal in a thicket where he was picking greens, he didn't wait to investigate.

Police and reporters closed in to surprise the sleeping king of beasts.

The "lion" turned out to be a dead Russian wolf hound.

Romancing?

AROUND CITY HALL

Police chronology for 24 hours ending at 3:30 p. m. July 12: nine arrests on charges as follows: drunkenness and disorderly conduct 1, violation of parking 4 and suspicion 4.

Women when in their cups are no more agreeable than men, f'instance the woman who appeared before His Honor the Mayor yesterday. "You've been drinking for 30 days and your husband has suggested you be sentenced to 30 days," said the mayor. "He did that, did he?" she inquired. "Yes," replied the mayor. "He ought to be in the hospital for 30 days," she replied as she was escorted to a cell.

Employes of the city streets department are rounding off corners and fixing the Beaver street grades to conform to the grade made by the state highway department in West Washington street. Progress is being made on the resurfacing of Cedar street. The labor for that project will cost about $1.500. When that project is completed the resurfacers will start work on Sampson street.

Harry Hoskins yesterday went to the golf course and found in the barn a city plow which had been reported missing. Who put the plow there is not known and when it was put there also is a mystery.

Mrs. Park Hay and son and Miss Linnie Fisher, Leroy Rose, Wilber Hanger and Dan Blough, of Somerset, were over the week end visitors at the home of the former's mother, Mrs. Nellie Foltz, and family. Little Freddy Hay returned home with his mother after visiting with his grandmother for several weeks.

Mr. and Mrs. F. F. Yarian, and daughter Mary, were dinner guests at the home of Mr. and Mrs. W. O. Taylor, at Mount Jackson, Sabbath evening.

Mr. and Mrs. Harold Osborne, and his father of Clarksville, were all day visitors at the home of Mr. and Mrs. J. W. Humphrey, on Sabbath.

Joseph Bowen, son Clyde of this place, and D. A. Lehman, of Columbus, O., and niece, Mrs. Gorman Rush, and daughter Virginia of Utica, O., Mrs. G. C. Martin and son Joe, of New Wilmington, were entertained at dinner and spent the afternoon at the home of the formers daughter, Mrs. D. B. Cosgrove at Wampum on Friday.

Miss Mabel Yarian, was an all day visitor, at the home of her aunt, Mrs. Isaac Price, at New Castle on Sabbath.

Miss Lois Bell of Greenfield and sister, Mrs. Paul Osborne, and Mary Yarian, of this place, and Miss Frances McCollough, of Mercer, left on Monday morning for a weeks motor trip to State College and other places of interest.

Mr. and Mrs. George Heckathorne of New Castle, and Mr. and Mrs. Domer Heckathorne, of Lowellville, O., were visitors at the home of Mr. and Mrs. D. L. Heckathorne, on Sabbath.

D. A. Lehman and niece Mrs. Rush and daughter, left for their homes at Columbus, and Utica, O., Tuesday morning. After spending the week at the home of the formers sister, Mrs. Joseph Bowen.

The life of dollar bills was cut half by the advent of the automobile; increased circulation and constant handling by greasy hands account for this.

All Plans Made For Big Picnic

Five Hundred Pants Factory Employes Ready For Annual Outing

MOTORCADE WILL PRECEDE PICNIC

Ten o'clock Saturday morning marks the start of the first annual picnic of the National Pants Company. At that time a motorcade will leave the Public Square headed by a motorcycle escort and a stilt walker, with Miss Edna Lowden marshal of the motorcade to Etna Springs.

For several weeks the picnic has been in the process of formation with President John Urban of the National Pants Club as the directing head. Committees have a program of sports arranged, table service, concession and the other incidentals that go to make up a picnic and weather permitting the picnic should be a real success.

Not a wheel will turn in the plant Saturday. Everybody will be out to enjoy himself, from the manager, Max Schaffer, down to the newest employe. A year ago the pants company was just beginning operations with a few employes. Today there are 525 men and women employed turning out 10,000 dozen pairs of pants per week.

The program of sports at the picnic includes every sort of race imaginable. Not only that but some young lady is coming home with the title of Miss National Pants. A beauty contest has been arranged with competent judges in charge and the winner will hold the title for a year.

Cars are being provided and the motorcade gets under way at ten o'clock on the Public Square. It will be National Pants Day with every worker all set for a holiday.

The general management of the day is under a committee of co-chairmen composed of John Urban, Mae Jenkins, and Dave Rogovin. Concessions: Ann Bintrim, Veccie Saesan, Genevieve Shellenberger, Genevieve Johns, Edith Stewart, Mary Carbone, Mickey Walker, Mickey Solomon, Sam Buntman, Ed Schultz, Blanche Claypool, Gordon Hasson, Viola McKee.

Sports committee. Chairman, Al Cohen, Louis Greenburg, Al Gumlenny, Mrs. Mary Carbone, Katherine Fehl, Celia Baptiste.

Menu: Edna Strobel, Josephine Mooney.

Vaccinate Boys; Release Father

Carlisle Father Serves Long Term In Jail For Opposing Vaccination

(International News Service)

CARLISLE, Pa., July 13.—Embittered at the world, John Marsh was a free man today after spending 232 days in jail for refusing to allow his two sons to be vaccinated so they could attend school.

The two boys, Lorman, 8, and Daniel, 7, were vaccinated at the Carlisle hospital by state health officials over the protestations of their jailed father.

When the boys were pronounced out of danger yesterday, authorities relented. Although Justice of the Peace William K. Dosh said he could have held Marsh in jail 230 more days on the basis of the number of days of school the boys missed, he released the father.

During Marsh's incarceration his farm was neglected and his family became dependent upon the county poor board. Marsh, who objected to vaccination because two of his brother's children were blinded from infections which developed after vaccination, was sentenced to 49 consecutive five-day terms for failing to send his children to school.

SEVENTH WARD NEWS

Over Hundred At Thursday Picnic

Methodist Picnic At Park Proves To Be Enjoyable For Crowd

Over 100 men, women and children of the Mahoning M. E. church took part in the annual Sunday school picnic at Cascade park Thursday afternoon and evening, and everyone had a shouting good time.

Swimming was enjoyed in the early afternoon, with the serving of the delicious basket supper in the grove at 6:30 o'clock. Later there were races, contests, a treasure hunt and mushball game, each of which furnished amusement and excitement galore.

Bernice Butts and Jimmie Johnston were awarded prizes for winning the 50-yard dash for girls and for boys.

Virginia Lee Stump and Billy Weaver won the prizes for the small children's races.

Ruth King and Billy Johnston won the Siamese Twin race.

Mrs. Florence Mauck won the fat ladies' race while Frank Gibson came out ahead in the fat men's race.

Mrs. Bessie Coates Pitzer and Mrs. Mabel Taylor Gehrken ran a tie in the thin ladies' race.

Other men's contests were won by Merle Adams, J. M. Yates and Howard Tackitt.

The single men showed superiority over the married men in the mushball game and were the victors, and winners of a nice big watermelon. Frank Gibson was in charge of the married men's team and Sam Cather was in charge of the singles.

Many of the youngsters took part in the treasure hunt which led them through a large part of the park. The treasure proved to be a large box of lollypops.

Much credit for the success of the affair goes to Mrs. Frank Gibson, chairman, members of Mrs. Ruby Arble's class, Mrs. W. E. Weitz and Mrs. Grace Fowler.

Class Breakfast At Cascade Park

Twenty-four members of the S. C. W. Bible class of the Mahoningtown Presbyterian church and three special guests, George Maud, Miss Margaret Wilkison and little Sondra Hamilton, took part in a hearty breakfast Thursday morning at Cascade Park.

The group assembled at 8:30 o'clock and the delicious breakfast menu was served a short time later on tables attractive with cut flowers.

Mrs. G. H. Cook, chairman, was assisted in the arrangements by a committee comprised of Mrs. C. W. Thompson, Mrs. W. H. Leicht, Mrs. Mary Rhodes, Mrs. W. F. McClurg, Mrs. F. R. Holliday and Mrs. C. E. Dungan.

The class will meet again in one month.

Pretty Wedding At St. Lucy's

One of the prettiest weddings of the summer season in the St. Lucy's church, took place Thursday when Rev. Fr. Sebastian Ippolito united in marriage Miss Phyllis Orlando, daughter of Mr. and Mrs. Joseph Orlando, of 303 Wabash avenue, and Amedio Gennock, son of Mr. and Mrs. J. Gennock, of 318 East Home street.

The bride who was attractive in a white satin gown had as her maid of honor Miss Minnie Basile. Steve Orlando, the bride's brother served as best man. Flower girls included Mary Orlando and Mickey Papilli. J. Corby was ring bearer. At noon dinner was served in the groom's home on East Home street, to members of the immediate families and a few invited guests.

Late Thursday night Mr. and Mrs. Gennock left for a honeymoon trip. Upon returning they will be at home to their friends at 301 West Wabash avenue.

Earle Returns From Europe

Democratic Nominee Completes Trip Abroad; Starts Campaign

SCHNADER MAKING TOUR ACROSS STATE

Declares Electing Democrats Is Mere Selection Of "Rubber Stamps"

By HARRY BERGMAN
International News Service Staff Correspondent

PHILADELPHIA, July 13.—Exuding confidence in the prospect of a Democratic victory in next November's general election, George H. Earle, the party's candidate for governor of Pennsylvania, was back in his Haverford home today, preparing to launch actively into a vigorous campaign.

Upon returning from a European trip, Earle declared he will devote all of his time henceforth to his campaign against the Republican gubernatorial nominee, Attorney William A. Schnader, and the entire G. O. P. ticket.

Losing no time in plunging into the political maelstrom, Earle will begin a "get-acquainted" tour of the state next week. The smiling and debonair aspirant to the commonwealth's highest office will inaugurate the tour with an ox roast in Northumberland county Sunday.

Meantime, Earle's adversary, Schnader, showed no lapse in his apparent determination to be seen and heard by the state's voters. While Earle was loosing a barrage of ardent criticism at the Republican camp, Schnader was urging an assemblage at Houtzdale in Clearfield county "to decide whether they are to select candidates who will make their first consideration in the interests of Pennsylvania or whether they prefer officials who will be mere rubber stamps."

Question Before Voters.

Broadly hinting that a Democratic victory in the fall would subject the commonwealth to the domination of the Roosevelt administration, the Republican nominee asserted:

"That is the big question which our voters have before them today. And that question is not less important than the question whether we are going to have a real Pennsylvania state government or make our state government merely a branch of the federal government."

Arriving together with his wife and four children on the Liner Manhattan yesterday, Earle's first utterance was to predict the downfall of the Hitler regime in Germany. Then, he brought his words closer to home by reiterating the oft-heard prediction of a Democratic victory in the autumn and emphatically asserting that the Roosevelt New Deal will be the potent issue in Pennsylvania's battle of ballots.

BIG FAMILY EMBLEM

Italy Approves Proposed Pact

Blessings Given To Proposed New Franco-Russian-German Pact Today

(International) News Service)

ROME, July 13.—A few hours before the scheduled Hitler speech, the Italian government issued a statement this afternoon, blessing the proposed Franco-Russian-German pact, known as the Eastern Locarno, and the first suggested by Louis Barthou, French foreign minister.

Italy gave her approval, however, an official statement said, because the original plan had been altered in London conversations between M. Barthou and Sir John Simon, British foreign secretaries, so that Germany which has strongly opposed it, should now, in the Italian view find it acceptable.

Movie Industry Starts New Deal

New Picture Releases Are Scanned By Will Hays And Breen For Indecency

(International News Service)

HOLLYWOOD, Cal., July 13—The motion picture industry's "new deal against immorality in pictures" got under way with a rush in all major studios here today.

Writers and directors have been served with strict orders that there must be nothing in forthcoming pictures to offend the moral sense of any one.

Meanwhile, in the various studios, groups of men spent hour after hour scrutinizing reel after reel of pictures, almost ready for release, and ordering changes here and there.

Chief among those who watched the flickerings on the silver screen of pictures designed for release after July 15 were Will Hays, movie "czar" and Joseph I. Breen, who, under the "new deal in picture morals", becomes a moral dictator for the film world.

It's funny about political writers. They attain greatness by the simple expedient of scolding the great.

Eliminating poverty will be nice; but if everybody gets rich, who will be left to snub?

All Plans Made For Big Picnic

Five Hundred Pants Factory Employes Ready For Annual Outing

MOTORCADE WILL PRECEDE PICNIC

Ten o'clock Saturday morning marks the start of the first annual picnic of the National Pants Company. At that time a motorcade will leave the Public Square headed by a motorcycle escort and a stilt walker, with Miss Edna Lowden marshal of the motorcade to Etna Springs.

For several weeks the picnic has been in the process of formation with President John Urban of the National Pants Club as the directing head. Committees have a program of sports arranged, table service, concession and the other incidentals that go to make up a picnic and weather permitting the picnic should be a real success.

Not a wheel will turn in the plant Saturday. Everybody will be out to enjoy himself, from the manager, Max Schaffer, down to the newest employe. A year ago the pants company was just beginning operations with a few employes. Today there are 525 men and women employed turning out 10,000 dozen pairs of pants per week.

The program of sports at the picnic includes every sort of race imaginable. Not only that but some young lady is coming home with the title of Miss National Pants. A beauty contest has been arranged with competent judges in charge and the winner will hold the title for a year.

Cars are being provided and the motorcade gets under way at ten o'clock on the Public Square. It will be National Pants Day with every worker all set for a holiday.

The general management of the day is under a committee of co-chairmen composed of John Urban, Mae Jenkins, and Dave Rogovin. Concessions: Ann Bintrim, Veccie Saesan, Genevieve Shellenberger, Genevieve Johns, Edith Stewart, Mary Carbone, Mickey Walker, Mickey Solomon, Sam Buntman, Ed Schultz, Blanche Claypool, Gordon Hasson, Viola McKee.

Sports committee. Chairman, Al Cohen, Louis Greenburg, 'al Gumienny, Mrs. Mary Carbone, Katherine Fehl, Celia Baptiste.

Menu: Edna Strobel, Josephine Mooney.

Vaccinate Boys; Release Father

Carlisle Father Serves Long Term In Jail For Opposing Vaccination

(International News Service)

CARLISLE, Pa., July 13.—Embittered at the world, John Marsh was a free man today after spending 232 days in jail for refusing to allow his two sons to be vaccinated so they could attend school.

The two boys, Lorman, 8, and Daniel, 7, were vaccinated at the Carlisle hospital by state health officials over the protestations of their jailed father.

When the boys were pronounced out of danger yesterday, authorities relented. Although Justice of the Peace William K. Dosh said he could have held Marsh in jail 230 more days on the basis of the number of days of school the boys missed, he released the father.

During Marsh's incarceration his farm was neglected and his family became dependent upon the county poor board. Marsh, who objected to vaccination because two of his brother's children were blinded from infections which developed after vaccination, was sentenced to 49 consecutive five-day terms for failing to send his children to school.

SEVENTH WARD NEWS

Over Hundred At Thursday Picnic

Methodist Picnic At Park Proves To Be Enjoyable For Crowd

Over 100 men, women and children of the Mahoning M. E. church took part in the annual Sunday school picnic at Cascade park Thursday afternoon and evening, and everyone had a shouting good time.

Swimming was enjoyed in the early afternoon, with the serving of the delicious basket supper in the grove at 6:30 o'clock. Later there were races, contests, a treasure hunt and mushball game, each of which furnished amusement and excitement galore.

Bernice Butts and Jimmie Johnston were awarded prizes for winning the 50-yard dash for girls and for boys.

Virginia Lee Stump and Billy Weaver won the prizes for the small children's races.

Ruth King and Billy Johnston won the Siamese Twin race.

Mrs. Florence Mauck won the fat ladies' race while Frank Gibson came out ahead in the fat men's race..

Mrs. Bessie Coates Pitzer and Mrs. Mabel Taylor Gehrken ran a tie in the thin ladies' race.

Other men's contests were won by Merle Adams, J. M. Yates and Howard Tackitt.

The single men showed superiority over the married men in the mushball game and were the victors, and winners of a nice big watermelon. Frank Gibson was in charge of the married men's team and Sam Cather was in charge of the singles.

Many of the youngsters took part in the treasure hunt which led them through a large part of the park. The treasure proved to be a large box of lollypops.

Much credit for the success of the affair goes to Mrs. Frank Gibson, chairman, members of Mrs. Ruby Arble's class, Mrs. W. E. Weitz and Mrs. Grace Fowler.

Class Breakfast At Cascade Park

Twenty-four members of the S. C. W. Bible class of the Mahoningtown Presbyterian church and three special guests, George Maud, Miss Margaret Wilkison and little Sondra Hamilton, took part in a hearty breakfast Thursday morning at Cascade Park.

The group assembled at 8:30 o'clock and the delicious breakfast menu was served a short time later on tables attractive with cut flowers.

Mrs. G. H. Cook, chairman, was assisted in the arrangements by a committee comprised of Mrs. C. W. Thompson, Mrs. W. H. Leicht, Mrs. Mary Rhodes, Mrs. W. F. McClurg, Mrs. F. R. Holliday and Mrs. C. E. Dungan.

The class will meet again in one month.

Pretty Wedding At St. Lucy's

One of the prettiest weddings of the summer season in the St. Lucy's church, took place Thursday when Rev. Fr. Sebastian Ippolito united in marriage Miss Phyllis Orlando, daughter of Mr. and Mrs. Joseph Orlando, of 303 Wabash avenue, and Amedio Gennock, son of Mr. and Mrs. J. Gennock, of 318 East Home street.

The bride who was attractive in a white satin gown had as her maid of honor Miss Minnie Basile. Steve Orlando, the bride's brother served as best man. Flower girls included Mary Orlando and Mickey Papilli. J. Corby was ring bearer. At noon dinner was served in the groom's home on East Home street, to members of the immediate families and a few invited guests.

Late Thursday night Mr. and Mrs. Gennock left for a honeymoon trip. Upon returning they will be at home to their friends at 301 West Wabash avenue.

PICNIC IS PLANNED

O. R. C. auxiliary members and their families will enjoy a picnic breakfast at Cascade park on the morning of Thursday, July 19, at 8 o'clock.

The committee in charge consists of Mrs. L. E. Clark, Mrs. F. E. Flowers and Mrs. C. W. Thompson.

SEVENTH WARD PERSONALS

Mrs. Bessie Schiek and daughter, Betty, have moved from North Cedar street to Court street.

G. E. Higgins, of Shirleysburg, is visiting W. H. Stubbs, West Madison avenue.

Mr. and Mrs. William Steveson, Jr., of Willow Grove, have returned to their home after a visit to the World's Fair at Chicago.

Miss Margaret Fischer, of North Ashland avenue, who is a member of the advisor's staff at Camp East Brook of the Y. W. C. A., spent Thursday at her home.

Miss Hope Joy, of Willow Grove, spent Wednesday at Toronto, O.

Detroit, Cubs Closing In On League Leaders

Giants And Yanks See Leads In Leagues Whittled Away By Tigers And Cubs

PIRATES, GIANTS SPLIT IN TWO

By GENE LAWRENCE
International News Service Sports Writer

NEW YORK, July 13.—Whatever thoughts New York fans had concerning a nickel world's series this October were somewhat muddled today following changes in the standings which ousted the Yankees from the top of the American League and saw another cut seriously into the slim lead of the Giants in the National.

The supple arm of Schoolboy Rowe, Detroit pitcher, blasted the Yankees from the top and with the same sweeping motion moved the Tigers into the lead. Rowe, pitching the best game of his career, fanned 11 of the slugging Yankees to pull out a 4 to 2 victory and at the same time snap the four game winning streak of his rival, young Johnny Broaca.

The Giants saw their leadership whittled a full game when they split a doubleheader with the Pirates while the Chicago Cubs were defeating the Boston Braves, 7-4, the Giants now are but a half game ahead of the Cubs.

The airtight pitching of Larry French, who allowed the Giants but six hits, gave the Pirates a 3 to 1 decision in the first.

Hubbell Wins.

Carl Hubbell chalked up his 13th victory of the year, coasting home to an easy 11-1 victory in the nightcap after the Giants piled up a six run lead in the first. Carl lost a shutout when Freddy Lindstrom, a pinch hitter, clouted a homer in the sixth.

Hughie Critz hit a homer as the Giants piled up 16 hits off Birkofer, Meine and Chagnon.

Behind Lon Warneke's excellent pitching and Babe Herman's hitting the Chicago Cubs beat the Boston Braves, 7-4. Herman hit a homer in the seventh and also walloped a single.

The Brooklyn Dodgers broke even with the Cincinnati Reds in two slugging matches, winning the first 9-7 and losing the final 13 to 5.

Dean Sprains Ankle.

The St. Louis Cardinals probably lost the services of Paul Dean for a while when he sprained his ankle in the first game of a doubleheader with the Phillies. However, Mooney and Brother Jerome followed Paul on the mound and the Cards won the first 8-5. They dropped the final 8-3, despite homers by Medwick and Davis, losing to young Curt Davis.

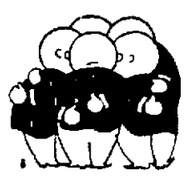

A single by Ed Madjeski in the ninth inning scored Luke Appling with the winning run to give the Chicago White Sox a 3-2 win over the Philadelphia Athletics.

The Washington Senators game with the Indians at Cleveland was washed out by rain.

Two Games In American Loop

Two games will be played today in the American softball league. The Scarazzos-Hannon game has been called off.

The Pump Stations will play the Tolans at Canyon Field. The Union will tangle with the Saks at Centennial Field. Both games will start at 6 o'clock.

Two County Tilts Saturday

Lawrence County Baseball League Teams Play Fast Ball

Polish Nationals vs. Wampum at Wampum.

Mahoning vs Bessemer at Bessemer.

Only two games are carded for Lawrence County league clubs Saturday according to President Alex Samuels. The Polish Nationals will take on Wampum and indications are they'll fatten their average but there'll be a rather tight clash between Mahoning and Bessemer, according to past performances.

Wednesday West Pittsburgh upset Wampum 11 to four mainly because of a blasting the Garlands gave Wampum in the eighth inning. Up to that frame the Wampumites had a chance to deadlock the score but not after the visious batting attack which rushed six tallies across the home rubber.

Bessemer came through with a one-nothing victory over the Polish Nationals. It was as neat a ball game as one would see in the majors. Plevnic was in fine form, likewise W. Soho and a total of 13 hits were collected by the aggregations. Craycroft scored the winning run in the second.

While these two clashes were under way Hillsville were pointing the way to Mahoning and won six to two. Hillsville carried too many guns for C. Perritta and P. Russo while J. Pepe held Mahoning at bay when hits meant anything like a deadlock.

The Lawrence County loop teams are playing bangup ball and making new friends. So far this season there has not been one protest made and it looks as though the league will continue to have a great season. Big crowds are turning out and the teams are showing appreciation with classy games.

Castletons Will Play Sharon Here

Castleton softball team will play the famous Sharon Jacks softball team at the Gaston Park Field Sunday afternoon at 2:30 o'clock it was announced by Wayne Harper, business manager of the Castletons today. The hotel boys will shove Frank Babs their mound ace against the Sharonites. The Sharon Jacks are regarded the leading softball team in Mercer County.

Ellwood Millers Win 13-Inning Game Thursday

Defeat East Side Merchants 1 To 0, Radiators Top Cunninghams, St. Andrews Wins

Ellwood City Millers took a 1 to 0 13-inning softball victory from the East Side Merchants last night in the feature game of the evening at the Ellwood City field. Jack Llewellyn pitched a brilliant no-run no-hit game for the first 11 innings for the Merchants and it was not until the 11th that the Millers could get a man on base.

Hauserman did the hurling for the Millers and also pitched a brilliant game allowing six hits. The Millers only had three hits off of Llewellyn. Henderson and Melder featured at the bat, with Maki making some sensational plays in the field.

A crowd of about 1,000 fans saw the game. Drenbeck scored the winning run in the 13th on a fly ball to center fielder, after reaching third base on a hit and run play. Llewellyn fanned six men, and Hauserman whiffed three.

It was one of the finest softball games ever played in these parts. Both teams played nip and tuck all the way.

The score by innings:

East Siders In Lead After City League Matches

Jump Into First Place Last Evening By Defeating Riecks At Muny Course

East Side Service jumped into the lead in the New Castle golf league last evening when they defeated the league leaders, Rieck-McJunkin, while the Unions were splitting their match with Blair Strip Steel.

Their lead is just a slim one, however, and with two more regularly scheduled matches and one the rain interfered with, they will have to fight hard to retain these honors.

Rieck-McJunkin and the Unions were tied for second place, with McCoys only a half-point behind and Blair Strip Steel and Reynolds, Summers & McCann pressing closely.

The league managers, at a meeting held following the close of last evening's games, decided that those matches which were completed in full last week, when it rained on game night, will count. The other matches will be played over, it was decided, on the first Thursday in August, following the close of the regular league schedule.

Last night's results showed the following:

East Side Service won from Rieck-McJunkin 4 to 2; McCoy's 6, Pennsylvania Power 0; Reynolds, Summers & McCann 6, New Castle News 0; Union Brewery 3, Blair Strip Steel 3; Hardware 4½, Pennsylvania R. R. 1½; Shenango Tin 3, Universal Sanitary Pottery 3.

McGovern and Grommes were tied for medalist honors, each shooting 37; Jimmy Pagley, M. K. Gilliland, Bob Thompson, Walt Vogan came along with 38's, while Ollie West and Matt Honkonen shot 39's, and Molesworth, Eddie Long and Mike Lombardo had 40's.

The standing, exclusive of last week's games, is as follows:

	W.	L.
East Side Service	31	17
Rieck-McJunkin	29	19
Union Brewery	29	19
McCoy's	28½	19½
Blair Strip Steel	27½	20½
Reynolds, S. & M.	27½	20½
Hardware Merchants	26½	21½
Shenango Tin	23	25

Saks Top Hannons In Softball Game

Saks Win American League Postponed Game At Centennial Field

Saks' softball team retained first place in the American softball league last night at the Centennial field by taking the measure of the Hannons team 4 to 3 in one of the best played games of the year at the Centennial field. Doyle featured at bat for the Saks with two triples. Bondi featured for the Hannons with a homer. The Saks had five hits off of Johnny Roman and the Hannons only touched Rubeis for four hits.

Tonight at 6 o'clock at Centennial Field the Saks will battle the Union Brewery team and all of the Saks players are asked to be present at 5:30 o'clock.

Score by innings:

	R.	H.	E.
Hannons .....000 001 200—3	4	2	
Saks .....003 001 00x—4	5	0	

Batteries: Saks, Rubeis and Aven. Hannons: Roman and Briggs. Umpires—Ross and Mastern.

SANDLOT JIBJABS

RENNERS WIN GAME

Renners softball team took the measure of the M. L. and H. team at the Lehigh Field by a score of 10 to 1, with R. Covelli allowing the losers but six hits and he fanned five men. Nigro featured the game with a homer. For games with the Renners call 9120 and ask for Frank Viggiano, the business manager.

YOUNG YANKS WIN

The Young Yankee Midgets won the city midget title yesterday at Dave's Field by taking the measure of the 15 to 1 in the deciding game of the seven game series. C Merando was the winning pitcher. Bullano and DeCarbo were the heavy hitters. The Young Yanks will be given a handsome prize for winning the title.

CROTON MERCHANTS WIN

Croton Merchants handed the Pump Stations a 8 to 7 game at the Smith Field. The game was one of the best of the year. R. Book held the Pumps to seven hits and the Crotonites had eight hits off of T. Strausshaugh. Lockley and C. Book held the hitting honors with home runs. Crisci, Shaffer, Campbell and Snow also hit the ball hard.

GAME IS DEADLOCKED

Highland A. C. and American Legion team played a tie game at 2-2 yesterday at the George Washington Junior High Field. The game was called at the end of the ninth on account of darkness. Shaffer allowed the Legion four hits and fanned 10 men. The Highlands had three hits off of Davis and he whiffed 11 batters. The game will be played over at a later date.

Boro A. C. Tops Nationals 7-4

Duncan Hurls Fine Game As Mates Drive Out League Victory At Lehigh Field

Boro A. C. last night at the Lehigh field defeated the National Pants team 7 to 4 in an American league game. Duncan held the losers to nine hits and kept them scattered. The Boro also had nine hits off of Brightshue and Schaffer.

Bigley, Brightshue and Shaw held the hitting honors of the game. The Boro came to life in the sixth and scored five runs.

It was announced by Manager John Leckwert of the Boro A. C. today that the Boro would use Lehigh field for their home field for the remainder of the season, owing to the lack of support from the Boro fans. The Boro boys have won 25 games and lost but five this year, but the fans are not attending the games. The Boro team expects to give the fans of the East Side some classy baseball.

Tuition Rates Are Cut Down

Township Pupils Can Enter Ellwood Schools At Lower Rates

BOARD HOPES TO GET BACK TUITION

ELLWOOD CITY, July 13.—What is adjudged as a "golden opportunity" was given the outlying townships by the Ellwood City school district, when the board of education held its regular meeting last night in its rooms.

Pending the acceptance of a new agreement the local school district will admit tuition pupils at almost less than half the rate formerly charged. This was the result of a recommendation made by Supt. of Schools Vaughn R. DeLong.

Due to the low cost which the local schools have operated on for the past year, tuition rates of $5.50 for pupils from 7 to 12 grades and $3.50 for the elementary grades per month was accepted by the board last night. That is for the upper grades the cost per pupil for one school year will be $49.67.

The agreement that the townships must accept before their pupils are admitted here for the 1934-35 term, is that the districts must give a six percent note dated August 15, 1934 for the entire amount of tuition due the local school district. The notes will be made payable on February 15 and will be renewable on condition that the district has paid its current tuition in full and has made a substantial payment on its note.

Supt. DeLong stated that the amount owed the local school district by the outlying townships has remained adamant for the past three years. Due to the appreciable cut being made in the tuition the townships should find this to be a real opportunity to decrease its debt to the Ellwood school district.

The board plans to adhere strictly to the above plan. Supt. DeLong stated that there is no sense in having the local school district borrow money to pay its teachers when the townships owe us $41,211.99. He also stated that Elport, Koppel and Big Beaver township are expected to make payments to the local district soon.

Board To Borrow $25,000 To Pay School Teachers

Accept Offer Of Philadelphia Firm And Take Necessary Steps To Obtain Loan

OTHER BUSINESS IS TRANSACTED

ELLWOOD CITY, July 13.—When teachers in the Ellwood City school system receive their next pay checks, they will be paid in full to date.

This was made a reality last night when the board of education at its regular meeting, accepted the offe rofa
fer of a Philadelphia concern and took the necessary steps to borrow $25,000 at 4 per cent interest for 90 days. With this sum the board intends to pay off its teachers in full. Their total salaries amount to over $26,000. Teachers only received half pay on the last pay day. The board passed a number of resolutions recommended by its attorney, W. J. Moffatt of New Castle, relatives to negotiating the loan.

A question was raised if this sum is paid out to teachers how would the board take care of its bills. Supt. Vaughn R. DeLong pointed out that there were other sources of revenue for this purpose. The above loan is to be paid off by taxes received.

Upon recommendation of the finance committee the board voted to grant the request of Architect Robert Eckles to advance him $1,000 on account. An agreement was made in which his bill to the board was reduced from $3692 to $2792, a reduction of $900. This was because the gymnasium was not built for which plans were made. When this is done in the future Mr. Eckles will be compensated for the plans.

Action was also taken to pay $300 on their coal contract.

Delay Accepting Bond

As a result of a recommendation from their attorney the board voted to delay the acceptance of personal bond of Tax Collector T. A. E. McConahy for one week. The attorney advised that the bond be revised to comply with the school code's form. The board also wished to investigate the signatures on the personal bond before taking action.

Mr. McConahy's attorney, Randall Luke, stated that there was a good possibility for obtaining a surety bond from a Detroit insurance company. The board passed the necessary resolutions to enable Mr. McConahy to acquire the bond. He was given a week's time, which his attorney felt was reasonable.

Upon recommendation of the building committee headed by Dr. H. E. Helling the board voted to instruct their architect, Byron McCandless, to adjust the fire alarm systems in all building to meet requirements. The estimated cost for this was 180. The board also decided to let the contract for installing a heating system in the North Side school to Mr. McCandless at a cost of $1995. There were two alternates which would be $68 and 82 additional.

It was decided to repair a number of sidewalks about the school at an estimated cost of $100. Contractor Albert Dahl will do this work.

Willing Workers Class Has Meeting

ELLWOOD CITY, July 13.—Willing Workers class of the First Christian church assembled last night at the home of Mrs. Earnest Sarver on Eighth street. Mrs. Elsie Rehreer was associate hostess on the occasion.

Arrangements were made to hold a pie social on July 28 at the church during the business meeting. An enjoyable social time with games and contests followed. As a result prizes went to Mrs. Grace Howell, Mrs. Anna Kelley, Mrs. Audrey Cheize and Mrs. Blanche McDanel.

The class will meet again on August 9 at the home of Mrs. Eva Gallaher on the Beaver Falls road.

Steal Pies And Cakes From Truck

Parties, probably boys with a sweet tooth, last night broke into a garage where B. Paladino, 802 Cunningham avenue, kept his truck which was filled with pies and cake When they left about $4.00 worth of pies and cakes were missed.

Aged Watchman Is Being Hunted In Philadelphia, Pa.

(International News Service)

PHILADELPHIA, July 13.—Fears that he might have fallen victim to violence attending the oil workers' strike here were expressed today as police launched a widespread search for David R. Johnson, 50-year-old watchman at the Gulf Refining Company's plant.

The authorities were asked to start the hunt by the missing man's son, David R. Johnson, Jr., 22, who said he had learned his father left the plant at midnight in an automobile with another watchman.

"He may have been waylaid and beaten," the son said.

Johnson's wife and other children motored around the meadows skirting the Schuylkill river here in the vicinity of the plant this morning, but failed to find a trace of the vanished watchman.

Dates Are Set For Convention

Northwestern Association Of Firemen Convene At Conneaut Lake In August

Firemen of the Northwestern District of Pennsylvania, members of the Northwestern Pennsylvania Firemens Association, of which Frank N. Robinson, of this city is president, will convene at Conneaut Lake Park, August 10, 11, and 12, for their annual convention, President Robinson announced today.

The dates for the event were set at a meeting held at Conneaut Lake last evening, when a fish fry was held.

Those who attended from New Castle were President Robinson; corresponding secretary, Perry McFarland; director Harry Colley, and Vincent Gardner, representing the fire police.

Many of the local firemen will attend the convention during the three-day session.

Want To Enroll 75 For Medical Examination Soon; Response Better

Sixty-six of Lawrence county's needed 75 recruits for the Civilian Conservation Corps had been enrolled today and, according to the enrollment office, the Federal-State Employment office in the Johnson building, young men of needy families were starting to respond fine.

The office will register about 75 men so that if several fail in medical examinations there will be others present to step into their places. The exact quota is 60.

Learns Grandson Reported Missing

(International News Service)

ATLINGTON, Mass., July 13.—Charles P. Connor, 80, wealthy retired clothier, learned today that his grandson, 18-months-old Robert Connor, was missing from his home in Hartsdale, N. Y., and feared to be a victim of a kidnaper.

The grandfather, who is in poor health, said that in the event a ransom demand was made upon him, his first move would be to notify police.

Lock Haven Man Fatally Injured

(International News Service)

LOCK HAVEN, Pa., July 13.—Max Stanley, 25, of Lock Haven, died here today several hours after he suffered a fractured skull when his car skidded on a wet road four miles east of Lock Haven and crashed into a telephone pole.

SPYING ON SPORTS

When can their glory fade?
O the great thrill they gave!
All the world wondered.
Honor the man who made
That mighty home run wave,
Seven!—yes!—hundred!

Thus might Alfred Lord Tennyson have paraphrased himself if the great poet had lived long enough to thrill with modern America at the dazzling home run deeds of George Herman Ruth.

Seven hundred homers!

Spread over the 21 seasons of Babe Ruth's career we find the Bambino has averaged the incredible number of 35 homers a year—though until 1919, four full seasons after he became a regular, the Babe had hit but several circuit smashes.

Also, the Babe has missed enough games from injury, illness or suspension to total another season. And, in his first several seasons the Babe appeared on the field only every fourth game or so, as a pitcher.

Thus—though the record books list him in his 21st season he can be considered to have played the equivalent of only 18 full campaigns. This gives the Babe an actual average of 39 homers a year.

Some years ago, a sport scribe asked the Babe what ambitions he had and which had not yet been realized.

Quoth the Babe:

"I want to hit 700 homers before I pass out.

"I want to play in 20 seasons of major ball.

"I want to have a half-million dollars to ease the pains of old age.

"I want to have amassed a total of 2,000 bases on balls."

The seven-hundredth homer is here. The Babe is playing in his 21st, not 20th, season. He's believed to have quite a few kopecks more than 500,000 salted away for the rainy days.

Only the base on balls item has, so far, escaped him. At this writing Babe Ruth needed but a half-dozen or so walks to make it 2,000 ample proof to posterity that he was the most feared batter of all time.

These records are nice reading in the record books but the Babe has been responsible for other great things which do not appear in type.

The Bambino revolutionized the game, changed baseball by giving it the punch that thrills and so set the pace for other players. He reawakened a waning interest in the game and gave it its years of greatest prosperity. He, say many, saved the game by distracting the public's attention from the noisome Black Sox scandal which threatened to kill the sport.

Ruth also brought prosperity to his fellow players by raising the standard of pay. No player ever reached him in income but when the Bambino was getting such tremendous sums as $80,000 a year other teams naturally found it necessary to pay other stars correspondingly handsome retainers.

So—if anyone deserves the satisfaction of hitting more home runs than any other player ever did—or ever will—that man is the man who did it—Babe Ruth!

Nine Expeditions Planned For Stratosphere Will Make New History Miles Above Earth

Many Flights Into Thin-Aired Regions Here And Abroad Will Take Man Into Zone Where Science Says Planes Some Day Will Fly 500 Miles An Hour

Captain Stevens

Major Kepner

Wiley Post plans to fly his remodeled Winnie Mae into the stratosphere.

Col. Emilio Herrera of Spain will go aloft in an open bag.

Dr. Jean Piccard and Mrs. Piccard prepare for their stratosphere flight.

By STANFORD B. WITWER
Central Press Correspondent

NEW YORK, July 13.—No less than nine important expeditions into the stratosphere, planned this summer, promise to make history in the thin-aired regions 10 to a dozen miles above the earth where science predicts airplanes of the future will fly 500 miles per hour.

In the front ranks are the two American army pilots, Captain Albert W. Stevens and Major William Kepner, who will ascend some time this month from a point in South Dakota to a proposed height of 15 miles. They will use the largest free ballon and gondola ever constructed. Their equipment for studying more than a score of scientific subjects is the most intricate and complete ever gathered together for such an expedition.

In Open Bag

Of secondary importance is the proposed flight of Col. Emilio Herrera, of Spain. Colonel Herrera will go aloft in an open bag, protecting his body with a suit of aluminum, designed like a deep sea diver's outfit. Oxygen tanks will supply sustenance after he reaches rarefied air.

A second American flight will send Dr. Jean Piccard, brother of the pioneer stratosphere balloonist, into the air above Detroit some time in the early fall. Mrs. Piccard will accompany her husband and be the first woman ever to fly in the stratosphere. The balloon and gondola used will be the same in which Commander T. G. Settle climbed to a world record height of more than 11 miles last year.

Soviet Russia is not only planning balloon ascensions in which humans figure, but has also designed a special radio-bearing balloon which, it is said, will rise without human guidance to a height of 25 miles and broadcast the reading of instruments to ground stations automatically.

Germany, France, Italy, Spain and Hungary have all dabbled in the planning of hops to the thin-aired regions and will make sundry flights this summer. Of prime importance is the stratoplane designed by a French engineer named Guerchais, which is expected to rise 10 miles above the earth and fly at a speed of more than 300 miles an hour. The ship is now completed and will be tested soon.

New York To Berlin

The Junkers company in Germany has also started work on stratosphere planes which, when completed, will be capable of tremendous speeds. One German transport company has already planned a six-hour schedule of stratosphere flying between New York and Berlin, using these planes.

Wiley Post, 'round-the-world flyer will conduct the only important assault on altitude records via plane. He plans to fly in the stratosphere with his remodeled Winnie Mae, and hopes to overcome the current height record of 47,352 feet, recently set by the Italian ace, Renato Donati. A robot pilot will guide Post's ship while he conducts research with a host of specially designed instruments.

Market Moves In Narrow Range With Prices Showing Very Little Change

UTILITIES ARE SOMEWHAT EASIER

(International News Service)

NEW YORK, July 13.—The stock market moved in a narrow range in the forenoon trading today with prices showing only neglible changes from yesterday.

Weakness in the railroad group was highly unsettling and deterred traders from attempting any further recovery efforts. Atchison sold down more than a point and Southern Railway reached a new low for the movement. Curiously enough the selling in the rails coincided with the start of the movement to advance freight rates.

Utilities also were somewhat easier under the leadrship of Consolidated Gas and American Telephone reflecting the apprehension over the impending state investigation of utility companies.

The commodity markets displayed independent firmness today with wheat fractionally higher and cotton up about 50 cents a bale in light trading.

United States Steel was quiet as were the rest of the industrial shares. Motor stocks were generally steady under the leadership of General Motors and Chrysler.

DuPont was the outstanding strong spot in the chemical shares gaining nearly a point.

Sugars, oils, and specialties were quiet and somewhat easier.

Amelia Earhart at time of flight.

SHOWING, more than anything else, that women have as much right in aviation as men, was the importance of the flight of Amelia Earhart from Harbor Grace, Newfoundland, to Ireland in 1932—the first transatlantic solo flight by a woman. Besides completing the initial west to east Atlantic flight of her sex, Amelia also was the second person to make the solo journey. The first was made by Colonel Charles A. Lindbergh on May 20-21, 1927, and Amelia's hectic journey took place on the anniversary dates just five years later. Landing in a pasture field at Cuimore, five miles from Londonderry, Ireland, Miss Earhart negotiated the 2,026.5 miles in 13 hours and 30 minutes.

All Plans Made For Big Picnic

Five Hundred Pants Factory Employes Ready For Annual Outing

MOTORCADE WILL PRECEDE PICNIC

Ten o'clock Saturday morning marks the start of the first annual picnic of the National Pants Company. At that time a motorcade will leave the Public Square headed by a motorcycle escort and a stilt walker, with Miss Edna Lowden marshal of the motorcade to Etna Springs.

For several weeks the picnic has been in the process of formation with President John Urban of the National Pants Club as the directing head. Committees have a program of sports arranged, table service, concession and the other incidentals that go to make up a picnic and weather permitting the picnic should be a real success.

Not a wheel will turn in the plant Saturday. Everybody will be out to enjoy himself, from the manager, Max Schaffer, down to the newest employe. A year ago the pants company was just beginning operations with a few employes. Today there are 525 men and women employed turning out 10,000 dozen pairs of pants per week.

The program of sports at the picnic includes every sort of race imaginable. Not only that but some young lady is coming home with the title of Miss National Pants. A beauty contest has been arranged with competent judges in charge and the winner will hold the title for a year.

Cars are being provided and the motorcade gets under way at ten o'clock on the Public Square. It will be National Pants Day with every worker all set for a holiday.

The general management of the day is under a committee of co-chairmen composed of John Urban, Mae Jenkins, and Dave Rogovin. Concessions: Ann Bintrim, Veccie Saesan, Genevieve Sheltenberger, Genevieve Johns, Edith Stewart, Mary Carbone, Mickey Walker, Mickey Solomon, Sam Buntman, Ed Schultz, Blanche Claypool, Gordon Hasson, Viola McKee.

Sports committee. Chairman, Al Cohen, Louis Greenburg, 'al Gumlenny, Mrs. Mary Carbone, Katherine Fehl, Celia Baptiste.

Menu: Edna Strobel, Josephine Mooney.

Vaccinate Boys; Release Father

Carlisle Father Serves Long Term In Jail For Opposing Vaccination

(International News Service)

CARLISLE, Pa., July 13.—Embittered at the world, John Marsh was a free man today after spending 232 days in jail for refusing to allow his two sons to be vaccinated so they could attend school.

The two boys, Lorman, 8, and Daniel, 7, were vaccinated at the Carlisle hospital by state health officials over the protestations of their jailed father.

When the boys were pronounced out of danger yesterday, authorities relented. Although Justice of the Peace William K. Dosh said he could have held Marsh in jail 230 more days on the basis of the number of days of school the boys missed, he released the father.

During Marsh's incarceration his farm was neglected and his family became dependent upon the county poor board. Marsh, who objected to vaccination because two of his brother's children were blinded from infections which developed after vaccination, was sentenced to 49 consecutive five-day terms for failing to send his children to school.

Over Hundred At Thursday Picnic

Methodist Picnic At Park Proves To Be Enjoyable For Crowd

Over 100 men, women and children of the Mahoning M. E. church took part in the annual Sunday school picnic at Cascade park Thursday afternoon and evening, and everyone had a shouting good time.

Swimming was enjoyed in the early afternoon, with the serving of the delicious basket supper in the grove at 6:30 o'clock. Later there were races, contests, a treasure hunt and mushball game, each of which furnished amusement and excitement galore.

Bernice Butts and Jimmie Johnston were awarded prizes for winning the 50-yard dash for girls and for boys.

Virginia Lee Stump and Billy Weaver won the prizes for the small children's races.

Ruth King and Billy Johnston won the Siamese Twin race.

Mrs. Florence Mauck won the fat ladies' race while Frank Gibson came out ahead in the fat men's race.

Mrs. Bessie Coates Pitzer and Mrs. Mabel Taylor Gehrken ran a tie in the thin ladies' race.

Other men's contests were won by Merle Adams, J. M. Yates and Howard Tackitt.

The single men showed superiority over the married men in the mushball game and were the victors, and winners of a nice big watermelon. Frank Gibson was in charge of the married men's team and Sam Cather was in charge of the singles.

Many of the youngsters took part in the treasure hunt which led them through a large part of the park. The treasure proved to be a large box of lollypops.

Much credit for the success of the affair goes to Mrs. Frank Gibson, chairman, members of Mrs. Ruby Arble's class, Mrs. W. E. Weitz and Mrs. Grace Fowler.

Class Breakfast At Cascade Park

Twenty-four members of the S. C. W. Bible class of the Mahoningtown Presbyterian church and three special guests, George Maud, Miss Margaret Wilkison and little Sondra Hamilton, took part in a hearty breakfast Thursday morning at Cascade Park.

The group assembled at 8:30 o'clock and the delicious breakfast menu was served a short time later on tables attractive with cut flowers.

Mrs. G. H. Cook, chairman, was assisted in the arrangements by a committee comprised of Mrs. C. W. Thompson, Mrs. W. B. Leicht, Mrs. Mary Rhodes, Mrs. W. F. McClurg, Mrs. F. R. Holliday and Mrs. C. E. Dungan.

The class will meet again in one month.

Pretty Wedding At St. Lucy's

One of the prettiest weddings of the summer season in the St. Lucy's church, took place Thursday when Rev. Fr. Sebastian Ippolito united in marriage Miss Phyllis Orlando, daughter of Mr. and Mrs. Joseph Orlando, of 303 Wabash avenue, and Amedio Gennock, son of Mr. and Mrs. J. Gennock, of 318 East Home street.

The bride who was attractive in a white satin gown had as her maid of honor Miss Minnie Basile. Steve Orlando, the bride's brother served as best man. Flower girls included Mary Orlando and Mickey Papilli. J. Corby was ring bearer. At noon dinner was served in the groom's home on East Home street, to members of the immediate families and a few invited guests.

Late Thursday night Mr. and Mrs. Gennock left for a honeymoon trip. Upon returning they will be at home to their friends at 301 West Wabash avenue.

Earle Returns From Europe

Democratic Nominee Completes Trip Abroad; Starts Campaign

SCHNADER MAKING TOUR ACROSS STATE

Declares Electing Democrats Is Mere Selection Of "Rubber Stamps"

By HARRY BERGMAN
International News Service Staff Correspondent

PHILADELPHIA, July 13.—Exuding confidence in the prospect of a Democratic victory in next November's general election, George H. Earle, the party's candidate for governor of Pennsylvania, was back in his Haverford home today, preparing to launch actively into a vigorous campaign.

Upon returning from a European trip, Earle declared he will devote all of his time henceforth to his campaign against the Republican gubernatorial nominee, Attorney William A. Schnader, and the entire G. O. P. ticket.

Losing no time in plunging into the political maelstrom, Earle will begin a "get-acquainted" tour of the state next week. The smiling and debonair aspirant to the commonwealth's highest office will inaugurate the tour with an ox roast in Northumberland county Sunday.

Meantime, Earle's adversary, Schnader, showed no lapse in his apparent determination to be seen and heard by the state's voters.

While Earle was loosing a barrage of ardent criticism at the Republican camp, Schnader was urging an assemblage at Houtzdale in Clearfield county "to decide whether they are to select candidates who will make their first consideration in the interests of Pennsylvania or whether they prefer officials who will be mere rubber stamps."

Question Before Voters.

Broadly hinting that a Democratic victory in the fall would subject the commonwealth to the domination of the Roosevelt administration, the Republican nominee asserted:

"That is the big question which our voters have before them today. And that question is not less important than the question whether we are going to have a real Pennsylvania state government or make our state government merely a branch of the federal government."

Arriving together with his wife and four children on the Liner Manhattan yesterday, Earle's first utterance was to predict the downfall of the Hitler regime in Germany. Then, he brought his words closer to home by reiterating the oft-heard prediction of a Democratic victory in the autumn and emphatically asserting that the Roosevelt New Deal will be the potent issue in Pennsylvania's battle of ballots.

BIG FAMILY EMBLEM

(International News Service)

BERLIN—An eagle with five eaglets has been chosen as the emblem button of the Reichsbund der Kinderreichen, the national organization of couples with big families. The organization was formed to sponsor larger families and thereby check Germany's rapidly falling birthrate. The design for the emblem was executed by Felix Rinne of Karlsruhe.

Americanism: Making continuous uproar about taxes: patiently enduring organized crime that costs us more.

And if you make a better mouse trap, forty chiselers steal your idea and make one "just as good."

Italy Approves Proposed Pact

Blessings Given To Proposed New Franco-Russian-German Pact Today

(International News Service)

ROME, July 13.—A few hours before the scheduled Hitler speech, the Italian government issued a statement this afternoon, blessing the proposed Franco-Russian-German pact, known as the Eastern Locarno, and the first suggested by Louis Barthou, French foreign minister.

Italy gave her approval, however, an official statement said, because the original plan had been altered in London conversations between M. Barthou and Sir John Simon, British foreign secretaries, so that Germany which has strongly opposed it, should now, in the Italian view find it acceptable.

Movie Industry Starts New Deal

New Picture Releases Are Scanned By Will Hays And Breen For Indecency

(International News Service)

HOLLYWOOD, Cal., July 13—The motion picture industry's "new deal against immorality in pictures" got under way with a rush in all major studios here today.

Writers and directors have been served with strict orders that there must be nothing in forthcoming pictures to offend the moral sense of any one.

Meanwhile, in the various studios, groups of men spent hour after hour scrutinizing reel after reel of pictures, almost ready for release, and ordering changes here and there.

Chief among those who watched the flickerings on the silver screen of pictures designed for release after July 15 were Will Hays, movie "czar" and Joseph I. Breen, who, under the "new deal in picture morals", becomes a moral dictator for the film world.

It's funny about political writers. They attain greatness by the simple expedient of scolding the great.

Eliminating poverty will be nice; but if everybody gets rich, who will be left to snub?
